Audiovox Corporation and Subsidiaries
Notes to Consolidated Financial Statements
May 31, 2009
(Dollars in thousands, except share and per share data)
(unaudited)

(1) Basis of Presentation

The accompanying unaudited interim consolidated financial statements of Audiovox Corporation and subsidiaries ("Audiovox" or the "Company") have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission and in accordance with accounting principles generally accepted in the United States of America and include all adjustments (consisting of normal recurring adjustments), which, in the opinion of management, are necessary to present fairly the consolidated financial position, results of operations and cash flows for all periods presented. The results of operations are not necessarily indicative of the results to be expected for the full fiscal year. These consolidated financial statements do not include all disclosures associated with consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America. Accordingly, these statements should be read in conjunction with the Company's audited consolidated financial statements and notes thereto contained in the Company's Form 10-K for the fiscal year ended February 28, 2009.

We have determined that we operate in one reportable segment, the Electronics Group, based on review of Statement of Financial Accounting Standards No. 131, "Disclosures about Segments of an Enterprise and Related Information" ("SFAS No. 131").

(2) Accounting for Stock-Based Compensation

The Company has various stock based compensation plans, which are more fully described in Note 1 of the Company's Form 10-K for the fiscal year ended February 28, 2009.

No stock-based awards vested or were granted during the periods presented, accordingly, no stock-based compensation expense has been recorded for the three months ended May 31, 2009 and 2008. At May 31, 2009 and February 28, 2009, the Company had no unrecognized compensation cost as all stock options and warrants were fully vested.

Information regarding the Company's stock options and warrants are summarized below:

	Number of Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life
Outstanding and exercisable at February 28, 2009	1,456,834	\$ 12.82	
Granted	-	-	
Exercised	-	-	
Forfeited/expired	(12,500)	14.18	

Outstanding and exercisable at May 31, 2009	1,444,334	\$	12.81	0.69
---	-----------	----	-------	------

(3) Net Income (Loss) Per Common Share

Basic net income (loss) per common share is based upon the weighted-average common shares outstanding during the period. Diluted net income (loss) per common share reflects the potential dilution that would occur if common stock equivalent securities or other contracts to issue common stock were exercised or converted into common stock.

There are no reconciling items which impact the numerator of basic and diluted net income (loss) per common share. A reconciliation between the denominator of basic and diluted net income (loss) per common share is as follows:

	Three Months Ended May 31,	
	2009	2008
Weighted-average common shares outstanding (basic)	22,865,394	22,854,614
Effect of dilutive securities:		
Stock options and warrants	-	-
Weighted-average common shares and potential common shares outstanding (diluted)	22,865,394	22,854,614

Stock options and warrants totaling 1,445,013 and 1,555,786 for the three months ended May 31, 2009 and 2008, respectively, were not included in the net income (loss) per diluted share calculation because the exercise price of these options and warrants was greater than the average market price of the Company's common stock during these periods or their inclusion would have been anti-dilutive.

Audiovox Corporation and Subsidiaries
Notes to Consolidated Financial Statements, continued
May 31, 2009

(4) Fair Value Measurements

The Company adopted the provisions of SFAS No. 157, as amended by FSP No. 157-2, on March 1, 2008. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements.

Fair Value Hierarchy

SFAS No. 157 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs), or reflect the Company's own assumptions of market participant valuation (unobservable inputs). In accordance with SFAS No. 157, these two types of inputs have created the following fair value hierarchy:

- § Level 1 – Quoted prices in active markets that are unadjusted and accessible at the measurement date for identical, unrestricted assets or liabilities.
- § Level 2 – Quoted prices for identical assets and liabilities in markets that are not active, quoted prices for similar assets and liabilities in active markets or financial instruments for which significant inputs are observable, either directly or indirectly.
- § Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

SFAS No. 157 requires the use of observable market data if such data is available without undue cost and effort.

Items Measured at Fair Value on a Recurring Basis

The following table presents the Company's assets and liabilities that are measured and recorded at fair value on a recurring basis at May 31, 2009 consistent with the fair value hierarchy provisions of SFAS No. 157:

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets and Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Balance at May 31, 2009			
Cash and cash equivalents:				
Cash and money market funds	\$62,327	\$62,327	\$-	\$ -
Long-term investment securities:	-	-	-	-
Deferred compensation assets and other	3,373	3,373	-	-
Auction rate security	3,508	-	-	3,508
Other long-term investments	1,545	-	1,545	-

Edgar Filing: AUDIOVOX CORP - Form 10-Q

Total long-term investment securities	8,426	3,373	1,545	3,508
Total assets measured at fair value	\$70,753	\$65,700	\$1,545	\$ 3,508

Audiovox Corporation and Subsidiaries
Notes to Consolidated Financial Statements, continued
May 31, 2009

As of May 31, 2009, the Company's long-term investment securities consisted of marketable securities, an auction rate security and other long-term investments. The Company's long-term investment securities are classified between trading and available-for-sale, and accordingly, unrealized gains and losses on long-term investment securities classified as available-for-sale are reflected as a component of accumulated other comprehensive income in stockholders' equity, net of tax. Unrealized holding gains and losses on trading securities are included in earnings.

As of May 31, 2009, the Company had \$4,550 (at par value) of an auction rate security included within its portfolio of long-term investment securities, which is collateralized by student loan portfolios, guaranteed by the United States government. This auction rate security is classified as an available-for-sale long-term investment. As of May 31, 2009, the Company recorded approximately \$1,042 of unrealized losses on this auction rate note.

Due to economic pressures in the U.S. credit markets during fiscal 2010, the Company considered various valuation techniques for its auction rate security. These analyses consider, among other items, the collateral underlying the security, the creditworthiness of the issuer, the timing of the expected future cash flows, including the final maturity, and an assumption of when the next time the security is expected to have a successful auction. These securities were also compared, when possible, to other observable and relevant market data, which is limited at this time. Accordingly, these securities continue to be classified as Level 3 within SFAS No. 157's hierarchy.

