Performance data quoted in this report represents past performance and does not guarantee or indicate future investment results. The rates of return will vary and the principal value of an investment will fluctuate. Shares, if sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted. Total returns of the Corporation as of the most recent month end will be made available at www.seligman.com¹ by the seventh business day following that month end. J. & W. Seligman & Co. Incorporated, the investment manager of the Corporation, made certain payments to the Corporation in 2004. Absent such payments, the net asset value returns that include this period would have been lower. Returns reflect changes in market price or net asset value, as applicable, and assume reinvestment of distributions. Performance data quoted does not reflect the deduction of taxes that investors may pay on distributions or the sale of shares. An investment in Tri-Continental is not a deposit in a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation.

Investment Results Per Common Share (continued)

* Returns for periods of less than one year are not annualized.

** The Lipper Closed-End Core Funds Average and the Lipper Large-Cap Core Funds Average (the "Lipper Averages") and the Standard & Poor's 500 Composite Stock Price Index (the "S&P 500") are unmanaged benchmarks that assume reinvestment of all distributions. The Lipper Averages exclude the effect of taxes and any costs associated with the purchase of shares, and the S&P 500 excludes the effect of fees, taxes, and sales charges. The Lipper Closed-End Core Funds Average measures the performance of closed-end funds. The Lipper Large-Cap Core Funds Average includes open-end funds that, by portfolio practice, invest at least 75% of their assets in companies with market capitalizations (on a three-year weighted basis) greater than 300% of the dollar-weighted median market capitalization of the middle 1,000 securities of the S&P SuperComposite 1500 Index (\$16.7 billion at September 30, 2007). The Lipper Large-Cap Core Funds Average is provided for comparative purposes so that the Corporation's performance can be measured against both closed-end and open-end funds with similar portfolio holdings as the Corporation. Lipper classifies the Corporation, based on its portfolio holdings, as a Closed-End Core Fund. The S&P 500 measures the performance of 500 of the largest US companies based on market capitalizations. Investors cannot invest directly in an index or an average.

‡ Preferred Stockholders were paid dividends totaling \$1.875 per share.

□ Represents the per share amount of gross unrealized gain or loss of portfolio securities as of September 30, 2007.

∅ Current yield, representing the annualized yield for the 30-day period ended September 30, 2007, has been computed in accordance with SEC regulations and will vary.

Tri-Continental provides a number of services to make maintaining an investment in its Common Stock more convenient. Please consult Tri-Continental's prospectus for the terms and conditions of these services.

Distribution Policy. Holders of Tri-Continental Common Stock will receive quarterly distributions equal to a minimum of 2.75% of the net asset value of Tri-Continental's Common Stock on the last business day of the preceding calendar quarter (approximately 11% annually). The payment options for receiving distributions are:

- 100% of distribution to be invested in additional shares of Tri-Continental
- 75% of distribution to be invested in additional shares, 25% of distribution to be paid in cash
- 50% of distribution to be invested in additional shares, 50% of distribution to be paid in cash
- 100% of distribution to be paid in cash

You can change your payment election at any time by contacting your financial advisor or Stockholder Services at 800-TRI-1092.

Automatic Dividend Investment and Cash Purchase Plan. Subject to the terms and conditions set forth in the prospectus, Stockholders may automatically purchase additional shares with distribution payments. There is no charge for this service. Stockholders may also, subject to the terms and conditions of the prospectus, purchase additional shares directly from the Corporation. There is a service fee of a maximum of \$2.00 for each cash purchase transaction.

Automatic Cash Withdrawal Plan. Stockholders who hold Common Stock with a market value of \$5,000 or more may elect to receive a fixed amount from their investment at regular intervals by selling their shares to the Corporation.

