and

## Section 8 - Other Events

### Item 8.01 Other Events

On September 29, 2011, LG&E and KU Energy LLC (“LKE”), a wholly owned subsidiary of PPL Corporation (“PPL”), issued \$250 million of 4.375% senior notes (“Notes”) due 2021 under its Indenture dated as of November 1, 2010 to The Bank of New York Mellon as trustee, as previously supplemented and supplemented by Supplemental Indenture No. 2 thereto (the “Supplemental Indenture”), dated as of September 1, 2011 (collectively, the “Indenture”).

The Notes were offered in a transaction exempt from registration under the Securities Act of 1933, as amended (the “Act”), only to qualified institutional buyers in accordance with Rule 144A under the Act and outside the United States to non-U.S. persons in accordance with Regulation S under the Act. In connection with the issuance, LKE entered into a Registration Rights Agreement dated as of September 29, 2011 (the “Registration Rights Agreement”) with representatives of the initial purchasers of the Notes, pursuant to which LKE agreed to file a registration statement to exchange the Notes for securities containing substantially identical terms (except for certain transfer restrictions), or in certain cases to file a registration statement covering resales of the Notes. Pursuant to the Registration Rights Agreement, LKE may be required to pay liquidated damages if it does not meet certain requirements under the Registration Rights Agreement. Liquidated damages will generally accrue on the subject securities at a rate of 0.25% per annum for the first 90 days from and including the date on which a default specified under the Registration Rights Agreement occurs, and increase by an additional 0.25% per annum thereafter, provided that the liquidated damages rate shall not at any time exceed 0.50% per annum. Liquidated damages will cease to accrue when all registration defaults under the Registration Rights Agreement have been cured.

The net proceeds from the sale of the Notes were used to make a return of capital in the form of a distribution of \$248 million to PPL. In connection with PPL’s acquisition of LKE from E.ON AG on November 1, 2010, PPL made an equity contribution to LKE of approximately \$1.5 billion, together with certain loans from a PPL subsidiary, in order for LKE to repay certain loans from subsidiaries of E.ON AG. Later in November 2010, LKE used the proceeds of an \$875 million notes offering to repay a portion of such intercompany loans and make a return of capital to PPL of \$100 million.

Copies of the Supplemental Indenture and the Registration Rights Agreement are filed with this report as Exhibits 4(a) and 4(b), respectively, and incorporated herein by reference.
