For a discussion of these and other factors that could cause actual results to differ from those contemplated in the forward-looking statements, please see the discussion under "Risk Factors" contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 and in our subsequent filings with the SEC.

PROSPECTUS SUMMARY

The following is only a summary and therefore does not contain all of the information you should consider before investing in our common stock. We urge you to read this entire prospectus, including the matters discussed under “Risk Factors” in this prospectus and the more detailed consolidated financial statements, notes to the consolidated financial statements and other information incorporated by reference from our other filings with the SEC.

Our Company

We develop and license user interface and touch technology. We also are developing, and intend to manufacture and sell, hardware sensor solutions as modules incorporating our technology.

We offer a patented family of optical touch solutions under the zForce and Multi-Sensing brands. Our optical touch technology is capable of projecting a full plane of light beams in free air or over any flat touch surface. Our technology can also send light into a fluid or a glass to achieve a flush design without a bezel. An object touching the touch surface obstructs a portion of the projected light beams. This small variance of signal is detected with sensitive light sensors connected to touch controllers that process the analog signals and produce touch object coordinates.

Licensing Solutions

As of June 30, 2016, we had forty-one technology license agreements with global Original Equipment Manufacturers (“OEMs”) and Original Design Manufacturers (“ODMs”). During the six months ended June 30, 2016, we had fifteen customers using our touch technology in products that were being shipped to customers. In addition, we are currently developing prototype products and are engaged in product engineering design discussions with numerous global OEMs and ODMs who are in the process of qualifying our touch technology for incorporation in various products. The development and release cycle for these products typically takes six to thirty-six months.

We also offer engineering consulting services to our OEM and ODM customers on a flat rate or hourly rate basis.

Hardware Solutions

In December 2015, we announced AirBar, our first product based on our embedded sensor module. Through a simple USB connection, the AirBar hardware module can touch enable non-touch PCs. The AirBar “Plug-and-Touch” solution is based on our zForce AIR sensing platform. We began manufacturing and selling AirBar for PCs in the third quarter of 2016 at our fully automated manufacturing facility located in Gothenburg, Sweden. We currently have signed agreements with Ingram Micro for Europe, North America and Asia to act as our direct customer and distribution channel.

In 2015, we entered into a joint development and cooperation agreement, with Autoliv Development AB (“Autoliv”) to develop a new Human Machine Interface sensing product for vehicle steering wheel applications. We have licensed our zForce DRIVE technology to Autoliv as part of the agreement.

TABLE OF CONTENTS

Private Placement

On August 11, 2016, we entered into a purchase agreement (the “Securities Purchase Agreement”) with institutional and accredited investors as part of a private placement pursuant to which we agreed to issue a total of 8,627,352 shares of Neonode common stock, including certain Pre-Funded Warrants as described below, and warrants for an aggregate purchase price of \$8.7 million in gross proceeds. Closing of the private placement pursuant to the Securities Purchase Agreement occurred on August 17, 2016.

The total number of shares includes (i) an aggregate of 427,352 shares to Thomas Eriksson, Chief Executive Officer of Neonode, and Remo Behdasht, SVP AirBar Devices at Neonode (the “Employee Investor Shares”), (ii) an aggregate of 4,600,000 shares to outside investors (the “Outside Investor Shares” and, together with the Employee Investor Shares, the “Initial Shares”) for gross proceeds of \$4,600,000, and (iii) up to 3,600,000 shares (the “Pre-Funded Warrant Shares”) issuable upon exercise of warrants (the “Pre-Funded Warrants” and, together with the Initial Shares, the “Investor Shares”). The Pre-Funded Warrants were issued to certain outside investors whose purchase of shares of Neonode common stock would make them the beneficial owners of more than 9.99% of the outstanding common stock of Neonode. Each of the Pre-Funded Warrants was pre-funded upon closing of the private placement at \$0.99 per Pre-Funded Warrant Share and has an exercise price of \$0.01 per Pre-Funded Warrant Share. The Pre-Funded Warrants were immediately exercisable upon closing of the private placement and will not expire prior to exercise.