The carrying amount of the Company's bank obligations, long-term debt and deferred compensation (which is directly associated with the trading securities in connection with the Company's deferred compensation plan) approximates fair value (which was determined using level 1 inputs for deferred compensation and level 2 inputs for bank obligations and long-term debt) because of (i) the short-term nature of the financial instrument; (ii) the interest rate on the financial instrument being reset every quarter to reflect current market rates; (iii) the stated or implicit interest rate approximates the current market rates or are not materially different than market rates and (iv) these liabilities being based on quoted prices in active markets.

Fair value estimates are made at a specific point in time based on relevant market information and information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

(5) Other Comprehensive Income (Loss)

The Company's total comprehensive income (loss) was as follows:

	Three Months Ended May 31,	
	2009	2008
Net income (loss)	\$473	\$(5,223)
Other comprehensive income:		
Foreign currency translation adjustments	2,644	199
Unrealized holding gain (loss) on available-for-sale investment securities arising during the period, net of tax	43	(1,632)

Other comprehensive income (loss), net of tax	2,687	(1,433)
Total comprehensive income (loss)	\$3,160	\$(6,656)

The change in the net unrealized holding loss on available-for-sale investment securities arising during May 31, 2008 is net of tax benefits of \$1,043. The Company did not record tax expenses during the three months ended May 31, 2009 as a result of the loss position for related securities.

(6) Supplemental Cash Flow Information

The following is supplemental information relating to the consolidated statements of cash flows:

	Three Months Ended May 31,	
	2009	2008
Cash paid during the period:		
Interest (excluding bank charges)	\$293	\$417
Income taxes (net of refunds)	\$158	\$244

Audiovox Corporation and Subsidiaries
Notes to Consolidated Financial Statements, continued
May 31, 2009

(7) Business Acquisitions

Our objective is to continue to grow our business by acquiring new brands, embracing new technologies, expanding product development and applying this to a continued stream of new products that should increase gross margins and improve operating income. In addition, it is our intention to continue to acquire synergistic companies that would allow us to leverage our overhead, penetrate new markets and expand existing product categories through our business channels.

Since January 2007, we have acquired and fully integrated the following acquisitions:

Date	Business Acquisitions Business	Purchase Price
January 2007	Thomson Americas accessory business	\$64,716
March 2007	Oehlbach Kabel GmbH	8,134
August 2007	Incaar Limited	801
November 2007	Technuity, Inc.	21,187
December 2007	Thomson Audio/Video	15,571

All of the purchase price allocations for these acquisitions were finalized during Fiscal 2009. The details related to these allocations are outlined in Note 3 of the Company's annual report dated February 28, 2009.

(8) Intangible Assets

At May 31, 2009, intangible assets consisted of the following:

	Gross Carrying Value	Accumulated Amortization	Total Net Book Value
Trademarks/Tradenames not subject to amortization	\$73,915	\$ -	\$73,915
Customer relationships subject to amortization (5-20 years)	13,079	1,530	11,549
Trademarks/Tradenames subject to amortization (3-12 years)	1,180	319	861
Patents subject to amortization (5-10 years)	1,108	592	516
License subject to amortization (5 years)	1,400	443	957
Contract subject to amortization (5 years)	1,104	994	110
Total	\$91,786	\$ 3,878	\$87,908

At February 28, 2009, intangible assets consisted of the following:

Gross Carrying Value Pre- impairment	Impairment	Gross Carrying Value	Accumulated Amortization	Total Net Book Value
--	------------	----------------------------	-----------------------------	-------------------------------

Trademarks/Tradenames/Licenses not subject to amortization	\$83,872	\$9,957	\$73,915	\$ -	\$73,915
Customer relationships subject to amortization (5-20 years)	13,079	-	13,079	1,357	11,722
Trademarks/Tradenames subject to amortization (3-12 years)	1,180	-	1,180	269	911
Patents subject to amortization (5-10 years)	1,345	-	1,345	562	783
License subject to amortization (5 years)	1,400	-	1,400	373	1,027
Contract subject to amortization (5 years)	1,104	-	1,104	938	166
Total	\$101,980	\$9,957	\$92,023	\$ 3,499	\$88,524

The Company recorded amortization expense of \$378 and \$457 for the three months ended May 31, 2009 and 2008, respectively. The estimated aggregate amortization expense for the cumulative five years ending May 31, 2014 amounts to \$6,640.

Audiovox Corporation and Subsidiaries
Notes to Consolidated Financial Statements, continued
May 31, 2009

We evaluate the carrying value of long-lived assets, including intangible assets subject to amortization, when events and circumstances warrant such a review. The carrying value of long-lived assets is considered impaired when the estimated undiscounted cash flows from such assets are less than their carrying value. In that event, a loss is recognized equal to the amount by which the carrying value exceeds the fair value of the long-lived assets. Fair value is determined by primarily using a discounted cash flow methodology that requires considerable management judgment and long-term assumptions. There were no impairment triggering events during the three months ended May 31, 2009, therefore, management believes the current carrying value of its intangible assets is not impaired. Our estimate of net future cash flows is based on historical experience and assumptions of future trends, which may be different from actual results. We periodically review the appropriateness of the estimated useful lives of our long-lived assets.

(9) Equity Investments

As of May 31, 2009 and February 28, 2009, the Company had a 50% non-controlling ownership interest in Audiovox Specialized Applications, Inc. (“ASA”) which acts as a distributor of televisions and other automotive sound, security and accessory products for specialized vehicles, such as RV’s and van conversions.

