PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held On June 12, 2015

This Proxy Statement (the “Proxy Statement”) and the accompanying proxy are furnished to the stockholders of American Public Education, Inc. (hereinafter, “we,” “us,” “APEI” and the “Company”) in connection with the solicitation of proxies by the Board of Directors (the “Board”), to be voted at the Annual Meeting of Stockholders (the “Annual Meeting”) and at any adjournment or postponement of the Annual Meeting, which will be held at 7:30 a.m. local time on June 12, 2015, at Gaylord National Resort and Convention Center, 201 Waterfront Street, National Harbor, Maryland 20745, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Board has made this Proxy Statement and the accompanying Notice of Annual Meeting available on the Internet. The Company mailed a Notice of Internet Availability of Proxy Materials to each of the Company’s stockholders entitled to vote at the Annual Meeting on or about April 24, 2015.

ABOUT THE ANNUAL MEETING

Purpose of the Annual Meeting

The purpose of the Annual Meeting is for our stockholders to consider and act upon the proposals described in this Proxy Statement and any other matters that properly come before the Annual Meeting or any adjournment or postponement thereof. In addition, management will report on the performance of the Company and respond to questions from stockholders.

Proposals to be Voted Upon at the Annual Meeting

At the Annual Meeting, our stockholders will be asked to consider and vote upon the following four proposals:

Proposal No. 1: To elect the eight nominees to the Board set forth in this Proxy Statement, each of whom will hold office until the next annual meeting of stockholders and until his or her successor is elected and qualified or until his or her earlier death, resignation or removal.

Proposal No. 2: To approve, by advisory vote, the compensation of our named executive officers as disclosed in these proxy materials.

Proposal No. 3: To ratify the appointment of McGladrey LLP (“McGladrey”) as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2015.

In addition, any other matters that properly come before the Annual Meeting or any adjournment or postponement thereof will be considered. Management is presently aware of no other business to come before the Annual Meeting.

Recommendation of the Board

The Board recommends that you vote FOR each of the nominees to the Board (Proposal No. 1); FOR the approval of the compensation of our named executive officers (Proposal No. 2); and FOR the ratification of the appointment of McGladrey as our independent registered public accounting firm for the fiscal year ending December 31, 2015 (Proposal No. 3).

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting To Be Held on June 12, 2015

Pursuant to the “notice and access” rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide stockholders access to our proxy materials over the Internet. Accordingly, we sent a Notice of Internet Availability of Proxy Materials (the “Notice”) on April 24, 2015 to all of our stockholders as of the close of business on April 21, 2015 (the “Record Date”). The Notice includes instructions on how to access our proxy materials over the Internet and how to request a printed copy of these materials. In addition, by following the instructions in the Notice, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis.

Choosing to receive your future proxy materials by e-mail will save the Company the cost of printing and mailing documents to you and will reduce the impact of the Company’s annual meetings on the environment. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

Our Annual Report to Stockholders and this Proxy Statement are available at <http://phx.corporate-ir.net/phoenix.zhtml?c=214618&p=proxy>.

Voting at the Annual Meeting

Stockholders will be entitled to vote at the Annual Meeting on the basis of each share held of record at the close of business on the Record Date.

If on the Record Date you hold shares of our common stock that are represented by stock certificates or registered directly in your name with our transfer agent, American Stock Transfer & Trust Company (“AST”), you are considered the stockholder of record with respect to those shares, and AST is sending these proxy materials directly to you on our behalf. As a stockholder of record, you may vote in person at the meeting or by proxy. Whether or not you plan to attend the Annual Meeting in person, you may vote over the Internet by following the instructions on the Notice. If you request printed copies of the proxy materials by mail, you may also vote by signing and submitting your proxy card or by submitting your vote by telephone. Whether or not you plan to attend the Annual Meeting, we urge you to vote by way of the Internet, by telephone, or by filling out and returning the proxy card you will receive upon request of printed materials. If you submit a proxy but do not give voting instructions as to how your shares should be voted on a particular proposal at the Annual Meeting, your shares will be voted in accordance with the recommendations of our Board stated in this Proxy Statement. Any proxy given pursuant to this solicitation may be revoked by the person

giving it at any time before its use by (1) delivering a written notice of revocation addressed to American Public Education, Inc., Attn: Corporate Secretary, 111 W. Congress Street, Charles Town, West Virginia 25414, (2) a duly executed proxy bearing a later date, (3) voting again by Internet or by telephone, or (4) attending the Annual Meeting and voting in person. Your last vote or proxy will be the vote or proxy that is counted. Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you vote or specifically so request.

If on the Record Date you hold shares of our common stock in an account with a brokerage firm, bank, or other nominee, then you are a beneficial owner of the shares and hold such shares in street name, and these proxy materials will be forwarded to you by that organization. As a beneficial owner, you have the right to direct your broker, bank, or other nominee on how to vote the shares held in their account, and the nominee has enclosed or provided voting instructions for you to use in directing it how to vote your shares. The nominee that holds your shares, however, is considered the stockholder of record for purposes of voting at the Annual Meeting. Because you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you bring to the Annual Meeting a letter from your broker, bank or other nominee confirming your beneficial ownership of the shares. Whether or not you plan to attend the Annual Meeting, we urge you to vote by following the voting instructions provided to you to ensure that your vote is counted.

Table of Contents

If you are a beneficial owner and do not vote, and your broker, bank or other nominee does not have discretionary power to vote your shares, your shares may constitute “broker non-votes.” Shares that constitute broker non-votes will be counted for the purpose of establishing a quorum at the Annual Meeting. Voting results will be tabulated and certified by the inspector of elections appointed for the Annual Meeting. If you receive more than one Notice, it is because your shares are registered in more than one name or are registered in different accounts. Please follow the instructions on each Notice received to ensure that all of your shares are voted.

A list of stockholders of record as of the Record Date will be available for inspection during ordinary business hours at our offices located at 111 W. Congress Street, Charles Town, West Virginia 25414, from June 1, 2015 to the date of our Annual Meeting. The list will also be available for inspection at the Annual Meeting.

Quorum Requirement for the Annual Meeting

The presence at the Annual Meeting, whether in person or by valid proxy, of the persons holding a majority of shares of common stock outstanding on the Record Date will constitute a quorum, permitting us to conduct our business at the Annual Meeting. On the Record Date, there were 17,146,418 shares of common stock outstanding, held by 460 stockholders of record. Abstentions (i.e., if you or your broker mark “ABSTAIN” on a proxy) and “broker non-votes” will be considered to be shares present at the meeting for purposes of a quorum. Broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal and generally occur because the broker (1) does not receive voting instructions from the beneficial owner and (2) lacks discretionary authority to vote the shares. Brokers and other nominees have discretionary authority to vote on ratification of our independent public accounting firm for clients who have not provided voting instructions. However, without voting instructions from their clients, they cannot vote on “non-routine” proposals, including the election of directors, the authorization of equity compensation plans, and matters related to executive compensation.

Required Votes

Election of Directors. Each director will be elected by the vote of the majority of the votes cast with respect to that director’s election. For purposes of electing directors, a majority of the votes cast means that the number of shares voted “FOR” a director’s election exceeds the number of the votes cast against that director’s election. Abstentions and broker non-votes are not taken into account in determining the outcome of the election of directors.

Advisory vote on executive compensation and ratification of our independent public accounting firm. The advisory vote on compensation of our named executive officers and approval of the proposal to ratify the Audit Committee’s appointment of McGladrey as our independent registered public accounting firm for the fiscal year ending December 31, 2015 each require the affirmative vote of the holders of at least a majority of the shares of common

stock present in person or represented by proxy at the Annual Meeting and entitled to vote. Broker non-votes are not taken into account in determining the outcome of these proposals, and abstentions will have the effect of a vote against these proposals.

Solicitation of Proxies

We will bear the cost of solicitation of proxies. This includes the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of our outstanding common stock. We may solicit proxies by mail, personal interview, telephone or via the Internet through our officers, directors and other management employees, who will receive no additional compensation for their services.

CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

The Board has adopted Corporate Governance Guidelines (the “Guidelines”), a Code of Business Conduct and Ethics (the “Code of Ethics”), and a Policy for Related Person Transactions as part of our corporate governance practices and in accordance with rules of the SEC and the listing standards of The NASDAQ Stock Market (“NASDAQ”).

Corporate Governance Matters

The Guidelines set forth a framework to assist the Board in the exercise of its responsibilities. The Guidelines cover, among other things, the composition and certain functions of the Board, director independence, stock ownership by our non-employee directors, management succession and review, Board committees, the selection of new directors, and director expectations.

The Code of Ethics covers, among other things, compliance with laws, rules and regulations, conflicts of interest, corporate opportunities, confidentiality, protection and proper use of company assets, and the reporting process for any illegal or unethical conduct. The Code of Ethics is applicable to all of our officers, directors and employees. The Code of Ethics includes provisions that are specifically applicable to our Chief Executive Officer, Chief Financial Officer and other Principal Officers (as defined in the Code of Ethics).

Any waiver of the Code of Ethics for our directors, executive officers or Principal Officers may be made only by our Board and will be promptly disclosed as may be required by law, regulation or rule of the SEC or NASDAQ listing standards. If we amend our Code of Ethics or waive the Code of Ethics with respect to our Chief Executive Officer, Chief Financial Officer or other Principal Officers, we will post the amendment or waiver on our corporate website, which is www.americanpubliceducation.com. The information on our corporate website is not incorporated by reference into this Proxy Statement.

The Guidelines and Code of Ethics are each available in the Governance section of our corporate website. The Guidelines, Code of Ethics, and Policy for Related Person Transactions are reviewed periodically by our Nominating and Corporate Governance Committee, and changes are recommended to our Board for approval as appropriate.

