PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
To Be Held March 16, 2009

General

The enclosed proxy is solicited on behalf of the Board of Directors of National Holdings Corporation, a Delaware corporation (the "Company"), for use at the Annual Meeting of Shareholders to be held on March 16, 2009, and any adjournment or postponement thereof. The Annual Meeting will be held at 10:00 A.M. (local time) at the Renaissance Boca Raton Hotel located at 2000 NW 19th Street, Boca Raton, FL 33431 in the Allamanda Meeting Room. (PH) 561-368-5252. This Proxy Statement, the enclosed proxy card and the Company's Form 10K for the fiscal year ended September 30, 2008 are being mailed on or about January 28, 2009 to shareholders entitled to vote at the meeting.

Record Date and Voting Shares

The close of business on January 16, 2009 has been fixed as the record date (the "Record Date") for determining the shareholders of record entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, there were outstanding and entitled to vote 16,421,538 shares of Common Stock, \$.02 par value (the "Common Stock") and 37,550 shares of Series A Convertible Preferred Stock, \$.01 par value (the "Series A Preferred Stock"). Each share of Series A Preferred Stock is convertible into Common Stock at the current conversion price of \$1.25 per share. The holder of each share of Series A Preferred Stock is entitled to the number of votes equal to the number of shares of Common Stock into which such share of Series A Preferred Stock could be converted at the Record Date. Accordingly, as of the Record Date, there were 19,425,538 shares entitled to vote, consisting of 16,421,538 shares of Common Stock outstanding and 3,004,000 shares of Common Stock issuable upon conversion of the Series A Preferred Stock. Each share of Common Stock entitles the holder thereof to one vote upon any proposal submitted for a vote at the Annual Meeting.

Directors are elected by a plurality of the votes, which means that the nominee who receives the largest number of properly executed votes will be elected as a director. Shares that are represented by proxies that are marked "withhold authority" for the election of the director nominee will not be counted in determining the number of votes cast for that person. Any other matters properly considered at the meeting will be determined by a majority of the votes cast.

Voting of Proxies

Shares of Common Stock represented by Proxies, which are properly executed, duly returned and not revoked, will be voted in accordance with the instructions contained therein. If no instruction is indicated on the Proxy, the shares of Common Stock represented thereby will be voted: (i) FOR the election of the Class II Directors for a term ending in 2012; (ii) FOR the ratification of the appointment of Sherb & Co., LLP as our independent public accountants for the year ending September 30, 2009; and (iii) at the discretion of the person or persons voting the Proxy, with respect to any other matter that may properly be brought before the Meeting. The execution of a Proxy will in no way affect a shareholder's right to attend the Meeting and vote in person. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter ("broker non-votes"), those shares will not be considered as voting with respect to that matter. The Company believes that the tabulation procedures to be followed by the Inspector of Elections are consistent with the general requirements of Delaware law concerning voting of shares and determination of a quorum.

Revocation of Proxies

You may revoke or change your proxy at any time before the Annual Meeting by filing with the Secretary of the Company, at 3010 North Military Trail, Suite 300, Boca Raton, FL 33431, a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person.

If any shareholder is unable to attend the Annual Meeting, such shareholder may vote by proxy. If a proxy is properly executed and returned to the Company in time to be voted at the Annual Meeting, it will be voted as specified in the proxy, unless it is properly revoked prior thereto. Votes cast in person or by proxy at the Annual Meeting will be tabulated by the Inspector of Elections appointed for the meeting and will determine whether or not a quorum is present. The holders of a majority of the shares of stock entitled to vote at the meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business.

Solicitation

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the proxy and any additional solicitation materials furnished to the shareholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company shall reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by directors, officers or employees of the Company. No additional compensation will be paid to these individuals for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by mail.