The following presents summary financial information for ASA. Such summary financial information has been provided herein based upon the individual significance of ASA to the consolidated financial information of the Company.

	May 31, 2009	February 28, 2009
Current assets	\$25,762	\$25,268
Non-current assets	4,838	4,745
Current liabilities	3,575	3,778
Members' equity	27,025	26,235
	Three Months Ended May 31,	
	2009	2008
Net sales	\$11,246	\$18,835
Gross profit	2,783	5,279
Operating income	782	1,611
Net income	790	1,801

The Company's share of income from ASA for the three months ended May 31, 2009 and 2008 was \$395 and \$900, respectively. In addition, the Company received distributions from ASA totaling \$331 during the three months ended May 31, 2008, which was recorded as a reduction to equity investments in the accompanying consolidated balance

sheet.

(10) Income Taxes

The Company's provision for income taxes consists of U.S. and foreign taxes in amounts necessary to align the Company's year-to-date provision for income taxes with the effective tax rate that the Company expects to achieve for the full year. The Company's annual effective tax rate for fiscal 2010 is estimated to be 26.8% (which includes U.S., state and local and foreign taxes) based upon the Company's anticipated earnings both in the U.S. and in its foreign subsidiaries.

For the three months ended May 31, 2009 the Company had an effective tax rate of 37.5% and recorded a provision for income taxes of \$283, which consisted mainly of state, local and foreign taxes and a deferred tax expense related to the tax effect of the difference between the book and tax bases of certain intangible assets not expected to reverse in the foreseeable future, offset by a discrete tax benefit related mainly to the quarterly FIN No. 48 adjustment. For the three months ended May 31, 2008, the Company recorded a benefit for income taxes of \$1,946 related to U.S., state and local and foreign taxes.

Audiovox Corporation and Subsidiaries
Notes to Consolidated Financial Statements, continued
May 31, 2009

(11) Accrued Sales Incentives

A summary of the activity with respect to sales incentives is provided below:

	Three Months Ended May 31,	
	2009	2008
Opening balance	\$7,917	\$10,768
Accruals	6,611	5,816
Payments and credits	(2,180)	(4,315)
Reversals for unearned sales incentive	(574)	(45)
Reversals for unclaimed sales incentives	(162)	(788)
Ending balance	\$11,612	\$11,436

(12) Product Warranties and Product Repair Costs

The following table provides a summary of the activity with respect to product warranties and product repair costs:

	Three Months Ended May 31,	
	2009	2008
Opening balance	\$14,410	\$17,002
Liabilities accrued for warranties issued during the period	2,183	2,552
Warranty claims paid during the period (includes the acquired warranty liabilities)	(3,683)	(8,636)
Ending balance	\$12,910	\$10,918

(13) Financing Arrangements

The Company has the following financing arrangements:

	May 31, 2009	February 28, 2009
Bank Obligations		
Domestic bank obligations		
(a)	\$ -	\$ -
Euro asset-based lending obligation (b)	2,233	1,467

Oehlbach (d)		161		145
Other (e)		1,546		1,280
Total debt		7,389		7,160
Less current portion		1,409		1,264
Long-term debt	\$	5,980	\$	5,896

(a) Domestic Bank Obligations

At May 31, 2009, the Company has a secured credit line to fund the temporary short-term working capital needs of the domestic operations. This line expired on June 30, 2009 and allows aggregate borrowings of up to \$10,000 at an interest rate of Prime (or similar designations) plus 1% or LIBOR plus 5%. The line has subsequently been renewed until July 31, 2009. As of May 31, 2009 and February 28, 2009, no direct amounts were outstanding under this agreement. At May 31, 2009, the Company had \$2,393 in standby letters of credit outstanding, which reduces the amount available under the secured credit line.

Audiovox Corporation and Subsidiaries
Notes to Consolidated Financial Statements, continued
May 31, 2009

(b) Euro Asset-Based Lending Obligation

The Company has a 16,000 Euro accounts receivable factoring arrangement and a 6,000 Euro Asset-Based Lending ("ABL") (finished goods inventory and non-factored accounts receivable) credit facility for the Company's subsidiary, Audiovox Germany, which expires on October 31, 2010. Selected accounts receivable are purchased from the Company on a non-recourse basis at 85% of face value and payment of the remaining 15% upon receipt from the customer of the balance of the receivable purchased. The activity under this ABL is accounted for as a sale of accounts receivable in accordance with Statement of Financial Accounting Standards No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishment of Liabilities" ("SFAS No. 140"), as such transfers met the criteria in SFAS No. 140. In respect of the ABL credit facility, selected finished goods are advanced at a 60% rate and non-factored accounts receivables are advanced at a 50% rate. The rate of interest is the three month Euribor plus 1.4%, and the Company pays 0.16% of its gross sales as a fee for the accounts receivable factoring arrangement. As of May 31, 2009, the amount of accounts receivable and finished goods available for factoring exceeded the amounts outstanding under this obligation.

(c) Euro Term Loan Agreement

On March 30, 2008, Audiovox Germany entered into a 5 million Euro term loan agreement. This agreement is for a five-year term with a financial institution and was used to repay the Audiovox Germany intercompany debt to Audiovox Corporation. Payments under the term loan are to be made in two semi-annual installments of 500,000 Euros beginning on September 30, 2008 and ending on March 30, 2013. Interest accrues at a fixed rate of 4.82%. Any amount repaid can not be reborrowed. The term loan is secured by a pledge of the stock of Audiovox Germany and the Magnat brand name, prohibits the distribution of dividends, and takes precedence to all other intercompany loans with Audiovox Corporation.

(d) Oehlbach

In connection with the Oehlbach acquisition, the Company acquired short and long term debt payable to various third parties. The interest rate on the debt ranges from 4.2% to 6.1% and is payable from May 2009 to March 2011.