Certain Relationships and Related Person Transactions

Policies and Procedures for Related Person Transactions

As a supplement to and extension of our Code of Ethics, our Board has adopted a Policy for Related Person Transactions pursuant to which our Nominating and Corporate Governance Committee, another independent committee of our Board or the full Board, must give prior consent before we may enter into a related person transaction with our executive officers, directors, nominees for director and principal stockholders, including their immediate family members and affiliates. Any request for us to enter into a related person transaction with an executive officer, director, nominee for director, principal stockholder or any of such persons' immediate family members or affiliates must first be presented to our Nominating and Corporate Governance Committee for review, consideration and approval. A related person transaction is a transaction in which the Company is or will be a participant and in which a related person has or will have a direct or indirect material interest, other than (i) a transaction involving \$120,000 or less when aggregated with all related transactions, (ii) a transaction involving compensation to an executive officer that is approved by the Board or the Compensation Committee, (iii) a transaction involving compensation to a director or director nominee that is approved by the Board, the Compensation Committee or the Nominating and Corporate Governance Committee, and (iv) any other transaction that is not required to be reported pursuant to Item 404(a) of Regulation S-K under the Securities Exchange Act of 1934. All of our directors, executive officers and employees are required to report to our Nominating and Corporate Governance Committee any such related person transaction. In approving or rejecting the proposed agreement, our Nominating and Corporate Governance Committee shall consider the facts and circumstances available and deemed relevant to the Nominating and Corporate Governance Committee, including, but not limited to the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or

Table of Contents

products, and, if applicable, the impact on a director's independence. Our Nominating and Corporate Governance Committee shall approve only those agreements that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our Nominating and Corporate Governance Committee determines in the good faith exercise of its discretion. Under the policy, if we should discover related person transactions that have not been approved, the Nominating and Corporate Governance Committee will be notified and will determine the appropriate action, including ratification, rescission or amendment of the transaction.

Related Person Transactions

There were no related person transactions in 2014.

Stock Ownership Guidelines

To further align the interest of our executive officers and directors with the interest of our stockholders, and after evaluation of best practices and consultation by the Compensation Committee with Towers Watson & Co. ("Towers Watson"), its independent consultant, our Board has implemented stock ownership guidelines applicable to our executive officers and directors. Each executive officer is expected to hold shares of common stock with an aggregate value greater than or equal to a multiple of the executive officer's base salary as set forth below:

- the Company's Chief Executive Officer — six times base salary;
- the Company's Executive Vice Presidents — two times base salary; and
- the Company's Senior Vice Presidents — one times base salary.

Each of the Company's non-employee directors is expected to hold shares of Common Stock with an aggregate value greater than or equal to at least three times the amount of the annual retainer paid to non-employee directors for service on the Board, excluding additional committee retainers, if any.

Under the stock ownership guidelines, common stock held directly, including shares of common stock held in a separate brokerage account or in a 401(k) account, and common stock held indirectly (*e.g.*, by a spouse, minor dependent, or a trust for the benefit of the executive or director, or the executive's or director's spouse or minor dependent), count toward satisfaction of the levels set forth in the guidelines. For purposes of the guidelines, the "value"

of the common stock is based on the closing price of the common stock on the day on which a determination under the guidelines is being made. The determination of compliance with the guidelines will be measured annually on the last business day of each year.

Our executives and non-employee directors are expected to comply with these guidelines within five years of the later of March 2, 2011 (the date of adoption of the guidelines) and the date the person first became an executive or non-employee director, as applicable. If an executive officer has not achieved the stock ownership level as outlined above by that date, the executive officer will be required to retain 50% of the net shares of common stock acquired pursuant to restricted stock or option awards made after the adoption of these guidelines until such levels are achieved. "Net shares" are those shares that remain after shares are sold or withheld to pay withholding taxes and/or the exercise price of stock options (if applicable).

The stock ownership guidelines superseded the existing policy applicable to our non-employee directors. That policy provided that directors were expected to hold a number of shares of our common stock equivalent to one-half of all shares of restricted stock they receive.

Restrictions on "Hedging"

We have adopted a policy prohibiting our directors, officers and employees from engaging in short sales, transactions in derivative securities (including put and call options), or other forms of hedging and monetization transactions, such as zero-cost collars, equity swaps, exchange funds and forward

Table of Contents

sale contracts, that allow the holder to limit or eliminate the risk of a decrease in the value of our securities. We have adopted this policy in order to further align the interests and objectives of our directors, officers and employees with our stockholders.

Board Independence and Leadership Structure

Our Board believes, and our Guidelines require, that a substantial majority of its members should be independent directors. In addition, the respective charters of the Audit, Compensation and Nominating and Corporate Governance Committees, currently require that each member of such committees be independent directors. Consistent with NASDAQ's independence criteria, the Board has affirmatively determined that all of our directors are independent of the Company and our management, with the exception of Dr. Boston, who is our President and Chief Executive Officer. NASDAQ's independence criteria includes a series of objective tests, such as that the director is not an employee of the Company and has not engaged in various types of business dealings with us. In addition, as further required by NASDAQ rules, the Board has made a subjective determination as to each independent director that no relationship exists that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board reviewed and discussed information provided by the directors and management with regard to each director's business and personal activities as they may relate to us and our management.

In accordance with our Guidelines, the independent members of our Board will hold at least two "executive session" meetings each year. If the chairperson of the Board is not an independent director, an independent chairperson will be selected for each executive session. In general, these meetings are intended to be used as a forum to discuss the annual evaluation of the Chief Executive Officer's performance, the annual review of the Chief Executive Officer's plan for management succession and such other topics as the independent directors deem necessary or appropriate.

Our Guidelines specify that the Board shall select its chairperson based on the Board's determination of what is then in the best interests of the Company. Historically, the Company has split the positions of the Chairperson of the Board and Chief Executive Officer because we believe that this structure is appropriate given the differences between the two roles in our management structure. Our Chief Executive Officer, among other duties, is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Chairperson of the Board, among other responsibilities, provides guidance to the Chief Executive Officer, and presides over meetings of the full Board.

Board's Role in Risk Oversight

Our management is responsible for managing risks in our business, including by developing processes to monitor and control risks. The Board views its role as one of oversight and of responsibility for setting a tone that risk management should be properly integrated with our strategy and culture. The Board focuses on understanding management's risk management processes, the effectiveness of those processes and the way in which management proactively manages risks. The Board regularly meets with our management, particularly our Chief Executive Officer and Chief Financial Officer, as well other executives, to receive updates on how management is assessing and managing risk in particular functional areas of our business. The Board and its committees also request and receive regular reports from management on particular areas of risk.

The Board is assisted in carrying out its oversight of risks by the Committees. In this regard, each of the charters of the Board's committees specifically address issues of risk. At the request of the full Board, from time to time the Nominating and Corporate Governance Committee may discuss or examine in more depth specific risk areas and request presentations and information from management for that purpose. The Nominating and Corporate Governance Committee considers and makes recommendations on how the Board is approaching its role of risk oversight. The Audit Committee reviews and assesses the qualitative aspects of financial reporting and our processes to manage financial and financial reporting risk. The Audit Committee regularly reports its findings to the Board.

Table of Contents

While the Audit Committee and the Nominating and Corporate Governance Committee have primary responsibility for assisting the Board with its risk oversight responsibilities, the Compensation Committee also assists the Board with risk oversight. When establishing executive compensation and director compensation and in its role in implementing incentive compensation plans, the Compensation Committee considers whether compensation practices properly take into account an appropriate risk-reward relationship or encourage unnecessary and excessive risks that threaten the value of the Company. The Board has concluded, on the recommendation of the Compensation Committee, that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company; this conclusion has been confirmed by the Compensation Committee.

Meetings of the Board of Directors and its Committees

Information concerning the Board and its three standing committees is set forth below. Each Board committee currently consists only of directors who are not employees of the Company and who are "independent" as defined in NASDAQ's rules.

The Board and its committees meet regularly throughout the year, and also hold special meetings and act by written consent from time to time. The Board held a total of eight meetings during the fiscal year ended December 31, 2014. During this time all of our directors attended at least 75% of the aggregate number of meetings held by the Board and all committees of the Board on which such director served (during the period that such director served). The Board does not have a formal policy with respect to Board member attendance at annual meetings of stockholders. Our 2014 Annual Meeting of Stockholders was attended by all of our current directors who were then serving.

The Board has three standing committees: the Audit Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. The charters for the Audit, Compensation and Nominating and Corporate Governance Committees can be accessed electronically on the Committees page of our corporate website, which is www.americanpubliceducation.com. The information on our corporate website is not incorporated by reference into this Proxy Statement.

The Board conducts, and the Nominating and Corporate Governance Committee oversees, an annual evaluation of the Board's operations and performance in order to enhance its effectiveness. Recommendations resulting from this evaluation are made by the Nominating and Corporate Governance Committee to the full Board for its consideration.

Table of Contents

Audit Committee

The Board has established a separately designated standing Audit Committee in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, which met four times during 2014. The Audit Committee is responsible, among its other duties and responsibilities, for overseeing our accounting and financial reporting processes, the audits of our financial statements, the qualifications of our independent registered public accounting firm, and the performance of our internal audit function and our independent registered public accounting firm. The Audit Committee reviews and assesses the qualitative aspects of our financial reporting, our processes to manage financial reporting risk, and our compliance with significant applicable legal, ethical and regulatory requirements. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm. The members of our Audit Committee are Ms. Halle, who serves as chair of the Committee, Mr. Andersen, Mr. Landon, and Mr. Weglicki. Our Board has determined that Ms. Halle and Mr. Andersen are each an “Audit Committee financial expert,” as that term is defined under the SEC rules implementing Section 407 of the Sarbanes-Oxley Act of 2002. Our Board has determined that each member of our Audit Committee is independent under NASDAQ’s listing standards and each member of our Audit Committee is independent pursuant to Rule 10A-3 of the Securities Exchange Act of 1934.

Compensation Committee

The Compensation Committee is responsible, among its other duties and responsibilities, for establishing the compensation and benefits of our Chief Executive Officer and other executive officers, monitoring compensation arrangements applicable to our Chief Executive Officer and other executive officers in light of their performance, effectiveness and other relevant considerations and administering our equity incentive plans. The Committee met eight times during 2014. The members of our Compensation Committee are MG (Ret) Fast, who serves as chair of the Committee, Mr. Andersen and Mr. Moore. Our Board has determined that each member of our Compensation Committee meets NASDAQ’s independence requirements for approval of the compensation of our Chief Executive Officer and other executive officers.

The Compensation Committee has the sole authority to retain and terminate any compensation consultant to assist in evaluating executive officer compensation. In 2014, the Compensation Committee retained Towers Watson directly as an outside compensation consultant to assist in evaluating our compensation programs, as it has since 2007. The Compensation Committee assessed Towers Watson’s independence, considering all relevant factors, including those set forth in NASDAQ rules. In connection with this assessment, the Committee considered Towers Watson’s work and determined that it raised no conflicts of interest. Towers Watson does no work for the Company other than work that is authorized by the Compensation Committee or its chairperson. The Compensation Committee used information provided to it by Towers Watson in connection with making 2014 compensation determinations. Towers Watson also advised the Compensation Committee on the use of a peer group for comparative purposes. The consultant’s role in recommending the amount or form of executive compensation paid to the Company’s named executive officers during 2014 is described in the “Compensation Discussion and Analysis — Compensation Program Philosophy and Objectives — Competitive Compensation and Peer Group Review” section below.

