Item 2.02 Results of Operations and Financial Condition.

On February 27, 2017, StoneMor Partners L.P. (the Company) issued a press release announcing the postponement of its 2016 fourth quarter and year-end earnings announcement and conference call and a delay in the filing of its Annual Report on Form 10-K for the fiscal year ended December 31, 2016. As reported in Item 4.02(a) of this Current Report on Form 8-K and in the press release, the Company is postponing its 2016 fourth quarter and year-end earnings announcement and conference call pending the completion of its review of certain previously filed consolidated financial statements. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The information furnished pursuant to this Item 2.02, including Exhibit 99.1, shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor shall it be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, except as otherwise expressly stated in such filing.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

(a) The Company recently discovered that it had underreported cemetery revenues, net of associated direct costs, and over-reported net deferred revenues in previously issued consolidated financial statements. It also discovered that the Company had not withdrawn the funds associated with this underreporting to which it was entitled from its merchandise trusts.

As a result, on February 23, 2017, the Board of Directors of StoneMor GP LLC, the general partner of the Company, upon the recommendation of management, concluded the Company's previously issued consolidated financial statements for (i) the fiscal years ended December 31, 2013 through 2015 (as reported in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015, as amended by Amendment No. 1 thereto filed with the U.S. Securities and Exchange Commission (the SEC) on November 9, 2016) (the Audited Financial Statements) and related reports of its independent registered public accounting firm, and the unaudited financial statements for each quarter of 2013 through 2015, (ii) the fiscal quarter ended March 31, 2016 (as reported in the Company's Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2016, as amended by Amendment No. 1 thereto filed with the SEC on November 9, 2016), (iii) the fiscal quarter ended June 30, 2016 (as reported in the Company's Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2016, as amended by Amendment No. 1 thereto filed with the SEC on November 9, 2016) and (iv) the fiscal quarter ended September 30, 2016 (as reported in the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2016 filed with the SEC on November 9, 2016), should not be relied upon.

The Company currently expects that any revisions to previously reported financial information will principally reflect:

- a) a decrease in net deferred revenue; and,
- b) an increase in partners' capital on its previously reported consolidated balance sheets, including the quarterly periods during 2016.

The Company also currently expects the correction of these items to:

- a) have an immaterial impact on cash flows for the periods covered by the aforementioned financial statements; and,
- b) have a positive impact on future cash flows since it will allow for additional funds to be withdrawn from its merchandise trusts.

The Company does not currently expect the correction of these items to affect distributable cash flow for previously reported periods.

Accordingly, the above-referenced consolidated financial statements of the Company, the reports of Deloitte & Touche LLP, the Company's independent registered public accounting firm (Deloitte), with respect to the Audited Financial Statements, and other financial information relating to the periods covered by such consolidated financial statements and any press releases, investor presentations or other communications that contain or relate to such consolidated financial information should no longer be relied upon.

The Company determined that it did not recognize the aforementioned cemetery revenues and costs because of a material weakness in its internal controls and procedures that are intended to identify the point at which cemetery revenues and costs should be recognized. The controls and procedures had not been followed consistently during the financial periods reported in the aforementioned filings. In connection with the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015, as amended by Amendment No. 1 thereto filed with the SEC on November 9, 2016, management identified deficiencies in its processes and procedures that constitute material weaknesses in our internal control over financial reporting and concluded that its internal control was not effective as of December 31, 2015 due to the following material weaknesses:

- A. The Company did not design and maintain effective controls over establishing accounting policies nor did it periodically review them for appropriate application in the financial statements.
- B. The Company did not design and maintain effective controls over the review of certain recorded balances within Deferred cemetery revenues, net, Merchandise liability, Investment and other revenues, Cemetery property and Partners' Capital.
- C. The Company did not design and maintain effective controls over the reconciliation of amounts recorded in the general ledger to relevant supporting details.

The Company will file a Form 12b-25 (Notification of Late Filing) with the SEC to extend the deadline to file its 2016 Form 10-K with the SEC to March 16, 2017. There can be no assurance, however, that the Company will be able to file its 2016 Form 10-K on or prior to March 16, 2017. In the event that the Company does not file its 2016 Form 10-K on or prior to March 16, 2017, the Company would be in violation of its reporting requirements under the Securities Exchange Act of 1934, as amended (the Exchange Act), and the SEC could institute an administrative proceeding seeking the revocation of the Company's registration under the Exchange Act. The Company could also receive a notification of delinquent status from the New York Stock Exchange (NYSE) and may face the possible delisting of its common units from the NYSE. In addition, the Company would lose its eligibility to use Form S-3 registration statements until the Company has timely filed its periodic reports with the SEC for a period of twelve months. Further, the failure to file the 2016 Form 10-K within the periods prescribed by its credit agreement or the indenture governing its senior notes may result in the occurrence of one or more events of default thereunder.

In addition, the Company intends to postpone its 2016 fourth quarter and year-end earnings announcement and conference call pending the completion of its review of its consolidated financial statements for the periods affected.

It should be noted that the Company has not yet concluded its review and final determination of these items and, therefore, the information set forth herein is preliminary in nature and subject to change. There can be no assurance that the actual effects of the corrections on the Company's consolidated financial statements and distributable cash flow for the affected periods will not differ materially from the Company's current expectations as set forth above, or that additional items in need of correction will not be discovered.

Management and the Chair of the Audit Committee on behalf of the Audit Committee discussed the matters disclosed in this Item 4.02(a) with Deloitte.
