**Item 7.01 Regulation FD Disclosure**

The Greenbrier Companies, Inc. ( Greenbrier ) is in discussions with PKP CARGO S.A. ( PKP ), Poland's largest, and Europe's second largest railway freight transport operator, and Agencja Rozwoju Przemysłu ( ARP ) the national development agency in Poland, to create a new rail freight wagon assembly venture. PKP and ARP signed a letter of intent to cooperate in the production of rail freight wagons and both parties made a joint public announcement in Poland of advanced discussions with Wagony Swidnica Ltd. a Greenbrier company with operations in Poland to join the project. The initial plan will evaluate the possibility of re-opening the former freight wagon manufacturing facility in Gniewczyna, Podkarpacie, Poland, which is currently inactive, but other locations are also possible.

The goal of PKP, ARP and Greenbrier is to sign a definitive investment agreement by the end of 2019. That agreement would define the parties' roles in the project, including potential capital investments. PKP operates a fleet of more than 60,000 rail freight wagons. Due to the age of the fleet and impending European noise restrictions applicable to rail traffic, PKP anticipates replacing almost 80% of its rail freight wagons used in Poland over the next 17 years. It is expected that PKP, ARP and Greenbrier would form a new venture to manufacture a range of different types of rail freight wagons for PKP and potentially other customers. The parties hope to begin production of rail freight wagons in 2020.

The information under this Item 7.01 shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act ), or otherwise subject to the liabilities of that section. The information in the press release shall not be incorporated by reference into any registration statement or other document filed under the Securities Act or the Exchange Act, except as expressly set forth by specific reference in such a filing.