The Compensation Committee considers the results of the annual advisory vote on the compensation of named executive officers. See “Proposal No. 2” below to review this year’s proposal. In 2013, approximately 89% of the stockholder votes cast on this proposal were voted in favor of our executive compensation proposal, which was the most recent shareholder vote before we set our 2014 compensation. The Compensation Committee considered this in the context of the recommendation of various proxy advisory firms and as part of its decision to continue to increase the proportion of compensation that is performance-based. In 2014, approximately 97% of the stockholder votes cast on this proposal were voted in favor of our executive compensation proposal.

Table of Contents

The Compensation Committee works closely with our Chief Executive Officer, Dr. Boston, on compensation decisions and has delegated certain aspects of the annual incentive plans for the other executive officers, including the named executive officers, to Dr. Boston. For a discussion of Dr. Boston's role in determining or recommending the executive compensation paid to the Company's named executive officers during 2014, see the "Compensation Discussion and Analysis — Role of Executives in Executive Compensation Decisions" section below. None of our other executive officers participates in any deliberations related to the setting of executive compensation with the exception of Peter W. Gibbons, our Senior Vice President, Chief Administrative Officer, who provides administrative support to the Compensation Committee and facilitates the requests for information received from the independent consultant.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for recommending candidates for election to the Board. The Committee met five times during 2014. The Committee is also responsible, among its other duties and responsibilities, for making recommendations to the Board or otherwise acting with respect to corporate governance policies and practices, including board size and membership qualifications, recommendations with respect to director resignations tendered in the event a director fails to achieve a majority of votes cast in favor of his or her election, new director orientation, committee structure and membership, succession planning for our Chief Executive Officer and other key executive officers, and communications with stockholders. In addition, the Nominating and Corporate Governance Committee assists the Board in understanding and overseeing management's processes for the assessment and management of non-financial risks of the Company and the steps that management has taken to monitor and control exposure to such risks. The members of our Nominating and Corporate Governance Committee are Mr. Landon, who serves as chair of the Committee, MG (Ret) Fast, Dr. Kurshan, Mr. Moore, and Mr. Weglicki. Our Board has determined that each member of our Nominating and Corporate Governance Committee meets NASDAQ's independence requirements for director nominations.

DIRECTOR NOMINATIONS AND COMMUNICATION WITH DIRECTORS

Director Nomination Process

The Nominating and Corporate Governance Committee recommends, and the Board nominates, candidates to stand for election as directors. Stockholders may also nominate persons to be elected as directors. If a stockholder wishes to nominate a person for election as director, he or she must follow the procedures contained in our Bylaws and satisfy the requirements of Regulation 14A of the Securities Exchange Act of 1934. For a stockholder's nomination of a person to stand for election as a director at the annual meeting of stockholders to be considered, our Corporate Secretary must receive such nominations at our principal executive offices not more than 120 days, and not less than 90 days, before the anniversary date of the preceding annual meeting, except that if the annual meeting is set for a date that is not within 30 days before or 60 days after such anniversary, the nomination must be received no later than the close of business on the tenth day following the notice or public disclosure of the meeting. Each submission must

include the following information:

the name and address of the stockholder who intends to make the nomination and the name and address of the person or persons to be nominated;

a representation that the stockholder is a holder of record of Company capital stock entitled to vote at the annual meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons;

if applicable, a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons, naming such person or persons, pursuant to which the nomination is to be made by the stockholder;

such other information regarding each nominee to be proposed by such stockholder as would be required to be included in a proxy statement filed under the SEC's proxy rules if the nominee had been nominated, or intended to be nominated, by the Board;

Table of Contents

- if applicable, the consent of each nominee to serve as a director if elected;

a statement whether each nominee, if elected, intends to tender an irrevocable resignation in the form required by the incumbent directors under the Bylaws; and

- such other information that the Board may request in its discretion.

The Board may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as one of its directors.

Each director will be elected by the vote of the majority of the votes cast with respect to that director's election, provided that if, as of the tenth (10th) day preceding the date we first mail notice of the meeting for such meeting to our stockholders, the number of nominees exceeds the number of directors to be elected, which we refer to as a "Contested Election", the directors shall be elected by the vote of a plurality of the votes cast. Our Bylaws require that the Board or a committee of the Board shall not nominate any incumbent director who, as a condition to such nomination, does not submit a conditional and, in the case of an uncontested election, irrevocable letter of resignation to the Chairperson of the Board. If an incumbent nominee is not elected in an uncontested election, the Nominating and Corporate Governance Committee will promptly consider such director's conditional resignation and make a recommendation to the Board regarding the resignation. Each incumbent director nominated for election to the Board at the Annual Meeting as described under "Proposal No. 1" below has submitted the conditional letter of resignation as required by our Bylaws.

In the event an incumbent director fails to receive a majority of the votes cast in an election that is not a Contested Election, the Nominating and Corporate Governance Committee, or such other committee designated by the Board pursuant to our Bylaws, shall make a recommendation to the Board as to whether to accept or reject the resignation of such incumbent director, or whether other action should be taken. The Board shall act on the resignation, taking into account the Committee's recommendation, and publicly disclose (by a press release and filing an appropriate disclosure with the SEC) its decision regarding the resignation and, if such resignation is rejected, the rationale behind the decision, within ninety (90) days following certification of the election results. The Committee in making its recommendation and the Board in making its decision each may consider any factors and other information that it considers appropriate and relevant.

Additional information regarding requirements for stockholder nominations for next year's annual meeting is described in this Proxy Statement in the section titled "General Matters — Stockholder Proposals and Nominations" below.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

Our Board is currently comprised of eight members. Our nominees for the election of directors at the Annual Meeting include seven independent non-employee directors and our Chief Executive Officer. Each director is elected to serve a one-year term, with all directors subject to annual election. At the recommendation of the Nominating and Corporate Governance Committee, the Board has nominated the following persons to serve as directors for the term beginning at the Annual Meeting on June 12, 2015: Eric C. Andersen, Dr. Wallace E. Boston, Jr., Barbara G. Fast, Jean C. Halle, Dr. Barbara Kurshan, Timothy J. Landon, Westley Moore, and Timothy T. Weglicki. All of the nominees are currently serving on the Board.

It is intended by the persons named as proxies that proxies received in response to this solicitation will be voted FOR the election of each nominee named in this section unless otherwise stated in the proxy or in the case of a broker non-vote with respect to the proposal. Proxies submitted for the Annual Meeting can only be voted for those nominees named in this Proxy Statement. If, however, any director nominee is unable or unwilling to serve as a nominee at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee designated by the Board, or the Board may reduce the size of the Board. Each nominee has consented to serve as a director if elected, and the Board does not believe that any nominee will be unwilling or unable to serve. Each director will hold office until his or her successor is duly elected and is qualified or until his or her earlier death, resignation or removal.

Criteria for Evaluating Director Nominees

The Board provides strategic direction to the Company and oversees the performance of the Company's business and management. The Nominating and Corporate Governance Committee periodically identifies and reviews with the Board desired skills and attributes of both individual Board members and the Board overall within the context of current and future needs. The Nominating and Corporate Governance Committee is responsible for developing the general criteria, subject to approval by the full Board, for use in identifying, evaluating and selecting qualified candidates for election or re-election to the Board. The Nominating and Corporate Governance Committee reviews the appropriate skills and characteristics required of directors in the context of the current composition of the Board, our operating requirements and the long-term interests of our stockholders. It may use outside consultants to assist in identifying candidates. Among the characteristics the Committee may consider are the collective knowledge and diversity of professional skills and background, experience in relevant industries, age and geographic background in addition to the qualities of integrity, judgment, acumen, and the time and ability to work professionally and effectively with other Board members and management and make a constructive contribution to the Board. The Committee

considers candidates submitted by directors and management, as well as candidates recommended by stockholders, which are evaluated in the same manner as other candidates identified to it. Final approval of director candidates is determined by the full Board.

The Board has determined that all of our director nominees are qualified to serve as directors of the Company.

Required Vote and Board Recommendation

In order to be elected as a director, a nominee must be elected by a majority of the votes cast with respect to such nominee at the Annual Meeting. A majority of the votes cast means that the number of shares of common stock voted FOR a nominee must exceed 50% of the votes cast with respect to that nominee. Stockholders do not have the right to cumulate their votes in the election of directors. If an incumbent nominee in an uncontested election such as the election to be held at the Annual Meeting fails to be elected, the incumbent nominee will continue in office and the Board will consider whether to accept the nominee's earlier submitted conditional resignation. If the resignation is not accepted the incumbent nominee may continue in office until a successor is elected.

THE BOARD RECOMMENDS A VOTE FOR ELECTION OF EACH OF THE EIGHT NOMINATED DIRECTORS.

2014 Director Compensation

Under our non-employee director compensation policy, which was established and is periodically revised following consultation with Towers Watson, directors receive an annual retainer of \$40,000. The chairs of the Audit, Compensation, and Nominating and Corporate Governance Committees receive an additional annual retainer of \$11,000, \$8,500 and \$5,500, respectively, the non-employee Chairperson of the Board receives an additional annual retainer of \$30,000 and the non-employee Vice-Chairperson of the Board receives an additional annual retainer of \$15,000. The Chairperson and the Vice-Chairperson are not entitled to receive any additional annual retainers for also serving as chair of any of the Board's standing committees.

The annual retainers are payable in quarterly installments, and each director may, before the beginning of the applicable year, elect to receive his or her annual retainer in common stock having the same value as the portion of the annual retainer to be paid, calculated as of the close of business on the first business day of the year. In connection with our annual meeting of stockholders, our non-employee director compensation policy also provides for an annual grant to each director of restricted stock having a value of \$55,000 on the grant date. The restricted stock grant vests on the earlier of the one-year anniversary of the date of grant or immediately prior to the next year's annual meeting of stockholders.

We also reimburse all directors for travel and other necessary business expenses incurred in the performance of their services for us and extend coverage to them under the directors' and officers' indemnity insurance policies.

Some directors may also be asked to serve as a representative of our Board on the boards of our wholly-owned subsidiaries or in entities in which we have invested. A non-employee director who serves on the board of a wholly-owned subsidiary as a representative of our Board receives a payment of \$2,500 (\$3,000 for a director serving as chair) per in-person meeting, or \$750 (\$1,000 for a director serving as chair) for telephonic meetings, but with no more than one payment per day. Non-employee directors who serve on the board of entities in which we have invested are compensated by those companies consistent with their policies, provided that our Compensation Committee or full Board of Directors reviews the compensation arrangements.

