On February 7, 2019, the Board of Directors authorized a new stock repurchase program with a maximum dollar limit of \$25 million and no set expiration date, replacing the February 2015 authorization. Repurchases may be made from time to time in the open market, by round lot or block purchases, in privately negotiated transactions, through trading plans established in accordance with U.S. Securities and Exchange Commission rules, or in such other manner as determined by the company. The timing of the repurchases and the actual amount repurchased will depend on a variety of factors, including the market price of the company's shares, general market and economic conditions, and other factors. The stock repurchase program does not obligate the company to acquire any particular amount of common stock, and it may be suspended or discontinued at any time.
