NOTIFICATION ON RELATED PARTY TRANSACTIONS

Parties	Braskem S.A. (“Braskem” or “Issuer”) and Usina Conquista do Pontal S.A. (UCP), Agro Energia Santa Luzia S.A. (USL) and Odebrecht Agroindustrial Participações S.A. (ODB Agro Par).
Relationship with the Issuer	UCP, USL and ODB Agro Par are indirect subsidiaries of Odebrecht S.A., which is the indirect parent company of the Issuer.
Purpose	First Amendment to the Hydrous Ethanol Supply Agreement signed in March 2017. This amendment is related to the change in the invoicing method used for the purchase of feedstock (Hydrous Ethanol) for future delivery, to anticipate the invoicing of the volume of the PRODUCT to be delivered between January and March 2018, with payment by December 30, 2017. The amendment establishes the price, which is the lower of the ceiling established in this amendment and the reference price in the original agreement at the time of delivery.
Main terms and conditions	12/21/2017
Date of signing of agreement	UCP, USL and ODB Agro Par and/or their representatives and/or managers did not participate in the negotiations or in the decision-making process regarding the signing of the amendment as representatives of the Issuer.
Any participation by the counterparty, its partners or managers in the issuer’s decision-making process or in the negotiation of the transaction as representatives of the issuer	In the Company’s opinion, by incorporating a price ceiling, the amendment to the invoicing method for purchases for future delivery establishes adequate compensation, given the expectation of price increases during the intercrop period, which is when the product will be effectively delivered.
Detailed justification of the reasons why the management of the issuer believes the transaction was carried out on an arm’s length basis or involves adequate compensatory payment	With regard to price making and/or taking involving third parties, the Company believes this does not apply, given that it involves a contractual amendment in which the commercial conditions of sales volume and reference price were not changed in relation to the original agreement.

NOTIFICATION ON RELATED PARTY TRANSACTIONS

Parties	Braskem S.A. (“Braskem” or “Issuer” or “Buyer”) and Usina Conquista do Pontal S.A.(UCP) and Agro Energia Santa Luzia S.A. (USL), both as Sellers; and Odebrecht Agroindustrial Participações S.A (ODB Agro Par) and BRENCO – Companhia Brasileira de Energia Renovável (Brenco) as guarantors.
Relationship with the Issuer	UCP, USL, ODB Agro Par and Brenco are indirect subsidiaries of Odebrecht S.A., which is the indirect parent company of the Issuer.
Purpose	Hydrous Ethanol Supply Agreement. A feedstock supply agreement aimed at ensuring an adequate volume of feedstock, namely Hydrous Ethanol (used to produce Green Ethylene), to the Issuer, for which a commercial discount was granted on supply and contractual flexibilities were given in acquisition.
Main terms and conditions	<p><u>Duration:</u> until April 30, 2019.</p> <p><u>Advance:</u> The agreement involves an advance in the amount of R\$200,000,000.00, guaranteed by a Pledge Agreement secured by the sugarcane crop and subproducts (signed on the same date), at a net market value (measured by a specialized publication) in excess of the advance amount. The asset pledged shall remain, during the existence of any balance of advance, duly insured by a prime insurer and with subrogation of insurance to the Buyer.</p> <p>The balance of the amount advanced shall be adjusted for inflation based on market interest rates during the term of the agreement.</p>
Date of signing of agreement	<p><u>Other terms and conditions:</u> Subject to non-disclosure clause. 12/21/2017</p>
Any participation by the counterparty, its partners or managers in the issuer’s decision-making process or in the negotiation of the transaction as representatives of the issuer	UCP, USL and ODB Agro Par and/or their representatives and/or managers did not participate in the negotiations or in the decision-making process as representatives of the Issuer.
Detailed justification of the reasons why the management of the issuer believes the transaction was carried out on an arm’s length basis or involves adequate compensatory payment	<p>The commercial conditions agreed upon by the parties are aligned with Braskem’s strategy of maintaining volumes of feedstock (Hydrous Ethanol) with previously contracted supply, contractual flexibility in terms of volume and options for withdrawal, as well as adequate conditions of certifications and incoterms.</p> <p>In the Company’s opinion, the advance envisaged in the Agreement has adequate remuneration at market rates, also including the offer of a discount on the purchase price and providing other adequate contractual conditions in line with agreements of the same kind.</p>