Building on a Strong Foundation

Number of times APUS has received an Effective Practice Award from the Online Learning Consortium – the most of any institution.

APEI's American Public University System (APUS) was founded to provide military and public service communities with access to affordable, quality academic programs, and in 2013 APEI acquired Hondros College of Nursing (HCON), which educates nurses at four Ohio campuses and online. Today, APUS serves over 111,000 students and is one of the largest accredited online providers of higher education in the United States, and HCON serves approximately 1,500 students. In early 2015, APUS was ranked in the top 10% among online undergraduate degree programs by *U.S. News & World Report*.

As we help our students prepare to advance their careers, APEI is committed to remaining successful amidst growing competition and the challenges of the current economic environment. We continue to focus on driving improvements in our core services — focusing on academic quality, student outcomes and the learning experience — not only to potential reach more students and improve our business results, but to enroll students with greater college readiness and help them achieve success.

ACADEMIC QUALITY AND VALUE

In 2014, APUS again was recognized with an Effective Practice Award from the Online Learning Consortium, which is a professional organization devoted to advancing quality in and expanding access to post-secondary online learning. This is the fourth effective practice award that APUS has received — the most any institution has received recognizing their contributions to improving the quality of online higher education. We remain committed to affordability — despite recently announcing a tuition increase for APUS undergraduates for the first time in 13 years, our combined tuition, fees and books after the tuition increase remain approximately 17% less for undergraduate students than the published average in-state tuition, fees and book costs at public universities, according to the College Board 2014 Trends in College Pricing. The increase in tuition was implemented primarily to support our continued investment in programs, systems and classroom innovation.

COMMITMENT TO ONGOING RESEARCH INTO STUDENT SUCCESS

This year, APUS became an inaugural member of the John Gardner Institute's Gateways to Completion (G2C) program — a collaborative process designed to research and improve student success, especially in general education and other high-risk courses. In addition, APUS joined the first cohort of the Higher Learning Commission's Persistence Academy — a research-based collaboration of institutions designed to further improve persistence and completion of postsecondary students.

SATISFACTION AND REFERRALS

We continue to have high levels of student satisfaction, high referral rates and a high percentage of students returning for a second degree. In 2014, approximately 45% of our new students indicated that they were referred to APUS by others, and by the end of 2014 approximately 45% of our 2012 alumni had returned to APUS to pursue a second degree.

CONTINUED RECOGNITION

APUS maintained its position as a leading institution serving the U.S. military market, with Military Times ranking AMU as the number one school serving active duty military and the number nine school serving veterans. APUS has been named for the third consecutive year to U.S. News & World Report's annual qualitative ranking of top online degree programs. In 2015, APUS ranked #27 nationally out of 292 evaluated schools that offer online bachelor's degree programs, or in the top 10 percent overall, advancing seven places over its 2014 ranking.

GROWTH IN OUR NURSING SCHOOL

In 2014, HCON completed a move to a larger, more visible and accessible facility in Cleveland, Ohio, added new evening and weekend classes at both its Cleveland and Columbus campuses and prepared for a transition of its online classrooms to the Sakai Learning Management System, which is used by APUS. In 2014, compared to the prior year, HCON achieved enrollment growth of 11% and new student enrollment growth of 16%.

LOOKING AHEAD: FOCUS ON THE LEARNING EXPERIENCE AND DIVERSIFICATION

We remain firmly committed to ensuring that our active duty service members and veterans have the opportunity to pursue their higher educational goals with minimal or low out-of-pocket expense. At the same time, we know that various civilian communities also seek quality, affordable online degree programs. To reach these potential students

and to further strengthen our education enterprise we will continue investing in our information technology platforms to further improve the student experience and set us apart from competition, and we plan to continue diversifying by launching new degree programs and entering new markets. We believe this strategy is critical to achieving our academic, operational and financial goals in the future.

CHALLENGING MARKET HEADWINDS CONTINUED IN 2014

Percent increase, year-over-year,
9% in net course registrations by
students using Veteran's
Administrations benefits.

We faced a number of challenges in 2014, including increased competition from both traditional and online universities, an uncertain regulatory environment, attracting students with greater college readiness, and changes to the military's Voluntary Education Program, which contributed to an overall decline in APUS enrollments. As a result, net course registrations for APUS declined 1% year-over-year for 2014. Despite these and other challenges, we believe our reputation in military-affiliated communities helped drive a 9% year-over-year increase in net course registrations by students using Veteran's Administrations benefits in 2014. Due to these challenges, among other reasons, our management recommended suspending our annual incentive plan in early 2014 and our NEOs did not receive any cash incentive payments in 2014.

2014 Compensation Program Highlights

Our financial performance was directly reflected in the compensation of our top executives this year. Notably, at the recommendation of our management we voluntarily suspended our annual incentive plan, and none of our NEOs received any cash incentive payments in 2014.

We believe we have continued to make improvements in how we compensate our executives for their performance, and we continue to rigorously compare our programs to industry best practices.

The table below summarizes significant compensation decisions relative to our NEOs for fiscal year 2014:

Compensation Decisions and Changes to Compensation Program for 2014

Suspended our Annual Incentive Plan to Reflect Difficult Financial Performance

At the recommendation of our management, our Compensation Committee suspended our annual incentive plan in recognition of what was expected to be a challenging year for financial returns.

Increased the percentage of equity awards tied to performance for the CEO and all of the named executive officers or NEOs

For 2014, we increased the use of performance-based shares in our overall equity mix from 30% to 35% of the value of an NEO's long-term incentive award in order to further link the compensation of our executives with performance.

The Compensation Committee approved a performance share mix increase to 40% for 2015

Eliminated excise tax gross-ups

We executed amendments and restatements to existing employment agreements to eliminate from those agreements that had them the provisions providing for excise tax gross-ups in connection with a change of control.

COMPENSATION PROGRAM OVERVIEW

Compensation Program Philosophy and Objectives

Our compensation programs for our NEOs are designed to attract, incentivize, retain and reward the talent that we need to maintain and strengthen our position in higher education and to achieve our business objectives.

Elements of our Compensation Program Philosophy

Variable Cash Compensation	We believe in using variable cash compensation to motivate and reward performance for our NEOs.
Focus on Corporate Goals	We strive to provide compensation that is directly related to the achievement of our corporate goals, which we measure through financial earnings, individual management objectives and free cash flow goals.
Carefully Monitor External Market Practices	We monitor market practices so that our programs reflect the realities of our rapidly evolving competitive market to ensure we are paying for performance. At the same time, we must also ensure we can attract the top talent necessary to drive results through our diversified business strategy.

Table of Contents

Executive Compensation Best Practices

Below we highlight certain executive compensation practices we employ in order to align executive compensation with stockholder interests. Also listed below are certain compensation practices we do not employ because we do not believe they would serve our stockholders' long-term interests.

What We Do	How We Do It
We Pay for Performance	We tie a significant portion of our executives' annual pay to objective performance metrics and continue to monitor our pay mix to ensure the performance-based portion is consistent with that of our peers.
We Target Pay Competitively	We review our pay and performance alignment compared to our peers to understand where our programs are working and where we can continue to make improvements. We seek to target compensation within a competitive range of the market median and only deliver greater compensation when warranted by actual superior performance within the median range. Conversely, we deliver lower compensation when performance results do not meet our threshold expectations.
We Enforce Executive Stock Ownership Guidelines We Utilize Meaningful Vesting Conditions for Equity Awards	Each of our executives is expected to own shares of the Company's common stock with a value ranging from one to six times the executive's base salary, depending on position.
We Impose a "Clawback Policy"	Equity awards, including performance-based awards, have three-year ratable vesting periods from the date of grant. We can recover any performance-based cash or equity award where, as a result of an accounting restatement, the performance goals were later determined not to have been achieved. In addition, we can recover equity awards made to an employee in cases where the Company has to prepare an accounting restatement due to the material noncompliance by the Company with financial reporting requirements and the restatement is the result of misconduct that resulted from the employee knowingly having engaged in that misconduct, the employee's gross negligence, or the employee knowingly or through gross negligence having failed to prevent misconduct.
We Utilize an Independent Compensation Consulting Firm	The Compensation Committee utilizes Towers Watson, an independent compensation consulting firm, to assist the Committee in determining compensation.
What We Don't Do	How We Avoid It
We Don't Permit Hedging	We prohibit our directors and employees, including our NEOs, from engaging in short sales, transactions in derivative securities (including put and call options), or other forms of hedging and monetization transactions, such as zero-cost collars, equity swaps, exchange funds and forward sale contracts, that allow the holder to limit or eliminate the risk of a decrease in the value of our securities.

We Don't Offer Single-Trigger "Change of Control" Payments	We have employment agreements with our NEOs that, in the case of a "change of control," only provide severance payments in connection with a termination of their employment.
We Don't Provide Tax Gross-Up Provisions	We do not provide for tax gross-up payments for a change in control in existing employment agreements.

COMPETITIVE COMPENSATION AND PEER GROUP REVIEW

The Compensation Committee's general intent is to set each NEO's base salary **50th** near the 50th percentile of the survey data received from the Compensation Committee's independent consultant

Our executive compensation policies are designed to assist us in attracting and retaining qualified executives by providing competitive levels of compensation that are consistent with the executives' alternatives within the for-profit education industry and the broader market for executive talent. It is the Compensation Committee's general intent that each NEO's base salary should be set near the 50th percentile of the survey data received from the Compensation Committee's independent consultant. The Compensation Committee believes that the 50th percentile for base salary is appropriate to remain competitive with the companies with which the Company competes for executive talent. Consistent with the approach to base salary, the Compensation Committee believes that target annual incentives should be structured so that target total cash compensation (base salary plus annual incentives) approximates the 50th percentile of the survey data for achievement of target performance goals under the annual incentive plan. Each NEO has the opportunity to receive a stretch payment for superior performance if stretch performance goals are achieved under the plan. Conversely, the opportunity for below target or even no payment exists for below target or below threshold performance if performance goals are not achieved. The Compensation Committee believes that these opportunities for base salary and target annual incentive pay are in line with competitive market levels and are appropriate if our NEOs achieve the targeted level of performance.

For 2014, the Compensation Committee continued its prior engagement of Towers Watson as an independent consultant to the Compensation Committee. Towers Watson provided information on competitive levels of compensation that was used by the Compensation Committee in determining 2014 compensation, including information on base salary, annual incentives, equity awards and total compensation.

