Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

The authorized capital of the Corporation consists of an unlimited number of Common Shares. As of April 11, 2005, the Corporation had issued and outstanding 58,785,789 Common Shares.

The Corporation shall make a list of all persons who are registered holders of Common Shares on April 18, 2005 (the "Record Date") and the number of Common Shares registered in the name of each person on that date. Each shareholder is entitled to one vote for each Common Share registered in his name as it appears on the list except to the extent that such shareholder has transferred any of his shares after the Record Date and the transferee of those shares produces properly endorsed share certificates or otherwise establishes that he owns the shares and demands, not later than ten days before the Meeting, that his name be included in the list. In such case the transferee is entitled to vote those shares at the Meeting in lieu of the transferor.

One-third of the outstanding Common Shares entitled to vote, represented in person or by properly executed proxy, is required for a quorum at the Meeting. Abstentions will be counted as "represented" for purposes of determining the presence or absence of a quorum. Complete broker non-votes, which are indications by a broker that it does not have discretionary authority to vote on any of the matters to be considered at the Meeting, will not be counted as "represented" for the purpose of determining the presence or absence of a quorum.

2

To the knowledge of the directors and executive officers of the Corporation, as of April 11, 2005, no person beneficially owns, directly or indirectly, or exercises control of direction over more than 10% of the outstanding Common Shares.

Under the Canada Business Corporations Act (the "CBCA"), once a quorum is established, in connection with the election of directors, the seven nominees receiving the highest number of votes will be elected. In order to approve each of the proposals in respect of the ratification of the appointment of independent auditors, the approval of the 2005 Plan and the approval of the Bylaw Amendment (as defined herein), the votes cast in favour of such proposal must exceed the votes cast against. Abstentions and broker non-votes will not have the effect of being considered as votes cast against any of the matters considered at the Meeting.

(f) Compensation Committee Interlocks and Insider Participation

The Corporation established a Compensation Committee on November 10, 2003 to administer its executive compensation program. In April 2004, the Board replaced the Compensation Committee with a Compensation, Corporate Governance and Nominations Committee (the "Compensation and Nominating Committee") of the Board. The Compensation and Nominating Committee consists of George Hartman (Chair), James Golla and David King, each of whom is independent under Nasdaq's listing standards applicable to such committee. None of Messrs. Hartman, Golla or King is currently or has formerly been an officer or employee of the Corporation or its subsidiaries. On December 1, 2003, the Corporation entered into consulting agreement with a corporation whose managing partner is Mr. King. See "Interest of Informed Persons in Material Transactions." If elected by the shareholders, Messrs. Hartman, Golla and King are expected to be members of the Committee during 2005.

In addition to evaluating and approving employment contracts for key employees throughout the year, the Board, the Compensation Committee (prior to April 2004) and the Compensation and Nominating Committee formally considered compensation issues 12 times during the 2004 fiscal year in connection with the authorization of grants of options to purchase Common Shares.

(g) Compensation Committee Report on Executive Compensation

Notwithstanding anything to the contrary set forth in any of the Corporation's previous filings under the United States Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, that incorporates by reference, in whole or in part, subsequent filings including, without limitation, this Information Circular and Proxy Statement, the Compensation Committee Report and the Performance Graph set forth below shall not be deemed to be incorporated by reference into any such filings.

As required by the proxy rules promulgated by the United States Securities and Exchange Commission (the "SEC") and applicable Canadian securities laws, this Compensation Committee Report describes the overall compensation goals and policies applicable to the executive officers of the Corporation, including the basis for determining the compensation of executive officers for the 2004 fiscal year.

14

In determining the amount and composition of compensation for the Corporation's executive officers, the Board is guided by several factors. Because the Corporation has a small number of employees, compensation practices are flexible in response to the needs and talents of the individual officer, entrepreneurial, and geared toward rewarding contributions that enhance shareholder value. In prior years, because the Corporation had no substantial

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

revenues from operations and needed capital for research and development, the Corporation kept salaries and bonuses at levels that the Corporation believed were lower than many of the Corporation's competitors and compensated employees (including executive officers) primarily in the form of stock options. Going forward, the Corporation intends to use a combination of more competitive salaries, cash bonuses and stock options to align the interest of the executive officers and other employees with the long-term interests of the Corporation and its shareholders and to attract and retain talented employees who can enhance the Corporation's value.

Compensation Components

Annual Base Salary. The Corporation's compensation of its executive officers consists of three components: base salary, bonuses, and long-term incentive awards in the form of stock options. The Board establishes base salaries based primarily on its subjective judgment, taking into consideration both qualitative and quantitative factors. Among the factors considered by the Board are: (i) the qualifications and performance of each executive officer; (ii) the performance of the Corporation as measured by such factors as progress in product development and increased shareholder value; (iii) salaries provided by other companies inside and outside the industry that are of a comparable size and at a similar development stage, to the extent known; and (iv) the capital position and needs of the Corporation. The Board does not assign any specific weights to these factors in determining salaries. It does, however, try to keep base salaries as low as possible, consistent with the needs and status of the executive officers, in order to preserve capital for future growth and development.

Incentive Bonuses. The Corporation may also compensate its executive officers in the form of bonuses. In addition, the Corporation may pay bonuses to other key employees in the future as a reward for significant and specific achievements that have a significant impact on shareholder value. Because the Corporation does not have a history of earnings per share, net income, or other conventional data to use as a benchmark for determining the amount or existence of bonus awards, the Board generally makes such determinations based on its subjective evaluation of each individual's contribution to the Corporation. In some cases, however, bonuses payable to individuals may be tied to specific criteria identified at the time of engagement. In any event, the Compensation Committee reserves the right to increase or decrease incentive bonuses, based on its assessment of individual and team performance and the circumstances surrounding that performance.

In the 2004 fiscal year, the executive management team, except the CEO, were eligible for a "performance bonus" ranging from 40%-60% of base salary, depending on level of individual responsibility. The bonus was to be paid 60% in cash and 40% in the equivalent value of stock options. Payment of any bonus was based on the attainment of separate, specified corporate and individual objectives. Corporate/team objectives were set in 3 areas; revenue, product licensing or commercialization and cost control. Full attainment of all three objectives would have resulted in each member receiving one-half of their full bonus entitlement. Achieving less than all three objectives resulted in a reduction of the bonus level. No team bonus was awarded if at least 70% of the team's objectives were not met. In fiscal 2004, the management team achieved 83% of its team objectives and bonuses were awarded accordingly. Similarly, each executive was evaluated against specific personal objectives and was eligible to receive one-half of their bonus entitlement for full attainment of their

individual objectives. Achieving less than all three objectives resulted in a

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

reduction of the bonus level. No individual bonus was awarded if at least 70% of the executive's personal objectives were not met. In fiscal 2004, individual executives achieved 65%-95% of their personal objectives and bonuses were awarded accordingly.

