Performance data quoted in this report represents past performance and does not guarantee or indicate future investment results. The rates of return will vary and the principal value of an investment will fluctuate. Shares, if sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted. Total returns of the Corporation as of the most recent month end will be made available at www.seligman.com¹ by the seventh business day following that month end. J. & W. Seligman & Co. Incorporated, the investment manager of the Corporation, made certain payments to the Corporation in 2004. * Returns for periods of less than one year are not annualized.

** The Lipper Closed-End Core Funds Average and the Lipper Large-Cap Core Funds Average (the "Lipper Averages") and the Standard & Poor's 500 Composite Stock Price Index (the "S&P 500") are unmanaged benchmarks that assume reinvestment of all distributions. The Lipper Averages exclude the effect of taxes and any costs associated with the purchase of shares, and the S&P 500 excludes the effect of fees, taxes, and sales charges. The Lipper Closed-End Core Funds Average measures the performance of closed-end funds. The Lipper Large-Cap Core Funds Average includes open-end funds that, by portfolio practice, invest at least 75% of their assets in companies with market capitalizations (on a three-year weighted basis) greater than 300% of the dollar-weighted median market capitalization of the middle 1,000 securities of the S&P SuperComposite 1500 Index (\$14.5 billion as of March 31, 2007). The Lipper Large-Cap Core Funds Average is provided for comparative purposes so that the Corporation's performance can be measured against both closed-end and open-end funds with similar portfolio holdings as the Corporation. Lipper classifies the Corporation, based on its portfolio holdings, as a Closed-End Core Fund. The S&P 500 measures the performance of 500 of the largest US companies based on market capitalizations. Investors cannot invest directly in an index or an average.

□ Preferred Stockholders were paid dividends totaling \$0.625 per share.

□ Represents the per share amount of gross unrealized gain or loss of portfolio securities as of March 31, 2007.

∅ Current yield, representing the annualized yield for the 30-day period ended March 31, 2007, has been computed in accordance with SEC regulations and will vary.

Security Valuation □ Securities traded on an exchange are valued at the last sales price on the primary exchange or market on which they are traded. Securities not listed on an exchange or security market, or securities for which there is no last sales price, are valued at the mean of the most recent bid and asked prices or are valued by J. & W. Seligman & Co. Incorporated (the "Manager") based on quotations provided by primary market makers in such securities. Securities for which market quotations are not readily available (or are otherwise no longer valid or reliable) are valued at fair value determined in accordance with procedures approved by the Board of Directors. This can occur in the event of, among other things, natural disasters, acts of terrorism, market disruptions, intra-day trading halts, and extreme market volatility. The determination of fair value involves subjective judgments. As a result, using fair value to price a security may result in a price materially different from the prices used by other investment companies to determine net asset value or the price that may be realized upon the actual sale of the security. Short-term holdings that mature in more than 60 days are valued at current market quotations. Short-term holdings maturing in 60 days or less are valued at current market quotations or amortized cost if the Manager believes it approximates fair value.

Tri-Continental Corporation

Stockholder Services

Tri-Continental provides a number of services to make maintaining an investment in its Common Stock more convenient. Please consult Tri-Continental's prospectus for the terms and conditions of these services.

Automatic Dividend Investment and Cash Purchase Plan. Subject to the terms and conditions set forth in the prospectus, Stockholders may automatically purchase additional shares with dividends and capital gains. There is no charge for this service. Stockholders may also, subject to the terms and conditions of the prospectus, purchase additional shares directly from the Corporation. There is a service fee of a maximum of \$2.00 for each cash purchase transaction.

Automatic Cash Withdrawal Plan. Stockholders who hold common shares with a market value of \$5,000 or more may elect to receive a fixed amount from their investment at regular intervals by selling their shares to the Corporation.