Shareholder Proposals for 2010 Annual Meeting

Any shareholder who intends to present a proposal at the Company's 2010 Annual Meeting of Shareholders must ensure that the proposal is received by the Corporate Secretary 3010 North Military Trail, Suite 300, Boca Raton, FL 33431:

- not later than September 29, 2009, if the proposal is submitted for inclusion in our proxy materials for that meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934; or
- on or after December 17, 2009, and on or before December 24, 2009, if the proposal is submitted pursuant to the Company's by-laws, in which case the notice of the proposal must meet certain requirements set forth in our by-laws.

Dissenters' Right of Appraisal

Under Delaware law, shareholders are not entitled to dissenters' rights on any proposal referred to herein.

Householding of Proxy Materials

The Securities and Exchange Commission (the "SEC") has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or the Company that they or the Company will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or the Company if you hold common stock directly. Requests in writing should be addressed to: National Holdings Corporation, 3010 North Military Trail, Suite 300, Boca Raton, FL 33431, Attention: Secretary. Requests may also be made by calling the Secretary at

(561) 981-1007.

The Board of Directors has an Audit Committee, a Compensation Committee, and a Governance Committee, all the members of which, with the exception of Messrs. Goldwasser, Sokolow and Dewey, are independent, as defined by SEC rules.

Director Qualifications. The Board of Directors does not currently have a nominating committee, as the Company believes that having the full Board deliberate the nomination process is in the Company's best interest. Board of Director nominations are recommended by the directors, which has recommended the nominees named above for election at the 2009 Annual Meeting. In making its nominations, the Board of Director identifies candidates who

meet the current challenges and needs of the Board of Directors. In determining whether it is appropriate to add or remove individuals, the Board of Directors will consider issues of judgment, diversity, age, skills, background and experience. In making such decisions, the Board of Directors considers, among other things, an individual's business experience, industry experience, financial background and experiences. The Board of Directors also considers the independence, financial literacy and financial expertise standards required by our Board of Directors committees' charters and applicable laws, rules and regulations, and the ability of the candidate to devote the time and attention necessary to serve as a director and a committee member.

Identifying and Evaluating Nominees for Director. In the event that vacancies are anticipated or otherwise arise, the Board of Directors considers various potential candidates for director. Candidates may come to the attention of the Board through current directors, professional search firms engaged by us, shareholders or other persons. Candidates are evaluated at regular or special meetings of the Board of Directors and may be considered at any point during the year.

Shareholder Nominees. Candidates for director recommended by shareholders will be considered by the Board of Directors. Such recommendations should include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications for membership on our Board of Directors, information regarding any relationships between the candidate and us within the last three years, including stockholdings in us, and a written indication by the recommended candidate of the candidate's willingness to serve, and should be sent to the Board of Directors at the address listed on page nine of this proxy statement.

The Board of Directors will evaluate recommendations for director nominees submitted by directors, management or qualifying shareholders in the same manner, using the criteria stated above. All directors and director nominees will submit a completed form of directors' and officers' questionnaire as part of the nominating process. The process may also include interviews and additional background and reference checks for non-incumbent nominees, at the discretion of the Board of Directors.

RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors, acting on the recommendation of the Audit Committee, has appointed Sherb & Co., LLP (“Sherb & Co.”), as the independent public accountants for the Company for the fiscal year ending September 30, 2009. One or more representatives of Sherb & Co. may attend the Annual Meeting and, if so, will have an opportunity to make a statement if they so desire, and would be available to answer questions.

On October 14, 2008, the Company, upon the recommendation and approval of its Audit Committee, elected to dismiss Marcum & Kliegman, LLP (“Marcum & Kliegman”) as the Company’s independent public accounting firm. The reports of Marcum & Kliegman on the Company’s financial statements for the fiscal years ended September 30, 2007 and 2006 did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principle.

During the fiscal years ended September 30, 2007 and 2006, and through October 14, 2008, there were no disagreements with Marcum & Kliegman on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to Marcum & Kliegman’s satisfaction, would have caused it to make a reference to the subject matter of the disagreement in connection with its reports on the Company’s financial statements for such years. During the fiscal years ended September 30, 2007 and 2006, and through October 14, 2008, there have been no “reportable” events requiring disclosure pursuant to Item 304(a)(1)(v) of Regulation S-K.