Stock Options. As stated, in the past, the Corporation has relied extensively on stock options to compensate executive officers and other key employees. The 1996 Plan and the 1998 Plan are designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to reward option holders for past performance and to give option holders the incentive to remain with the Corporation long term. Individual grants are determined on the basis of the Board's assessment of an individual's current and expected future performance, level of responsibilities, and the importance of his or her position with, and contribution to, the Corporation. In the 2004 fiscal year, the Board granted options to purchase 300,000 Common Shares to Dr. Gotcher in connection with his employment agreement. In addition, as part of its evaluation and bonus process, the Board granted options to purchase 26,500 Common Shares to Edward Dickinson, options to purchase 27,200 Common Shares to Douglas Ellsworth, options to purchase 25,000 Common Shares to Bruce Sabacky and options to purchase 100,000 Common Shares to Dr. Gotcher. The Board did consider the number, vesting status and exercise price of existing options in the course of determining whether to grant additional options.

CEO Compensation. In the fiscal year 2004, the CEO received a base salary according to the terms of his employment agreement. In addition, the CEO was awarded a "performance bonus" of \$95,000 in cash and was awarded options to purchase Common Shares, which awards have a collective value equal to 69% of his base salary. The bonus and options were awarded following an aggregated assessment of CEO performance by each independent Director, based on both quantitative and qualitative criteria. Quantitatively, CEO performance objectives were set in 3 areas; revenue, product licensing or commercialization and cost control. In fiscal 2004, the CEO achieved 83% of his personal quantitative objectives. Qualitatively, the CEO's performance was measured against sixteen criteria including: enhancing shareholder value, developing corporate guiding principles, strategic planning, operating policies and procedures, effective organizational structure, management succession planning, employee morale and productivity, proactive change management, progress evaluation, communication with the Board, operational control, leading by exemplary example, enabling team performance, facilitating Board duties, being an effective company spokesperson and meeting corporate financial and operational objectives. In fiscal 2004, the CEO achieved 100% of his personal qualitative objectives.

In addition to an agreement to provide consulting services to the Corporation, the separation agreement included a 12-month non-competition, non-solicitation and non-disparagement covenant as well as a release of claims. PROPOSAL NO. 3 - APPROVAL OF ALTAIR NANOTECHNOLOGIES INC. 2005 STOCK INCENTIVE PLAN

In January 2005, the Board approved, subject to shareholder approval, the 2005 Plan, pursuant to which the Board (or subcommittee thereof) will be authorized to grant options and other incentive awards with respect to an aggregate of 3,000,000 Common Shares. If the 2005 Plan is approved by shareholders, the authority of the Corporation to grant options with respect to the 834,500 Common Shares available under the 1996 Plan and the 1998 Plan shall cease. Under rules governing the Corporation's listing on the Nasdaq SmallCap Market, the Corporation is required to seek shareholder approval for the 2005 Plan. Such approval is also required in order for the Corporation to be able to grant incentive stock options under the 2005 Plan.

The Board believes that the availability of stock options and other incentives is an important factor in the Corporation's ability to attract and retain qualified employees and to provide an incentive for them to exert their best efforts on behalf of the Corporation. The Corporation has, and may periodically continue to, use stock options and other incentive awards to compensate consultants that provide services to the Corporation.

22

Description of the 2005 Stock Incentive Plan

The following summary of the 2005 Plan is qualified in its entirety by reference to the full text of the 2005 Plan, a copy of which is available from the Corporation upon request.

Shares Reserved for Issuance Under the 2005 Plan. The Corporation has reserved a total of 3,000,000 Common Shares for issuance under the 2005 Plan. The number and kind of shares available for grants under the 2005 Plan will be adjusted proportionately by the Board if the number of outstanding Common Shares is hereafter increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Corporation by reason of any stock split, combination of shares, dividend payable in shares, recapitalization or reclassification. As of April 8, 2005, the closing sale price of the Common Shares, as reported by the Nasdaq SmallCap Market, was \$3.69 per share.

Types of Awards. The 2005 Plan authorizes the Board to grant incentive stock options, non-incentive stock options, stock bonuses, restricted stock and performance-based awards.

Eligibility. Grants under the 2005 Plan may, at the discretion of the Board, be awarded to directors, officers and employees and non-employee agents, consultants, advisers and independent contractors of the Corporation or any parent or subsidiary of the Corporation. The Corporation currently has 8 directors, 27 employees and officers, and an indeterminable number of consultants and advisers who could be eligible to receive grants under the 2005 Plan.

Administration. The Board will administer the 2005 Plan. Subject to the terms of the 2005 Plan, the Board may from time to time adopt and amend rules and regulations relating to the administration of the 2005 Plan, advance the lapse of any waiting period, accelerate any exercise date, waive or modify any restriction applicable to shares (except those restrictions imposed by law) and make all other determinations in the judgment of the Board necessary or desirable for the administration of the 2005 Plan. The Board may delegate to a committee of the Board any or all authority for administration of the 2005 Plan other than the right to amend or terminate the 2005 Plan.

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

Amendment and Termination of the 2005 Plan. The Board may amend the 2005 Plan at any time in any respect, subject to any legal or regulatory restriction. Except for changes in outstanding options in connection with changes in capital structure and Significant Transactions (as defined below), no change in an option already granted may be made without the consent of the holder of the option. The 2005 Plan will terminate when all shares reserved for issuance under the 2005 Plan have been issued and all restrictions on such shares have lapsed or when earlier terminated by the Board.

Description of Stock Options

Options Terms. With respect to each option grant, the Board determines the number of shares subject to the option, the exercise price, the term of the option and the time or times at which the option may be exercised. At the time of the grant of an option or at any time thereafter, the Board may provide that an optionee who exercised an option to purchase Common Shares shall automatically receive a new option to purchase additional shares equal to the number of shares surrendered and may specify the terms and conditions of such new options.

Exercise of Options. Except as described under "Termination of Employment, Disability or Death" below or as determined by the Board, an option may not be exercised unless, when exercised, the optionee is an employee of, or is providing service to, the Corporation or any subsidiary of the Corporation

23

and has been continuously so employed or providing service since the date the option was granted. Absence on leave approved by the Corporation, parent or subsidiary or on account of illness or disability is not deemed a termination or interruption of employment or service for this purpose. Unless otherwise determined by the Board, vesting of options continues during a medical, family or military leave of absence, whether paid or unpaid, and vesting of options is suspended during any other unpaid leave of absence.