Traditional Individual Retirement Account (IRA). Stockholders who have earned income and are under age 70½ may contribute up to \$4,000 per year to a Traditional IRA for 2007. A working or non-working spouse may also contribute up to \$4,000 to a separate Traditional IRA for 2007. Additionally, individuals who reach age 50 prior to the end of a taxable year may make "catch-up contributions" to a Traditional IRA of up to \$1,000. Contributions to a Traditional IRA may be deductible or non-deductible. If you are single and *not* covered by an employer's retirement plan, your contribution will always be deductible. For individuals who are covered by a plan, contributions will be fully deductible if your modified adjusted gross income (MAGI) in 2007 is less than \$51,000. For spouses who are both covered by a plan, contributions will be fully deductible if your MAGI is less than \$83,000. If one spouse does not work or is not covered by a retirement plan, that spouse's contribution will be fully deductible provided your household MAGI does not exceed \$156,000. If your contribution is not deductible, you may still take advantage of the tax-deferred accumulation of earnings in your Traditional IRA.

Rollover IRA. You may be eligible to roll over a distribution of assets received from another IRA, a qualified employee benefit plan, or tax-deferred annuity into a Rollover IRA with Tri-Continental. To avoid a tax penalty, the transfer to a Rollover IRA must occur within 60 days of receipt of the qualifying distribution. If you do not make a direct transfer of a distribution from a qualified employee benefit plan or a tax-deferred annuity to a Rollover IRA, the payor of the distribution must withhold 20% of the distribution.

Roth IRA. You (and a working or non-working spouse) may each make an after-tax contribution of up to \$4,000 per year to a Roth IRA provided you have earned income and meet the eligibility requirements. Your MAGI must be less than \$95,000 (individuals) or \$150,000 (married couples) to be eligible to make a full contribution to a Roth IRA. You are eligible to make a partial Roth IRA contribution if your MAGI is below \$110,000 (individuals) or \$160,000 (married couples). Total combined contributions to a Roth IRA and a Traditional IRA cannot exceed \$4,000 in any year. Additionally, individuals who reach age 50 prior to the end of a taxable year may make "catch-up contributions" to either a Roth IRA or Traditional IRA of up to \$1,000. Earnings grow tax-free and will be distributed to you tax-free and penalty-free provided that you hold your account for at least five years **and** you take the distribution either after age 59½, for disability, upon death, or to make a first-time home purchase (up to \$10,000). Unlike a Traditional IRA, you may contribute to a Roth IRA even if you are over age 70½ (if you have earned income), and you are not required to take minimum distributions at age 70½. You may

convert an existing Traditional IRA to a Roth IRA to take advantage of tax-free distributions. You must pay taxes on any earnings and deductible contributions in your Traditional IRA when converting it to a Roth IRA. Talk to your financial advisor for more details on converting your Traditional IRA.

Retirement Planning □ Qualified Plans Unincorporated businesses and the self-employed may take advantage of the same benefits in their retirement plans that are available to corporations. Contribution levels can go as high as 100% of earned income (reduced by plan contributions), to a maximum of \$45,000 per participant. For retirement plan purposes, no more than \$225,000 may be taken into account as earned income under the plan in 2007. Social Security integration and employee vesting schedules are also available as options in the Tri-Continental prototype retirement plans. Although you already may be participating in an employer's retirement plan, you may be eligible to establish another plan based upon income from other sources, such as director's fees.

Retirement Plan Services provides information about our prototype retirement plans. The toll-free telephone number is (800) 445-1777 in the US and (212) 682-7600 outside the US.

Gifts Free of Federal Tax are often made using Tri-Continental Common Stock. You may give as much as \$12,000 a year to as many individuals as desired free of federal gift tax, and a married couple may give up to \$24,000 a year.

Stock Repurchase Program. On November 16, 2006, the Board of Directors authorized the renewal of Tri-Continental's ongoing share repurchase program. The program authorizes the Corporation to repurchase up to 5% of the Corporation's shares during the period from January 1, 2007 through December 31, 2007, provided that the discount of a share's market price to its net asset value (□NAV□) remains greater than 10%. The stock repurchase plan seeks, among other things, to moderate the growth in the number of shares outstanding, increase the net asset value of outstanding shares, increase the liquidity of Tri-Continental's common stock, and reduce the dilutive impact on Stockholders who do not take capital gains distributions, when such distributions are made, in additional shares.

Between January 1, 2007 and March 31, 2007, 1 million shares were repurchased. This is approximately 1% of the shares outstanding at the beginning of the period. On April 6, 2007, the Board of Directors approved a suspension of the stock repurchase program pending the outcome of the vote of Stockholders of the Corporation on a proposal to implement a Distribution Policy.