As part of the analysis of APEI's compensation program, Towers Watson provided data from the following published surveys as a primary source: *2013 Towers Watson CDB General Industry Survey Report*; *2013 Towers Watson Data Services Top Management Survey*; *2012-2013 College and University Professionals Association for Human Resources Administrators in Higher Education Salary Survey*. Because of the variance in size among the companies included in the databases for the published surveys, Towers Watson informed the Compensation Committee that, to the extent possible, it had assessed the published survey data in the context of APEI's projected fiscal year 2014 revenues, as revenue responsibility is typically one of the most reliable predictors of executive pay.

In addition to published survey data, Towers Watson also examined publicly-filed proxy statements of select industry-specific peers.

Assessing Competitive Practice

The Compensation Committee identified, with the guidance and input of Towers Watson, a group of companies against which we compare compensation. These companies were selected because the Compensation Committee considered them to be similar to and competitive with us in the market for executive talent, and because they are in comparable or related businesses (e.g., focus on secondary education and online access). This group, which we refer to as our peer group, remained the same in 2014 as it had been in 2013 and 2012 and consisted of the following companies:

- Bridgepoint Education, Inc.
- Capella Education Company
- Grand Canyon Education, Inc.
- Lincoln Educational Services Corporation
- National American University Holdings, Inc.
- Strayer Education, Inc.
- Universal Technical Institute, Inc.

The review of the peer group only included comparative information for Dr. Boston and Mr. Sunderland, as the peer group information did not identify executives at comparable positions for Dr. Powell, Mr. Wilkins and Dr. van Wyk.

The comparative data provided by Towers Watson was used in connection with our determinations of base salaries, target annual incentive compensation and equity incentive awards as part of the 2014 compensation setting process, as described below. For those executives for whom both survey data and peer group data are available, the Compensation Committee uses the survey data for its primary comparisons because we believe, consistent with the advice of Towers Watson, that the survey data is more robust and provides a better comparison for the Company than the peer group data. This is in part because peer group data is more limited and typically cannot be size-adjusted to account for revenue responsibilities. Notwithstanding that the survey data is the primary source of comparative information, we believe the peer group is still important as a secondary review of the competitive market for executive talent.

Table of Contents

ELEMENTS OF COMPENSATION

The compensation program for our NEOs is comprised of three elements: base salary; annual incentive cash compensation; and long-term equity incentives.

Pay Element

BASE SALARY

- Regular, fixed element of compensation.
- Reviewed annually.
- Set near the 50th percentile of the survey data received from the Compensation Committee’s independent consultant.

ANNUAL INCENTIVE CASH COMPENSATION

- Provides cash incentives for achieving and surpassing corporate goals.
- Offers the opportunity for NEOs to earn:
 - annual payments for achievement of earnings targets; and
 - annual payments for individual management objectives (“MBO”s).
- Structured so that target total cash compensation (base salary plus annual incentives) approximates the 50th percentile of the survey data for achievement of target performance goals under the annual incentive plan.

LONG-TERM EQUITY INCENTIVES

- Annual grants of equity awards comprising restricted stock and performance-based restricted stock units.
- All awards vest over three years.
- Performance-based restricted stock units tied to 2014 achievement of free cash flow.
- Set to be consistent with the 50th percentile of the survey data received from the Compensation Committee’s independent consultant.

How It Links To Performance

- Intended to be part of a total compensation package that is competitive.
- Reflects each NEO’s individual role and responsibility.
- Provides compensation for annual performance.
- Helps to focus executives on corporate financial, strategic and operational goals, which are expected to lead to increased stockholder value.
- This focus is enhanced through an additional incentive that pays an additional amount to NEOs for superior performance, which is referred to as the stretch portion of the annual incentive plan.
- Provides compensation that is tied to longer-term performance.
- Intended to align the interests of the NEOs with our stockholders.
- Time-based vesting aids in the retention of NEOs.
- Free cash flow performance measures align with a metric that is relevant to the achievement of our long-term strategic goals, including with respect to having available capital to pursue initiatives related to diversification.

2014 COMPENSATION DECISIONS

In setting base salary, annual incentive cash compensation and long-term equity incentives for 2014, we considered the compensation levels for our NEOs in 2013, the respective performances of each of our NEOs in 2013, and what we believed was required based on the marketplace for executive talent, including based on the information provided by Towers Watson. We also considered the results of the annual advisory vote on the compensation of named executive officers. In 2013, approximately 89% of the stockholder votes cast on this proposal were voted in favor of our executive compensation proposal, which was the most recent shareholder vote before we set our 2014 compensation. The Compensation Committee considered this in the context of the recommendation of various proxy advisory firms and as part of its decision to continue to increase the proportion of compensation that is performance-based. In 2014, approximately 97% of the stockholder votes cast on this proposal were voted in favor of our executive compensation proposal.

Base Salary

Base salary is an integral part of compensation for our NEOs and is generally set in January of each year, absent other factors, such as promotions. For 2014, the Compensation Committee approved increasing Dr. Boston's base salary by approximately 8.9%. This base salary placed Dr. Boston just below the 50th percentile of the survey data and below the 50th percentile of the peer group proxy data. The Compensation Committee determined that it was appropriate to increase Dr. Boston's salary to reflect his continued commitment to the Company, the Compensation Committee's assessment of the continued success of our business compared to other companies in our industry, including after taking into account federal government funding and actions, and the competitive review by Towers Watson. The committee believed that Dr. Boston's leadership was a key component of the Company's performance relative to that of other companies.

The base salaries for the remainder of the NEOs increased by approximately 33.3%, 12.0%, 3.1% and 2.2% for Mr. Sunderland, Dr. Powell, Mr. Wilkins and Dr. van Wyk, respectively. This increase placed Mr. Sunderland, who became an executive officer on January 1, 2014, at approximately the 35th percentile of the survey data and the lowest percentile of the peer group data. While the Compensation Committee expects to increase Mr. Sunderland's compensation over time, the Committee believes this was a significant and appropriate increase in the first year in which he was an executive officer. The remainder of the increases brought these executive officers within competitive range of the 50th percentile of the survey data. The Compensation Committee felt that the performance of each of the NEOs and the Company had been strong in the prior year and that base salary increases were warranted. Dr. Boston recommended the amounts of the increases for all of the NEOs other than himself, and the Committee concurred, determining that the levels Dr. Boston recommended, which were consistent with the 50th percentile of the survey data (except for Mr. Sunderland), were appropriate.

Annual Incentive Cash Compensation

We believe annual incentive pay furthers our compensation philosophy and objectives by focusing our NEOs on corporate financial, strategic and operational goals. The opportunity for annual incentive pay for our NEOs is expressed as a percentage of base salary as follows:

Position	Target Annual Incentive (as % of Base Salary)
President & CEO	60%
All Other NEOs	50%

These percentages for Dr. Boston, Mr. Wilkins, Dr. Powell and Dr. van Wyk reflected the minimum percentages set forth in their employment agreements. After considering the survey data information and the individual performance of the executives, the Compensation Committee believed, in its subjective, but informed, judgment, that these percentages should remain the same for 2014, including, with respect to Mr. Sunderland, because it was appropriate to provide the same structure for his

Table of Contents

compensation as was used for the other NEOs. Dr. Boston's annual incentive target is set at a higher percentage than those of the other NEOs, which is consistent with overall market practice and is in part a result of the negotiation of his employment agreement in 2004, at which time we agreed to provide him a larger annual incentive to reflect his greater ability as Chief Executive Officer to influence our business success as well as his greater responsibilities as the head of our Company.

Overall, we believe that the proportion of target annual incentive pay to target total cash compensation (base salary plus target annual incentive pay) for our NEOs should be a relatively high percentage. It is the Compensation Committee's general intent, as discussed above, that each NEO's base salary should be set near the 50th percentile of the survey data received from the Compensation Committee's independent consultant, and that target annual incentives should be structured so that target total cash compensation approximates the 50th percentile of the survey data for achievement of target performance goals under the annual incentive plan. We believe that positioning at the 50th percentile is appropriate for target total cash compensation because of the high level of performance that we believe is required from our executives in order for the Company to achieve our performance targets. We believe the high percentage of compensation tied to incentive pay increases the focus of our NEOs on achieving our performance goals.

We enhance this focus through a stretch incentive that pays an additional amount to our NEOs for superior performance, which we refer to as the stretch portion of the annual incentive plan. This additional amount, if achieved, provided an opportunity to Dr. Boston of an additional 40% of his base salary (for 100% of base salary in total maximum incentive potential), an opportunity to Mr. Sunderland, Mr. Wilkins and Dr. van Wyk of an additional 30% of each of their respective base salaries (for 80% of base salary in total maximum incentive potential) and an opportunity to Dr. Powell of an additional 20% of her base salary (for 70% of base salary in total maximum incentive potential). This stretch incentive would have resulted in maximum total cash compensation payments to our NEOs of amounts in line with the 75th percentile of the survey data for each of our NEOs, which the Compensation Committee believes is appropriate for exceptional performance.

The Compensation Committee intended that performance under the NEO's annual incentive awards would be based on achieving and surpassing financial performance goals and achievement of MBOs, so long as a threshold level of financial performance was also achieved. We believe that a split among goals is important in order to send a message to our employees that they should be focused on both earnings goals and personal goals that are largely derived from important strategic and operating plan goals, and we believe this split encourages a focus on multiple metrics of performance rather than focusing on one particular metric of performance to the exclusion of others that are also important to our results.

\$0 Amount of annual incentive payouts for fiscal 2014.

Prior to finalizing any performance goals for the 2014 annual incentive plan, however, our management recommended that the annual incentive plan be suspended for 2014, including because of the expectation that 2014 would be a

challenging year for financial performance for the Company. The Compensation Committee accepted this recommendation after considering a variety of factors, including the uncertainty and pressures of the government sequestration, declines in government funding for the military, and changes in the Voluntary Education Program. The Committee did not make any annual incentive plan awards in 2014.

Equity Incentives

We believe that a significant portion of our NEOs' total compensation should be in the form of equity awards in order to align the priorities of the NEOs with the interests of our stockholders. In 2014, the equity awards were split 65% as time-based restricted stock and 35% as performance-based restricted stock units. This reflects an increase from 30% of the portion of the award in 2013 that was allocated as performance-based restricted stock units and reflects the Compensation Committee's desire to focus more on performance-based awards and to incentivize executives for Company financial performance. Consistent with APEI's long-term policy of tying pay to performance, for 2015 the Committee increased to 40% the percentage of long-term equity incentives that are performance-based.