When exercising an option, the optionee must pay the full purchase price in cash or check unless the Board determines otherwise. Subject to the approval of the Board, which may be withheld for any or no reason, an optionee may pay for all or some of the shares with Common Shares of the Corporation valued at fair market value, restricted stock, performance units or other contingent awards denominated in either stock or cash or other forms of consideration. The 2005 Plan permits the Board to accept promissory notes as consideration for stock options; however promissory notes are generally not sufficient consideration for the issuance of Common Shares under the CBCA.

Termination of Employment, Disability or Death. Unless otherwise determined by the Board at any time, if an optionee ceases to be employed by or to provide service to the Corporation, any parent or subsidiary of the Corporation for any reason other than death or total disability, the optionee may exercise any option then held at any time prior to the earlier of its expiration date or 30 days following the termination date, but only if and to the extent the option was exercisable as of the termination date. Any portion of an option not exercisable at the date of termination lapses.

Unless otherwise determined by the Board, if the optionee's employment or service terminates because of total disability, the optionee may exercise any option then held at any time prior to the earlier of its expiration date or 12 months after the date of termination, but only to the extent the option was exercisable on the date of termination.

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

Unless otherwise determined by the Board, if an optionee dies while in the employment of or providing services to the Corporation or any parent or subsidiary of the Corporation, the option then held may be exercised by the optionee's legal heirs at any time prior to the earlier of its expiration date or 12 months after the date of death, but only if and to the extent the option was exercisable as of the date of death.

Non-Transferability of Options. Unless otherwise determined by the Board at any time, each stock option granted under the 2005 Plan by its terms is nonassignable and nontransferable by an optionee, either voluntarily or by operation of law, other than by will or the laws of descent or distribution upon the death of an optionee. An option may be exercised only by an optionee or, after death, by a successor or representative of an optionee.

Merger, Reorganization, Dissolution, Stock Split or Similar Event. In the event of a merger, consolidation, plan of exchange, acquisition of property or stock, split-up, split-off, spin-off, reorganization or liquidation to which the Corporation is a party or any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Corporation, or the transfer by one or more shareholders, in one transfer or several related transfers, of 50% or more of the Common Shares outstanding on the date of such transfer (or the first of such related transfers) to persons, other than wholly-owned subsidiaries or family trusts, who were not shareholders of the Corporation prior to the first such transfer (each, a "Significant Transaction"), the Board shall, in its sole discretion and to the extent possible under the structure of the Significant Transaction, select one of the following alternatives for treating outstanding options under the 2005 Plan:

24

- o Outstanding options shall remain in effect in accordance with their terms;
- o Outstanding options shall be converted into options to purchase stock in one or more of the corporations, including the Corporation, that are the surviving or acquiring corporations in the Significant Transaction (with the amount, type of securities subject thereto and exercise price of the converted options being determined by the Board taking into account the relative values of the companies involved in the Significant Transaction)
- o The Board shall provide a period at least 10 days before the completion of the Significant Transaction during which outstanding options may be exercised to the extent then exercisable, and upon the expiration of that period, all unexercised options shall immediately terminate. (The Board may, in its sole discretion, accelerate the exercisability of options so that they are exercisable in full during that period.)

In the event of the dissolution of the Corporation, options will be treated as provided in the immediately preceding paragraph.

Stock Bonuses and Restricted Stock.

The Board may award Common Shares under the 2005 Plan as stock bonuses or as restricted stock. Shares awarded as a bonus or as restricted stock are subject to the terms, conditions and restrictions determined by the Board, including restrictions concerning transferability and forfeiture of the shares awarded. The Board may require the recipient to sign an agreement as a condition

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

of the award, which agreement shall contain any terms, conditions, restrictions, representations and warranties required by the Board. The certificates representing the shares shall bear any legends required by the Board.

Performance-based Awards.

Under the 2005 Plan, the Board may grant performance-based awards. These awards are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code and regulations thereunder. Performance-based awards shall be denominated at the time of grant either in Common Shares or in dollar amounts. Performance-based awards may be granted in whole or in part if the Corporation achieves written objective goals established by the Board over a designated period of time. Payment of an award earned may be in cash or stock or both as determined by the Board. In addition to the requirement that participants satisfy certain performance goals, the Board may impose additional restrictions to payment under a performance-based award.

No participant may receive in any fiscal year stock-based performance awards under which the aggregate amount payable under the awards exceeds the equivalent of 500,000 Common Shares or cash-based performance awards under which the aggregate amount payable exceeds \$1,000,000.

United States Federal Income Tax Consequences

The following is a general discussion of certain United States federal income tax consequences of stock options granted under the 2005 Plan. The discussion does not describe any tax consequences under the tax laws of any state, locality or foreign jurisdiction and does not include any tax consequences associated with any awards other than stock options. Furthermore, the discussion is based on the provisions of the Code and regulations, rulings and judicial decisions thereunder as of the date hereof, and such authorities

25

may be repealed or modified retroactively so as to result in federal income tax consequences different from those discussed below. The discussion below does not discuss all federal tax consequences that may be relevant to a particular grantee, and is not intended as tax advice. Each grantee should consult his or her individual tax adviser.

Options

Incentive Options. No income is recognized by the grantee of an incentive stock option upon the grant or timely exercise of the incentive stock option. Exercise of an incentive stock option may, however, give rise to taxable ordinary income to the optionee if the optionee subsequently engages in a "disqualifying disposition," as described below. Additionally, the spread between the fair-market value of shares obtained upon exercise of an incentive stock option and the exercise price normally is an adjustment to alternative minimum taxable income and may result in the optionee having to pay federal alternative minimum tax for the year of exercise.

A sale, exchange or disposition by an optionee of Common Shares acquired through the exercise of an incentive stock option more than one year after the transfer of the shares to such optionee and more than two years after the date of grant of the incentive stock option will result in any difference between the net sale proceeds and the exercise price being treated as long-term capital gain (or loss) to the optionee. If such a sale, exchange or disposition (including inter vivos gifts) takes place within two years after the date of

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

grant of the incentive stock option or within one year from the date of exercise of the incentive stock option, such sale or exchange will generally constitute a "disqualifying disposition" of the Common Shares.