On October 14, 2008, the Audit Committee approved the appointment of Sherb & Co. as the Company’s independent public accounting firm. Sherb & Co. was previously the independent public accounting firm of vFinance prior to its July 1, 2008 merger with the Company.

Audit Fees. Fees for services performed by Marcum & Kliegman during fiscal years 2008 and 2007 relating to the audit of our consolidated annual financial statements, the review of our consolidated quarterly financial statements included in our Forms 10-Q and preparation of Federal and state income tax returns were \$255,000 and \$235,000, respectively.

Audit-Related Fees. “Audit-related fees” include fees billed for assurance and related services that are reasonably related to the performance of the audit and not included in the “audit fees” mentioned above. There were no such fees paid in fiscal years 2008 or 2007.

Tax Fees. The fees billed in fiscal years 2008 and 2007 for tax compliance, tax advice or tax planning are included in Audit Fees above.

All Other Fees. Fees for services performed by Marcum & Kliegman LLP / Sherb & Co., LLP during fiscal years 2008 and 2007 relating to the Company’s registration statement and merger were \$30,000 and \$31,500, respectively.

During the 12 month period ended September 30, 2008, vFinance paid Sherb & Co. a total of \$111,000 consisting of audit fees, audit-related fees, tax fees and all other accounting related fees.

Pre-Approval Policies

Pursuant to the rules and regulations of the SEC, before the Company's independent public accountant is engaged to render audit or non-audit services, the engagement must be approved by the Company's audit committee or entered into pursuant to the committee's pre-approval policies and procedures. The policy granting pre-approval to certain specific audit and audit-related services and specifying the procedures for pre-approving other services is set forth in the Amended and Restated Charter of the Audit Committee.

Required Vote

The affirmative vote of the holders of a majority of the shares present, or represented, and entitled to vote at the Annual Meeting is needed to ratify the appointment of Sherb & Co., LLP as the Company's independent public accountants.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT
OF SHERB & CO., LLP AS INDEPENDENT PUBLIC ACCOUNTANTS FOR THE COMPANY IN FISCAL
YEAR 2009.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis is intended to provide a context for the disclosures contained in this Proxy Statement with respect to the compensation paid to our Named Executive Officers. Their compensation is detailed in the tables that follow this Compensation Discussion and Analysis. Specifically, this Compensation Discussion and Analysis will explain the objectives and material elements of the compensation of the Named Executive Officers during the fiscal year ended September 30, 2008.

The Compensation Committee of our Board of Directors has the responsibility of developing and overseeing a comprehensive compensation philosophy, with strategies and principles that have the support of the Board of Directors and management, and that ensure the fair and consistent administration of our compensation program. The Compensation Committee makes recommendations to the full Board for approval relating to the total compensation to be paid to the Named Executive Officers, including salary, performance bonus, equity awards, long-term awards, benefits and perquisites.

Philosophy and Objectives of Our Compensation Program

The primary objectives of the Compensation Committee are to ensure that our executive compensation and benefits programs are structured to: attract and retain executive talent by offering compensation that is competitive with pay at other companies of a similar size in the same or similar industries; safeguard our interests and the interests of our shareholders; and cost-efficient and fair to our employees, management and shareholders.

Our Compensation Committee believes that an effective compensation program is one that provides certain incentives, while also providing a reasonable level of security to the Named Executive Officers through competitive base salaries and bonus opportunities. To this end, our executive compensation reflects a balance of cash and non-cash compensation. The Compensation Committee does not set a rigid target for these mixes, and the mix will necessarily vary from year to year based upon our underlying financial performance. Our incentive plans reward performance with time-based vesting in order to assist in employee retention.

Committee Purposes and Responsibilities

The Committee carries out the duties and responsibilities set forth below. These functions serve as a guide with the understanding that the committee may determine to carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal, or other conditions. The committee shall also carry out any other responsibilities and duties delegated to it by the Board of Directors, from time to time, related to the purposes of the Committee.

In discharging its oversight role, the committee is empowered to study or investigate any matter of interest or concern that the committee deems appropriate and shall have the sole authority to retain, without seeking Board approval, outside counsel or other experts for this purpose, including the authority to approve the fees payable to such counsel or experts and any other terms of retention.

Setting Compensation for Executive Officers and Directors

- Establish and review the overall compensation philosophy of the Company.
- Review and approve the Company's corporate goals and objectives relevant to the Chief Executive Officer and President and other executive officers' compensation, including annual performance objectives.

- Evaluate the performance of the Chief Executive Officer and President and other executive officers in light of those goals and objectives and, based on such evaluation, review and approve the annual salary, bonus, stock options, and other benefits, direct and indirect, of such officers.
- In determining the long-term incentive component of compensation for the Chief Executive Officer and President and other executive officers, the Committee considers the Company's performance and relative shareholder return, the value of similar incentive awards to the Chief Executive Officer and President and other executive officers at comparable companies, and the awards given to the Company's Chief Executive Officer and President and other executive officers in past years. The Committee is not precluded from approving awards (with the ratification of the Board of Directors) as may be required to comply with applicable tax laws, such as Rule 162(m) of the Internal Revenue Code.

- In connection with executive compensation programs: (a) review and recommend to the full Board of Directors, or approve, new executive compensation programs; (b) review on a periodic basis the operations of the Company's executive compensation programs to determine whether they are properly coordinated and achieving their intended purposes; (c) establish and periodically review policies for the administration of executive compensation programs; and (d) take steps to modify any executive compensation program that yields payments and benefits that are not reasonably related to executive and corporate performance.
 - Establish and periodically review policies in the area of senior management perquisites.
 - Consider policies and procedures pertaining to expense accounts of senior executives.
- Review and recommend to the full Board of Directors compensation of directors as well as directors and officers indemnification and insurance matters.
- Review and make recommendations to the full Board of Directors, or approve, any contracts or other transactions with current or former executive officers of the Company, including consulting arrangements, employment contracts, change-in-control, severance, or termination arrangements, and loans to employees made or guaranteed by the Company.

Monitoring Incentive and Equity-Based Compensation Plans

- Review and make recommendations to the Board of Directors with respect to the Company's incentive-compensation plans and equity-based plans, and review the activities of the individuals responsible for administering those plans.
- Review and approve all equity compensation plans of the Company that are not otherwise subject to the approval of the Company's shareholders.
- Review and make recommendations to the full Board of Directors, or approve all awards of shares or share options pursuant to the Company's equity-based plans.
 - Monitor compliance by executives with the rules and guidelines of the Company's equity-based plans.
- Select, retain, and/or replace, as needed, compensation and benefits consultants and other outside consultants to provide independent advice to the Committee. In that connection, in the event the Committee retains a compensation consultant, the Committee shall have the sole authority to approve such consultant's fees and other retention terms.

Role of Executive Officers in Compensation Decisions

Our compensation committee makes all determinations affecting the compensation for our Named Executive Officers, including our Chief Executive Officer and President, and recommends those determinations to the full Board of Directors for approval. Our Chief Executive Officer and President may attend meetings of the committee as a non-voting advisory member, except that they are not present for any discussion of their own compensation. The compensation committee receives and carefully considers our Chief Executive Officer's and President's evaluations of all Named Executive Officers other than themselves, as well as their recommendations with respect to all components of compensation of the other Named Executive Officers. The committee expressly reserves the right to exercise its discretion in modifying any adjustments or awards recommended by our Chief Executive Officer and President, although historically the committee has given significant weight to the recommendations of our Chief Executive Officer and President with respect to the other Named Executive Officers.

Principal Elements of our 2008 Compensation Program

The principal elements of compensation for our Named Executive Officers during fiscal 2008 were as follows:

- base salary;
- brokerage commissions;
- incentive bonus;
- equity awards;
- corporate finance compensation; and
- other compensation.

Base Salary. Generally, we set executive base salaries at levels comparable with those of executives in similar positions and with similar responsibilities at comparable companies. We seek to maintain base salary amounts at or near the industry norms while avoiding paying amounts in excess of what we believe is necessary to motivate executives to meet corporate goals. Base salaries are generally reviewed annually, subject to terms of employment agreements, and our compensation committee and board will seek to adjust base salary amounts to realign such salaries with industry norms after taking into account individual responsibilities, performance and experience.

Brokerage Commissions. If the executive is a registered representative, part of the executive's total compensation is a percentage of the brokerage commissions with respect to customer accounts for which such individuals were the designated account representatives. We believe this form of additional compensation creates incentives for our executives.

Incentive Bonus. The Company has previously adopted on an annual basis an incentive bonus plan that must be approved annually by the compensation committee that rewards senior management for their performance in building revenues and shareholder value of the Company and acts as an incentive to continue to improve performance. The most recent plan adopted by the compensation committee was for fiscal year 2007, that provided for a bonus pool to be funded from 20% of the Company's consolidated net income for fiscal year 2007, provided however that in no event would such bonus pool create or increase a loss attributable to common shareholders. No incentive bonus plan was approved for fiscal year 2008 and none has yet been approved for fiscal year 2009. Upon approval of a bonus plan, the Chief Executive Officer of the Company is authorized to distribute bonuses to senior management in such allocations to such persons as he reasonably deems to have contributed to the Company's performance.

Equity Awards. We also use stock options and other stock-based awards to reward long-term performance. We believe that providing a meaningful portion of our executives' total compensation package in stock options and other stock-based awards will align the incentives of our executives with the interests of our shareholders and with our long-term success. The Compensation Committee and Board develop their equity award determinations based on their judgments as to whether the complete compensation packages provided to our executives, including prior equity awards, are sufficient to retain, motivate and adequately award the executives.

Equity awards were granted through the 2006 Stock Option Plan, which was adopted by our shareholders in March 2006. The 2006 Plan will terminate when no further awards may be granted and awards granted are no longer outstanding, provided that options may not be granted after December 31, 2015. The 2008 Stock Option Plan was adopted by our shareholders in March 2008. The 2008 Plan will terminate when no further awards may be granted and awards granted are no longer outstanding, provided that options may not be granted after March 31, 2018. The plan is intended to comply with the regulations issued under Section 162(m) of the Internal Revenue Code and is administered by our Compensation Committee. To the extent permitted under the provisions of the plan, the Compensation Committee has authority to determine the selection of participants, allotment of shares, price, vesting period and other conditions of awards.

Corporate Finance Compensation. As part of our corporate finance compensation, the Company generally receives underwriter or placement agent warrants exercisable to purchase securities similar to those sold to the public by the companies whose offerings we underwrite or privately place. The warrants generally have a five-year expiration date, are subject to a restriction period and the exercise price is typically 100 percent to 120 percent of the price at which the securities are initially sold to the public. The Company's senior officers and members of its corporate finance department are entitled to a portion of the underwriter or placement agent warrants received in the course of the Company's corporate finance activities. Such warrants are allocated in part based upon the individual's contribution to both the Company's overall business activities and the particular corporate finance transaction in which they are issued.

Other Compensation. We have established and maintain various employee benefit plans, including medical, dental, life insurance and 401(k) plans. These plans are available to all salaried employees and do not discriminate in favor of executive officers.

Compensation Committee Report

This report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating the Proxy Statement by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934 (the "Acts"), except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

The Committee is responsible for reviewing and approving the compensation of the Company's Chief Executive Officer and recommending to the Board of Directors the compensation of the Company's other officers and the Company's chairman, consistent with employment contracts, where appropriate. The Committee believes the compensation paid to the Company's Executive Officers is competitive with companies within its industry that are comparable in size and by companies outside the industry with which the Company competes for executive talent.

The Company has a compensation program that consists of salary and performance bonus (that are generally reviewed annually) and stock options. For the fiscal year ended September 30, 2007, the Compensation Committee approved a bonus pool, whereby 20% of the Company's net income was paid as a bonus to certain members of the Company's senior management. It is anticipated that a similar bonus pool plan will be recommended by the Compensation Committee, and approved by the Company's Board of Directors, for the fiscal year ending September 30, 2008. The overall executive compensation philosophy is based upon the premise that compensation should be aligned with and support the Company's business strategy and long-term goals. The Company believes it is essential to maintain an executive compensation program that provides overall compensation competitive with that paid executives with comparable qualifications and experience. This is critical to attract and retain competent executives.

Annual cash bonuses are determined by the Compensation Committee. Stock options may be granted to key employees of the Company pursuant to the Company's stock option plan that provides additional incentive to maximize shareholder value. The plans may also utilize vesting periods to encourage option recipients to continue in the employ of the Company. The Company grants stock options to its officers, directors, employees, investment executives and consultants.

The Compensation Committee regularly evaluates its policies with respect to executive compensation. The Compensation Committee believes that a combination of salary, commissions, as applicable, bonus, and stock options provides a mix of short and long-term rewards necessary to attract motivate and retain an excellent management team.

The Company intends to comply with the requirements of Section 162 (m) of the Internal Revenue Code of 1986 for the fiscal year 2008.

Compensation of the Chief Executive Officer and President. On July 1, 2008, concurrent with the closing of the merger of the Company and vFinance, Inc., Messrs. Mark Goldwasser, Chief Executive Officer

Assuming Mr. Goldwasser had been terminated on September 30, 2008, he would have been entitled to receive approximately \$923,400 as a result of termination by us without cause or by Mr. Goldwasser for good reason, , representing (i) a severance payment equal to 150% of Mr. Goldwasser’s prior year’s salary; (ii) all accrued bonuses, (iii) all Accrued Obligations and (iv) continued benefits for a period of 18 months including medical, hospitalization, dental and life insurance programs in which Mr. Goldwasser, his spouse and dependents were participating immediately prior thereto. The severance payment attributable to the payment of accrued bonus, of approximately \$225,000, is payable within four months of termination

Assuming Mr. Goldwasser had been terminated on September 30, 2008 as a result of a Change in Control, the Company not renewing the agreement upon its expiration either without cause or the Executive not renewing the

agreement due to good reason or upon Mr. Goldwasser's death or disability, he would have been entitled to receive approximately \$698,400 representing (i) a severance payment equal to 100% of Mr. Goldwasser's prior year's salary; (ii) all accrued bonuses, (iii) all Accrued Obligations and (iv) continued benefits for a period of 18 months including medical, hospitalization, dental and life insurance programs in which Mr. Goldwasser, his spouse and dependents were participating immediately prior thereto. The severance payment attributable to the payment of accrued bonus, of approximately \$225,000, is payable within four months of termination (two and one-half months in the case of non-renewal of his employment agreement). In the event of Mr. Goldwasser's termination due to cause or without good reason, Mr. Goldwasser would have been entitled only to all Accrued Obligations.

Mr. Goldwasser's option agreements contain clauses that provide that in the event of a change in control of our company, the non-renewal of the employment agreement as set forth above, the termination of employment for good reason or without cause or upon the death or disability of Mr. Goldwasser, all outstanding stock options become fully vested in the holder. The unrealized value of in-the-money unvested stock options subject to accelerated vesting was approximately \$0 as of September 30, 2008. The unrealized value was calculated by multiplying the number of unvested shares under "Outstanding Equity Awards at Fiscal Year-End" above by the closing price of \$1.00 per share of common stock on September 30, 2008, as quoted on the OTCBB, and then deducting the aggregate exercise price of the unvested stock options.

