Item 2.03 Creation of a Direct Financial Obligation

On April 3, 2017, the Company signed an amended and restated loan agreement (the "Loan Agreement") with People's United Bank that included a \$31 million term portion and a \$10 million revolving credit portion. Proceeds of the loan were used to repay the remaining outstanding term loan of the Company (approximately \$1,429,000) and to acquire 100% of the common stock of Velvac Holdings Inc. The term portion of the loan requires quarterly principal payments of \$387,500 for a two-year period beginning July 3, 2017. The repayment amount then increases to \$775,000 per quarter beginning July 1, 2019. The term loan is a five-year loan with the remaining balance due on March 1, 2022. The revolving credit portion has a quarterly commitment fee ranging from 0.2% to 0.375% based on operating results. Under the terms of the Agreement, this rate will be 0.25% for the first six months. The revolving credit portion has a maturity date of April 1, 2022. On April 3, 2017, the Company borrowed approximately \$6.6 million on the revolving credit facility.

The interest rates on the term and revolving credit portion of the Loan Agreement vary. The interest rates may vary based on the LIBOR rate plus a margin spread of 1.75% to 2.50%. The margin spread is based on operating results calculated on a rolling-four-quarter basis. The Company may also borrow funds at the lender's prime rate. On April 3, 2017, the interest rate for one half (\$15.5 million) of the term portion was 2.98%, using a 1 month LIBOR rate and 3.15% on the remaining balance (\$15.5 million) of the term loan based on a 3 month LIBOR rate. The interest rate on the first \$5 million of the revolving credit portion was 2.98% with the remaining balance of approximately \$1.6 million at 4.0%, the bank's prime rate.

The Company's loan covenants under the Loan Agreement require the Company to maintain a consolidated minimum debt service coverage ratio of at least 1.1 to 1 for periods through December 31, 2018 and 1.2 to 1 thereafter to be tested quarterly on a twelve-month trailing basis. In addition, the Company will be required to show a maximum total leverage ratio of 4.0x for periods through December 31, 2018, 3.5x for the period January 1, 2019 through December 31, 2019, 3.25x for the period January 1 2020 through December 31, 2020 and 3.0x thereafter.

On April 4, 2017, the Company entered into an interest rate swap contract with the lender with an original notational amount of \$15,500,000, which is equal to 50% of the outstanding balance of the term loan on that date. The notational amount will decrease on a quarterly basis beginning July 3, 2017 following the principal repayment schedule of the term loan. The Company has a fixed interest rate of 1.98% on the swap contract and will pay the difference between the fixed rate and LIBOR when LIBOR is below 1.98% and will receive interest when the LIBOR rate exceeds 1.98%.