A disqualifying disposition will have the following results: any excess of (i) the lesser of (a) the fair market value of one Common Share at the time of exercise of the incentive stock option or (b) the amount realized on a disqualifying disposition of the Common Shares through sale; less (ii) the exercise price, will be ordinary income to the optionee, subject to applicable tax reporting requirements. Any further gain generally will qualify as capital gain, and will be long-term capital gain if the holding period for such Common Shares is more than one year from the date of exercise.

Non-Incentive Options. Provided that the exercise price is not less than the fair market value of the underlying stock on the date of grant, no income is recognized by the grantee of a non-incentive stock option until the non-incentive option is exercised. When the non-incentive stock option is exercised, the optionee recognizes ordinary compensation income, and the Corporation generally becomes entitled to a deduction, in the amount by which the fair market value of the shares subject to the non-incentive stock option at the time of exercise exceeds the exercise price. With respect to non-incentive options exercised by certain executive officers, the Corporation's deduction can in certain circumstances be limited by the \$1,000,000 cap on deductibility set forth in Section 162(m) of the Code. The Corporation is required to withhold on all amounts treated as ordinary income to optionees who are employees of the Corporation or an affiliate of the corporation. Upon the sale of shares acquired by exercise of a stock option, the optionee generally will recognize capital gain or loss measured by the difference between the sale proceeds and the fair market value of the shares on the date of exercise. That gain or loss will be long-term if shares have been held for more than one year.

Canadian Income Taxation

If an optionee is a resident of the United States and not a resident of Canada, and if the optionee has not been employed in Canada, (i) neither the receipt nor the exercise of a stock option will give rise to federal Canadian income tax liability and (ii) the sale of the underlying Common Shares generally

26

will not be subject to federal Canadian income tax unless (a) the optionee and persons who do not deal at arm's length with the optionee owned, at any time in the five year period before sale, 25% or more of the outstanding Common Shares, or (b) if the Common Shares are used in carrying on a business in Canada.

Restrictions on Transferability of Shares

The Corporation is not obligated to cause to be issued or delivered any certificates evidencing Common Shares pursuant to the 2005 Plan unless and until the Corporation is advised by its counsel that the issuance and delivery of such certificates is in compliance with all applicable laws and regulations of any governmental authority and the requirements of any securities exchange on which Common Shares are traded. The Corporation may require, as a condition of the issuance and delivery of certificates evidencing Common Shares pursuant to the 2005 Plan, that the recipient of such shares make such covenants, agreements and representations, and that such certificates bear such legends as the Corporation, in its sole discretion, deems necessary or desirable.

Securities Authorized for Issuance Under Equity Compensation Plans

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

In addition to the existing 1996 Plan and 1998 Plan, the Corporation has an Employee Stock Purchase Plan ("ESPP") which allows employees to purchase Common Shares through payroll deductions when, as and if determined by the Board of Directors. The ESPP, which is a broadly-based plan open to all employees, other than executive officers, has not been approved by shareholders. The following table sets forth certain information with respect to compensation plans under which equity securities are authorized for issuance at December 31, 2004 (without giving effect to the approval of the 2005 Plan):

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under existing compensation plans (excluding securities reflected in (a) and (c)) (c)
Equity compensation plans approved by security holders	3,293,700	\$2.28	1,048,000
Equity compensation plans not approved by security holders	None	N/A	348,500
Total	3,293,700	\$2.28	1,396,500

(1) During the period January 1, 2005 through April 11, 2005, the Corporation granted to employees 313,500 options to purchase Common Shares.

If the 2005 Plan is approved by shareholders, the authority of the Corporation to grant options with respect to the 834,500 Common Shares currently available under the 1996 Plan and the 1998 Plan shall cease.

New Plan Benefits

No awards have been granted under the 2005 Plan. The Corporation is unable to determine the amount of awards that may be granted in the future to its officers, directors or affiliates, inasmuch as grants of awards are subject to the discretion of the Board.

Vote Required for Approval and Recommendation by the Board

The Board recommends a vote FOR approval of the 2005 Plan. The proposal to approve the 2005 Plan must be approved by the holders of at least a majority of the votes cast at the Meeting. Abstentions and broker nonvotes are not counted and have no effect on the results of the vote.

PROPOSAL NO. 4 - APPROVAL OF BYLAW AMENDMENT
TO INCREASE QUORUM REQUIREMENT FOR SHAREHOLDER MEETINGS

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

The Proposed Bylaw Amendment.

Prior to September 30, 2004, Section 14 of the bylaws of the Corporation (the "Bylaws") provided that a quorum would be present at a meeting of the shareholders if two shareholders were present, in person or by proxy, at the shareholders meeting. On September 30, 2004, the Board approved an amendment to the Bylaws (the "Bylaw Amendment") replacing the quorum requirement in Section 14 of the Bylaws with the following:

A quorum of shareholders for the transaction of business is present at a meeting of shareholders if not less than 33 1/3% of the shares entitled to vote at the meeting are present in person or represented by proxy.

The Bylaw Amendment does not affect any other provisions of the Bylaws. The Bylaw Amendment was effective when adopted, and applies to the Meeting; however, under the CBCA, the Corporation is required to seek ratification of shareholders of any amendment to the Bylaws at the next shareholders meeting. If the Bylaw Amendment is not approved by the shareholders at the Meeting, it will cease to be effective.

Purpose and Effect of Bylaw Amendment.

The purpose of the Bylaw Amendment is to increase the quorum requirement for shareholders meetings from two shareholders to a number of shareholders holding 33 1/3% of the shares entitled to vote at the shareholders meeting. The Board approved the Bylaw Amendment, and is recommending approval of the Bylaw Amendment to the shareholders of the Corporation, in order to comply with rules governing its listing on the Nasdaq SmallCap Market.

Prior to September 30, 2004, the Corporation relied upon an exemption from the requirements of Nasdaq Stock Market Rule 4350(f). Nasdaq Stock Market Rule 4350(f) requires that each issuer have a minimum quorum requirement for its shareholders meetings of at least 33 1/3% of the outstanding shares of its voting stock. The Corporation requested, and relied upon, the exemption from Nasdaq Stock Market Rule 4350(f) prior to September 30, 2004 on the basis that a greater quorum requirement would be contrary to generally accepted business practices in Canada and under the CBCA. In light of changes in rules and policies governing the NASDAQ SmallCap Market, the Corporation became concerned in 2004 that it would cease to qualify for the exemption it had previously received from Nasdaq Stock Market Rule 4350(f). In anticipation of that possibility, the Board approved the Bylaw Amendment in order to bring the quorum requirement set forth in the Bylaws into compliance with Nasdaq Stock Market Rule 4350(f).