Table of Contents

The Committee continued to use free cash flow as the performance measure for the performance-based restricted stock unit awards in 2014, and will again use this measure in 2015. Free cash flow had been selected in 2013 after:

- consulting with Towers Watson;
- reviewing measures that are used by others in the Company’s industry;
- evaluating metrics that are important to investors; and

reflecting upon a desire to avoid using an earnings measure similar to what was used for the financial portion of the annual incentive plan.

Free cash flow, which is a non-GAAP measure, is defined as income from operations before income taxes *less* interest income (interest) *less* depreciation and amortization *less* capital expenditures *less* capitalized program development costs and other assets. The 2014 awards were structured as follows:

	Threshold	Target	Stretch (Maximum)
Free Cash Flow Goal	\$42.3 million	\$47.0 million	\$51.7 million
Percentage of Award Earned	50% (of target)	100% (of target)	200% (of target)

For a level of free cash flow between these dollar amounts, the percentage of the award earned would be interpolated accordingly. For 2014, free cash flow was \$58.0 million, which exceeded the stretch goal and resulted in 200% of the target awards being earned. The award earned was then further subject to time-based vesting, in order to continue to provide a retention element and to encourage executives to focus on the long-term performance of the Company.

Consistent with historical practice, the restricted stock awards and the performance-based restricted stock units vest in one-third equal annual installments on the first three anniversaries of the grant date, subject to achievement of performance metrics for the performance-based restricted stock units.

In determining the appropriate level of 2014 equity incentive grants for our NEOs, the Compensation Committee reviewed comparative survey information provided by Towers Watson. In calculating the equity incentive grants to our NEOs, the Compensation Committee considered the survey data and determined that awards that were consistent with the 50th percentile of the survey data would be appropriate to recognize performance and remain competitive with comparable companies. The award sizes were discussed at the same time the Compensation Committee met to set the other elements of compensation so that all elements of compensation were set taking into account the total compensation package.

OTHER COMPENSATION POLICIES AND PRACTICES

Employment Agreements and Post-Termination Compensation

We have entered into employment agreements with each of our NEOs. These agreements provide the executive with severance payments upon certain terminations, including termination without cause, termination by the executive for good reason in the event of a change of control, or if the executive's employment agreement is not assumed by a successor entity in a change of control. The agreements provide for certain payments in connection with a termination of the executives' employment within six months of a change in control of the Company. We believe that these agreements were necessary to attract some of our NEOs and help to retain our NEOs due to the prevalence of similar arrangements in the market in which we compete for executives.

In 2007, prior to the time that we were a public company, we entered into an amendment and restatement of our employment agreements with Dr. Boston and Mr. Wilkins to provide for additional severance payments for termination without cause or by the executives for good reason in connection with a change of control and to provide that if severance payments payable by us become subject to the excise tax on "excess parachute payments," we will reimburse them for the amount of such excise

Table of Contents

tax (and the income and excise taxes on such reimbursement). We agreed to provide Dr. Boston and Mr. Wilkins with these changes in anticipation of our initial public offering to reflect what at the time we concluded were prevalent practices in the marketplace in which we compete for executives, and because as a public company we wanted these officers to be able to focus on our operations and not be distracted by their personal situations in the event a change of control transaction arose and, in the case of Dr. Boston, to reflect his long-term commitment to us and our long-term commitment to him as our Chief Executive Officer. We further amended the employment agreements for Dr. Boston and Mr. Wilkins in December 2008 to provide for technical compliance with certain Department of the Treasury regulations. We entered into the employment agreement with Dr. van Wyk in August 2009 at the time she joined the Company. We entered into the employment agreement with Dr. Powell in 2011 in connection with her appointment as our Provost.

In 2013, the Compensation Committee received an assessment from Towers Watson on the terms contained in the employment agreements and comparisons to market practice and the peer group. The Compensation Committee then negotiated amendments to the employment agreements in 2014, including eliminating any reimbursement for excise taxes from the employment agreements, and also authorized negotiating an employment agreement with Mr. Sunderland on substantially the same terms as the agreements with our other NEOs. The Committee determined it was appropriate to have an employment agreement with Mr. Sunderland in an effort to treat him similarly to other executives, to retain him and to obtain his agreement to be subject to post-employment non-competition and non-solicitation terms with which he otherwise would not have had to comply. The amendments to Dr. Boston's and Mr. Wilkins' employment agreements were entered into in April 2014. The amendments to Dr. Powell's and Dr. van Wyk's employment agreements and the new employment agreement with Mr. Sunderland were entered into in August 2014.

For additional information regarding these agreements, including a quantification of benefits that would be received by these officers had termination occurred on December 31, 2014, see the section titled "Potential Payments upon Termination or Change in Control" below.

Non-Qualified Deferred Compensation

In 2013, we adopted a new non-qualified deferred compensation plan in which our executive officers are permitted to participate. In making the determination to adopt the plan, we took into account that the Internal Revenue Code limits the amount of matching contributions that we can contribute to our traditional 401(k) plan for the benefit of our executives. The new deferred compensation plan provides that we will make an annual matching contribution to plan participants in an amount equal to the difference between the matching contribution that the participant would have received under our 401(k) plan if those limitations under the Internal Revenue Code did not apply and the matching contribution that the employee actually received under our 401(k) plan. The balances in the plan are only available for investment in investment options that are also available under our 401(k) plan. We believe that it is fair to provide this plan to our executives because absent the limitations under the Internal Revenue Code, they would have otherwise received these amounts. The plan also permits us, but does not require us to, make additional, discretionary contributions. We did not make any discretionary contributions in 2014.

Effect of Accounting and Tax Treatment on Compensation Decisions

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to a company's CEO or any of the company's three other most highly compensated executive officers (other than the CFO) who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by stockholders) that is established by a Compensation Committee that consists only of "outside directors" as defined for purposes of Section 162(m). All members of our Compensation Committee qualify as "outside directors". We currently expect to consider the qualification of our annual incentive plan compensation as performance-based compensation within the meaning of the Internal Revenue Code, but that is only one factor among many considered by the Committee.

Role of Executives in Executive Compensation Decisions

Historically, our Chief Executive Officer has recommended to the Compensation Committee each element of compensation for all executive officers other than himself, and the Compensation Committee determines the target level of compensation for each executive officer.

The amount of each element of compensation for our Chief Executive Officer is determined by the Compensation Committee. Our Chief Executive Officer does not participate in deliberations relating to his own compensation. None of our other executive officers participates in any deliberations related to the setting of executive compensation with the exception of Peter Gibbons, our Senior Vice President, Chief Administrative Officer, who provides support to the Committee and facilitates the requests for information received from the independent consultant.

COMPENSATION COMMITTEE REPORT

The Compensation Committee reviewed and discussed the above Compensation Discussion and Analysis with the Company's management. Based on its review and discussions with the Company's management, the Compensation Committee recommended that the Compensation Discussion and Analysis be included in the Company's Proxy Statement and in the Company's Annual Report on Form 10-K (including by incorporation to the Proxy Statement).

Employment Agreements

The amounts disclosed in the tables above are in part a result of the terms of the NEOs' employment agreements.

Dr. Boston's Employment Agreement. In June 2004, we entered into an employment agreement with Dr. Boston to serve as our president and Chief Executive Officer with an initial term of three years starting from June 21, 2004 and ending June 21, 2007, which was subsequently amended to provide for renewal until March 31, 2018 and automatically thereafter for additional one-year terms unless we give written notice of our intent not to renew at least 30 days prior to the renewal date. In December 2008, his employment agreement was amended to provide for technical compliance with certain U.S. Department of Treasury regulations. In April 2014, his agreement was amended and restated, in part to eliminate Dr. Boston's entitlement to tax gross-up payments in connection with a change in control. Pursuant to his amended and restated agreement, Dr. Boston's base salary was set at \$610,000 per year, subject to annual review and adjustment by our Compensation Committee. Under the agreement, Dr. Boston's base salary may be reduced at any time as part of a general salary reduction to all employees with annual salaries in excess of \$150,000, provided, however, that any reduction shall be no more than the lesser of the median percentage salary reduction applied to such employees or 20%. Dr. Boston's employment agreement provides that he is entitled to participate in our annual incentive plan, under which he is eligible for an annual bonus of up to 60% of his base salary then in effect, and up to an additional 40% of his base salary as then in effect based upon the achievement of certain performance goals or certain "stretch" performance goals, respectively, as determined by the Compensation Committee.

In addition to a base salary and annual bonus, Dr. Boston is entitled to receive such other benefits approved by our Compensation Committee and made available to our other senior executives and to participate in plans and receive bonuses, incentive compensation and fringe benefits as we may grant or establish from time to time. Furthermore, under Dr. Boston's employment agreement, we are required to pay or reimburse him for customary and reasonable moving expenses he incurs in connection with any subsequent relocation of our executive offices. Dr. Boston has agreed not to compete with us nor solicit our employees for alternative employment during the term of his agreement and for a period of two years after termination for any reason.

Dr. Boston's base salary for 2014 and annual incentive compensation plan award for 2014 are set forth in the tables above.

Mr. Wilkins's Employment Agreement. Upon his hiring in February 2007, we entered into an employment agreement with Mr. Wilkins to serve as our executive vice president and chief financial officer, which agreement was amended

and restated on October 10, 2007. In December 2008, his employment agreement was amended to provide for technical compliance with certain U.S. Department of Treasury regulations. In April 2014, his agreement was amended and restated, in part to eliminate Mr. Wilkins's entitlement tax gross-up payments in connection with a change in control and also to reflect Mr. Wilkins's current role as Executive Vice President and Chief Development Officer of APEI and Chief Executive Officer of National Education Seminars, Inc., which we refer to as Hondros College of Nursing. As amended and restated, the agreement has a term commencing January 29, 2007 and ending March 31, 2017 and will automatically renew for additional one-year terms unless we give written notice of our intent not to renew at least 30 days prior to the renewal date. Pursuant to his agreement, Mr. Wilkins's base salary is set at \$335,000 per year, subject to annual review and adjustment by our Compensation Committee. Under the agreement, Mr. Wilkins's base salary may be reduced at any time as part of a general salary reduction to all employees with annual salaries in excess of \$150,000, provided, however, that any reduction shall be no more than the lesser of the median percentage salary reduction applied to such employees or 20%. Pursuant to his employment agreement, Mr. Wilkins is entitled to participate in our annual incentive plan, under which he is eligible for an annual bonus of up to 50% of his base salary then in effect, and up to an additional 30% of his base salary as then in effect based upon the achievement of certain performance goals or certain "stretch" performance goals, respectively, as determined by the Compensation Committee.