In addition, under the terms of the Securities Purchase Agreement, we issued warrants (the “Purchase Warrants”) to all investors in the private placement to purchase up to a total of 4,313,676 shares of Neonode common stock (the “Purchase Warrant Shares”) at an exercise price of \$1.12 per share. The total number of Purchase Warrant Shares represents a ratio of 50% warrant coverage to the Investor Shares such that investors will be entitled to receive one Purchase Warrant Share upon cash exercise for every two Initial Shares or Pre-Funded Warrants purchased. The Purchase Warrants will expire February 17, 2022, which is five and one-half years from the date of closing of the private placement, and are non-exercisable for the first six months or until February 17, 2017. The terms of the Purchase Warrants require that exercise may only be for cash and not on a cashless basis unless, after a period of six months from closing of the private placement, the Purchase Warrant Shares are not subject to a registration statement or there has been a failure to maintain the effective registration of the Purchase Warrant Shares by Neonode as described below.

The exercise price of the Pre-Funded Warrants and the Purchase Warrants is subject to adjustment for stock splits, stock dividends, recapitalizations, and similar transactions or a “Fundamental Transaction” as provided for in the terms of the Pre-Funded Warrants and the Purchase Warrants. The holders may exercise the Pre-Funded Warrants or the Purchase Warrants in whole or in part.

In connection with the Securities Purchase Agreement, we also entered into a Registration Rights Agreement (the "Registration Rights Agreement") pursuant to which we have filed with the SEC the registration statement of which this prospectus forms a part, relating to the offer and sale or other disposition by the holders of the Initial Shares, the Pre-Funded Warrant Shares, and the Purchase Warrant Shares. Pursuant to the Registration Rights Agreement, we are obligated to file the registration statement by September 10, 2016 and to use best efforts to cause the registration statement to be declared effective November 9, 2016, which is 90 days from the date of the Securities Purchase Agreement. Failure to meet those and related obligations, or failure to maintain the effective registration of the Initial Shares, the Pre-Funded Warrant Shares, and Purchase Warrant Shares will subject Neonode to payment for liquidated damages.

Copies of the Securities Purchase Agreement, the Registration Rights Agreement, the form of Purchase Warrant, and the form of Pre-Funded Warrant are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part. The foregoing summaries of each of the transaction documents, including the warrants, are qualified in their entirety by reference to such documents.

We will not receive any of the proceeds from any sale or other disposition of the shares of common stock covered by this prospectus. The amount and timing of our actual use of proceeds may vary significantly depending upon numerous factors, including the actual amount of proceeds we receive and the timing of when we receive such proceeds. In addition, the terms of the Purchase Warrants provide that it may be exercised on a cashless basis at any time and the terms of if, after February 7, 2017, the shares of common stock underlying the Purchase Warrants are not subject to a registration statement or there has been a failure to maintain the effective registration of such shares. PLAN OF DISTRIBUTION

The Selling Stockholders, which as used herein includes donees, pledgees, transferees or other successors-in-interest selling shares of common stock or interests in shares of common stock received after the date of this prospectus from a Selling Stockholder as a gift, pledge, partnership distribution or other transfer, may from time to time sell, transfer or otherwise dispose of any or all of their shares of common stock or interests in shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices. The Selling Stockholders may use any one or more of the following methods when selling securities:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

settlement of short sales;

in transactions through broker-dealers that agree with the Selling Stockholders to sell a specified number of such securities at a stipulated price per security;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

a combination of any such methods of sale; or

any other method permitted pursuant to applicable law.

The Selling Stockholders may also sell securities under Rule 144 or any other exemption from registration under the Securities, if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a

supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

In connection with the sale of the securities or interests therein, the Selling Stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Stockholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Stockholders may also enter into options or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities covered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Stockholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. The Selling Stockholders have informed us that they do not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

We are required to pay certain fees and expenses incurred by us incident to the registration of the securities. We agreed to indemnify the Selling Stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

We agreed to keep this prospectus effective until the earlier of (i) the date that such securities become eligible for resale without volume or manner-of-sale restrictions and without current public information pursuant to Rule 144 and certain other conditions have been satisfied, or (ii) all of the securities have been sold pursuant to this prospectus or Rule 144 under the Securities Act or any other rule of similar effect.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to our common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of common stock by the Selling Stockholders or any other person.

TABLE OF CONTENTS

SELLING STOCKHOLDERS

The shares of common stock covered by this prospectus are those previously issued in the private placement described above and those issuable upon exercise of the Purchase Warrants and the Pre-Funded Warrants. For additional information regarding the issuances of those securities, see “Private Placement” above.