Traditional Individual Retirement Account (IRA). Stockholders who have earned income and are under age 70¹ / ² may contribute up to \$4,000 per year to a Traditional IRA for 2007 (\$5,000 per year in 2008). A working or non-working spouse may also contribute up to \$4,000 to a separate Traditional IRA for 2007 (\$5,000 per year in 2008). Additionally, individuals who reach age 50 prior to the end of a taxable year may make "catch-up contributions" to a Traditional IRA of up to \$1,000. Contributions to a Traditional IRA may be deductible or non-deductible. If you are single and *not* covered by an employer's retirement plan, your contribution will always be deductible. For individuals who are covered by a plan, contributions will be fully deductible if your modified adjusted gross income (MAGI) in 2007 is less than \$51,000 (\$53,000 in 2008). For spouses who are both covered by a plan, contributions will be fully deductible if your MAGI is less than \$83,000 (\$85,000 in 2008). If one spouse does not work or is not covered by a retirement plan, that spouse's contribution will be fully deductible provided your household MAGI does not exceed \$156,000 (\$159,000 in 2008). If your contribution is not deductible, you may still take advantage of the tax-deferred accumulation of earnings in your Traditional IRA.

Rollover IRA. You may be eligible to roll over a distribution of assets received from another IRA, a qualified employee benefit plan, or tax-deferred annuity into a Rollover IRA with Tri-Continental. To avoid a tax penalty, the transfer to a Rollover IRA must occur within 60 days of receipt of the qualifying distribution. If you do not make a direct transfer of a distribution from a qualified employee benefit plan or a tax-deferred annuity to a Rollover IRA, the payor of the distribution must withhold 20% of the distribution.

Stockholder Services (continued)

Roth IRA. You (and a working or non-working spouse) may each make an after-tax contribution of up to \$4,000 per year (\$5,000 in 2008) to a Roth IRA provided you have earned income and meet the eligibility requirements. Your MAGI must be less than \$95,000 for individuals (\$101,000 in 2008) or \$150,000 for married couples (\$159,000 in 2008) to be eligible to make a full contribution to a Roth IRA. You are eligible to make a partial Roth IRA contribution if your MAGI is below \$110,000 for individuals (\$116,000 in 2008) or \$160,000 for married couples (\$169,000 in 2008). Total combined contributions to a Roth IRA and a Traditional IRA cannot exceed \$4,000 in any year. Additionally, individuals who reach age 50 prior to the end of a taxable year may make catch-up contributions to either a Roth IRA or Traditional IRA of up to \$1,000. Earnings grow tax-free and will be distributed to you tax-free and penalty-free provided that you hold your account for at least five years and you take the distribution either after age 59½, for disability, upon death, or to make a first-time home purchase (up to \$10,000). Unlike a Traditional IRA, you may contribute to a Roth IRA even if you are over age 70½ (if you have earned income), and you are not required to take minimum distributions at age 70½. You may convert an existing Traditional IRA to a Roth IRA to take advantage of tax-free distributions. You must pay taxes on any earnings and deductible contributions in your Traditional IRA when converting it to a Roth IRA. Talk to your financial advisor for more details on converting your Traditional IRA.

Retirement Planning – Qualified Plans Unincorporated businesses and the self-employed may take advantage of the same benefits in their retirement plans that are available to corporations. Contribution levels can go as high as 100% of earned income (reduced by plan contributions), to a maximum of \$45,000 per participant (\$46,000 in 2008). For retirement plan purposes, no more than \$225,000 may be taken into account as earned income under the plan in 2007 (\$230,000 in 2008). Social Security integration and employee vesting schedules are also available as options in the Tri-Continental prototype retirement plans. Although you already may be participating in an employer's retirement plan, you may be eligible to establish another plan based upon income from other sources, such as director's fees.

Retirement Plan Services provides information about our prototype retirement plans. The toll-free telephone number is (800) 445-1777 in the US and (212) 682-7600 outside the US.

Stock Repurchase Program. On March 20, 2007, Tri-Continental suspended the open-market purchases portion of its stock repurchase program pending the outcome of the vote of Stockholders of the Corporation on a proposal to implement a Distribution Policy. The Distribution Policy was approved by Stockholders on May 30, 2007, and the Board of Directors authorized the repurchase of common stock in the open market if the discount to net asset value is greater than 5%. The Board intends such repurchases to moderate the growth in the number of outstanding shares resulting from the investment by Stockholders of distributions received under the Distribution Policy. The Corporation recommenced its open market purchases in August 2007 following the first distribution paid under the Distribution Policy.

On November 15, 2007, the Board of Directors voted to renew Tri-Continental's stock repurchase program. The program allows the Corporation to repurchase up to 5% of its common stock in the open market from January 1, 2008 through December 31, 2008, as long as its discount to NAV exceeds 5%.