In addition to a base salary and annual bonus, Mr. Wilkins is entitled to receive such other benefits approved by our Compensation Committee and made available to our other senior executives and to participate in plans and receive bonuses, incentive compensation and fringe benefits as we may grant or establish from time to time. Furthermore, under Mr. Wilkins's employment agreement, we are required to pay or reimburse him for customary and reasonable moving expenses he incurs in connection with any subsequent relocation of our executive offices. In his employment agreement, Mr. Wilkins has agreed not to compete with us nor solicit our employees for alternative employment during the term of his agreement and for a period of eighteen months after termination for any reason.

Mr. Wilkins's base salary for 2014 and annual incentive compensation plan award for 2014 are set forth in the tables above.

Mr. Sunderland's, Dr. Powell's and Dr. van Wyk's Employment Agreements. We have entered into an employment agreement with each of Mr. Sunderland and Dr. Powell and, before her departure, with Dr. van Wyk, which have similar provisions to the provisions of Dr. Boston's agreement discussed above, except with respect to their positions, amounts relating to their base salary and annual bonus, and length and scope of restrictive covenants. We entered into the employment agreement with Dr. van Wyk to serve as Executive Vice President and Chief Operations Officer beginning August 3, 2009. We entered into the employment agreement with Dr. Powell to serve as Executive Vice President and Provost on November 4, 2011 in connection with her promotion to that position. In August 2014, we entered into the employment agreement with Mr. Sunderland to serve as Executive Vice President and Chief Financial Officer and Dr. Powell's and Dr. van Wyk's employment agreements were amended and restated.

Under their employment agreements, Mr. Sunderland's and Dr. Powell's terms of employment each run until March 31, 2017 and will automatically renew for additional one-year terms unless we give written notice of our intent not to renew at least 30 days prior to the renewal date. Pursuant to his agreement, Mr. Sunderland's initial annual salary is \$300,000, and he is eligible for an annual bonus of up to 50% of his base salary then in effect and up to an additional 30% of his base salary as then in effect based upon the achievement of certain performance goals or certain "stretch" performance goals, respectively, as determined by the Compensation Committee. Pursuant to her agreement, Dr. Powell's annual salary is \$280,000, and she is eligible for an annual bonus of up to 50% of her base salary then in effect and up to an additional 20% of her base salary as then in effect based upon the achievement of certain performance goals or certain "stretch" performance goals, respectively, as determined by the Compensation Committee. While Dr. van Wyk's agreement terminated in connection with her departure from the Company on March 13, 2015, prior to such time and pursuant to her agreement, Dr. van Wyk's annual salary was \$332,000, and she was eligible for an annual bonus of up to 50% of her base salary then in effect and up to an additional 30% of her base salary as then in effect based upon the achievement of certain performance goals or certain "stretch" performance goals, respectively, as determined by the Compensation Committee.

Mr. Sunderland's, Dr. Powell's and Dr. van Wyk's base salaries for 2014 and annual incentive compensation plan awards for 2014 are set forth in the tables above.

In addition, each of the above employment agreements provides for payments upon certain terminations of the executive's employment. For a description of these termination provisions, whether or not following a change in control, and a quantification of benefits that would be received by these executives see the section titled "Potential Payments upon Termination or Change in Control" below.

Potential Payments Upon Termination or Change in Control

The section below describes the payments that may be made to our NEOs in connection with a change in control or pursuant to certain termination events. The employment agreements for Dr. Boston, Mr. Sunderland, Dr. Powell, Dr. van Wyk, and Mr. Wilkins, described above, include provisions that provide for payments to them in the event of certain terminations of their respective employment.

As described in more detail below, in the event of an NEO's voluntary resignation without "good reason" (as defined below), the NEO is not entitled to any payments or benefits upon such resignation other than certain accrued but unpaid salary and benefits. Accordingly, in connection with Dr. van Wyk's departure from the Company effective March 13, 2015, she was not entitled to any severance payments or benefits, and she only received the payment of the Base Amounts (as described below), and we have no further obligations to Dr. van Wyk pursuant to her employment agreement.

Termination for cause, without good reason or by reason of death. In the event that any of Dr. Boston's, Mr. Sunderland's, Dr. Powell's or Mr. Wilkins' employment is terminated by us for "cause", by the executive without "good reason", or by reason of death (each of "cause" and "good reason" as defined below), we will pay to each of them or their estate, as the case may be, (i) his or her full base salary through the date of termination, (ii) any previously deferred and unpaid compensation and any unpaid accrued vacation pay, and (iii) any earned, but unpaid, amounts the executive is entitled to as of the date of termination in connection with any fringe benefits or under any of our incentive compensation plans or programs, including the annual incentive bonus (together, the "Base Amounts").

Termination by reason of disability. If any of Dr. Boston's, Mr. Sunderland's, Dr. Powell's or Mr. Wilkins' employment is terminated by reason of disability, we are required to pay to them, in a lump sum within 30 days of the date of termination, an amount equal to (i) his or her base salary through the date of termination, (ii) his or her annual incentive bonus, to the extent the Company and the executive were then satisfying applicable performance targets, adjusted for the short period through the date of termination, for such bonus, prorated for the period of the executive's service during the applicable year, and (iii) any previously deferred and unpaid compensation and unpaid accrued vacation pay (together, the "Accrued Obligations"). In addition, subject to the executive's timely execution of a release of claims, we are further required to pay to the executive an amount equal to the sum of (i) the executive's annual base salary and (ii) the executive's annual incentive bonus, to the extent the Company and the executive were then satisfying applicable performance targets, adjusted for the short period, after the date of termination to the end of the calendar year for such bonus and as to the remainder of a certain period following the date of termination (the "Bonus Period"), if net income increased from the same period in the prior year and the performance targets established for the successor executive were being satisfied for that period, paid in installments over the Bonus Period. These payments shall be reduced by the sum of the amounts, if any, payable to the executive at or prior to the time of any payment under our disability benefit plans and which amounts were not previously applied to reduce any payment, all in a manner that complies with Section 409A of the Internal Revenue Code of 1986, as amended. The Bonus Periods for Mr. Boston, Mr. Sunderland, Dr. Powell and Mr. Wilkins are twenty-four months, eighteen months, twelve months and eighteen months, respectively.

Termination other than for cause or disability or for good reason. In the event that we terminate any of Dr. Boston's, Mr. Sunderland's, Dr. Powell's or Mr. Wilkins' employment other than for cause or disability or they terminate their employment for good reason, we are required to pay, or provide, to the executive (subject to the NEO's timely execution of a release of claims in respect of all but the first item below):

- in a lump sum within 30 days of the date of termination, the Accrued Obligations;

an amount equal to the sum of (i) the executive's annual base salary and (ii) the executive's annual incentive bonus, to the extent the Company and the executive were then satisfying applicable performance targets, adjusted for the short period, after the date of termination to the end of the calendar year for such bonus and as to the remainder of the Bonus Period, if net income increased from the same period in the prior year and the performance targets established for the successor executive were being satisfied for that period), paid in installments over the Bonus Period;

Table of Contents

for a period of 24 months following the date of termination (for Dr. Boston) or 12 months following the date of termination (for the other NEOs) or for any longer period provided for under the terms of the appropriate plan, program, practice or policy, a continuation of benefits to the executive and/or his or her family at a level and in an amount that is at least equal to that which would have been provided by us to them had the executive continued his or her employment, provided, however, that we may elect to pay the executive a payment equal to 24 or 12 months' (as applicable) premiums under our benefit plans in lieu of the continuation of such benefits, and provided, further, that if the executive becomes reemployed with another employer and is eligible to receive any of the benefits that had been provided by us, then the benefits we provide shall be secondary;

to the extent not otherwise paid or provided, for a period of 24 months following the date of termination (for Dr. Boston) or 12 months following the date of termination (for the other NEOs), any other amounts or benefits required to be paid or provided or which the executive is eligible to receive under any of our other existing benefit schemes; and

- for Dr. Boston only, to the extent that less than 33 1/3% of all outstanding equity awards granted to him under any of our equity incentive plans are vested on the date of termination, such additional equity awards will immediately accelerate, vest, and become exercisable in accordance with their terms, assuming target level achievement for purposes of any performance-based awards.

Termination following a change of control. If within 180 days after a change of control (as defined below), we terminate any of Dr. Boston's, Mr. Sunderland's, Dr. Powell's or Mr. Wilkins' employment other than for cause or disability or the executive terminates his or her employment for good reason, we are required to pay, or provide, to the executive (subject to the NEO's timely execution of a release of claims in respect of all but the first item below):

- in a lump sum within 30 days of the effective date of termination, the Accrued Obligations;

an amount equal to the sum of (i) the executive's annual base salary (or, for Dr. Boston and Mr. Sunderland, two times annual base salary) and (ii) the executive's annual incentive bonus (or, for Dr. Boston and Mr. Sunderland, two times the annual incentive bonus), to the extent the Company and the executive were then satisfying applicable performance targets, adjusted for the short period, in a lump sum within 60 days of the effective date of termination;

for a period of 24 months following the date of termination (for Dr. Boston) or 12 months following the date of termination (for the other NEOs) or for any longer period provided for under the terms of the appropriate plan, program, practice or policy, a continuation of benefits to the executive and/or his or her family at a level and in an amount that is at least equal to that which would have been provided by us to them had the executive continued his or her employment, provided, however, that we may elect to pay the executive a payment equal to 24 or 12 months' (as applicable) premiums under our benefit plans in lieu of the continuation of such benefits, and provided, further, that if the executive becomes reemployed with another employer and is eligible to receive any of the benefits that had been provided by us, then the benefits we provide shall be secondary; and

to the extent not otherwise paid or provided, for a period of 24 months following the date of termination (for Dr. Boston) or 12 months following the date of termination (for the other NEOs), any other amounts or benefits required to be paid or provided or which the executive is eligible to receive under any of our other existing benefit schemes.

In the event that any amounts payable or benefits to be provided to the executive under the employment agreement or otherwise would be nondeductible to us by reason of Section 280G of the Code and would subject the executive to the excise tax imposed by Section 4999 of the Code, then such payments and/or benefits will be reduced to the extent necessary so that such payments or benefits will no longer be ineligible for deduction by reason of Section 280G of the Code or subject to the excise tax imposed by Section 4999 of the Code unless the executive would receive at least \$50,000 more on a net after-tax basis if such payments and benefits were not reduced.

