Section 2 — Financial Information

Item 2.05 Costs Associated with Exit or Disposal Activities.

On October 7, 2016, HNI Corporation (the "Corporation") approved the closure of its Orleans, Indiana office furniture manufacturing facility. The Corporation will consolidate the Orleans production into existing domestic office furniture manufacturing facilities and anticipates the closure and consolidation to be substantially completed by the end of 2017. The Corporation is making this network realignment as part of its continued efficiency and simplification activities to deliver consistent, flawless execution to customers and to reduce structural costs.

The Corporation estimates the realignment will generate a cash payback within one year of fully exiting Orleans and drive annual cash savings of \$6.9 million beginning in 2018. Estimated cash restructuring and other associated cash costs total \$6.7 million, with \$3.2 million related to workforce reductions and \$3.5 million associated with facility exit, manufacturing consolidation, and production move costs.

When considering both cash and non-cash savings, the realignment will drive an expected profit improvement of \$7.6 million annually beginning in 2018. Anticipated charges related to the closure and consolidation will impact pre-tax earnings an estimated \$21.1 million, including \$14.4 million of non-cash charges. The following table lists the estimated composition and timing of these charges:

(Dollars in Millions)

Time Period	Restructuring Costs (Cash)	Accelerated Depreciation (Non-Cash)	Other Costs (Non Cash)	Other Costs (Cash)	Total
Q4 2016	2.7	2.9	—	—	5.6
