Item 8.01 Other Items.

On April 1, 2019, the North Carolina Department of Environmental Quality (“DEQ”) issued a closure determination requiring Duke Energy Progress, LLC (“DEP”) and Duke Energy Carolinas, LLC (“DEC”) to excavate all remaining coal ash impoundments in North Carolina, which comprises nine ash impoundments at six sites across North Carolina. Duke Energy Corporation estimates the cost to close the nine remaining impoundments by excavation will be approximately \$4 billion to \$5 billion more than the current project cost estimate of \$5.6 billion in the aggregate for the closure of all DEP and DEC impoundments. Excavation would likely extend beyond the required state and federal deadlines for impoundment closure. The Corporation intends to seek recovery of all costs through the ratemaking process consistent with previous proceedings.