28

Vote Required for Approval and Recommendation by the Board

The Board recommends a vote FOR the proposed Bylaw Amendment. The Bylaw Amendment must be approved by the holders of at least a majority of the votes cast at the Meeting. Abstentions and broker nonvotes are not counted in connection with, and have no effect on the results, of the vote.

APPENDIX

ALTAIR NANOTECHNOLOGIES INC.

2005 STOCK INCENTIVE PLAN

1. Purpose. The purpose of this 2005 Stock Incentive Plan (the "Plan") is to enable Altair Nanotechnologies Inc. (the "Company") to attract and retain the services of (i) selected employees, officers and directors of the Company or any parent or subsidiary of the Company and (ii) selected nonemployee agents, consultants, advisers and independent contractors of the Company or any parent

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

or subsidiary of the Company. For purposes of this Plan, a person is considered to be employed by or in the service of the Company if the person is employed by or in the service of any entity (the "Employer") that is either the Company or a direct or indirect subsidiary of the Company.

2. Shares Subject to the Plan. Subject to adjustment as provided below and in Section 10, the shares to be offered under the Plan shall consist of Common Stock of the Company, and the total number of shares of Common Stock that may be issued under the Plan shall be 3,000,000 shares. If an option or Performance-Based Award granted under the Plan expires, terminates or is canceled, the unissued shares subject to that option or Performance-Based Award shall again be available under the Plan. If shares awarded as a bonus pursuant to Section 7 or sold pursuant to Section 8 under the Plan are forfeited to or repurchased by the Company, the number of shares forfeited or repurchased shall again be available under the Plan.

3. Effective Date and Duration of Plan.

3.1 Effective Date. The Plan shall become effective as of the date it is approved by the stockholders of the Company. No Incentive Stock Option (as defined in Section 5 below) granted under the Plan shall become exercisable and no payments shall be made under a Performance-Based Award, however, until the Plan is approved by the affirmative vote of the holders of a majority of the shares of Common Stock represented at a shareholders meeting at which a quorum is present or by means of unanimous consent resolutions, and the exercise of any Incentive Stock Options granted under the Plan before approval shall be conditioned on and subject to that approval. Subject to this limitation, options and Performance-Based Awards may be granted and shares may be awarded as bonuses or sold under the Plan at any time after the effective date and before termination of the Plan.

3.2 Duration. The Plan shall continue in effect until all shares available for issuance under the Plan have been issued and all restrictions on the shares have lapsed. The Board of Directors may suspend or terminate the Plan at any time except with respect to options, Performance-Based Awards and shares subject to restrictions then outstanding under the Plan. Termination shall not affect any outstanding options, any outstanding Performance-Based Awards or any right of the Company to repurchase shares or the forfeitability of shares issued under the Plan.

1

4. Administration.

4.1 Board of Directors. The Plan shall be administered by the Board of Directors of the Company, which shall determine and designate the individuals to whom awards shall be made, the amount of the awards and the other terms and conditions of the awards. Subject to the provisions of the Plan, the Board of Directors may adopt and amend rules and regulations relating to administration of the Plan, advance the lapse of any waiting period, accelerate any exercise date, waive or modify any restriction applicable to shares (except those restrictions imposed by law) and make all other determinations in the judgment of the Board of Directors necessary or desirable for the administration of the Plan. The interpretation and construction of the provisions of the Plan and related agreements by the Board of Directors shall be final and conclusive. The Board of Directors may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any related agreement in the manner and to the extent it deems expedient to carry the Plan into effect, and the Board of Directors shall be the sole and final judge of such expediency.

4.2 Committee. The Board of Directors may delegate to any committee of

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

the Board of Directors (the "Committee") any or all authority for administration of the Plan. If authority is delegated to the Committee, all references to the Board of Directors in the Plan shall mean and relate to the Committee, except (i) as otherwise provided by the Board of Directors and (ii) that only the Board of Directors may amend or terminate the Plan as provided in Sections 3 and 11.

5. Types of Awards, Eligibility, Limitations. The Board of Directors may, from time to time, take the following actions, separately or in combination, under the Plan: (i) grant Incentive Stock Options, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), as provided in Sections 6.1 and 6.2; (ii) grant options other than Incentive Stock Options ("Non-Statutory Stock Options") as provided in Sections 6.1 and 6.3; (iii) award stock bonuses as provided in Section 7; (iv) sell shares subject to restrictions as provided in Section 8; and (v) award Performance-Based Awards as provided in Section 9. Awards may be made to employees, including employees who are officers or directors, and to other individuals described in Section 1 selected by the Board of Directors; provided, however, that only employees of the Company or any parent or subsidiary of the Company (as defined in subsections 424(e) and 424(f) of the Code) are eligible to receive Incentive Stock Options under the Plan. The Board of Directors shall select the individuals to whom awards shall be made and shall specify the action taken with respect to each individual to whom an award is made. At the discretion of the Board of Directors, an individual may be given an election to surrender an award in exchange for the grant of a new award.

6. Option Grants.

6.1 General Rules Relating to Options.

6.1-1 Terms of Grant. The Board of Directors may grant options under the Plan. With respect to each option grant, the Board of Directors shall determine the number of shares subject to the option, the exercise price, the period of the option, the time or times at which the option may be exercised and

2

whether the option is an Incentive Stock Option or a Non-Statutory Stock Option. At the time of the grant of an option or at any time thereafter, the Board of Directors may provide that an optionee who exercised an option with Common Stock of the Company shall automatically receive a new option to purchase additional shares equal to the number of shares surrendered and may specify the terms and conditions of such new options.

6.1-2 Exercise of Options. Except as provided in Section 6.1-4 or as determined by the Board of Directors, no option granted under the Plan may be exercised unless at the time of exercise the optionee is employed by or in the service of the Company and shall have been so employed or provided such service continuously since the date the option was granted. Except as provided in Sections 6.1-4 and 10, options granted under the Plan may be exercised from time to time over the period stated in each option in amounts and at times prescribed by the Board of Directors, provided that options may not be exercised for fractional shares. Unless otherwise determined by the Board of Directors, if an optionee does not exercise an option in any one year for the full number of shares to which the optionee is entitled in that year, the optionee's rights shall be cumulative and the optionee may purchase those shares in any subsequent year during the term of the option.

6.1-3 Nontransferability. Each Incentive Stock Option and, unless otherwise determined by the Board of Directors (either at, or at any time following, the time of grant), each other option granted under the Plan by its

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

terms (i) shall be nonassignable and nontransferable by the optionee, either voluntarily or by operation of law, except by will or by the laws of descent and distribution of the state or country of the optionee's domicile at the time of death, and (ii) during the optionee's lifetime, shall be exercisable only by the optionee.

6.1-4 Termination of Employment or Service.

6.1-4(a) General Rule. Unless otherwise determined by the Board of Directors (either at, or at any time following, the time of grant), if an optionee's employment or service with the Company terminates for any reason other than because of total disability or death as provided in Sections 6.1-4(b) and (c), his or her option may be exercised at any time before the expiration date of the option or the expiration of 30 days after the date of termination, whichever is the shorter period, but only if and to the extent the optionee was entitled to exercise the option at the date of termination.

6.1-4(b) Termination Because of Total Disability. Unless otherwise determined by the Board of Directors, if an optionee's employment or service with the Company terminates because of total disability, his or her option may be exercised at any time before the expiration date of the option or before the date 12 months after the date of termination, whichever is the shorter period, but only if and to the extent the optionee was entitled to exercise the option at the date of termination. The term "total disability" means a medically determinable mental or physical impairment that is expected to result in death or has lasted or is expected to last for a continuous period of 12 months or more and that, in the opinion of the Company and two independent physicians, causes the optionee to be unable to perform his or her duties as an employee, director, officer or consultant of the Employer and unable to be

3

engaged in any substantial gainful activity. Total disability shall be deemed to have occurred on the first day after the two independent physicians have furnished their written opinion of total disability to the Company and the Company has reached an opinion of total disability.

6.1-4(c) Termination Because of Death. Unless otherwise determined by the Board of Directors, if an optionee dies while employed by or providing service to the Company, his or her option may be exercised at any time before the expiration date of the option or before the date 12 months after the date of death, whichever is the shorter period, but only if and to the extent the optionee was entitled to exercise the option at the date of death and only by the person or persons to whom the optionee's rights under the option shall pass by the optionee's will or by the laws of descent and distribution of the state or country of domicile at the time of death.

6.1-4(d) Amendment of Exercise Period Applicable to Termination. The Board of Directors may at any time extend the 30-day and 12-month exercise periods any length of time not longer than the original expiration date of the option. The Board of Directors may at any time increase the portion of an option that is exercisable, subject to terms and conditions determined by the Board of Directors.

6.1-4(e) Failure to Exercise Option. To the extent that the option of any deceased optionee or any optionee whose employment or service terminates is not exercised within the applicable period, all further rights to purchase shares pursuant to the option shall cease and terminate.

6.1-4(f) Leave of Absence. Absence on leave approved by the Employer or on account of illness or disability shall not be deemed a

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

termination or interruption of employment or service. Unless otherwise determined by the Board of Directors, vesting of options shall continue during a medical, family or military leave of absence, whether paid or unpaid, and vesting of options shall be suspended during any other unpaid leave of absence.

6.1-5 Purchase of Shares.

6.1-5(a) Notice of Exercise. Unless the Board of Directors determines otherwise, shares may be acquired pursuant to an option granted under the Plan only upon the Company's receipt of written notice from the optionee of the optionee's binding commitment to purchase shares, specifying the number of shares the optionee desires to purchase under the option and the date on which the optionee agrees to complete the transaction, and, if required to comply with the Securities Act of 1933 and/or governing state securities laws of laws of foreign countries with jurisdiction, containing a representation that it is the optionee's intention to acquire the shares for investment and not with a view to distribution.

6.1-5(b) Payment. Unless the Board of Directors determines otherwise (either at, or at any time following, the time of grant), on or before the date specified for completion of the purchase of shares

4

pursuant to an option exercise, the optionee must pay the Company the full purchase price of those shares in cash or by check or, with the consent of the Board of Directors, in whole or in part, in Common Stock of the Company valued at fair market value, restricted stock or other contingent awards denominated in either stock or cash, promissory notes (to the extent permitted by governing law) and other forms of consideration. Unless otherwise determined by the Board of Directors, any Common Stock provided in payment of the purchase price must have been previously acquired and held by the optionee for at least six months. The fair market value of Common Stock provided in payment of the purchase price shall be the closing price of the Common Stock last reported before the time payment in Common Stock is made or, if earlier, committed to be made, if the Common Stock is publicly traded, or another value of the Common Stock as specified by the Board of Directors. No shares shall be issued until full payment for the shares has been made, including all amounts owed for tax withholding. With the consent of the Board of Directors (either at, or at any time following, the time of grant), an optionee may request the Company to apply automatically the shares to be received upon the exercise of a portion of a stock option (even though stock certificates have not yet been issued) to satisfy the purchase price for additional portions of the option.

6.1-5(c) Tax Withholding. Each optionee who has exercised an option shall, immediately upon notification of the amount due, if any, pay to the Company in cash or by check amounts necessary to satisfy any applicable federal, state and local tax withholding requirements. If additional withholding is or becomes required (as a result of exercise of an option or as a result of disposition of shares acquired pursuant to exercise of an option) beyond any amount deposited before delivery of the certificates, the optionee shall pay such amount, in cash or by check, to the Company on demand. If the optionee fails to pay the amount demanded, the Company or the Employer may withhold that amount from other amounts payable to the optionee, including salary, subject to applicable law. With the consent of the Board of Directors, an optionee may satisfy this obligation, in whole or in part, by instructing the Company to withhold from the shares to be issued upon exercise or by delivering to the Company other shares of Common Stock; provided, however, that the number of shares so withheld or delivered shall not exceed the minimum amount necessary to satisfy the required withholding obligation.

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

6.1-5(d) Reduction of Reserved Shares. Upon the exercise of an option, the number of shares reserved for issuance under the Plan shall be reduced by the number of shares issued upon exercise of the option (less the number of any shares surrendered in payment for the exercise price or withheld to satisfy withholding requirements).

6.1-6 Limitations on Grants to Non-Exempt Employees. Unless otherwise determined by the Board of Directors, if an employee of the Company or any parent or subsidiary of the Company is a non-exempt employee subject to the overtime compensation provisions of Section 7 of the Fair Labor Standards Act (the "FLSA"), any option granted to that employee shall be subject to the following restrictions: (i) the option price shall be at least 85 percent of the fair market value, as described in Section 6.2-4, of the Common Stock subject to the option on the date it is granted; and (ii) the option shall not be exercisable until at least six months after the date it is granted; provided, however, that this six-month restriction on exercisability will cease to apply

5

if the employee dies, becomes disabled or retires, there is a change in ownership of the Company, or in other circumstances permitted by regulation, all as prescribed in Section 7(e) (8) (B) of the FLSA.

6.2 Incentive Stock Options. Incentive Stock Options shall be subject to the following additional terms and conditions:

6.2-1 Limitation on Amount of Grants. If the aggregate fair market value of stock (determined as of the date the option is granted) for which Incentive Stock Options granted under this Plan (and any other stock incentive plan of the Company or its parent or subsidiary corporations, as defined in subsections 424(e) and 424(f) of the Code) are exercisable for the first time by an employee during any calendar year exceeds \$100,000, the portion of the option or options not exceeding \$100,000, to the extent of whole shares, will be treated as an Incentive Stock Option and the remaining portion of the option or options will be treated as a Non-Statutory Stock Option. The preceding sentence will be applied by taking options into account in the order in which they were granted. If, under the \$100,000 limitation, a portion of an option is treated as an Incentive Stock Option and the remaining portion of the option is treated as a Non-Statutory Stock Option, unless the optionee designates otherwise at the time of exercise, the optionee's exercise of all or a portion of the option will be treated as the exercise of the Incentive Stock Option portion of the option to the full extent permitted under the \$100,000 limitation. If an optionee exercises an option that is treated as in part an Incentive Stock Option and in part a Non-Statutory Stock Option, the Company will designate the portion of the stock acquired pursuant to the exercise of the Incentive Stock Option portion as Incentive Stock Option stock by issuing a separate certificate for that portion of the stock and identifying the certificate as Incentive Stock Option stock in its stock records.

6.2-2 Limitations on Grants to 10 percent Shareholders. An Incentive Stock Option may be granted under the Plan to an employee possessing more than 10 percent of the total combined voting power of all classes of stock of the Company or any parent or subsidiary (as defined in subsections 424(e) and 424(f) of the Code) only if the option price is at least 110 percent of the fair market value, as described in Section 6.2-4, of the Common Stock subject to the option on the date it is granted and the option by its terms is not exercisable after the expiration of five years from the date it is granted.

6.2-3 Duration of Options. Subject to Sections 6.1-2, 6.1-4

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

and 6.2-2, Incentive Stock Options granted under the Plan shall continue in effect for the period fixed by the Board of Directors, except that by its terms no Incentive Stock Option shall be exercisable after the expiration of 10 years from the date it is granted.

6.2-4 Option Price. The option price per share shall be determined by the Board of Directors at the time of grant. Except as provided in Section 6.2-2, the option price shall not be less than 100 percent of the fair market value of the Common Stock covered by the Incentive Stock Option at the date the option is granted. The fair market value shall be the closing price of the Common Stock last reported before the time the option is granted, if the stock is publicly traded, or another value of the Common Stock as specified by the Board of Directors.

6

6.2-5 Limitation on Time of Grant. No Incentive Stock Option shall be granted on or after the tenth anniversary of the last action by the Board of Directors adopting the Plan or approving an increase in the number of shares available for issuance under the Plan, which action was subsequently approved within 12 months by the shareholders.

6.2-6 Early Dispositions. If within two years after an Incentive Stock Option is granted or within 12 months after an Incentive Stock Option is exercised, the optionee sells or otherwise disposes of Common Stock acquired on exercise of the Option, the optionee shall within 30 days of the sale or disposition notify the Company in writing of (i) the date of the sale or disposition, (ii) the amount realized on the sale or disposition and (iii) the nature of the disposition (e.g., sale, gift, etc.).

6.3 Non-Statutory Stock Options. Non-Statutory Stock Options shall be subject to the following terms and conditions, in addition to those set forth in Section 6.1 above:

6.3-1 Option Price. The option price for Non-Statutory Stock Options shall be determined by the Board of Directors at the time of grant and may be any amount determined by the Board of Directors.

6.3-2 Duration of Options. Non-Statutory Stock Options granted under the Plan shall continue in effect for the period fixed by the Board of Directors.

7. Stock Bonuses. The Board of Directors may award shares under the Plan as stock bonuses. Shares awarded as a bonus shall be subject to the terms, conditions and restrictions determined by the Board of Directors. The restrictions may include restrictions concerning transferability and forfeiture of the shares awarded, together with any other restrictions determined by the Board of Directors. The Board of Directors may require the recipient to sign an agreement as a condition of the award, but may not require the recipient to pay any monetary consideration other than amounts necessary to satisfy tax withholding requirements. The agreement may contain any terms, conditions, restrictions, representations and warranties required by the Board of Directors. The certificates representing the shares awarded shall bear any legends required by the Board of Directors. The Company may require any recipient of a stock bonus to pay to the Company in cash or by check upon demand amounts necessary to satisfy any applicable federal, state or local tax withholding requirements. If the recipient fails to pay the amount demanded, the Company or the Employer may withhold that amount from other amounts payable to the recipient, including salary, subject to applicable law. With the consent of the Board of Directors, a recipient may satisfy this obligation, in whole or in part, by instructing the Company to withhold from any shares to be issued or by delivering to the Company

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

other shares of Common Stock; provided, however, that the number of shares so withheld or delivered shall not exceed the minimum amount necessary to satisfy the required withholding obligation. Upon the issuance of a stock bonus, the

7

number of shares reserved for issuance under the Plan shall be reduced by the number of shares issued, less the number of shares withheld or delivered to satisfy withholding obligations.

8. Restricted Stock. The Board of Directors may issue shares under the Plan for any consideration (including promissory notes and services) determined by the Board of Directors. Shares issued under the Plan shall be subject to the terms, conditions and restrictions determined by the Board of Directors. The restrictions may include restrictions concerning transferability, repurchase by the Company and forfeiture of the shares issued, together with any other restrictions determined by the Board of Directors. All Common Stock issued pursuant to this Section 8 shall be subject to a purchase agreement, which shall be executed by the Company and the prospective purchaser of the shares before the delivery of certificates representing the shares to the purchaser. The purchase agreement may contain any terms, conditions, restrictions, representations and warranties required by the Board of Directors. The certificates representing the shares shall bear any legends required by the Board of Directors. The Company may require any purchaser of restricted stock to pay to the Company in cash or by check upon demand amounts necessary to satisfy any applicable federal, state or local tax withholding requirements. If the purchaser fails to pay the amount demanded, the Company or the Employer may withhold that amount from other amounts payable to the purchaser, including salary, subject to applicable law. With the consent of the Board of Directors, a purchaser may satisfy this obligation, in whole or in part, by instructing the Company to withhold from any shares to be issued or by delivering to the Company other shares of Common Stock; provided, however, that the number of shares so withheld or delivered shall not exceed the minimum amount necessary to satisfy the required withholding obligation. Upon the issuance of restricted stock, the number of shares reserved for issuance under the Plan shall be reduced by the number of shares issued, less the number of shares withheld or delivered to satisfy withholding obligations.

9. Performance-Based Awards. The Board of Directors may grant awards intended to qualify as qualified performance-based compensation under Section 162(m) of the Code and the regulations thereunder ("Performance-Based Awards"). Performance-Based Awards shall be denominated at the time of grant either in Common Stock ("Stock Performance Awards") or in dollar amounts ("Dollar Performance Awards"). Payment under a Stock Performance Award or a Dollar Performance Award shall be made, at the discretion of the Board of Directors, in Common Stock ("Performance Shares"), or in cash or in any combination thereof. Performance-Based Awards shall be subject to the following terms and conditions:

9.1 Award Period. The Board of Directors shall determine the period of time for which a Performance-Based Award is made (the "Award Period").

9.2 Performance Goals and Payment. The Board of Directors shall establish in writing objectives ("Performance Goals") that must be met by the Company or any subsidiary, division or other unit of the Company ("Business Unit") during the Award Period as a condition to payment being made under the Performance-Based Award. The Performance Goals for each award shall be one or more targeted levels of performance with respect to one or more of the following objective measures with respect to the Company or any Business Unit: earnings, earnings per share, stock price increase, total shareholder return (stock price

increase plus dividends), return on equity, return on assets, return on capital, economic value added, revenues, operating income, inventories, inventory turns, cash flows or any of the foregoing before the effect of acquisitions, divestitures, accounting changes, and restructuring and special charges (determined according to criteria established by the Board of Directors). The Board of Directors shall also establish the number of Performance Shares or the amount of cash payment to be made under a Performance-Based Award if the Performance Goals are met or exceeded, including the fixing of a maximum payment (subject to Section 9.4). The Board of Directors may establish other restrictions to payment under a Performance-Based Award, such as a continued employment requirement, in addition to satisfaction of the Performance Goals. Some or all of the Performance Shares may be issued at the time of the award as restricted shares subject to forfeiture in whole or in part if Performance Goals or, if applicable, other restrictions are not satisfied.

9.3 Computation of Payment. During or after an Award Period, the performance of the Company or Business Unit, as applicable, during the period shall be measured against the Performance Goals. If the Performance Goals are not met, no payment shall be made under a Performance-Based Award. If the Performance Goals are met or exceeded, the Board of Directors shall certify that fact in writing and certify the number of Performance Shares earned or the amount of cash payment to be made under the terms of the Performance-Based Award.

9.4 Maximum Awards. No participant may receive in any fiscal year Stock Performance Awards under which the aggregate amount payable under the Awards exceeds the equivalent of 500,000 shares of Common Stock or Dollar Performance Awards under which the aggregate amount payable under the Awards exceeds \$1,000,000.

9.5 Tax Withholding. Each participant who has received Performance Shares shall, upon notification of the amount due, pay to the Company in cash or by check amounts necessary to satisfy any applicable federal, state and local tax withholding requirements. If the participant fails to pay the amount demanded, the Company or the Employer may withhold that amount from other amounts payable to the participant, including salary, subject to applicable law. With the consent of the Board of Directors, a participant may satisfy this obligation, in whole or in part, by instructing the Company to withhold from any shares to be issued or by delivering to the Company other shares of Common Stock; provided, however, that the number of shares so delivered or withheld shall not exceed the minimum amount necessary to satisfy the required withholding obligation.

9.6 Effect on Shares Available. The payment of a Performance-Based Award in cash shall not reduce the number of shares of Common Stock reserved for issuance under the Plan. The number of shares of Common Stock reserved for issuance under the Plan shall be reduced by the number of shares issued upon payment of an award, less the number of shares delivered or withheld to satisfy withholding obligations.

10. Changes in Capital Structure.

10.1 Stock Splits, Stock Dividends. If the outstanding Common Stock of the Company is hereafter increased or decreased or changed into or exchanged for

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

a different number or kind of shares or other securities of the Company by reason of any stock split, combination of shares, dividend payable in shares, recapitalization or reclassification, appropriate adjustment shall be made by the Board of Directors in the number and kind of shares available for grants under the Plan and in all other share amounts set forth in the Plan. In addition, the Board of Directors shall make appropriate adjustment in the number and kind of shares as to which outstanding options, or portions thereof then unexercised, shall be exercisable, so that the optionee's proportionate interest before and after the occurrence of the event is maintained. Notwithstanding the foregoing, the Board of Directors shall have no obligation to effect any adjustment that would or might result in the issuance of fractional shares, and any fractional shares resulting from any adjustment may be disregarded or provided for in any manner determined by the Board of Directors. Any such adjustments made by the Board of Directors shall be conclusive.

10.2 Mergers, Reorganizations, Etc. In the event of a merger, consolidation, plan of exchange, acquisition of property or stock, split-up, split-off, spin-off, reorganization or liquidation to which the Company is a party, any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Company, or the transfer by one or more shareholders, in one transfer or several related transfers, of 50% or more of the Common Stock outstanding on the date of such transfer (or the first of such related transfers) to persons, other than wholly-owned subsidiaries or family trusts, who were not shareholders of the Company prior to the first such transfer (each, a "Transaction"), the Board of Directors shall, in its sole discretion and to the extent possible under the structure of the Transaction, select one of the following alternatives for treating outstanding options under the Plan prior to the consummation of the Transaction:

10.2-1 Outstanding options shall remain in effect in accordance with their terms.

10.2-2 Outstanding options shall be converted into options to purchase stock in one or more of the corporations, including the Company, that are the surviving or acquiring corporations in the Transaction. The amount, type of securities subject thereto and exercise price of the converted options shall be determined by the Board of Directors of the Company, taking into account the relative values of the companies involved in the Transaction and the exchange rate, if any, used in determining shares of the surviving corporation(s) to be held by holders of shares of the Company following the Transaction. Unless otherwise determined by the Board of Directors, the converted options shall be vested only to the extent that the vesting requirements relating to options granted hereunder have been satisfied.

10.2-3 The Board of Directors shall provide a period of at least 10 days before the completion of the Transaction during which outstanding options may be exercised to the extent then exercisable, and upon the expiration

10

of that period, all unexercised options shall immediately terminate. The Board of Directors may, in its sole discretion, accelerate the exercisability of options so that they are exercisable in full during that period.

10.3 Dissolution of the Company. In the event of the dissolution of the Company, options shall be treated in accordance with Section 10.2-3.
