

Edgar Filing: FELLOWS ENERGY LTD - Form SC 14F1

as amended (the "Statement") is being circulated to the shareholders of Fellows Energy Ltd., a Nevada corporation (the "Company"), in connection with a special meeting held by the Board of Directors of the Company on December 8, 2003 approving the execution of an asset purchase agreement dated December 8, 2003 (the "Agreement") between the Company and Diamond Oil & Gas Corporation, a Nevada corporation ("Diamond").

THE TRANSACTION

Pursuant to the Agreement with Diamond, the Company intends to purchase Diamond's interests in certain oil and gas leases in Utah ("Leases") by means of acquiring the assignment of rights that Diamond acquired from UCM Investment Corporation in exchange for 3,500,000 shares of the Company's common stock. Under the terms of the Agreement, also referred to herein as the "Transaction," which is due to close by December 26, 2003, the Company will appoint Diamond's management to the Company's Board of Directors, and the Company will assume the ownership interests and exploration obligations that accompany the Leases. In addition, Diamond's principal, George S. Young will negotiate the possible acquisition of interests in other such properties on behalf of the Company. One of the conditions of closing is that the Company's current sole officer and director will resign, that the Company will cancel the 51,936,500 shares of its common stock owned by its outgoing management in exchange for \$24,000, and that, prior to closing the Company will raise \$2,500,000 through a private placement, with an option to raise up to an additional amount of \$625,000. In addition, Diamond shall have obtained the consent of UCM Investment Corporation to the assignment of Diamond's interests to the Company pursuant to the terms of the Agreement.

The Company also hopes that this transaction will increase the value of its common stock to its shareholders, although there is no guarantee that the ownership and operation of these oil and gas leases or any subsequently acquired interests in such leases will increase the value of the Company's common stock.

Diamond Oil & Gas Corporation obtained the rights to explore, drill and operate certain oil and gas leases in Utah that it acquired from UCM Investment Corporation. The Company will assume Diamond's rights and obligations as to those leases, while Mr. Young will continue to negotiate for the acquisition of interests in similar properties on behalf of the Company.

The closing date for the Agreement shall be December 26, 2003, subject to the conclusion of the 10-day period (the "10-day Period") that will follow the date on which this Schedule 14f-1 was filed with the Commission and transmitted to the Company's stockholders of record. The 10-day Period is expected to conclude as of January 5, 2004. Pursuant to the Agreement, the Company is expected to issue/issued three million five hundred thousand (3,500,000) shares of the Company's common stock to Diamond. Diamond is solely owned by George S. Young, one of Diamond's officers and directors.

As a result of the Agreement, Diamond will own approximately 8.5% of the issued and outstanding shares of the Company's common stock.

CHANGES IN MAJORITY OF DIRECTORS AND EXECUTIVE OFFICERS

As part of the Transaction, following the conclusion of the 10-day Period, the following changes to the Company's directors and officers will occur:
