UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2018

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number 001-37416

PEOPLE'S UTAH BANCORP

(Exact name of registrant as specified in its charter)

UTAH (State or other jurisdiction of incorporation or organization)	87-0622021 (IRS Employer Identification No.)
---	--

1 East Main Street, American Fork, Utah (Address of principal executive offices)	84003 (Zip Code)
---	---------------------

(801) 642-3998

Registrant's telephone number, including area code

Not Applicable

(Former name, former address, and former fiscal year, if changed since last report)

Edgar Filing: People's Utah Bancorp - Form 10-Q

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by checkmark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company or an emerging growth company. See the definitions of “large accelerated filer”, “accelerated filer”, “smaller reporting company”, and “emerging growth company” in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

(Do not check if a smaller reporting company)

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by checkmark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

The number of shares of Registrant’s common stock outstanding on July 31, 2018 was 18,705,736. No preferred shares are issued or outstanding.

PEOPLE'S UTAH BANCORP AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

Note 1 — Basis of Presentation

Nature of Operations and basis of consolidation — People's Utah Bancorp, Inc. ("PUB" or the "Company") is a Utah corporation headquartered in American Fork, Utah. The Company operates all business activities through its wholly-owned banking subsidiary, People's Intermountain Bank ("PIB" or the "Bank"), which was organized in 1913. The Bank is a Utah State chartered bank. The Bank operates under the jurisdiction of the Utah Department of Financial Institutions, and its deposits are insured by the Federal Deposit Insurance Corporation ("FDIC"). The Bank is not a member of the Federal Reserve System; however, PUB is operated as a bank holding company under the Federal Bank Holding Company Act of 1956 and is the sole shareholder of the Bank. Both PUB and the Bank are subject to periodic examination by applicable federal and state regulatory agencies and file periodic reports and other information with the agencies.

PIB is a community bank that provides highly personalized retail and commercial banking products and services to small and medium sized businesses and individuals. Products and services are offered primarily through 26 retail branches located throughout Utah and southern Idaho. PIB has three banking divisions, Bank of American Fork, Lewiston State Bank, and People's Town & Country Bank; a leasing division, GrowthFunding Equipment Finance; and a mortgage division, People's Intermountain Bank Mortgage. The Bank offers a full range of short-term to long-term commercial, personal and mortgage loans. Commercial loans include both secured and unsecured loans for working capital (including inventory and accounts receivable), business expansion (including acquisition of real estate and improvements), and purchase of equipment and machinery. Consumer loans include secured and unsecured loans to finance automobiles, home improvements, education, and personal investments. The Bank also offers mortgage loans secured by personal residences. The Bank offers a full range of deposit services typically available in most financial institutions, including checking accounts, savings accounts, and time deposits. The Bank solicits these accounts from individuals, businesses, associations and organizations, and governmental entities.

The interim condensed consolidated financial statements include the accounts of the Company together with its subsidiary Bank. All intercompany transactions and balances have been eliminated.

The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") for interim financial information. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial information. In the opinion of management, the interim statements reflect all adjustments necessary for a fair presentation of the financial position, results of operations and cash flows of the Company on a consolidated basis and all such adjustments are of a normal recurring nature. These financial statements and the accompanying notes should be read in conjunction with the Company's audited financial statements for the year ended December 31, 2017, which are included in the Company's 2017 Form 10-K. Operating results for the three months and six months ended June 30, 2018 are not necessarily indicative of the results that may be expected for the year ending December 31, 2018, or any other period.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of the allowance for loan losses, the valuation of real estate

acquired through foreclosure, deferred tax assets, and share-based compensation.

Earnings per share — Basic earnings per common share represents income available to common shareholders divided by the weighted-average number of common shares outstanding during the period. Diluted earnings per share reflect additional common shares that would have been outstanding if dilutive potential common shares had been issued. Potential common shares include shares that may be issued by the Company for outstanding stock options determined using the treasury stock method and for all outstanding restricted stock units (“RSU”).

Note 1 — Basis of Presentation – Continued

Earnings per common share have been computed based on the following:

(Dollars in thousands, except share and per share data)	Three Months Ended		Six Months Ended	
	June 30, 2018	2017	June 30, 2018	2017
Numerator				
Net income	\$10,467	\$6,494	\$19,471	\$13,015
Denominator				
Weighted-average number of common shares outstanding	18,679,908	17,937,926	18,639,397	17,911,125
Incremental shares assumed for stock options and RSUs	309,268	413,605	324,152	422,903
Weighted-average number of dilutive shares outstanding	18,989,176	18,351,531	18,963,549	18,334,028
Basic earnings per common share	\$0.56	\$0.36	\$1.04	\$0.73
Diluted earnings per common share	\$0.55	\$0.35	\$1.03	\$0.71

Reclassifications — Certain amounts in the prior period's financial statements have been reclassified to conform to the current period's presentation.

Impact of Recent Authoritative Accounting Guidance — The Accounting Standards Codification™ (“ASC”) is the Financial Accounting Standards Board’s (“FASB”) officially recognized source of authoritative GAAP applicable to all public and non-public non-governmental entities. Periodically, the FASB will issue Accounting Standard Updates (“ASU”) to its ASC. Rules and interpretive releases of the SEC under the authority of the federal securities laws are also sources of authoritative GAAP for us as an SEC registrant. All other accounting literature is non-authoritative.

In February 2018, the FASB issued ASU 2018-02, Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income. This ASU gives businesses the option of reclassifying to retained earnings the so-called “stranded tax effects” left in accumulated other comprehensive income (“AOCI”) because of the reduction to the corporate income tax rate. The amendments are effective for all organizations for fiscal years beginning after December 15, 2018 and interim periods within those fiscal years. Early adoption is permitted. The FASB said that businesses and organizations should apply the amendments either in the period of adoption or retrospectively to each period in which the effect of the change in the tax rate is recognized. The Company early adopted this ASU on December 31, 2017.

In March 2017, FASB issued ASU 2017-08, "Receivables-Nonrefundable Fees and Other Costs (Subtopic 310-20): Premium Amortization on Purchased Callable Debt Securities." The ASU requires entities to amortize the premium on certain purchased callable debt securities to the earliest call date, which more closely aligns the amortization period of premiums and discounts to expectations incorporated in the market prices. Entities will no longer recognize a loss in earnings upon the debtor's exercise of a call on a purchased debt security held at a premium. The ASU does not require any accounting change for debt securities held at a discount; therefore the discount will continue to be

amortized as an adjustment of yield over the contractual life of the investment. This ASU is effective for interim and annual reporting periods beginning after December 15, 2018. Early adoption is permitted for all entities. The adoption of ASU No. 2017-08 is not expected to have a material impact on the Company's Consolidated Financial Statements.

In January 2017, FASB issued ASU 2017-04, "Intangibles-Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment." The ASU removes the requirement to compare the implied fair value of goodwill with its carrying value as required in Step 2 of the goodwill impairment test. Under the ASU, registrants would perform their goodwill impairment test and recognize an impairment charge for any amount the carrying value exceeds the reporting unit's fair value, but limited by the amount of goodwill allocated to that reporting unit. This ASU is effective for interim and annual reporting periods beginning after December 15, 2019. Early adoption is permitted for all entities after January 1, 2017. The Company early adopted this ASU on December 31, 2017 and adoption did not have a material effect on the Company's Consolidated Financial Statements.

In January 2017, FASB issued ASU 2017-03, "Accounting Changes and Error Corrections (Topic 250) and Investments-Equity Method and Joint Ventures (Topic 323)." The ASU amends the Codification for SEC staff announcements made at recent Emerging Issues Task Force (EITF) meetings. The SEC guidance that specifically relates to our Consolidated Financial Statements was from the September 2016 meeting, where the SEC staff expressed their expectations about the extent of disclosures registrants should make about the effects of the new FASB guidance as well as any amendments issued prior to adoption, on revenue (ASU 2014-09), leases (ASU 2016-02) and credit losses on financial instruments (ASU 2016-13) in accordance with SAB Topic 11.M. Registrants are required to disclose the effect that recently issued accounting standards will have on their financial statements when adopted in a future period. In cases where a registrant cannot reasonably estimate the impact of the adoption, then additional qualitative disclosures should be considered. The ASU incorporates these SEC staff views into ASC 250 and adds references to that guidance in the transition paragraphs of each of the three new standards. The Company has adopted the amendments in this ASU and appropriate disclosures have been included in this Note for each recently issued accounting standard.

Note 1 — Basis of Presentation – Continued

In December 2016, FASB issued ASU No. 2016-19, "Technical Corrections and Improvements" and ASU 2016-20, "Technical Corrections and Improvements to Topic 606: Revenue from Contracts with Customers." On November 10, 2010, FASB added a standing project that will facilitate the FASB Accounting Standards Codification ("Codification") updates for technical corrections, clarifications, and improvements. These amendments are referred to as Technical Corrections and Improvements. Maintenance updates include non-substantive corrections to the Codification, such as editorial corrections, various link-related changes, and changes to source fragment information. These updates contain amendments that will affect a wide variety of Topics in the Codification. The amendments in these ASUs will apply to all reporting entities within the scope of the affected accounting guidance and generally fall into one of four categories: amendments related to differences between original guidance and the Codification, guidance clarification and reference corrections, simplification, and minor improvements. In summary, the amendments represent changes to clarify the Codification, correct unintended application of guidance, or make minor improvements to the Codification that are not expected to have a significant effect on current accounting practice. Transition guidance varies based on the amendments in the ASUs. The amendments that require transition guidance are effective for fiscal years and interim reporting periods after December 15, 2016. Early adoption is permitted including adoption in an interim period. All other amendments are effective upon the issuance of these ASUs. Neither ASU 2016-19 nor ASU 2016-20 had a material impact on the Company's Consolidated Financial Statements.

In August 2016, the FASB issued ASU No. 2016-15, "Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments." The ASU amends the guidance on the classification of certain cash receipts and payments in the statement of cash flows and is intended to reduce the diversity in practice. This ASU is effective for interim and annual reporting periods beginning after December 15, 2017. Early adoption is permitted for all entities beginning after December 15, 2017, including interim periods within those fiscal years. The adoption of ASU 2016-15 on January 1, 2018 did not have a material impact on the Company's Consolidated Financial Statements.

In June 2016, the FASB issued ASU No. 2016-13, "Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments." The ASU significantly changes the impairment model for most financial assets that are measured at amortized cost and certain other instruments from an incurred loss model to an expected loss model. This ASU is effective for interim and annual reporting periods beginning after December 15, 2019. Early adoption is permitted for all entities beginning after December 15, 2018, including interim periods within those fiscal years. The Company is in the process of identifying required changes to the loan loss estimation models and processes and evaluating the impact of this new guidance. Once adopted, we expect our allowance for loan losses to increase, however, until our evaluation is complete the magnitude of the increase will be unknown.

In February 2016, the FASB issued ASU 2016-02, "Leases (ASC 842)." The guidance in this ASU requires most leases to be recognized on the balance sheet as a right-of-use asset and a lease liability. It will be critical to identify leases embedded in a contract to avoid misstating the lessee's balance sheet. For income statement purposes, the FASB retained a dual model, requiring leases to be classified as either operating or finance. Classification will be based on criteria that are largely similar to those applied in current lease accounting, but without explicit bright lines. This ASU is effective for interim and annual periods beginning after December 15, 2018. We are currently evaluating the impact of this guidance on our Consolidated Financial Statements and the timing of adoption. The Company will compile an inventory of all leased assets to determine the impact of ASU 2016-02 on its financial condition and results of

operations. Once adopted, we expect to report higher assets and liabilities on our Consolidated Balance Sheets as a result of including right-of-use assets and lease liabilities related to certain banking offices and certain equipment under noncancelable operating lease agreements, which currently are not reflected in our Consolidated Balance Sheets. We do not expect the guidance to have a material impact on the Consolidated Statements of Income or the Consolidated Statements of Changes in Shareholders' Equity.

In January 2016, the FASB issued ASU 2016-01, "Financial Instruments-Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities." The ASU amends the guidance in GAAP on the classification and measurement of financial instruments. The ASU includes the following changes: i) equity investments (except those accounted for under the equity method of accounting, or those that result in consolidation of the investee) to be measured at fair value with changes in fair value recognized in net income; (ii) requires the use of exit price notion when measuring the fair value of financial instruments for disclosure purposes; (iii) requires separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (i.e. securities or loans and receivables) on the balance sheet or the accompanying notes to the financial statements; (iv) allows an equity investment that does not have readily determinable fair values, to be measured at cost minus impairment (if any), plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer; (v) eliminates the requirement to disclose the method(s) and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost on the balance sheet, and requires a reporting organization to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk (also referred to as "own credit") when the organization has elected to measure the liability at fair value in accordance with the fair value option for financial instruments; (vi) requires separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (i.e. securities or loans and receivables) on the balance sheet or in the accompanying notes to the financial statements; and (vii) clarifies that a valuation allowance on a deferred tax asset related to available-for-sale securities should be evaluated in combination with the organization's other deferred tax assets. This ASU is effective for interim and annual periods beginning after December 15, 2017. The Company adopted ASU No. 2016-01 effective January 1, 2018, and the adoption did not have a material impact on the Company's Consolidated Financial Statements.

Note 1 — Basis of Presentation – Continued

In August 2015, the FASB issued ASU No. 2015-14, “Revenue from Contracts with Customers (Topic 606)”, which defers the effective date of Accounting Standard Update ASU No. 2014-09 one year. ASU No. 2014-09 created Topic 606 and supersedes Topic 605, Revenue Recognition. The core principle of Topic 606 is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In general, the new guidance requires companies to use more judgment and make more estimates than under current guidance, including identifying performance obligations in the contract, estimating the amount of variable consideration to include in the transaction price and allocating the transaction price to each separate performance obligation. In May 2016, the FASB issued ASU No. 2016-12, Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients, which provides clarifying guidance in certain narrow areas and adds some practical expedients, but does not change the core revenue recognition principle in Topic 606. ASU No. 2015-14 is effective for interim and annual periods beginning after December 15, 2017. For financial reporting purposes, the standard allows for either full retrospective adoption, meaning the standard is applied to all of the periods presented, or modified retrospective adoption, meaning the standard is applied only to the most current period presented in the financial statements with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company adopted this standard on January 1, 2018 using the full retrospective method.

A significant amount of the Company’s revenues are derived from net interest income on financial assets and liabilities, which are excluded from the scope of the amended guidance. Revenue streams reported as deposit fees and other service charges, which include transaction based deposit fees, and interchange fees on credit and debit cards, are within the scope of Topic 606. The Company completed its assessment of revenue streams and associated incremental costs of contracts affected by the standard. The Company’s adoption of this standard did not change the timing or the amount of revenue recognized in prior periods, however the presentation of certain costs associated with card processing will now be offset against card processing revenue in non-interest income. The change in presentation resulted in \$1.2 million of expenses for the six months ended June 30, 2018 being netted against card processing income and reported in non-interest income instead of as payment and card processing expenses in non-interest expense. In addition, to conform to the current period presentation, \$1.0 million of card processing related expenses for the six months ended June 30, 2017, were reclassified from payment and card processing expense in non-interest expense to being netted against card processing revenue in non-interest income. The Company elected to apply the practical expedient and therefore does not disclose information about remaining performance obligations that have an original expected term of one year or less and allows the Company to expense costs related to obtaining a contract as incurred when the amortization period would have been one year or less.

The following table presents the impact of adopting of the new revenue standard on our Statements of Income for the six months ended June 30, 2018 and 2017:

	Six Months Ended June 30, 2018			Six Months Ended June 30, 2017		
	As Reported	Balance without Adoption of ASC 606	Effect of Change	As Reported	Balance without Adoption of ASC 606	Effect of Change

	\$ 102,176	\$ (2,780)	\$ 125,267	\$ (3,945)	\$ 227,443	\$ (6,725)
Held-to Maturity						
Municipal securities	\$ 48,014	\$ (543)	\$ 9,196	\$ (337)	\$ 57,210	\$ (880)
(Dollars in thousands)	December 31, 2017					
	Less Than 12 Months		12 Months or More		Total	
	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses
Available-for-Sale						
U.S. Government-sponsored securities	\$ 5,087	\$ (6)	\$ 33,543	\$ (453)	\$ 38,630	\$ (459)
Municipal securities	3,523	(22)	830	(18)	4,353	(40)
Mortgage-backed securities	112,878	(1,145)	72,859	(1,764)	185,737	(2,909)
Corporate securities	-	-	4,763	(237)	4,763	(237)
	\$ 121,488	\$ (1,173)	\$ 111,995	\$ (2,472)	\$ 233,483	\$ (3,645)
Held-to Maturity						
Municipal securities	\$ 39,380	\$ (293)	\$ 10,389	\$ (227)	\$ 49,769	\$ (520)

The amortized cost and estimated fair value of investment securities that are available-for-sale and held-to-maturity at June 30, 2018, by contractual maturity, are as follows:

(Dollars in thousands)	Available-For-Sale		Held-To-Maturity	
	Amortized Cost	Fair Value	Amortized Cost	Fair Value
Securities maturing in:				
One year or less	\$ 2,528	\$ 2,545	\$ 8,388	\$ 8,370
After one year through five years	75,740	74,398	38,735	38,430
After five years through ten years	52,157	50,523	15,153	14,725
After ten years	112,865	109,233	5,646	5,534
	\$ 243,290	\$ 236,699	\$ 67,922	\$ 67,059

Actual maturities may differ from contractual maturities because issuers may have the right to call obligations with or without penalties and other securities may experience pre-payments.

As of June 30, 2018, the Company held 327 investment securities with fair value less than amortized cost compared to 304 at December 31, 2017. Management evaluated these investment securities and determined that the decline in value is temporary and related to the change in market interest rates since purchase. The decline in value is not related to any company or industry specific event. The Company anticipates full recovery of the amortized cost with respect to these securities at maturity, or sooner in the event of a more favorable market interest rate environment.

Note 2 — Investment Securities – continued

The Company had sales of available-for-sale securities totaling \$500,000 during the six months ended June 30, 2018, which resulted in a net gain of \$335,000. There were no sales of available-for-sale securities for the six months ended June 30, 2017. There were no available-for-sale securities in a nonaccrual status at June 30, 2018 or December 31, 2017.

The Company had no sales of held-to-maturity securities during the six months ended June 30, 2018, compared to \$204,000 during the six months ended June 30, 2017, which resulted in a net loss of \$13,000. The company had no held-to-maturity securities in a nonaccrual status at June 30, 2018 or December 31, 2017.

Note 3 — Loans and Allowance for Loan Losses

Loans are summarized as follows:

(Dollars in thousands)	June 30, 2018	December 31, 2017
Loans held for investment:		
Commercial real estate loans:		
Real estate term	\$842,352	\$784,148
Construction and land development	373,845	369,590
Total commercial real estate loans	1,216,197	1,153,738

Note 3 — Loans and Allowance for Loan Losses – Continued

Non-accrual loans are summarized as follows:

(Dollars in thousands)	June 30, 2018	December 31, 2017
Non-accrual loans, not troubled debt restructured:		
Real estate term	\$ 1,580	\$ -
Construction and land development	320	-
Commercial and industrial	1,539	223
Residential and home equity	728	-
Consumer and other	39	-
Total non-accrual loans, not troubled debt restructured	4,206	223
Troubled debt restructured loans, non-accrual:		
Real estate term	1,556	-
Construction and land development	-	-
Commercial and industrial	195	-
Residential and home equity	-	-
Consumer and other	-	-
Total troubled debt restructured loans, non-accrual	1,751	-
Total non-accrual loans	\$ 5,957	\$ 223

Troubled debt restructured loans are summarized as follows:

(Dollars in thousands)	June 30, 2018	December 31, 2017
Accruing troubled debt restructured loans	\$ 2,495	\$ 3,307
Non-accrual troubled debt restructured loans	1,751	-
Total troubled debt restructured loans	\$ 4,246	\$ 3,307

A restructured loan is considered a troubled debt restructured loan (“TDR”), if the Company, for economic or legal reasons related to the debtor’s financial difficulties, grants a concession in terms or a below-market interest rate to the debtor that it would not otherwise consider. Each TDR loan is separately negotiated with the borrower and includes terms and conditions that reflect the borrower’s prospective ability to service the debt as modified.

Loans totaling \$1.8 million were classified as TDR’s during the six months ended June 30, 2018. No new TDRs occurred during the six months ended June 30, 2017. In addition, there were no TDRs which incurred a payment default within twelve months of the restructure date during the six-month periods ended June 30, 2018 and 2017.

Edgar Filing: People's Utah Bancorp - Form 10-Q

Current and past due loans held for investment (accruing and non-accruing) are summarized as follows:

Credit Quality Indicators:

In addition to past due and non-accrual criteria, the Company also analyzes loans using a loan grading system. Performance-based grading follows the Company's definitions of Pass, Special Mention, Substandard and Doubtful, which are consistent with published definitions of regulatory risk classifications.

Definitions of Pass, Special Mention, Substandard, and Doubtful are summarized as follows:

Pass: A Pass asset is higher quality and does not fit any of the other categories described below. The likelihood of loss is considered remote.

Special Mention: A Special Mention asset has potential weaknesses that may be temporary or, if left uncorrected, may result in a loss. While concerns exist, the Company is currently protected and loss is considered unlikely and not imminent.

Substandard: A Substandard asset is inadequately protected by the current sound net worth and paying capacity of the obligor or of the collateral pledged, if any. Assets so classified have well defined weaknesses and are characterized by the distinct possibility that the Company may sustain some loss if deficiencies are not corrected.

Doubtful: A Doubtful asset has all the weaknesses inherent in a Substandard asset with the added characteristics that the weaknesses make collection or liquidation in full highly questionable.

For Consumer loans, the Company generally assigns internal risk grades similar to those described above based on payment performance.

Outstanding loan balances (accruing and non-accruing) categorized by these credit quality indicators are summarized as follows:

Edgar Filing: People's Utah Bancorp - Form 10-Q

	June 30, 2018				Total	Total

Purchased credit-impaired loans and purchased non-credit-impaired loans. Purchased loans, including loans acquired in business combinations, are recorded at their fair value at the acquisition date. Credit discounts are included in the determination of fair value; therefore, an allowance for loan and lease losses is not recorded at the acquisition date. Acquired loans are evaluated upon acquisition and classified as either purchased credit-impaired (PCI) or purchased non-credit-impaired. PCI loans reflect credit deterioration since origination such that it is probable at acquisition that the Company will be unable to collect all contractually required payments. The outstanding contractual unpaid principal balance of PCI loans, excluding acquisition accounting adjustments, was \$10.7 million at June 30, 2018 and \$12.4 million at December 31, 2017. The carrying balance of PCI loans was \$7.7 million at June 30, 2018 and \$8.7 million at December 31, 2017.

The following table presents the changes in the accretable yield for PCI loans for the six months ended June 30, 2018, and 2017:

(Dollars in thousands)	Six Months Ended	
	June 30, 2018	2017
Balance, beginning of period	\$8,536	\$573
Accretion to interest income	(1,943)	(18)
Reclassification from non-accretable discount	189	9
Balance, end of period	\$6,782	\$564

As of June 30, 2018 and December 31, 2017, the non-accretable difference between the contractually required payments and cash flows expected to be collected were \$3.0 million and \$3.7 million, respectively.

Loans and Deposits to affiliates — The Company has entered into loan transactions with certain directors, affiliated companies and executive committee members (“affiliates”). Such transactions were made in the ordinary course of business on substantially the same terms and conditions, including interest rates and collateral, as those prevailing at the same time for comparable transactions with other customers, and did not, in the opinion of management, involve more than normal credit risk or present other unfavorable features. Total outstanding loans with affiliates were approximately \$3.8 million and \$3.4 million as of June 30, 2018, and December 31, 2017, respectively. Available lines of credit for loans and credit cards to affiliates were approximately \$1.3 million and \$330,000 as of June 30, 2018, and December 31, 2017, respectively. Deposits from affiliates were \$8.2 million and \$7.1 million as of June 30, 2018 and December 31, 2017, respectively.

Note 4 — Commitments and Contingencies

Litigation contingencies — The Company is involved in various claims, legal actions and complaints which arise in the ordinary course of business. In the Company's opinion, all such matters are adequately covered by insurance, are without merit or are of such kind, or involve such amounts, that unfavorable disposition would not have a material adverse effect on the financial condition or results of operations of the Company.

Commitments to extend credit — In the normal course of business, the Company has outstanding commitments and contingent liabilities, such as commitments to extend credit and unused credit card lines, which are not included in the accompanying consolidated financial statements. The Company's exposure to credit loss in the event of non-performance by other parties to the financial instruments for commitments to extend credit and unused credit card lines is represented by the contractual or notional amount of those instruments. The Company uses the same credit policies in making such commitments as it does for instruments that are included in the consolidated balance sheets.

Contractual amounts of off-balance sheet financial instruments were as follows:

(Dollars in thousands)	June 30, 2018	December 31, 2017
Commitments to extend credit, including unsecured		
commitments of \$16,481 and \$13,625 as of June 30, 2018		
and December 31, 2017, respectively	\$587,699	\$637,029
Stand-by letters of credit and bond commitments, including		
unsecured commitments of \$455 and \$440 as of		
June 30, 2018 and December 31, 2017, respectively	28,892	27,943
Unused credit card lines, all unsecured	22,045	24,949

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. The commitments to extend credit may expire without being drawn upon. Therefore, the total commitment amounts do not necessarily represent future cash requirements. The amount of collateral obtained, if it is deemed necessary by the Company, is based on management's credit evaluation of the customer.

Unused credit card lines are commitments for possible future extensions of credit to existing customers. These lines of credit are uncollateralized and usually do not contain a specified maturity date and may not be drawn upon to the total extent to which the Company is committed.

Note 5 — Fair Value

The Company measures and discloses certain assets and liabilities at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (that is, not a forced liquidation or distressed sale). GAAP establishes a consistent framework for measuring fair value and disclosure requirements about fair value measurements. Among other things, the standard requires us to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's estimates for market assumptions. These two types of inputs create the following fair value hierarchy:

Level 1 – Quoted prices in active markets for identical instruments. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. A quoted price in an active market provides the most reliable evidence of fair value and shall be used to measure fair value whenever available

Level 2 – Observable inputs other than Level 1 including quoted prices in active markets for similar instruments, quoted prices in less active markets for identical or similar instruments, or other observable inputs that can be corroborated by observable market data.

Level 3 – Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation; also includes observable inputs from non-binding single dealer quotes not corroborated by observable market data. In developing Level 3 measurements, management incorporates whatever market data might be available and uses discounted cash flow models where appropriate. These calculations include projections of future cash flows, including appropriate default and loss assumptions, and market based discount rates.

Note 5 — Fair Value - Continued

The estimated fair value amounts of financial instruments have been determined by the Company using available market information and appropriate valuation methodologies. However, considerable judgment is required to interpret data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts the Company could realize at a future date. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts. In addition, reasonable comparability between financial institutions may not be likely due to the wide range of permitted valuation techniques and numerous estimates that must be made given the absence of active secondary markets for many of the financial instruments. This lack of uniform valuation methodologies also introduces a greater degree of subjectivity to these estimated fair values. Transfers between levels of the fair value hierarchy are deemed to occur at the end of the reporting period.

The following methods were used to estimate the fair value of each class of financial instruments:

Cash and cash equivalents: The carrying amount of these items is a reasonable estimate of their fair value.

Securities: The estimated fair values of investment securities are priced using current active market quotes, if available, which are considered Level 1 measurements. For most of the portfolio, matrix pricing based on the securities' relationship to other benchmark quoted prices is used to establish the fair value. These measurements are considered Level 2.

Non-marketable securities: The fair value is based upon the redemption value of the stock, which equates to its carrying value.

Loans Held for Sale: The carrying amount of these items is a reasonable estimate of their fair value.

Loans held for investment: The fair value is estimated by discounting the future cash flows and estimated prepayments using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining term. Some loan types were valued at carrying value because of their floating rate or expected maturity characteristics.

Bank-owned life insurance: The fair value of BOLI policies owned is based on the various insurance contracts' cash surrender value.

Deposits: The carrying amount of deposits with no stated maturity, such as savings and checking accounts, is a reasonable estimate of their fair value. The market value of certificates of deposit is based upon the discounted value of contractual cash flows. The discount rate is determined using the rates currently offered on comparable instruments.

Short-term borrowings: Short-term borrowing are overnight advances with the FHLB and their carrying amount is considered a reasonable approximation of their fair value.

The following table presents estimated fair values of the Company's financial instruments as of June 30, 2018 and December 31, 2017:

(Dollars in thousands)	Level	June 30, 2018		December 31, 2017	
		Carrying Value	Estimated Fair Value	Carrying Value	Estimated Fair Value

Edgar Filing: People's Utah Bancorp - Form 10-Q

Financial Assets:

Cash and cash equivalents	1	\$52,322	\$52,322	\$51,027	\$51,027

Total deposits	2	\$1,781,940	\$1,556,471	\$1,814,632	\$1,596,966
Short-term borrowings	2	90,000	90,000	40,000	40,000

Note 5 — Fair Value - Continued

Assets measured on a recurring and non-recurring basis are as follows:

(Dollars in thousands)	Level 1	Level 2	Level 3	Total
As of June 30, 2018				
Fair valued on a recurring basis:				
Investment securities available-for-sale	\$ -	\$236,699	\$-	\$236,699
Fair valued on a non-recurring basis:				
Impaired loans	-	-	6,312	6,312
As of December 31, 2017				
Fair valued on a recurring basis:				
Investment securities available-for-sale	\$ -	\$263,056	\$-	\$263,056
Fair valued on a non-recurring basis:				
Impaired loans	-	-	1,740	1,740

Note 6 — Income Taxes

Income tax expense was \$3.3 million and \$3.6 million for the three months ended June 30, 2018 and 2017, respectively. The Company's effective tax rate for the second quarter of 2018 was 23.9% compared with 35.6% in the second quarter of 2017. The tax rate in the second quarter of 2018 is lower than the same quarter in 2017 due primarily to the reduction in the federal corporate tax rate to a flat rate of 21%, the reduction of the Utah state corporate tax rate to 4.95% as well as tax benefits related to tax-deductible stock compensation expense.

Note 7 — Regulatory Capital Matters

The consolidated Tier 1 Leverage ratio increased from 11.46% at December 31, 2017 to 11.48% as of June 30, 2018. Federal Reserve Board Regulations require maintenance of certain minimum reserve balances based on certain average deposits which as of June 30, 2018 and December 31, 2017 were \$17.0 million and \$19.0 million, respectively. The Company's Board of Directors may declare a cash or stock dividend out of retained earnings provided the regulatory minimum capital ratios are met. The Company plans to maintain capital ratios that meet the well-capitalized standards per the regulations and, therefore, plans to limit dividends to amounts that are appropriate to maintain those well-capitalized regulatory capital ratios.

Note 8 — Incentive Share-Based Plan and Other Employee Benefits

In June 2014, the Board of Directors (“Board”) and shareholders of the Company approved a share-based incentive plan (“the Plan”). The Plan provides for various share-based incentive awards including incentive share-based options, non-qualified share-based options, restricted shares, and stock appreciation rights to be granted to officers, directors and other key employees. The maximum aggregate number of shares that may be issued under the Plan is 800,000 common shares. The share-based awards are granted to participants under the Plan at a price not less than the fair value on the date of grant and for terms of up to ten years. The Plan also allows for granting of share-based awards to directors and consultants who are not employees of the Company.

During the six months ended June 30, 2018, the Company granted options for the purchase of 26,400 common shares, which have a weighted average exercise price of \$31.42 per share and a weighted average fair value as of the date of grant of \$3.3944 per share. Additionally, the Company granted 27,788 restricted stock units (“RSU”) at a weighted-average fair value of \$30.30 per unit. The options and RSU’s generally vest over periods from one to three years. The Company recorded share-based compensation expense of \$370,000 and \$218,000 for the six months ended June 30, 2018 and 2017, respectively.

Note 9 — Acquisition Related Measurement Period Adjustments

During the six months ended June 30, 2018, the Company made acquisition related measurement period adjustments of \$335,000. Changes to initially estimated fair values from a business combination are recognized as an adjustment to goodwill over the measurement period, which cannot exceed one year from the acquisition date. The adjustments to goodwill related to changes in the preliminary goodwill recorded for the acquisition of Town & Country Bank and were related to loan valuations.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion is intended to provide a more comprehensive review of People's Utah Bancorp's operating results and financial condition than can be obtained from reading the Unaudited Condensed Consolidated Financial Statements alone. The discussion should be read in conjunction with the Unaudited Condensed Consolidated Financial Statements and the notes thereto included in "Part I. Item 1. Financial Statements."

FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q may contain certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect our current views and are not historical facts. These statements can generally be identified by use of phrases such as "believe," "expect," "will," "seek," "should," "anticipate," "estimate," "intend," "plan," "target," "project," "commit" or other words of similar import. Similarly, statements that describe our future financial condition, results of operations, objectives, strategies, plans, goals or future performance and business are also forward-looking statements. Statements that project future financial conditions, results of operations and shareholder value are not guarantees of performance and many of the factors that will determine these results and values are beyond our ability to control or predict. For those statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. These are forward-looking statements and involve known and unknown risks, uncertainties and other factors, including, but not limited to, those described in the "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections in this report and our Annual Report on Form 10-K for the year ended December 31, 2017 ("Form 10-K"), and other parts of this report that could cause our actual results to differ materially from those anticipated in these forward-looking statements. The following is a non-exclusive list of factors which could cause our actual results to differ materially from our forward-looking statements in this prospectus:

- changes in general economic conditions, either nationally or in our local market;
- inflation, interest rates, securities market volatility and monetary fluctuations;
- increases in competitive pressures among financial institutions and businesses offering similar products and services;
- higher defaults on our loan portfolio than we expect;
 - changes in management's estimate of the adequacy of the allowance for loan losses;
- risks associated with our growth and expansion strategy and related costs;
- ability to raise liquidity, either with deposits or other funding sources, to support our growth in assets;
- risks associated with the integration of current and future acquisitions
- increased lending risks associated with our high concentration of real estate loans;
- ability to successfully grow our business in Utah and neighboring states;
- legislative or regulatory changes or changes in accounting principles, policies or guidelines;
- risks associated with cyber security
- technological changes;
- regulatory or judicial proceedings; and
- other factors and risks including those described under "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this report and our Annual Report on Form 10-K for the year ended December 31, 2017.

Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated, expected, projected, intended, committed or believed.

Please take into account that forward-looking statements speak only as of the date of this Form 10-Q. We do not undertake any obligation to release publicly our revisions to such forward-looking statements to reflect events or

circumstances after the date of this Form 10-Q.

Overview

People's Utah Bancorp ("PUB") is the holding company for People's Intermountain Bank. People's Intermountain Bank ("Bank", "PIB") is a full-service community bank providing loans, deposit and cash management services to individuals and businesses. Our primary customers are small to medium sized businesses that require highly personalized commercial banking products and services. People's Intermountain Bank has 26 branch locations in three banking divisions, Bank of American Fork,

24

Lewiston State Bank, and People's Town & Country Bank; a leasing division, GrowthFunding Equipment Finance; and a mortgage division, People's Intermountain Bank Mortgage. The Bank has been serving communities in Utah and southern Idaho for more than 100 years.

Our recent loan growth is the result of mergers and acquisitions as well as organic growth that we believe was generated by our seasoned relationship managers and supporting associates who provide outstanding service and quick responsiveness to our customers. The primary source of funding for our asset growth has been the generation of core deposits, which we raised through acquisitions as well as from our existing branch system.

Our results of operations are largely dependent on net interest income. Net interest income is the difference between interest income we earn on interest earning assets, which are comprised of loans, investment securities and short-term investments and the interest we pay on our interest bearing liabilities, which are primarily deposits, and, to a lesser extent, other borrowings. Management strives to match the re-pricing characteristics of the interest earning assets and interest bearing liabilities to protect net interest income from changes in market interest rates and changes in the shape of the yield curve.

We measure our performance by calculating our net interest margin, return on average assets, and return on average equity. Net interest margin is calculated by dividing net interest income, which is the difference between interest income on interest earning assets and interest expense on interest bearing liabilities, by average interest earning assets. Net interest income is our largest source of revenue. Interest rate fluctuations, as well as changes in the amount and type of earning assets and liabilities, combine to affect net interest income. We also measure our performance by our efficiency ratio, which is calculated by dividing non-interest expense by the sum of net interest income and non-interest income.

Mergers & Acquisitions

Utah Branches from Banner Bank — On October 6, 2017, we completed our acquisition of \$257 million in loans and seven Utah branch locations with \$160 million in low-cost core deposits from Banner Corporation's subsidiary Banner Bank. The Bank paid a deposit premium of \$13.8 million based on average deposits at closing. The seven branch locations in Utah include Salt Lake City, Provo, South Jordan, Woods Cross, Orem, Salem, and Springville. The Woods Cross and Orem branches were consolidated into our existing Bank of American Fork Bountiful and Orem branches, respectively. We are operating these acquired branches under the name of Bank of American Fork, a division of PIB.

Town & Country Bank — On November 13, 2017, we completed the merger of Town & Country Bank located in St. George, Utah, including the acquisition of \$117 million in loans and the assumption of \$124 million in deposits. We consolidated our existing St. George branch and Town & Country's branch into one branch. Under the terms of the merger, each outstanding Town & Country common share converted into the right to receive 0.2917 PUB common shares and \$4.23 per common share in cash, including \$2.0 million of cash held in escrow that is subject to indemnification claims. Town & Country shareholders also received an additional cash distribution of \$1.68 per common share in cash. A total of 466,546 PUB common shares were issued in this transaction. We operate this branch under the name of People's Town & Country Bank, a division of PIB.

Non-GAAP Financial Measures

In addition to financial results presented in accordance with generally accepted accounting principles ("GAAP"), this Management's Discussion & Analysis contains certain non-GAAP financial measures. We have presented these

non-GAAP financial measures because we believe that they provide useful and comparative information to assess trends in our core operations and facilitates the comparison of our financial performance with the performance of our peers and the comparative years presented. We have excluded acquisition related costs, net gains and losses on the sale of certain securities, and the write-down of our deferred income tax assets due to the reduction in the Federal corporate income tax rate to derive non-GAAP financial information related to the company's core operations. The Company believes this non-GAAP financial information is useful in understanding the Company's core financial performance.

However, these non-GAAP financial measures are supplemental and are not a substitute for any analysis based on GAAP. Where applicable, we have also presented comparable earnings information using GAAP financial measures. For a reconciliation of these non-GAAP financial measures, see the tables below. Because not all companies use the same calculations, our presentation may not be comparable to other similarly titled non-GAAP measures as calculated by other companies.

(NG) Non-GAAP Financial Measures

In addition to financial results presented in accordance with GAAP, this schedule contains certain non-GAAP financial measures. Management has presented these non-GAAP financial measures because it believes that they provide useful and comparative information to assess trends in core operations and facilitate the comparison of our financial performance with the performance of our peers.

(NG) Non-GAAP Financial Measures

In addition to financial results presented in accordance with GAAP, this schedule contains certain non-GAAP financial measures. Management has presented these non-GAAP financial measures because it believes that they provide useful and comparative information to assess trends in core operations and facilitate the comparison of our financial performance with the performance of our peers.

⁽¹⁾Tier 1 leverage capital and Total risk-based capital as of June 30, 2018 are estimates.

⁽²⁾Net interest margin is defined as net interest income divided by average earning assets.

⁽³⁾Represents the sum of total shareholders' equity less intangible assets all divided by the sum of total assets less intangible assets. Intangible assets were \$29,306,000, \$29,088,000, and \$533,000 at June 30, 2018, March 31, 2018, and June 30, 2017, respectively.

Results of Operations

Factors that determine the level of net income include the volume of earning assets and interest bearing liabilities, yields earned and rates paid, fee income, non-interest expense, the level of non-performing loans and other non-earning assets, and the amount of non-interest bearing liabilities supporting earning assets. Non-interest income primarily includes service charges and other fees on deposits, and mortgage banking income. Non-interest expense consists primarily of employee compensation and benefits, occupancy, equipment and depreciation expense, and other operating expenses.

Average Balance and Yields. The following tables set forth a summary of average balances with corresponding interest income and interest expense as well as average yield, cost and net interest margin information for the periods presented. Average balances are derived from daily balances. Average non-accrual loans are derived from quarterly balances and are included as non-interest earning assets for purposes of these tables.

Rate/Volume Analysis. The following table shows the change in interest income and interest expense and the amount of change attributable to variances in volume, rates and the combination of volume and rates based on the relative changes of volume and rates. For purposes of this table, the change in interest due to both volume and rate has been allocated to change due to volume and rate in proportion to the relationship of absolute dollar amounts of change in each.

Net interest income	\$7,447	\$555	\$8,002	\$14,763	\$1,400	\$16,163

Net interest income increased \$8.0 million to \$27.0 million for the three months ended June 30, 2018 compared with \$19.0 million for the same period of 2017. The increase is primarily the result of average interest earning assets increasing \$443 million, and yields on interest earning assets increasing 70 basis points for the same comparable period to 5.60% for the three months ended June 30, 2018. The increase in average interest earning assets was the result of both organic growth and the acquisition of the seven Utah branches of Banner Bank and the merger of Town & Country Bank. Higher yields on interest earning assets was primarily the result of yields on loans increasing 23 basis points to 6.34% for the same comparable period and the percentage of average loans to total average interest earning assets increasing to 83.24% for the three months ended June 30, 2018 compared with 72.91% for the same period of 2017.

Edgar Filing: People's Utah Bancorp - Form 10-Q

Total cost of interest-bearing liabilities increased 27 basis points to 0.57% for the second quarter of 2018 and is the result of a \$116 million increase in short-term borrowing at a borrowing rate of 2.01% during the second quarter of 2018, and the cost of interest-bearing deposits increasing 11 basis points to 0.40% for the second quarter of 2018 compared with the same period a year earlier. The Company expects the increase in cost of interest-bearing deposits to accelerate over the next several quarters as financial institutions increase their competitive deposit pricing.

Net interest margins increased 55 basis points to 5.26% for the second quarter of 2018 compared with the same period a year earlier. Acquisition accounting adjustments, including the accretion of loan discounts and amortization of certificate of deposits premiums, added 16 basis points to the net interest margin in the second quarter of 2018.

Net interest income increased \$16.2 million to \$52.9 million for the six months ended June 30, 2018 compared with \$36.8 million for the same period of 2017. The increase is primarily the result of average interest earning assets increasing \$438 million, and yields on interest earning assets increasing 74 basis points for the same comparable period to 5.56% for the six months ended June 30, 2018. The increase in average interest earning assets was the result of both organic growth and the acquisition of the seven Utah branches of Banner Bank and the merger of Town & Country Bank. Higher yields on interest earning assets was primarily the result

of yields on loans increasing 25 basis points to 6.31% for the same comparable period and the percentage of average loans to total average interest earning assets increasing to 82.84% for the six months ended June 30, 2018 compared with 72.28% for the same period of 2017.

Total cost of interest-bearing liabilities increased 22 basis points to 0.53% for the six months ended June 30, 2018, and is the result of a \$106.6 million increase in short-term borrowing at a borrowing rate of 1.88% during the six months ended June 30, 2018, and the cost of interest-bearing deposits increasing 9 basis points to 0.39% for the six months ended June 30, 2018, compared with the same period a year earlier. The Company expects the increase in cost of interest-bearing deposits to accelerate over the next several quarters as financial institutions increase their competitive deposit pricing.

Net interest margins increased 61 basis points to 5.24% for the six months ended June 30, 2018, compared with the same period a year earlier. Acquisition accounting adjustments, including the accretion of loan discounts and amortization of certificate of deposits premiums, added 20 basis points to the net interest margin in the six months ended June 30, 2018.

Financial Overview for the Three Months Ended June 30, 2018 and 2017

(Dollars in thousands)	Three Months Ended		\$ Better / (Worse)	% Better / (Worse)

Interest income	\$28,756	\$19,725	\$9,031	45.8 %
Interest expense	1,778	749	(1,029)	-137.4 %
Net interest income	26,978	18,976	8,002	42.2 %
Provision for loan losses	1,475	900	(575)	-63.9 %
Net interest income after provision for loan losses	25,503	18,076	7,427	41.1 %
Non-interest income	4,066	3,837	229	6.0 %
Non-interest expense	15,823	11,835	(3,988)	-33.7 %
Income before income tax expense	13,746	10,078	3,668	36.4 %
Income tax expense	3,279	3,584	305	8.5 %
Net income	\$10,467	\$6,494	\$3,973	61.2 %

Net Income. Net income increased \$4.0 million to \$10.5 million for the three months ended June 30, 2018, compared with \$6.5 million for the three months ended June 30, 2017. This was primarily attributable to an increase in net interest income of \$8.0 million, an increase in non-interest income of \$0.2 million, a decrease in income tax expense of \$0.3 million, offset by an increase in non-interest expense of \$4.0 million, and an increase in provision for loan losses of \$0.6 million.

Net Interest Income and Net Interest Margin. The increase in net interest income for the three months ended June 30, 2018 compared with the same quarter in 2017 was primarily driven by interest earned on a higher average loan volume attributable to both organic growth and our two acquisition transactions in 2017. Interest expense in the three months ended June 30, 2018 increased from the same period in 2017 due to an increase in average short-term borrowings and deposits outstanding, and an increase in the cost of short-term borrowings and deposits.

The yield on our average interest earning assets was 5.60% for the three months ended June 30, 2018 compared with 4.90% for the same period of 2017. The cost of total funding increased in the three months ended June 30, 2018 to 0.38% from 0.21% in the comparable quarter in 2017.

Provision for Loan Losses. The provision for loan losses in each period is a charge against earnings in that period. The provision is that amount required to maintain the allowance for loan losses at a level that, in management's judgment, is adequate to absorb loan losses inherent in the loan portfolio.

Provision for loan losses was \$1.5 million for the three months ended June 30, 2018 compared with \$0.9 million for the same period of 2017. The increase in provision for loan losses is due primarily to the increase in allowance for loan losses to loans held for investment, excluding specific reserves, and a \$0.3 million increase in specific reserves on classified loans. The Company incurred net recoveries of \$0.1 million in the second quarter of 2018 compared with net charge-offs of \$0.3 million in the second quarter of 2017.

Non-interest Income. The following table presents, for the periods indicated, the major categories of non-interest income:

Edgar Filing: People's Utah Bancorp - Form 10-Q

	Three Months Ended		\$ Better / (Worse)	% Better / (Worse)	
	June 30, 2018	June 30, 2017			
(Dollars in thousands)					
Mortgage banking	\$1,505	\$1,960	\$ (455)	-23.2	%
Card processing	799	692	107	15.5	%
Service charges on deposit accounts	704	578	126	21.8	%
Net gain (loss) on sale of investment securities	333	1	332	33200.0	%
Other operating	725	606	119	19.6	%
Total non-interest income	\$4,066	\$3,837	\$ 229	6.0	%

Noninterest income was \$4.1 million for the second quarter of 2018 compared with \$3.8 million the same period a year ago. The increase was primarily due to gain on sale of securities, an increase in card processing fees and service charges on deposit accounts, offset by lower mortgage banking income.

Edgar Filing: People's Utah Bancorp - Form 10-Q

Non-interest Expense. The following table presents, for the periods indicated, the major categories of non-interest expense:

(Dollars in thousands)	Three Months Ended		\$ Better / (Worse)	% Better / (Worse)	
	June 30, 2018	June 30, 2017			
Salaries and employee benefits	\$10,196	\$7,762	\$(2,434)	-31.4	%
Occupancy, equipment and depreciation	1,411	1,088	(323)	-29.7	%
Data processing	1,063	661	(402)	-60.8	%
Marketing and advertising	321	349	28	8.0	%
FDIC premiums	299	130	(169)	-130.0	%
Acquisition-related costs	1	175	174	99.4	%
Other	2,532	1,670	(862)	-51.6	%
Total non-interest expense	\$15,823	\$11,835	\$(3,988)	-33.7	%

Non-interest expense was \$15.8 million for the three months ended June 30, 2018 compared with \$11.8 million for the same period of 2017. Non-interest expense for the three months ended June 30, 2018 increased as a result of \$2.4 million of higher salaries and employee benefits primarily from the addition of employees retained from the acquisition of the seven Utah branches of Banner Bank and the merger of Town & Country Bank, and \$0.3 million of higher occupancy, equipment and depreciation costs associated with the net increase of five branches from these transactions, and \$0.4 million in higher data processing costs associated with an increase in total accounts from both organic growth and acquisition transactions. The Company's efficiency ratio was 50.97% for the three months ended June 30, 2018 compared with 51.88% for the same period of 2017.

Income Tax Expense. We recorded income tax expense of \$3.3 million for the three months ended June 30, 2018 compared with \$3.6 million for the same period in 2017. The effective tax rate for the three months ended June 30, 2018 was 23.9% compared with 35.6% in the corresponding three months of 2017. The tax rate for the three months ended June 30, 2018 is lower than the same quarter in 2017 as a result of the reduction in the federal corporate tax rate to a flat rate of 21%, the reduction of the Utah state corporate tax rate to 4.95% as well as tax benefits related to tax-deductible stock compensation expense.

Financial Overview for the Six Months Ended June 30, 2018 and 2017

(Dollars in thousands)	Six Months Ended		\$ Better / (Worse)	% Better / (Worse)	
	June 30, 2018	June 30, 2017			
Interest income	\$56,195	\$38,274	\$17,921	46.8	%
Interest expense	3,273	1,515	(1,758)	-116.0	%
Net interest income	52,922	36,759	16,163	44.0	%
Provision for loan losses	3,525	1,100	(2,425)	-220.5	%
Net interest income after provision for loan losses	49,397	35,659	13,738	38.5	%

Edgar Filing: People's Utah Bancorp - Form 10-Q

Non-interest income	7,784	7,429	355	4.8	%
Non-interest expense	31,871	23,749	(8,122)	-34.2	%
Income before income tax expense	25,310	19,339	5,971	30.9	%
Income tax expense	5,839	6,324	485	7.7	%
Net income	\$19,471	\$13,015	\$6,456	49.6	%

Net Income. Net income increased \$6.5 million to \$19.5 million for the six months ended June 30, 2018, compared with \$13.0 million for the six months ended June 30, 2017. This was primarily attributable to an increase in net interest income of \$16.2 million, an increase in non-interest income of \$0.4 million, a decrease in income tax expense of \$0.5 million, offset by an increase in non-interest expense of \$8.1 million and an increase in provision for loan losses of \$2.4 million.

Net Interest Income and Net Interest Margin. The increase in net interest income for the six months ended June 30, 2018 compared with the same period in 2017 was primarily driven by interest earned on a higher average loan volume attributable to both organic growth and our two acquisition transactions in 2017. Interest expense in the six months ended June 30, 2018 increased from the same period in 2017 due to an increase in average short-term borrowings and deposits outstanding, and an increase in the cost of short-term borrowings and deposits.

Edgar Filing: People's Utah Bancorp - Form 10-Q

The yield on our average interest earning assets was 5.56% for the six months ended June 30, 2018 compared with 4.82% for the same period of 2017. The cost of total funding increased in the six months ended June 30, 2018 to 0.35% from 0.21% in the comparable period in 2017.

Provision for Loan Losses. The provision for loan losses in each period is a charge against earnings in that period. The provision is that amount required to maintain the allowance for loan losses at a level that, in management's judgment, is adequate to absorb loan losses inherent in the loan portfolio.

Provision for loan losses was \$3.5 million for the six months ended June 30, 2018 compared with \$1.1 million for the same period of 2017. The increase in provision for loan losses is due primarily to the increase in allowance for loan losses to loans held for investment, excluding specific reserves, and a \$1.5 million increase in specific reserves on classified loans. The Company incurred net recoveries of \$0.5 million in the six months ended June 30, 2018 compared with net charge-offs of \$0.5 million in the comparable period in 2017.

Non-interest Income. The following table presents, for the periods indicated, the major categories of non-interest income:

	Six Months Ended		\$ Better / (Worse)	% Better / (Worse)
	June 30, 2018	June 30, 2017		
(Dollars in thousands)				
Mortgage banking	\$3,143	\$3,939	\$ (796)	-20.2 %
Card processing	1,522	1,287	235	18.3 %
Service charges on deposit accounts	1,377	1,114	263	23.6 %
Net gain (loss) on sale of investment securities	335	(10)	345	3450.0 %
Other operating	1,407	1,099	308	28.0 %
Total non-interest income	\$7,784	\$7,429	\$ 355	4.8 %

Noninterest income was \$7.8 million for the six months ended June 30, 2018 compared with \$7.4 million the same period a year ago. The increase was primarily due to gain on sale of securities, an increase in card processing fees and service charges on deposit accounts, offset by lower mortgage banking income.

Non-interest Expense. The following table presents, for the periods indicated, the major categories of non-interest expense:

	Six Months Ended		\$ Better / (Worse)	% Better / (Worse)
	June 30, 2018	June 30, 2017		
(Dollars in thousands)				
Salaries and employee benefits	\$20,619	\$15,729	\$ (4,890)	-31.1 %
Occupancy, equipment and depreciation	2,954	2,205	(749)	-34.0 %
Data processing	1,933	1,336	(597)	-44.7 %
Marketing and advertising	767	611	(156)	-25.5 %

Edgar Filing: People's Utah Bancorp - Form 10-Q

FDIC premiums	628	256	(372)	-145.3 %
Acquisition-related costs	350	175	(175)	-100.0 %
Other	4,620	3,437	(1,183)	-34.4 %
Total non-interest expense	\$31,871	\$23,749	\$(8,122)	-34.2 %

Non-interest expense was \$31.9 million for the six months ended June 30, 2018 compared with \$23.7 million for the same period of 2017. Non-interest expense for the six months ended June 30, 2018 increased as a result of \$4.9 million of higher salaries and employee benefits primarily from the addition of employees retained from the acquisition of the seven Utah branches of Banner Bank and the merger of Town & Country Bank, and \$0.7 million of higher occupancy, equipment and depreciation costs associated with the net increase of five branches from these transactions, and \$0.6 million in higher data processing costs associated with an increase in total accounts from both organic growth and acquisition transactions. The Company's efficiency ratio was 52.50% for the six months ended June 30, 2018 compared with 53.75% for the same period of 2017.

Income Tax Expense. We recorded an income tax expense of \$5.8 million for the six months ended June 30, 2018 compared with \$6.3 million for the same period in 2017. The effective tax rate for the six months ended June 30, 2018 was 23.1% compared with 32.7% in the corresponding three months of 2017. The tax rate for the six months ended June 30, 2018 is lower than the same period in 2017 as a result of the reduction in the federal corporate tax rate to a flat rate of 21%, the reduction of the Utah state corporate tax rate to 4.95% as well as tax benefits related to tax-deductible stock compensation expense.

Financial Condition

Total assets were \$2.16 billion at June 30, 2018, a 1.8% increase compared with December 31, 2017. Total loans held for investment were \$1.69 billion at June 30, 2018, an increase of 4.0% from December 31, 2017. Total deposits were \$1.78 billion at June 30, 2018, a decrease of 1.8% compared with December 31, 2017.

Loans

The following table sets forth information regarding the composition of the loan portfolio at the end of each of the periods presented.

(Dollars in thousands)	June 30, 2018	December 31, 2017
Loans held for sale	\$11,058	\$10,871
Loans held for investment:		
Commercial real estate loans:		
Real estate term	\$842,352	\$784,148
Construction and land development	373,845	369,590

Total consumer loans	10.0 %	11.3 %
Total loans held for investment	100.0 %	100.0 %

Edgar Filing: People's Utah Bancorp - Form 10-Q

We originate certain residential mortgage loans for sale to investors that are carried at cost. Due to the short period held, generally less than 90 days, we consider the carrying value of these loans held for sale to be the approximate fair value.

The following table shows the amounts of outstanding loans, which, based on remaining scheduled repayments of principal, were due in one year or less, more than one year through five years, and more than five years. Lines of credit or other loans having no stated maturity and no stated schedule of repayments are reported as due in one year or less. In the table below, loans are classified as real estate related if they are collateralized by real estate. The tables also present, for loans with maturities over one year, an analysis with respect to fixed interest rate loans and adjustable interest rate loans.

Contractual maturities at June 30, 2018 were as follows:

	Maturity			Total	Rate Structure for Loans Maturing Over One Year	
	One Year or Less	One through Five Years	After Five Years		Fixed Rate	Adjustable Rate
(Dollars in thousands)						
Loans held for investment:						
Commercial real estate loans:						
Real estate term	\$ 118,894	\$ 198,520	\$ 524,938	\$ 842,352	\$ 117,637	\$ 605,821
Construction and land development	294,087	47,292	32,466	373,845	24,062	55,696
Total commercial real estate loans	412,981	245,812	557,404	1,216,197	141,699	661,517
Commercial and industrial loans	121,232	141,357	47,639	310,228	104,144	84,852
Consumer loans:						
Residential and home equity	18,734	34,124	100,226	153,084	17,434	116,916
Consumer and other	6,961	7,898	2,119	16,978	9,459	558
Total consumer loans	25,695	42,022	102,345	170,062	26,893	117,474
Total gross loans held for investment	\$ 559,908	(1) \$ 429,191	\$ 707,388	\$ 1,696,487	\$ 272,736	\$ 863,843 (1)

(1) The sum of adjustable rate loans maturing after one year and total loans maturing within one year is \$1.4 billion or 83.9% of total loans at June 30, 2018.

Concentrations. As of June 30, 2018, in management's judgment, a concentration of loans existed in real estate related loans. At that date, real estate related loans comprised 80.7% of total loans held for investment, of which 49.7% are real estate term loans, 22.0% are construction and land development loans, and 9.0% are residential and home equity loans. We require collateral on real estate lending arrangements and typically maintain loan-to-value ratios of up to 80%, except for some residential construction loans of up to 95% loan-to-value provided the loan includes pre-approved long-term financing. Our concentration in commercial and industrial loans has increased to 18.3% at June 30, 2018 from 18.0% at December 31, 2017.

Non-Performing Assets. Loans are placed on non-accrual status when they become 90 days or more past due or at such earlier time as management determines timely recognition of interest to be in doubt. Accrual of interest is discontinued on a loan when management believes, after considering economic and business conditions, collection efforts, and the borrower's financial condition, that the borrower will be unable to make payments as they become due. When interest accrual is discontinued, all unpaid accrued interest is reversed. Interest income is subsequently recognized only to the extent cash payments are received, or payment is considered certain. Loans may be returned to accrual status when all delinquent interest and principal amounts contractually due are brought current and future payments are reasonably assured.

The following non-performing assets table summarizes the loans for which the accrual of interest has been discontinued and loans more than 90 days past due and still accruing interest, including those non-accrual loans that are troubled-debt restructured loans, and OREO:

	June 30, 2018	December 31, 2017	
(Dollars in thousands)			
Non-accrual loans, not troubled-debt restructured			
Real estate term	\$1,580	\$ -	
Construction and land development	320	-	
Commercial and industrial	1,539	223	
Residential and home equity	728	-	
Consumer and other	39	-	
Total non-accrual, not troubled-debt restructured loans	4,206	223	
Troubled-debt restructured loans non-accrual			
Real estate term	1,556	-	
Construction and land development	-	-	
Commercial and industrial	195	-	
Residential and home equity	-	-	
Consumer and other	-	-	
Total troubled-debt restructured, non-accrual loans	1,751	-	
Total non-accrual loans ⁽¹⁾	5,957	223	
Accruing loans past due 90 days or more	336	1	
Total non-performing loans (NPL)	6,293	224	
OREO	-	994	
Total non-performing assets (NPA) ⁽²⁾	\$6,293	\$ 1,218	
Accruing troubled debt restructured loans	\$2,495	\$ 3,307	
Non-accrual troubled debt restructured loans	1,751	-	
Total troubled debt restructured loans	\$4,246	\$ 3,307	
Selected ratios:			
NPL to total loans	0.52 %	0.18 %	
NPA to total assets	0.40 %	0.18 %	

⁽¹⁾We estimate that approximately \$222,000 and \$185,000 of interest income would have been recognized on loans accounted for on a non-accrual basis for the six months ended June 30, 2018 and the year ended December 31, 2017, respectively, had such loans performed pursuant to contractual terms.

⁽²⁾Non-performing assets as of June 30, 2018 and December 31, 2017 have not been reduced by U.S. government guarantees of \$1.2 million and \$16,000, respectively.

Impaired Loans. Impaired loans are loans for which it is probable that we will be unable to collect all principal and interest payments due according to the contractual terms of the loan agreement. We measure impairment based on the present value of expected future cash flows discounted at the loan's effective interest rate, the loan's observable market price, or the fair value of the collateral, if the loan is collateral-dependent.

In determining whether or not a loan is impaired, we consider payment status, collateral value and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. We determine the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all the circumstances surrounding the loan and

borrower, including the length of delay, the reasons for the delay, the borrower's prior payment record and the amount of the shortfall in relation to the principal and interest owed. Loans for which an insignificant shortfall in amount of payments is anticipated, but where we expect to collect all amounts due, are not considered impaired.

Troubled-debt Restructured Loans. A restructured loan is considered a troubled debt restructured loan, or TDR, if we, for economic or legal reasons related to the debtor's financial difficulties, grant a concession in terms or a below-market interest rate to the debtor that we would not otherwise consider. TDR loans were \$4.2 million and \$3.6 million at June 30, 2018 and December 31, 2017, respectively. Our TDR loans are considered impaired loans of which \$1.75 million and \$296,000 at June 30, 2018 and December 31, 2017, respectively, are designated as non-accrual.

Each restructured debt is separately negotiated with the borrower and includes terms and conditions that reflect the borrower's prospective ability to service the debt as modified.

OREO Properties. OREO represents real property taken either through foreclosure or through a deed in lieu thereof from the borrower. All OREO properties are recorded by us at amounts equal to or less than the fair market value of the properties based on current independent appraisals reduced by estimated selling costs. The following table provides a summary of the changes in the OREO balance:

	Six Months	
	Ended	
	June	June

Write-downs	-	-
Sales	(994)	(245)
Balance, end of period	\$-	\$468

Allowance for Loan Losses

We maintain an adequate allowance for loan losses, or ALLL, based on a comprehensive methodology that assesses the losses inherent in the loan portfolio. Our ALLL is based on a continuing review of loans which includes consideration of actual loss experience, changes in the size and character of the portfolio, identification of individual problem situations which may affect the borrower's ability to repay, evaluations of the prevailing and anticipated economic conditions, and other qualitative factors. This evaluation is inherently subjective, as it requires estimates that are susceptible to significant revision as more information becomes available.

Our ALLL is increased by charges to income and decreased by charge-offs (net of recoveries). While we use available information to recognize losses on loans, changes in economic conditions may necessitate revision of the estimate in future years.

The ALLL consists of specific and general components. The specific component relates to loans determined to be impaired that are individually evaluated for impairment. For impaired loans individually evaluated, an allowance is established when the discounted cash flows, or the fair value of the collateral if the loans are collateral-dependent, of the impaired loan are lower than the carrying value of the loan. The general component covers all loans not individually evaluated for impairment and is based on historical loss experience adjusted for qualitative factors. Various qualitative factors are considered including changes to underwriting policies, loan concentrations, volume and mix of loans, size and complexity of individual credits, locations of credits and new market areas, changes in local and national economic conditions, and trends in past due, non-accrual and classified loan balances.

Non-performing loans	8,649	7,611	8,649	7,611
Selected ratios:				
Net loan charge-offs (recoveries) to average loans	-0.02 %	0.09 %	-0.06 %	0.09 %
Provision for loan losses to average loans	0.35 %	0.31 %	0.42 %	0.19 %
Allowance for loan losses to loans held for investment	1.32 %	1.44 %	1.32 %	1.44 %

The allowance for loan losses to loans held for investment was 1.32% at June 30, 2018 compared with 1.44% at June 30, 2017. In accordance with acquisition accounting, loans acquired from the Utah branches of Banner Bank and Town & Country Bank were recorded at their estimated fair value, which resulted in a net discount to the loans' contractual amounts, a portion of which reflects a discount for possible credit losses. Credit discounts are included in the determination of fair value, and as a result, no allowance for loan and lease losses is recorded for acquired loans at the acquisition date. The discount recorded on the acquired loans is not reflected in the allowance for loan losses or related allowance coverage ratios. Remaining discounts on acquired loans were \$9.7 million at June 30, 2018. The allowance for loan losses is also adjusted based on changes to the underlying loan portfolio, changes to our historical loss rates, and adjustments to qualitative ALLL factors due to changes in current conditions.

Our construction and land development portfolio reflects borrower concentration risk, and also carries the enhanced risks encountered with construction loans generally. Construction and land development loans are generally more risky than permanent mortgage loans because they are dependent upon the borrower's ability to generate cash to service the loan, and the value of the collateral depends on project completion when market conditions may have

changed. Our commercial real estate loans are a mixture of new and seasoned properties, retail, office, warehouse, and some industrial properties. Loans on properties are usually underwritten at a loan to value ratio of up to 75% with a minimum debt coverage ratio of 1.25 times.

We allocate our allowance for loan losses by assigning general percentages to our major loan categories (construction and land development, commercial real estate term, residential real estate, C&I and consumer), assigning specific percentages to each category of loans graded in accordance with the guidelines established by our regulatory agencies, and making specific allocations to impaired loans when factors are present requiring a greater reserve than would be required using the assigned risk rating allocation, which is typically based on a review of appraisals or other collateral analysis.

The following table indicates management's allocation of the ALLL in each category to total loans as of each of the following dates:

(Dollars in thousands)	June 30, 2018	December 31, 2017
Commercial real estate loans:		
Real estate term	\$9,028	\$ 6,706
Construction and land development	6,789	6,309
Total commercial real estate loans	15,817	13,015
Commercial and industrial loans	5,780	4,314
Consumer loans:		
Residential and home equity	659	815
Consumer and other	52	159
Total consumer loans	711	974
Total	\$22,308	\$ 18,303

Investments

Investment securities were \$304.6 million at June 30, 2018 and \$337.7 million at December 31, 2017. Our portfolio of investment securities is comprised of both available-for-sale securities and securities that we intend to hold to maturity. At June 30, 2018, we held no investment securities from any issuer which totaled over 10% of our shareholders' equity.

The carrying value of our portfolio of investment securities was as follows:

(Dollars in thousands)	June 30, 2018	December 31, 2017
Available-for-sale securities: (Fair Value)		
U.S. Government agencies	\$48,036	\$ 48,504
Municipal securities	11,992	13,454
Mortgage-backed securities	171,901	195,262
Corporate securities	4,770	5,836
Total	236,699	263,056
Held-to-maturity securities: (Amortized Cost)		
Municipal securities	67,922	74,654
Total investment securities	\$304,621	\$ 337,710

The following table shows the amortized cost for maturities of investment securities and the weighted average yields of such securities, including the benefit of tax-exempt securities:

Investment securities maturities as of June 30, 2018:

42

Actual maturities may differ from contractual maturities because issuers may have the right to call obligations with or without penalties.

We evaluate securities for other-than-temporary impairment at least on an annual basis, and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) our intent and ability to retain our investment in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value.

Deposits

Total deposits were \$1.78 billion at June 30, 2018 and \$1.81 billion at December 31, 2017. The slight decrease in total deposits is attributed primarily to approximately \$27.0 million in deposit run-off from the merged Town & Country Bank. Non-interest bearing demand deposits were \$646.6 million, or 36.3% of total deposits at June 30, 2018 compared with \$641.1 million, or 35.3% of total deposits at December 31, 2017. Interest bearing deposits are comprised of interest bearing DDA accounts, money market accounts, regular savings accounts, certificates of deposit of under \$250,000, and certificates of deposit of \$250,000 or more.

The following table shows the average amount and average rate paid on the categories of deposits for each of the periods presented:

(Dollars in thousands)	Six months ended June 30, 2018		Six months ended June 30, 2017	
	Average Balance	Average Rate	Average Balance	Average Rate
Non-interest bearing deposits	\$635,503	0.00 %	\$442,861	0.00 %
Interest bearing deposits:				
Interest bearing demand and savings	725,774	0.26 %	660,026	0.27 %
Money market	215,946	0.31 %	171,221	0.21 %
Certificates of deposit less than \$250,000	156,549	0.87 %	128,322	0.46 %
Certificates of deposit greater than or equal to \$250,000	36,156	1.41 %	25,809	1.06 %
Total interest bearing deposits	1,134,425	0.39 %	985,378	0.30 %
Total	\$1,769,928	0.25 %	\$1,428,239	0.21 %

Additionally, the following table shows the maturities of CDs of \$250,000 or more:

(Dollars in thousands)	June 30, 2018
Due in three months or less	\$3,102
Due in over three months through six months	4,506
Due in over six months through twelve months	4,120
Due in over twelve months	21,154
Total	\$32,882

Deposits are gathered from individuals, partnerships and corporations in our market areas. The interest rates paid are competitively priced for each particular deposit product and structured to meet our funding requirements. We will continue to manage interest expense through deposit pricing. We expect that deposit cost will continue to increase in future quarters.

Shareholders' Equity

Shareholders' equity totaled \$271.6 million at June 30, 2018, an increase of \$14.2 million or 5.5% since December 31, 2017. The increase in shareholders' equity for the six months ended June 30, 2018 was primarily due to an increase of \$1.1 million in additional paid in capital from exercises of stock options, share-based compensation, and net income of \$19.5 million for the period less dividends paid of \$3.5 million.

Dividends of \$0.19 per share were declared during the six months ended June 30, 2018 representing 18.2% of the net income for the same period. We announced a quarterly dividend of \$0.11 per share on July 26, 2018, payable on August 13, 2018 for

shareholders' of record on August 6, 2018. Future cash dividends will depend on a variety of factors, including net income, capital, asset quality, general economic conditions, and regulatory considerations.

Capital Resources

We are subject to risk-based capital adequacy guidelines related to the adoption of U.S. Basel III Capital Rules. Specifically, the rules impose, among other requirements, new minimum capital requirements including a Tier 1 leverage capital ratio of 4.0%, a common equity Tier 1 risk-based capital ratio of 4.5%, a Tier 1 risk-based capital ratio of 6% and a total risk-based capital ratio of 8%.

The following table sets forth our capital ratios.

	Basel III Regulatory Requirements - Well Capitalized (Greater than or Equal to Stated Percentage)				PUB Actual as of June 30, 2018	Actual as of December 31, 2017	Actual as of June 30, 2017	
Common equity tier 1 capital	6.50	%	13.97	%	13.51	%	18.55	%
Tier 1 risk-based capital	8.00	%	13.97	%	13.51	%	18.55	%
Total risk-based capital	10.00	%	15.22	%	14.67	%	19.82	%
Tier 1 leverage capital ratio	5.00	%	11.48	%	11.46	%	14.15	%

PUB and the Bank were well-capitalized at June 30, 2018, December 31, 2017 and June 30, 2017 for federal regulatory purposes.

Off-Balance Sheet Arrangements

The following table sets forth our off-balance sheet lending commitments as of June 30, 2018:

Other Commitments (Dollars in thousands)	Total Amounts Committed	Payments Due by Period			
		Less than One Year	One to Three Years	Three to Five Years	After Five Years
Commitments to extend credit	\$ 587,699	\$ 377,727	\$ 109,928	\$ 17,777	\$ 82,267
Standby letters of credit	28,892	28,892	-	-	-
Credit cards	22,045	22,045	-	-	-
Total	\$ 638,636	\$ 428,664	\$ 109,928	\$ 17,777	\$ 82,267

Contractual Obligations

The following table sets forth our significant contractual obligations as of June 30, 2018:

Contractual Obligations (Dollars in thousands)	Total	Payments Due by Period			
		Less than One Year	One to Three Years	Three to Five Years	After Five Years
Time certificates of deposit	\$ 180,594	\$ 90,529	\$ 50,808	\$ 32,173	\$ 7,084
Deposits without stated maturity	1,601,346	1,601,346	-	-	-
Short-term borrowings	90,000	90,000	-	-	-
Total	\$ 1,871,940	\$ 1,781,875	\$ 50,808	\$ 32,173	\$ 7,084

Liquidity

The ability to have readily available funds sufficient to repay fully maturing liabilities is of primary importance to depositors, creditors and regulators. Our liquidity, represented by cash borrowing lines, federal funds and available-for-sale securities, is a result of our operating, investing and financing activities and related cash flows. In order to ensure funds are available at all times, we devote resources to projecting on a monthly basis the amount of funds that will be required and we maintain relationships with a diversified customer base so funds are accessible. Liquidity requirements can also be met through short-term borrowings or the disposition of short-term assets. We have borrowing lines at a correspondent bank totaling \$25.0 million. We also have a current borrowing line with the FHLB, totaling \$514.0 million at June 30, 2018, which is secured by various real estate loans pledged as collateral totaling \$584.6 million and investment securities of \$145.8 million. Additionally, we have a borrowing line with the Federal Reserve Bank of \$24.5 million which is secured by \$25.4 million of investment securities.

We believe our liquid assets are adequate to meet our cash flow needs for loan funding and deposit cash withdrawal for the next 60 to 90 days. At June 30, 2018, we had approximately \$114.1 million in net liquid assets comprised of \$51.4 million in cash and cash equivalents, including interest bearing deposits of \$17.9 million and federal funds sold of \$0.9 million, \$236.7 million in available for sale investment securities and \$11.1 million in loans held for sale, less \$186.0 million of available-for-sale securities pledged as collateral for short-term borrowings.

On a long-term basis, our liquidity will be met by changing the relative distribution of our asset portfolios by reducing our investment or loan volumes, or selling or encumbering assets. Further, we will increase liquidity by soliciting higher levels of deposit accounts through promotional activities and/or borrowing from our correspondent banks as well as the FHLB. At the current time, our long-term liquidity needs primarily relate to funds required to support loan originations and commitments, deposit withdrawals and pending acquisitions. All of these needs can currently be met by cash flows from investment payments and maturities, and investment sales if the need arises.

Our liquidity is comprised of three primary classifications: cash flows from or used in operating activities; cash flows from or used in investing activities; and cash flows from or used in financing activities.

Net cash provided by or used in operating activities has consisted primarily of net income adjusted for certain non-cash income and expense items such as the loan loss provision, depreciation and amortization, amortization of investment discount and premiums, share based compensation, changes in the value of bank owned life insurance and other gains and losses.

Our primary investing activities are the origination of real estate, commercial and consumer loans and purchases and sales of investment securities. At June 30, 2018, we had outstanding loan commitments of \$587.7 million, credit card commitments of \$22.0 million and outstanding letters of credit of \$28.9 million. We anticipate that we will have sufficient funds available to meet current loan commitments.

Net cash provided from financing activities for the six months ended June 30, 2018 was \$14.5 million, principally from increases in short-term borrowings offset by a decrease in deposit balances and dividends paid to shareholders during the period.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

The Company's assessment of market risk at June 30, 2018 indicates there have been no material changes in the quantitative and qualitative disclosures from those in our Annual Report on Form 10-K for the year ended December 31, 2017 filed with the SEC.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company's Chief Executive Officer and Chief Financial Officer have reviewed and evaluated the effectiveness of the Company's disclosure controls and procedures (as required by Exchange Act Rules 240.13a-15(b) and 15d-14(a)) at June 30, 2018. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's current disclosure controls and procedures are effective and timely, providing them with material information relating to the Company required to be disclosed in the reports the Company files or submits under the Exchange Act.

Changes in Internal Controls

There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the six months ended June 30, 2018, to which this report relates that have materially affected, or are reasonably likely to materially affect the Company's internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

The Company is involved in various claims, legal actions and complaints which arise in the ordinary course of business. In the Company's opinion, all such matters are adequately covered by insurance, are without merit or are of such kind, or involve such amounts, that unfavorable disposition would not have a material adverse effect on the financial condition or results of operations of the Company.

Item 1A. Risk Factors

There have been no material changes in our assessment of our risk factors from those set forth in our Annual Report on Form 10-K for the year ended December 31, 2017.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Not Applicable

Item 3. Defaults upon Senior Securities

Not Applicable

Item 4. Mine Safety Disclosures

Not Applicable

Item 5. Other Information

None

Item 6. Exhibits