Leonard Sokolow, President

Assuming Mr. Sokolow had been terminated on September 30, 2008, he would have been entitled to receive approximately \$923,400 as a result of termination by us without cause or by Mr. Sokolow for good reason, representing (i) a severance payment equal to 150% of Mr. Sokolow's prior year's salary; (ii) all accrued bonuses, (iii) all Accrued Obligations and (iv) continued benefits for a period of 18 months including medical, hospitalization, dental and life insurance programs in which Mr. Sokolow, his spouse and dependents were participating immediately prior thereto. The severance payment attributable to salary, of approximately \$675,000 and the severance payment attributable to benefits, of approximately \$23,400, is payable over an 18 month period. The severance payment attributable to the payment of accrued bonus, of approximately \$225,000, is payable within four months of termination.

Assuming Mr. Sokolow had been terminated on September 30, 2008 as a result of a Change in Control, the Company not renewing the agreement upon its expiration either without cause or the Executive not renewing the agreement due to good reason or upon Mr. Sokolow's death or disability, he would have been entitled to receive approximately \$698,400 representing (i) a severance payment equal to 100% of Mr. Sokolow's prior year's salary; (ii) all accrued bonuses, (iii) all Accrued Obligations and (iv) continued benefits for a period of 18 months including medical, hospitalization, dental and life insurance programs in which Mr. Sokolow, his spouse and dependents were participating immediately prior thereto. The severance payment attributable to salary, of approximately \$450,000, and the severance payment attributable to benefits, of approximately \$23,400, is payable over an 18 month period. The severance payment attributable to the payment of accrued bonus, of approximately \$225,000, is payable within four months of termination (two and one-half months in the case of non-renewal of his employment agreement). In the event of Mr. Sokolow's termination due to cause or without good reason, Mr. Sokolow would have been entitled only to all Accrued Obligations.

Mr. Sokolow's option agreements contain clauses that provide that in the event of a change in control of our company, the non-renewal of the employment agreement as set forth above, the termination of employment for good reason or without cause or upon the death or disability of Mr. Sokolow, all outstanding stock options become fully vested in the holder. The unrealized value of in-the-money unvested stock options subject to accelerated vesting was approximately \$0 as of September 30, 2008. The unrealized value was calculated by multiplying the number of unvested shares under "Outstanding Equity Awards at Fiscal Year-End" above by the closing price of \$1.00 per share of common stock on September 30, 2008, as quoted on the OTCBB, and then deducting the aggregate exercise price of the unvested stock options.

Assuming Mr. Levin had been terminated on September 30, 2008, he would have been entitled to receive approximately \$ 113,400 as a result of termination by us without cause, in the event of a change of control, by Mr. Levin for good reason or upon Mr. Levin's death or disability, representing (i) a severance payment equal to 50% of Mr. Levin's prior year's salary; (ii) all Accrued Obligations and (iii) continued benefits for a period of 18 months including medical, hospitalization, dental and life insurance programs in which Mr. Levin, his spouse and dependents were participating immediately prior thereto. The severance payment attributable to salary, of approximately \$90,000

is payable over a 6 month period. The severance payment attributable to benefits, of approximately \$23,400 is payable over an 18 month period.

In the event of Mr. Levin's termination due to cause, without good reason or the non-renewal of Mr. Levin's employment agreement, Mr. Levin would have been entitled only to all Accrued Obligations.

Mr. Levin's option agreements contain clauses that provide that in the event of a change in control of our company, the termination of employment for good reason or without cause or upon the death or disability of Mr. Levin, all outstanding stock options become fully vested in the holder. The unrealized value of in-the-money unvested stock options subject to accelerated vesting was approximately \$0 as of September 30, 2008. The unrealized value was calculated by multiplying the number of unvested shares under "Outstanding Equity Awards at Fiscal Year-End" above by the closing price of \$1.00 per share of common stock on September 30, 2008, as quoted on the OTCBB, and then deducting the aggregate exercise price of the unvested stock options.