(e) Other Debt

This amount represents a call/put option owed to certain employees of Audiovox Germany.

(14) Other Income (Expense)

Other income (expense) is comprised of the following:

	Three Months Ended May 31,	
	2009	2008
Interest income	\$164	\$453

Rental income	134	184
Miscellaneous	150	(341)
Total Other, net	\$448	\$296

(15) Contingencies and Derivative Settlement

Contingencies

The Company is currently, and has in the past been, a party to various routine legal proceedings incident to the ordinary course of business. If management determines, based on the underlying facts and circumstances, that it is probable a loss will result from a litigation contingency and the amount of the loss can be reasonably estimated, the estimated loss is accrued for. The Company believes its outstanding litigation matters disclosed below will not have a material adverse effect on the Company's financial statements, individually or in the aggregate; however, due to the uncertain outcome of these matters, the Company disclosed these specific matters below:

Audiovox Corporation and Subsidiaries
Notes to Consolidated Financial Statements, continued
May 31, 2009

Certain consolidated class actions transferred to a Multi-District Litigation Panel of the United States District Court of the District of Maryland against the Company and other suppliers, manufacturers and distributors of hand-held wireless telephones alleging damages relating to exposure to radio frequency radiation from hand-held wireless telephones are still pending. No assurances regarding the outcome of this matter can be given, as the Company is unable to assess the degree of probability of an unfavorable outcome or estimated loss or liability, if any. Accordingly, no estimated loss has been recorded for the aforementioned case.

During the fourth quarter of Fiscal 2009, the Company became aware that certain personal consumer credit card information had been accessed by an intrusion by an unauthorized source. The Company has notified the various state and federal authorities in which the consumers reside and is offering a plan of credit monitoring and protection for the affected individuals. The Company is partially covered by insurance but anticipates amounts will be necessary to cover the cost of this issue. The Company recorded certain costs associated with this issue as of February 28, 2009, based on information available at the time. There were no additional costs recorded during the three months ended May 31, 2009.

The products the Company sells are continually changing as a result of improved technology. As a result, although the Company and its suppliers attempt to avoid infringing known proprietary rights, the Company may be subject to legal proceedings and claims for alleged infringement by its suppliers or distributors, of third party patents, trade secrets, trademarks or copyrights. Any claims relating to the infringement of third-party proprietary rights, even if not meritorious, could result in costly litigation, divert management's attention and resources, or require the Company to either enter into royalty or license agreements which are not advantageous to the Company or pay material amounts of damages.

Under the asset purchase agreement for the November 2004 sale of the Company's Cellular business to UTStarcom, Inc. ("UTSI"), the Company agreed to indemnify UTSI for any breach or violation by ACC and its representations, warranties and covenants contained in the asset purchase agreement and for other matters, subject to certain limitations, for a period of five years. Significant indemnification claims by UTSI could have a material adverse effect on the Company's financial condition and results of operation. The Company is not aware of any such claim(s) for indemnification.

(16) New Accounting Pronouncements

On December 4, 2007, the FASB issued Statement No. 141(R), Business Combinations ("Statement No. 141(R)") and Statement No. 160, Accounting and Reporting of Non-controlling Interests in Consolidated Financial Statements, an amendment of ARB No. 51 ("Statement No. 160"). These new standards will significantly change the financial accounting and reporting of business combination transactions and non-controlling (or minority) interests in consolidated financial statements. Statement No. 141(R) is required to be adopted concurrently with Statement No. 160 and is effective for business combination transactions for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. Business combination transactions accounted for before adoption of Statement No. 141(R) should be accounted for in accordance with Statement No. 141 and that accounting previously completed under Statement No. 141 should not be modified as of or after the date of adoption of Statement No. 141(R). All of the Company's recent acquisitions fall under the scope of Statement No. 141. Statement No. 141(R) and Statement No. 160 are effective for the Company as of March 1, 2009, as such we will evaluate the impact as they relate to any future acquisitions.

In November 2008, the FASB's Emerging Issues Task Force published Issue No. 08-6, Equity Method Investment Accounting Considerations ("EITF 08-06"). This issue addresses the impact that FAS 141(R) and FAS 160 might have on the accounting for equity method investments, including how the initial carrying value of an equity method investment should be determined, how it should be tested for impairment, and how changes in classification from equity method to cost method should be treated. EITF 08-06 is to be implemented prospectively and is effective for fiscal years beginning after December 15, 2008, or fiscal 2010 for the Company. The standard will have an impact on the Company for new acquisitions and investments in non-controlling interests made after March 1, 2009 and for its existing investment as it relates to future impairment charges recorded by or changes in classification of the investee. The adoption of EITF 08-06 did not have an impact on the Company's financial position, results of operations, or cash flows for the three months ended May 31, 2009.

In April 2009, the FASB issued FASB Staff Position ("FSP") FAS 107-b and APB28-a. FSP FAS 107-a amends SFAS 107, Disclosures About Fair Value of Financial Instruments, and FSP APB 28-a amends APBO 28, Interim Financial Reporting, to require fair value disclosures for interim financial statements. This FSP will be effective for interim periods ending after June 15, 2009. However, the Company early adopted FSP FAS 107-a and APB 28-a on March 1, 2009. Since this FSP only requires enhanced disclosures, this standard did not effect the Company's financial information or operating performance.

Audiovox Corporation and Subsidiaries
Notes to Consolidated Financial Statements, continued
May 31, 2009

In April 2009, the FASB issued FASB Staff Position 157-4, “Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased in Identifying Transactions That Are Not Orderly” (“FSP 157-4”). FSP 157-4 provides guidance in determining fair value when the volume and level of activity for the asset or liability have significantly decreased and on identifying transactions that are not orderly. This FSP shall be effective for interim and annual reporting periods ending after June 15, 2009, and shall be applied prospectively. Early adoption is permitted for periods ending after March 15, 2009. The Company adopted FSP 157-4 on March 1, 2009, which did not have a significant impact on the Company’s financial position or results of operations.