The table below lists the Selling Stockholders and other information regarding the beneficial ownership of the shares of our common stock by each of the Selling Stockholders. The second column lists the number of shares of our common stock beneficially owned by each of the Selling Stockholders, based on ownership of shares of common stock, the Purchase Warrants and the Pre-Funded Warrants, as of August 31, 2016, assuming exercise of the Purchase Warrants and the Pre-Funded Warrants held by the Selling Stockholders on that date, without regard to any limitations on exercises. The third column lists the shares of common stock covered by this prospectus. The fourth column assumes the sale of all of the shares covered by this prospectus.

Under the terms of the Purchase Warrants and the Pre-Funded Warrants, a Selling Stockholder may not exercise the Purchase Warrants or the Pre-Funded Warrants to the extent such exercise would cause such Selling Stockholder, together with its affiliates and attribution parties, to beneficially own a number of shares of common stock which would exceed a specified maximum amount. The number of shares in the second column does not reflect this limitation. The Selling Stockholders may sell all, some or none of their shares in this offering. See “Plan of Distribution.”

Mr. Eriksson is the President and Chief Executive Officer, and a member of the Board of Directors, of Neonode. Mr. Behdasht is the SVP AirBar Devices at Neonode. Other than Mr. Eriksson and Mr. Behdasht, none of the Selling Stockholders has had a material relationship with us within the last three years.

To our knowledge, none of the Selling Stockholders is a broker-dealer. Other than CVI Investments, Inc. and Messrs. Baker, Harris, Hartfiel, and Lipman, none of the Selling Stockholders is an affiliate of a broker-dealer. Each of CVI Investments, Inc. and Messrs. Baker, Harris, Hartfiel, and Lipman have certified to us that it or he bought the shares of common stock being registered for its or his own account and at the time of purchase, it or he had no agreements or understandings, directly or indirectly, with any person to distribute the shares being registered.

Item 15. Indemnification of Directors and Officers

Neonode Inc. (the “registrant”) is incorporated under the laws of the State of Delaware. Section 145 of the Delaware General Corporation Law (“DGCL”) provides that a Delaware corporation may indemnify any persons who are, or are threatened to be made, parties to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person was an officer, director, employee, or agent of such corporation, or is or was serving at the request of such person as an officer, director, employee, or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys’ fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided that such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the corporation’s best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was illegal. No indemnification is permitted without judicial approval if the officer or director is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him or her against the expenses which such officer or director has actually and reasonably incurred. The registrant’s Certificate of Incorporation and Bylaws provide for the indemnification of directors and officers of the registrant to the fullest extent permitted under the DGCL.

Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duties as a director, except for liability:

for any breach of a director's duty of loyalty to the corporation or its stockholders;

for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

for improper payment of dividends or redemptions of shares; or

for any transaction from which the director derives an improper personal benefit.

As permitted by Section 145 of the DGCL, the registrant's Bylaws provide that (i) the registrant is required to indemnify its directors and executive officers to the fullest extent permitted by the DGCL, (ii) the registrant may, in its discretion, indemnify other officers, employees and agents as set forth in the DGCL, (iii) to the fullest extent permitted by the DGCL, the registrant is required to advance all expenses incurred by its directors and executive officers in connection with a legal proceeding (subject to certain exceptions), (iv) the rights conferred in the registrant's Bylaws are not exclusive, (v) the registrant is authorized to enter into indemnification agreements with its directors, officers, employees and agents, and (vi) the registrant may not retroactively amend its Bylaws provisions relating to indemnity.

TABLE OF CONTENTS

The registrant has an insurance policy covering its officers and directors with respect to certain liabilities, including liabilities arising under the Securities Act or otherwise.

At present, there is no pending litigation or proceeding involving any of the registrant's directors, officers, or key employees as to which indemnification is being sought nor is the registrant aware of any threatened litigation that may result in claims for indemnification by any of its officers or directors.

Indemnification for liabilities arising under the Securities Act may be permitted to the registrant's directors, officers, and controlling persons under the foregoing provisions, or otherwise. The registrant has been advised that in the opinion of the Securities and Exchange Commission this indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

The above discussion of the DGCL and the registrant's Certificate of Incorporation and Bylaws is not intended to be exhaustive and is qualified in its entirety by such statutes, Certificate of Incorporation, and Bylaws.

TABLE OF CONTENTS

Item 17. Undertakings

The undersigned registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which (ii) was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that paragraphs (i), (ii), and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

That, for purposes of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