Acceleration of equity awards upon death, disability, or a change of control. Under Dr. Boston's, Mr. Sunderland's, Dr. Powell's and Mr. Wilkins' employment agreements, all equity awards granted to the NEO under any of our equity incentive plans that are outstanding immediately prior to the following events will vest and become fully exercisable as follows: (i) upon termination of the executive's employment by the executive's death; (ii) upon our termination of the executive's employment for disability; or (iii) upon our termination of the executive's employment for any reason or for no reason at all, other than for disability or cause, in the 12-month period following a change of control or by the executive for good reason in the 12-month period following a change of control. However, for purposes of clauses (i) and (ii) above, any equity awards that are subject to performance conditions for a performance period not yet completed will be deemed to be vested and exercisable in a pro-rated amount equivalent to the portion of the performance period that has passed and assuming achievement of the performance conditions for that period at the "target" level, and, for purposes of clause (iii) above, any equity awards that are subject to performance conditions for a performance period not yet completed will be deemed to be vested and exercisable in full at the "target" level.

"Cause" means:

refusal by the NEO to follow a lawful written order of the Chairman of our Board, the Board, or for each NEO except Dr. Boston, our Chief Executive Officer;

- the NEO's engagement in conduct materially injurious to us or our reputation;

dishonesty of a material nature that relates to the performance of the NEO's duties under his or her employment agreement;

- the NEO's conviction for any crime involving moral turpitude or any felony; or

- the NEO's continued failure to perform his or her duties under his or her employment agreement (except due to the NEO's incapacity as a result of physical or mental illness) to the satisfaction of our Board for a period of at least 30 consecutive days after written notice is delivered to the NEO specifically identifying the manner in which the NEO has failed to perform his or her duties.

"Change of control" generally means:

our dissolution or liquidation, or a merger, consolidation or reorganization of us with one or more other entities in which we are not the surviving entity;

- a sale of substantially all of our assets to another person or entity; or

“Good reason” generally means:

the assignment to the NEO of duties inconsistent in any material respect with the NEO’s position as set forth in, or in accordance with, his or her employment agreement, excluding an isolated, insubstantial and inadvertent action that we remedy promptly after receipt of notice from the NEO;

there is a change of control and the NEO does not continue in his or her position, or any other office he or she holds at the time of the transaction, of the most senior resulting entity succeeding to our business; or

substantially all of our business and/or assets to assume expressly and agree to perform the NEO's employment agreement in the same manner and to the same extent that we would be required to perform it if no succession had taken place.

Provided, however, that none of the foregoing constitute good reason if the executive consents in writing to such event, and none of the foregoing constitute good reason unless the NEO provides notice to us within 90 days of the initial existence of such grounds and we fail to cure the asserted grounds for good reason within 30 days of receipt of such notice from the executive. In order to terminate his or her employment for good reason, the executive must terminate employment within 30 days of the end of the cure period if the breach has not been cured.

Payment and Benefit Estimates

The table below was prepared to reflect the estimated payments that would have been made pursuant to the employment agreements and arrangements described above. The estimated payments were calculated as though the applicable triggering event occurred, and the NEO's employment was terminated, or the applicable change in control occurred, on December 31, 2014, using the closing price of our common stock on The NASDAQ Global Select Market of \$36.87 on December 31, 2014. As discussed in the narrative above, upon termination for cause, by the NEO without good reason or upon death or disability, the NEO is generally only entitled to receive amounts he is owed as of the termination date (e.g., salary, benefits, and, in limited cases, any previously earned, but unpaid, annual incentive compensation). Assuming a termination date of December 31, 2014, these amounts are set forth in the tables above, and we have not included these earned, but unpaid amounts, in the termination events included in the table below.

Compensation Committee Interlocks and Insider Participation

During 2014, the members of our Compensation Committee were MG (Ret) Barbara F. Fast, Eric C. Andersen and Westley Moore. No member of our Compensation Committee has ever been an executive officer or employee of the Company. None of our executive officers currently serves, or has served during the last completed fiscal year, on the Compensation Committee or board of directors of any other entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

**PROPOSAL NO. 2 — ADVISORY VOTE ON THE COMPENSATION OF
OUR NAMED EXECUTIVE OFFICERS**

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are seeking stockholder input on the compensation of our named executive officers as disclosed in this proxy statement. The Board and the Compensation Committee actively monitor our executive compensation practices in light of the industry in which we operate and the marketplace for talent in which we compete. We believe that the supply of qualified executive talent is limited and have designed our compensation programs to help us attract and retain qualified candidates by offering compensation that is competitive within the for-profit education industry and the broader market for executive talent.

As described in the Compensation Discussion and Analysis beginning on page 17 of this proxy statement, our executive compensation program is designed to provide competitive levels of compensation that are based on performance metrics, reflect the level of capability and effort required to achieve our corporate goals and encourage continuous quality improvement. By paying for performance, we believe that we align the interests of our executive officers with those of our stockholders. We also believe that an effective executive compensation program assists us in attracting and retaining qualified executives who will contribute to the Company's financial performance and drive the continued creation of stockholder value.

To achieve these objectives, we adhere to the following principles:

- compensation should be directly related to achievement of our corporate goals as measured through individual management objectives and through earnings results;
- components of compensation should be linked to quality improvements in the satisfaction and success of our students;
- an emphasis on equity-based compensation aligns the long-term interests of executive officers and stockholders; and
- NEO's compensation must be evaluated against opportunities offered by companies that are similar to, and competitive with, us in the market for executive talent.

Our executive compensation program also includes features specifically intended to align the interests of our NEOs and our stockholders, such as:

each of our executives is expected to own shares of the Company's common stock with a value ranging from one to six times the executive's base salary, depending on position;

- the use of equity awards, the value of which is contingent on our long-term performance;

time-based vesting provisions, which allow our equity awards to vest in one-third equal installments on the first three anniversaries of the grant date; and

equity awards are comprised of a mixture of restricted stock awards that vest over three years and restricted stock units that vest over three years, subject to achievement of a free cash flow target.

We believe our executive compensation program achieves our compensation principles, properly aligns the interests of our NEOs and our stockholders and is deserving of stockholder support. We believe that stockholders should also consider the following when determining whether to approve the compensation of our NEOs as presented in this proxy statement:

the Compensation Committee utilizes Towers Watson, an independent compensation consulting firm, to assist the Committee in determining compensation;

our NEOs are prohibited from engaging in short sales, transactions in derivative securities (including put and call options), or other forms of hedging and monetization transactions, such as zero-cost collars, equity swaps, exchange funds and forward sale contracts, that allow the holder to limit or eliminate the risk of a decrease in the value of our securities;

Table of Contents

our equity awards have been granted with three-year minimum vesting periods, and our equity plans prohibit repricing or replacement of outstanding option awards; and

for our NEOs for whom we have employment agreements, upon a “change of control” the NEOs only receive severance payments in connection with a termination of their employment.

In April 2014, we amended our existing employment agreements with our Chief Executive Officer and Chief Development Officer to eliminate tax gross-up payments in connection with a change in control. None of the other employment agreements with our executive officers include tax-gross up payments in connection with a change in control.

For these reasons, the Board recommends that stockholders vote in favor of the following resolution:

“RESOLVED, that the compensation paid to the American Public Education, Inc. named executive officers, as disclosed in the Company’s Proxy Statement for the 2015 Annual Meeting pursuant to the rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and any other related disclosure, is hereby APPROVED.”

The vote is advisory and is not binding on the Company, the Board or the Compensation Committee of the Board. However, the Compensation Committee of the Board expects to take into account the outcome of the vote as it continues to consider our executive compensation program. The Board has determined that future advisory votes on the compensation of the Company’s NEOs will be held every year, in accordance with the results of the advisory vote of the Company’s stockholders on such frequency at the Company’s 2011 Annual Meeting. Thus, the next stockholder advisory vote on the compensation of our NEOs will be held at the Company’s 2016 Annual Meeting. The next stockholder advisory vote on the frequency of the advisory vote on the compensation of our NEOs will be held at the Company’s 2017 Annual Meeting.

THE BOARD RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 3 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking our stockholders to ratify the Audit Committee's appointment of McGladrey LLP ("McGladrey") as our independent registered public accounting firm for the fiscal year ending December 31, 2015. Although ratification is not required by our Bylaws or otherwise, the Board is submitting the appointment of McGladrey to our stockholders for ratification as a matter of good corporate practice. If the appointment is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the appointment is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

The Board first approved McGladrey as our independent auditors in October 2007, and McGladrey has continued to audit our financial statements, including for the fiscal year ended December 31, 2014. Representatives of McGladrey are expected to be present at the Annual Meeting. They will be given an opportunity to make a statement at the meeting if they desire to do so, and they will be available to respond to appropriate questions.

THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF MCGLADREY AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2015.

Table of Contents**Principal Accountant Fees and Services**

We regularly review the services and fees of our independent accountants. These services and fees are also reviewed by the Audit Committee on an annual basis. The aggregate fees billed for the fiscal years ended December 31, 2014 and 2013 for each of the following categories of services are as follows:

Fee Category	2013	2014
Audit Fees	\$448,275	\$537,916
Audit-Related Fees	\$—	\$95,000
Tax Fees	\$—	\$—
All Other Fees	\$224,394	\$5,000
Total Fees	\$672,669	\$637,916

Audit Fees. Consist of fees billed for professional services rendered for the audit of our annual financial statements.

Audit-Related Fees. Consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under “Audit Fees.”

Tax Fees. Consist of fees billed for tax compliance, tax advice and tax planning services and include fees for tax return preparation.

All Other Fees. Consist of fees billed for products and services other than those described above under Audit Fees, Audit-Related Fees and Tax Fees. In 2013, these fees were related to services in connection with our acquisition of National Education Seminars, Inc., which we refer to as Hondros College of Nursing, and for non-recurring audits required for regulatory filings related to the acquisition. In 2014, these fees were related to services in connection with our acquisition of Hondros College of Nursing.

During the fiscal years ended December 31, 2014 and 2013, McGladrey provided various services in addition to auditing our financial statements. The Audit Committee has determined that the provision of such services is compatible with maintaining McGladrey’s independence. In 2014 and 2013, all fees paid to McGladrey were pre-approved pursuant to the policy described below.

Audit Committee’s Pre-Approval Policies and Procedures

The Audit Committee reviews with McGladrey and management the plan and scope of McGladrey's proposed annual financial audit and quarterly reviews, including the procedures to be utilized and McGladrey's compensation. The Audit Committee also pre-approves all auditing services, internal control related services and permitted non-audit services (including the fees and terms thereof) to be performed for us by McGladrey, subject to the de minimis exception for non-audit services that are approved by the Audit Committee prior to the completion of an audit. The Audit Committee may delegate pre-approval authority to one or more members of the Audit Committee consistent with applicable law and listing standards, provided that the decisions of such Audit Committee member or members must be presented to the full Audit Committee at its next scheduled meeting.