In April 2009, the FASB issued FASB Staff Position FAS 115-2 and FAS 124-2, “Recognition and Presentation of Other-Than-Temporary Impairment” (“FSP 115-2/124-2”). FSP 115-2/124-2 amends the requirements for the recognition and measurement of other-than-temporary impairments for debt securities by modifying the pre-existing “intent and ability” indicator. Under FSP 115-2/124-2, an other-than-temporary impairment is triggered when there is intent to sell the security, it is more likely than not that the security will be required to be sold before recovery, or the security is not expected to recover the entire amortized cost basis of the security. Additionally, FSP 115-2/124-2 changes the presentation of an other-than-temporary impairment in the income statement for those impairments involving credit losses. The credit loss component will be recognized in earnings and the remainder of the impairment will be recorded in other comprehensive income. The Company adopted FSP 115-2/124-2 as of March 1, 2009, which did not have a significant impact on the Company’s financial position or results of operations.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-Looking Statements

Certain information in this Quarterly Report on Form 10-Q would constitute forward-looking statements, including but not limited to, information relating to the future performance and financial condition of the Company, the plans and objectives of the Company's management and the Company's assumptions regarding such performance and plans that are forward-looking in nature and involve certain risks and uncertainties. Actual results could differ materially from such forward-looking information.

We begin Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") with an overview of the business. This is followed by a discussion of the Critical Accounting Policies and Estimates that we believe are important to understanding the assumptions and judgments incorporated in our reported financial results. In the next section, we discuss our results of operations for the three months ended May 31, 2009 compared to the three months ended May 31, 2008. We then provide an analysis of changes in our balance sheets and cash flows, and discuss our financial commitments in the sections entitled "Liquidity and Capital Resources". We conclude this MD&A with a discussion of "Related Party Transactions" and "Recent Accounting Pronouncements".

Unless specifically indicated otherwise, all amounts and percentages presented in our MD&A below are exclusive of discontinued operations and are in thousands, except share and per share data.

Business Overview

Audiovox Corporation ("Audiovox", "We", "Our", "Us" or "Company") is a leading international distributor in the accessory, mobile and consumer electronics industries. We conduct our business through nine wholly-owned subsidiaries: American Radio Corp., Audiovox Electronics Corporation ("AEC"), Audiovox Accessories Corp. ("AAC"), Audiovox Consumer Electronics, Inc. ("ACE"), Audiovox German Holdings GmbH ("Audiovox Germany"), Audiovox Venezuela, C.A., Audiovox Canada Limited, Entretenimiento Digital Mexico, S. de C.V. ("Audiovox Mexico") and Code Systems, Inc. We market our products under the Audiovox® brand name and other brand names, such as Acoustic Research®, Advent®, Ambico®, Car Link®, Chapman®, Code-Alarm®, Discwasher®, Energizer®, Heco®, Incaar®, Jensen®, Mac Audio®, Magnat®, Movies2Go®, Oehlbach®, Phase Linear®, Prestige®, Pursuit®, RCA®, RCA Accessories®, Recoton®, Road Gear®, Spikemaster® and Terk®, as well as private labels through a large domestic and international distribution network. We also function as an OEM ("Original Equipment Manufacturer") supplier to several customers.

The Company is organized by product category as follows:

Electronics products include:

- § mobile multi-media video products, including in-dash, overhead, headrest and portable mobile video systems,
- § autosound products including radios, speakers, amplifiers and CD changers,
- § satellite radios including plug and play models and direct connect models,
- § automotive security and remote start systems,
- § automotive power accessories,

Edgar Filing: AUDIOVOX CORP - Form 10-Q

- § rear observation and collision avoidance systems,
 - § home and portable stereos,
 - § two-way radios,
- § digital multi-media products such as personal video recorders and MP3 products,
 - § camcorders,
 - § clock-radios,
 - § digital voice recorders,
 - § home speaker systems,
 - § portable DVD players, and
 - § digital picture frames.

Accessories products include:

- § High-Definition Television (“HDTV”) antennas,
 - § Wireless Fidelity (“WiFi”) antennas,
- § High-Definition Multimedia Interface (“HDMI”) accessories,
 - § home electronic accessories such as cabling,
 - § other connectivity products,
 - § power cords,
- § performance enhancing electronics,
 - § TV universal remotes,
- § flat panel TV mounting systems,
 - § iPod specialized products,
 - § wireless headphones,
- § rechargeable battery backups (UPS) for camcorders, cordless phones and portable video (DVD) batteries and accessories,
 - § power supply systems, and
 - § electronic equipment cleaning products.

We believe our product groups have expanding market opportunities with certain levels of volatility related to both domestic and international markets, new car sales, increased competition by manufacturers, private labels, technological advancements, discretionary consumer spending, energy and material costs and general economic conditions. Also, all of our products are subject to price fluctuations which could affect the carrying value of inventories and gross margins in the future.

Our objective is to continue to grow our business by acquiring new brands, embracing new technologies, expanding product development and applying this to a continued stream of new products that should increase gross margins and improve operating income. In addition, it is our intention to continue to acquire synergistic companies that would allow us to leverage our overhead, penetrate new markets and expand existing product categories through our business channels.

Since 2007 we have acquired and fully integrated several acquisitions including Thomson America’s consumer electronics accessory business, Oehlbach accessories business, Incaar Limited, Technuity and Thomson audio visual in Canada, Mexico, China, Hong Kong and the United States. All of the purchase price allocations were finalized by the end of Fiscal 2009, details of which are included in our annual report for February 28, 2009.

Reportable Segments

We have determined that we operate in one reportable segment, the Electronics Group, based on review of Statement of Financial Accounting Standards No. 131, “Disclosures about Segments of an Enterprise and Related Information” (“SFAS No. 131”). The characteristics of our operations that are relied on in making and reviewing business decisions include the similarities in our products, the commonality of our customers, suppliers and product developers across multiple brands, our unified marketing and distribution strategy, our centralized inventory management and logistics, and the nature of the financial information used by our Executive Officers. Management reviews the financial results of the Company based on the performance of the Electronics Group.

Critical Accounting Policies and Estimates

The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses reported in those financial statements. These judgments can be subjective and complex, and consequently, actual results could differ from those estimates. Our most critical accounting policies and estimates relate to revenue recognition; sales incentives; accounts receivable reserves; inventory reserves, goodwill and other intangible assets; warranties, stock-based compensation, income taxes and the fair value measurements of financial assets and liabilities. A summary of the Company's significant accounting policies is identified in Note 1 of the Consolidated Financial Statements in the Company's Form 10-K for the fiscal year ended February 28, 2009. Since February 28, 2009, there have been no changes in our critical accounting policies or changes to the assumptions and estimates related to them.

The Company evaluates its indefinite lived intangible assets for impairment triggering events at each reporting period in accordance with FAS No. 142. Based on our evaluation, there were no triggering events and no impairment of indefinite lived intangible assets in the quarter ended May 31, 2009. Due to the continued economic volatility, including fluctuations in interest rates, growth rates and changes in demand for our products, there could be a change in the valuation of indefinite lived intangible assets when the Company conducts its annual impairment test.

Results of Operations

As you read this discussion and analysis, refer to the accompanying consolidated statements of operations, which present the results of our operations for the three months ended May 31, 2009 and 2008. We analyze and explain the differences between periods based on the specific line items of the consolidated statements of operations.

Three months ended May 31, 2009 compared to the three months ended May 31, 2008

The following tables set forth, for the periods indicated, certain statements of operations data for the three months ended May 31, 2009 and 2008.

Net Sales

	Three Months Ended May			
	2009	2008	\$ Change	% Change
Electronics	\$78,998	\$113,719	\$(34,721)	(30.5) %
Accessories	40,808	30,864	9,944	32.2
Total net sales	\$119,806	\$144,583	\$(24,777)	(17.1) %

Electronics sales, which represented 65.9% of our net sales for the three months ended May 31, 2009 compared to 78.7% in the prior year period, decreased \$34,721 or 30.5% primarily due to the decrease in sales generated from consumer electronic products as a result of our exit from product categories including large flat screen TV's, portable navigation and GMRS. Also impacting revenue of the Electronics Group was a decline in sales of our mobile category primarily related to the turmoil in the automotive industry. This turmoil was a result of bankruptcies, the weak economy and lack of credit available to consumers. We also experienced a decline in our digital product sales as a result of cautious buying by our customers. Additional declines were realized from the sale of a portion of our American Radio business and the bankruptcy of Circuit City. Offsetting these declines were increases in our satellite radio category as a result of the Sirius XM contract. Our international group also experienced declines as a result of the global economic issues partially offset by a sales increase in our Venezuelan operation.

Accessories sales, which represented 34.1% of our net sales for the three months ended May 31, 2009 compared to 21.3% in the prior year period, increased \$9,944 or 32.2% primarily due to the addition of new customers, new products and the increase in sales from the changeover from analog to digital TV signal transmissions.

Sales incentive expense increased \$866 to \$5,849 for the three months ended May 31, 2009 compared to the prior year period as a result of an increase in sales to those accounts that require sales incentive support, principally in the Accessories Group. The increase in sales incentive expense was partially impacted by a \$97 decrease in reversals. The decrease in sales incentive reversals was primarily due to a decrease of \$626 in unclaimed sales incentives, partially offset by an increase of \$529 in unearned sales incentives. We believe the reversal of earned but unclaimed sales incentives upon the expiration of the claim period is a disciplined, rational, consistent and systematic method of reversing unclaimed sales incentives. These sales incentive programs are expected to continue and will either increase or decrease based upon competition and customer demands.

Gross Profit

	Three Months Ended May			
	2009	2008		
Gross profit	\$22,924	\$22,515		
Gross margins	19.1	15.6	%	%

Gross margins increased by 350 basis points from 15.6% to 19.1%. Gross margins were favorably impacted by increased margins in the consumer group as a result of a change in product mix with a shift towards the RCA product brands. Gross margins were further impacted by increased margins in the accessory group as a result of new products and new customers being added. Offsetting these increases were declines in our mobile group margin due to the state of the automotive industry and increased sales in our satellite category, which have lower margins. Margins for the

Company were positively impacted by a decline in overhead resulting from our cost containment efforts related to the handling of our product instituted in the second half of Fiscal 2009, and a decline in inventory write downs from Fiscal 2009. During its first fiscal quarter in 2009, the Company wrote down its portable navigation category.

Operating Expenses and Operating Loss

	Three Months Ended May 31,			
	2009	2008	\$ Change	% Change
Operating expenses:				
Selling	\$6,959	\$9,951	\$(2,992)	(30.1) %
General and administrative	13,661	17,649	(3,988)	(22.6) %
Engineering and technical support	2,072	2,804	(732)	(26.1) %
Total operating expenses	\$22,692	\$30,404	\$(7,712)	(25.4) %
Operating income (loss)	\$232	\$(7,889)	\$8,121	(102.9) %

Operating expenses decreased \$7,712 or 25.4% for the three months ended May 31, 2009, as compared to the prior year. As a percentage of net sales, operating expenses decreased to 18.9% for the three months ended May 31, 2009, from 21.0% in the prior year period. The decrease in total operating expenses was primarily due to the overhead reduction program and cost containment efforts the Company instituted in the second half of fiscal 2009. These programs addressed cost containment in all areas of the Company. Overall employee headcount was reduced by 20% year over year. Additional savings were realized in the majority of the Company's expense categories including advertising, occupancy, employee benefits, travel and entertainment and insurance partially offset by increases in professional fees. The Company continues to review and analyze its overhead in relationship to its revenue. If necessary, further revisions to our overhead structure will be implemented.

Selling expenses decreased \$2,992 or 30.1% primarily due to savings associated with the overhead reduction and cost containment program. These savings include:

- § Sales salaries and benefits of \$1,100 as a result of headcount reductions and temporary base salary reductions,
- § Commissions of \$750 due to the decrease in net sales,
- § Advertising expenses of \$720 as a result of a decline in general advertising, public relations fees and agency consulting,
- § Travel and entertainment of \$330 as a result of headcount reductions and traveling constraints,
- § Trade show expenses declined \$100 due to less trade shows attended.

General and administrative expenses decreased \$3,988 or 22.6% over the prior year due to the following:

- § Office salaries, taxes and temporary personnel decreased \$2,000 as a result of headcount declines, mandated salary reductions and a reduction in temporary personnel,
- § Benefits declined \$390 due to a reduction in insurance costs and elimination of 401k and deferred compensation employer matches,
- § Occupancy and office expenses declined \$540 due to cost containment efforts and closing of facilities,
- § Bad debt declined \$350 as a result of recoveries during the first quarter,
- § Executive salaries decreased \$140 as a result of temporary mandated salary reductions.

Engineering and technical support expenses decreased \$732 or 26.1% as a result of a reduction in salaries and travel and entertainment due to the headcount reduction program, the sale of a portion of our American Radio operation and traveling constraints.

Other Income (Expense)

Three Months Ended		\$ Change	% Change
2009	May 31, 2008		

Interest and bank charges	\$(319)) \$(476)) \$157	(33.0)) %
Equity in income of equity investees	395	900	(505)	(56.1))
Other, net	448	296	152	51.4	
Total other income	\$524	\$720	\$(196)	(27.2)) %

Interest and bank charges represent expenses for bank obligations of Audiovox Corporation and Audiovox Germany and interest for a capital lease. The decrease in interest and bank charges is primarily due to a reduction in the average monthly outstanding bank obligations of Audiovox Germany during the period.

Other income increased due to a favorable settlement of an international human resource issue and a decline in restructuring charges incurred overseas in Fiscal 2008.

Income Tax Benefit/Provision

The effective tax rate for the three months ended May 31, 2009 was a tax expense of 37.5% compared to a benefit of 27.1% in the prior period. The effective tax rate is higher than the statutory rate primarily due to the tax effect of differences between the book and tax bases of certain intangible assets not expected to reverse in the foreseeable future.

Net Income (Loss)

The following table sets forth, for the periods indicated, selected statement of operations data beginning with operating loss from continuing operations to reported net income (loss) and basic and diluted net income (loss) per common share.

	Three Months Ended May 31,	
	2009	2008
Operating income (loss)	\$232	\$(7,889)
Other income, net	524	720
Income (loss) before income taxes	756	(7,169)
Income tax expense (benefit)	283	(1,946)
Net income (loss)	\$473	\$(5,223)
Net income (loss) per common share:		
Basic	\$0.02	\$(0.23)
Diluted	\$0.02	\$(0.23)

Net income for the three months ended May 31, 2009 was \$473 compared to a net loss of (\$5,223) in the prior year. Net income per share for the three months ended May 31, 2009 was \$0.02 (diluted) as compared to a net loss per share of (\$0.23) (diluted) for the prior year period. Net income was impacted by sales incentive reversals of \$736 (\$449 after taxes) and \$833 (\$509 after taxes) for the three months ended May 31, 2009 and 2008, respectively.

Liquidity and Capital Resources

Cash Flows, Commitments and Obligations

As of May 31, 2009, we had working capital of \$243,414 which includes cash and short-term investments of \$62,327, compared with working capital of \$241,080 at February 28, 2009, which included cash and short-term investments of \$69,504. The decrease in cash is primarily due to an increase in accounts and vendor receivables and a decrease in accounts payable and accrued expenses. These decreases were partially offset by a decline in inventory balances. We plan to utilize our current cash position as well as collections from accounts receivable, the cash generated from our operations and the income on our investments to fund the current operations of the business. However, we may utilize all or a portion of current capital resources to pursue other business opportunities, including acquisitions.

Operating activities used cash of \$6,547 for the three months ended May 31, 2009 principally due to increased vendor receivables which were paid in the second quarter.

§ The Company experienced decreased accounts receivable turnover of 4.4 during the three months ended May 31, 2009 compared to 5.5 during the three months ended May 31, 2008.

§ Inventory turnover improved to 4.2 during the three months ended May 31, 2009 compared to 3.7 during the three months ended May 31, 2008.

Investing activities used cash of \$1,087 and \$1,733 during the three months ended May 31, 2009 and 2008, respectively, primarily due to capital expenditures.

Financing activities used cash of \$126 during the three months ended May 31, 2009, primarily from repayment of bank obligations offset by borrowings from the Euro term loan.

At May 31, 2009, the Company has a secured credit line to fund the temporary short-term working capital needs of the domestic operations. This line expired on June 30, 2009 and allows aggregate borrowings of up to \$10,000 at an interest rate of Prime (or similar designations) plus 1% or LIBOR plus 5%. The line has subsequently been renewed until July 31, 2009. As of May 31, 2009 and February 28, 2009, no direct amounts were outstanding under this agreement. At May 31, 2009, the Company had \$2,393 in standby letters of credit outstanding, which reduces the amount available under the secured credit line.

As of May 31, 2009, the Company had \$4,550 (at par value) of an auction rate security included within its portfolio of long-term investment securities, which is collateralized by student loan portfolios, guaranteed by the United States government. This auction rate security is classified as an available-for-sale long-term investment. As of May 31, 2009, the Company recorded approximately \$1,042 of unrealized losses on this auction rate note.

Due to economic pressures in the U.S. credit markets during fiscal 2010, the Company considered various valuation techniques for its auction rate security. These analyses consider, among other items, the collateral underlying the security, the creditworthiness of the issuer, the timing of the expected future cash flows, including the final maturity, and an assumption of when the next time the security is expected to have a successful auction. These securities were also compared, when possible, to other observable and relevant market data, which is limited at this time. Accordingly, these securities continue to be classified as Level 3 within SFAS No. 157's hierarchy.

Certain contractual cash obligations and other commercial commitments will impact our short and long-term liquidity. At May 31, 2009, such obligations and commitments are as follows:

Contractual Cash Obligations	Total	Payments Due by Period			
		Less than 1 Year	1-3 Years	4-5 Years	After 5 Years
Capital lease obligation (1)	\$10,798	\$521	\$1,069	\$1,147	\$8,061
Operating leases (2)	31,255	4,483	6,697	4,248	15,827
Total contractual cash obligations	\$42,053	\$5,004	\$7,766	\$5,395	\$23,888

	Amount of Commitment Expiration per period				
	Total Amounts Committed	Less than 1 Year	1-3 Years	4-5 Years	After 5 years
Other Commercial Commitments					
Bank obligations (3)	\$2,233	\$2,233	\$-	\$-	\$-
Stand-by letters of credit (4)	2,393	2,393	-	-	-
Debt (5)	7,389	1,409	4,571	1,409	-
Contingent earn-out payments (6)	10,421	1,382	5,721	2,630	688
Unconditional purchase obligations (7)	85,733	85,733	-	-	-
Total commercial commitments	\$108,169	\$93,150	\$10,292	\$4,039	\$688

1. Represents total payments (interest and principal) due under a capital lease obligation which has a current (included in other current liabilities) and long term principal balance of \$77 and \$5,511, respectively at May 31, 2009.

2. We enter into operating leases in the normal course of business.

3. Represents amounts outstanding under the Audiovox Germany Euro asset-based lending facility at May 31, 2009.

4. We issue standby letters of credit to secure certain bank obligations and insurance requirements.

5. Represents amounts outstanding under a loan agreement for Audiovox Germany. This amount also includes amounts due under a call-put option with certain employees of Audiovox Germany.

6. Represents contingent payments in connection with the Thomson Accessory, Oehlbach and Thomson Audio/Video acquisitions (see Note 3 of the Company's annual report).

7. Open purchase obligations represent inventory commitments. These obligations are not recorded in the consolidated financial statements until commitments are fulfilled and such obligations are subject to change based on negotiations with manufacturers.

We regularly review our cash funding requirements and attempt to meet those requirements through a combination of cash on hand, cash provided by operations, available borrowings under bank lines of credit and possible future public or private debt and/or equity offerings. At times, we evaluate possible acquisitions of, or investments in, businesses that are complementary to ours, which transactions may require the use of cash. We believe that our cash, other liquid assets, operating cash flows, credit arrangements, and access to equity capital markets, taken together, provide adequate resources to fund ongoing operating expenditures. In the event that they do not, we may require additional funds in the future to support our working capital requirements or for other purposes and may seek to raise such additional funds through the sale of public or private equity and/or debt financings as well as from other sources. No assurance can be given that additional financing will be available in the future or that if available, such financing will be obtainable on terms favorable when required.

Off-Balance Sheet Arrangements

We do not maintain any off-balance sheet arrangements, transactions, obligations or other relationships with unconsolidated entities that would be expected to have a material current or future effect upon our financial condition or results of operations.

Subsequent Events

None to report.

Related Party Transactions

During 1998, we entered into a 30-year capital lease for a building with our principal stockholder and chairman, which was the headquarters of the discontinued Cellular operation. Payments on the capital lease were based upon the construction costs of the building and the then-current interest rates. This capital lease was refinanced in December 2006 and the lease expires on November 30, 2026. The effective interest rate on the capital lease obligation is 8%. On November 1, 2004, we entered into an agreement to sublease the building to Personal Communication Devices, LLC (Formerly UTStarcom) for monthly payments of \$46 until November 1, 2009. The sublease lease agreement has been renewed and requires for a term of three years payments of \$50 until November 1, 2012. We also lease another facility from our principal stockholder which expires on November 30, 2016. Total lease payments required under all related party leases for the five-year period ending May 31, 2014 are \$6,208.

New Accounting Pronouncements

As necessary, the FASB issues new financial accounting standards, staff positions and emerging task force consensus. See Note 16 of Notes to Consolidated Financial Statements.

ITEM 3 QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There has been no significant change in our market risk sensitive instruments since February 28, 2009.

ITEM 4. CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rules 13a-15(e) and 15d-15(e) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of the period covered by this report, these disclosure controls and procedures are effective at a “reasonable assurance” level.

There were no material changes in our internal control over financial reporting (as such term is defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) during the three month period ended May 31, 2009 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

PART II - OTHER INFORMATION

ITEM 1 LEGAL PROCEEDINGS

See Note 15 of the Notes to the Consolidated Financial Statements in Part I, Item 1 of this Form 10-Q and Note 15 of the Form 10-K for the fiscal year ended February 28, 2009 for information regarding legal proceedings.

ITEM 1A. RISK FACTORS

There have been no material changes from the risk factors previously disclosed in the Company's Form 10-K for the fiscal year ended February 28, 2009.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

There were no shares of common stock repurchased during the three months ended May 31, 2009.

ITEM 6. EXHIBITS

Exhibit Number	Description
