Press Release

Heartland Express, Inc. Reports Revenues and Earnings for the Second Quarter of 2006.

CORALVILLE, IOWA - July 18, 2006 - Heartland Express, Inc. (Nasdaq: HTLD) announced today financial results for the quarter ended June 30, 2006. Operating revenues for the quarter increased 11.0% to \$143.1 million from \$128.9 million in the second quarter of 2005. Net income increased 40.5% to \$24.8 million from \$17.6 million in the 2005 period. Earnings per share were \$0.25 compared to \$0.18 for the second quarter of 2005.

For the six months ended June 30, 2006, operating revenues increased 12.3% to

Edgar Filing: HEARTLAND EXPRESS INC - Form 8-K

\$278.1 from \$247.5 during the same period in 2005. Net income increased 36.0% to \$44.5 million from \$32.7 million in the 2005 period. Earnings per share were \$0.45 compared with \$0.33 for the 2005 period.

For the quarter, Heartland Express, Inc. posted an operating ratio (operating expenses as a percentage of operating revenues) of 75.2% and a 17.3% net margin. The Company reported an operating ratio of 77.1% and a 16.0% net margin for the six months ended June 30, 2006. The Company ended the second quarter with cash, cash equivalents, and short-term investments of \$321.3 million, a \$33.7 million increase from the \$287.6 million reported on December 31, 2005. The Company's balance sheet continues to be debt-free.

Operating results for the six month period are favorably impacted by gains primarily from the trade of revenue equipment. Effective July 1, 2005 gains from the trade of revenue equipment are being recognized in operating income in compliance with Statement of Financial Accounting Standards No. 153, "Accounting for Non-monetary Transactions". Prior to July 1, 2005 gains from the trade-in of revenue equipment were deferred and presented as a reduction of the depreciable basis of new revenue equipment. Operating income for the three month and six month periods ended June 30, 2006 were favorably impacted by \$8.7 million and \$11.3 million, respectively, from gains on the trade-in of revenue equipment, net of the associated increase in depreciation expense as a result of the higher depreciable basis of traded revenue equipment acquired since July 1, 2005. As a result of these gains earnings per share was positively impacted \$0.06 per share for the quarter ended June 30, 2006 and \$0.07 for the six months ended June 30, 2006.

The Company has continued to upgrade its tractor and trailer fleet during the quarter. The Company took delivery of 354 new International tractors and 914 new Wabash trailers during the period. The average age of the Company's tractor fleet was 1.4 years at June 30, 2006, with 85% of the fleet comprised of 2005 or newer model year Internationals. The tractor fleet replacement will continue throughout the year and is scheduled to be completed by December 31, 2006. The Company will complete the upgrade of its trailer fleet in the third quarter. The average age of the Company's trailer fleet was 2.8 years at June 30, 2006.

During the quarter, Heartland Express declared a regular quarterly cash dividend. The quarterly dividend of approximately \$2.0 million at the rate of \$0.02 per share was paid on July 3, 2006 to shareholders of record at the close of business on June 22, 2006. The Company has now paid twelve consecutive quarterly cash dividends. In addition, the Company declared a 4-for-3 stock split, paid as a 33% stock dividend in the second quarter of 2006.

This stock split increased the Company's outstanding common stock from 73.8 million to 98.4 million shares. This was the Company's ninth stock split since going public in 1986. The Company's annual cash dividend will increase approximately \$2.0 million per year, a 33% increase, as a result of the recent stock split. All per share data presented have been adjusted retroactively to reflect the effect of the stock split.

This press release may contain statements that might be considered as forward-looking statements or predictions of future operations. Such statements are based on management's belief or interpretation of information currently available. These statements and assumptions involve certain risks and uncertainties. Actual events may differ from these expectations as specified from time to time in filings with the Securities and Exchange Commission.
