CAN I VOTE AT THE MEETING?

You may vote your shares at the meeting if you attend in person. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy.

CAN I CHANGE MY MIND AFTER I VOTE?

You may revoke your proxy at any time before the polls close at the meeting. However, you may only do this by (1) signing another proxy with a later date or completing a written notice of revocation and returning it to the address on the proxy card before the meeting, or (2) voting in person at the meeting.

WHAT IF I RETURN MY PROXY CARD BUT DO NOT PROVIDE VOTING INSTRUCTIONS?

HOW MANY VOTES MUST BE PRESENT TO HOLD THE MEETING?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by mail, telephone or Internet. In order for us to conduct the meeting, a majority of our outstanding shares of common stock as of March 16, 2001 must be present in person or by proxy at the meeting. This is referred to as a quorum.

1

5

ABOUT THE MEETING

HOW MANY VOTES ARE NEEDED TO ELECT DIRECTORS?

Assuming a quorum is present, the affirmative vote of a plurality of the votes cast at the meeting and entitled to vote in the election will be required for the election of directors.

For purposes of determining the number of votes cast with respect to any voting matter, only those cast "for" or "against" are included; abstentions and broker non-votes are excluded. Accordingly, with respect to the election of directors, abstentions and broker non-votes will have no effect on the outcome. For purposes of determining whether the affirmative vote of a majority of the votes cast at the meeting and entitled to vote has been obtained, abstentions will be included in, and broker non-votes will be excluded from, the number of shares present and entitled to vote.

HOW MANY VOTES ARE NEEDED TO RATIFY THE APPOINTMENT OF PRICEWATERHOUSECOOPERS?

The proposal must receive the "for" vote of a majority of our outstanding shares of common stock as of March 16, 2001. A properly executed proxy card marked "abstain" with respect to this proposal will not be voted. Accordingly, abstentions will have the effect of a vote "against" this proposal.

For purposes of determining whether the affirmative vote of a majority of the votes cast at the meeting and entitled to vote has been obtained, abstentions

Edgar Filing: METTLER TOLEDO INTERNATIONAL INC/ - Form DEF 14A

will be included in, and broker non-votes will be excluded from, the number of shares present and entitled to vote. Accordingly, with respect to any matter other than the election of directors, abstentions will have the effect of a vote "against" the matter and broker non-votes will have the effect of reducing the number of affirmative votes required to achieve the majority vote.

WILL MY SHARES BE VOTED IF I DO NOT PROVIDE MY PROXY?

Your shares may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms have the authority under the New York Stock Exchange rules to vote customers' unvoted shares, which are referred to as "broker non-votes," on certain "routine" matters, including the election of directors. Shares represented by broker non-votes will be counted by the brokerage firm in the election of directors, but will not be counted on any other matters that are voted on because these other matters are not considered "routine" under the applicable rules. If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy or attend the meeting and vote the shares yourself.

CAN MY SHARES BE VOTED ON MATTERS OTHER THAN THOSE DESCRIBED IN THIS PROXY?

Yes. We have not received proper notice of, and are not aware of, any business to be transacted at the meeting other than as indicated in this proxy statement. If any other item or proposal properly comes before the meeting, the proxies received will be voted in accordance with the discretion of the proxy holders.

ARE DISSENTERS' RIGHTS APPLICABLE TO ANY OF THE PROPOSALS?

No, dissenters' rights do not apply to any of the proposals.

PROPOSAL TWO: RATIFICATION OF
APPOINTMENT OF PRICEWATERHOUSECOOPERS (PWC)

WHAT AM I VOTING ON?

Edgar Filing: METTLER TOLEDO INTERNATIONAL INC/ - Form DEF 14A

You are being asked to ratify the appointment of PricewaterhouseCoopers (PWC) as our independent auditors. Upon recommendation of the Audit Committee, the Board of Directors has appointed PricewaterhouseCoopers, independent public accountants, to audit and report on our consolidated financial statements for the fiscal year ending December 31, 2001 and to perform such other services as may be required of them.

WILL REPRESENTATIVES FROM PWC BE PRESENT AT THE ANNUAL MEETING?

Representatives of PWC are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate Shareholder questions.

WHAT IS PRICEWATERHOUSECOOPERS BEING PAID FOR THEIR APPOINTMENT?

We have no existing direct or indirect understandings or agreements with PWC that place a limit on current or future years' audit fees.

Please see "Audit Committee Report" for further details.

WHO WERE OUR FORMER INDEPENDENT AUDITORS AND WHEN WERE THEY DISMISSED?

On March 10, 1999, we dismissed KPMG Fides Peat as our independent auditors. KPMG Fides Peat's reports on our financial statements for the fiscal year ended December 31, 1998 did not contain an adverse opinion or a disclaimer of opinion, or a qualification or modification as to uncertainty, audit scope, or accounting principles. In connection with its audits for the fiscal year ended December 31, 1998, and through March 10, 1999, there were no disagreements with KPMG Fides Peat on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of KPMG Fides Peat, would have caused it to make a reference to the subject matter of the disagreement(s) in connection with its reports covering such periods. None of the reportable events listed in Item 304(a)(1)(v) of Regulation S-K occurred with respect to the Company and KPMG Fides Peat.

On March 10, 1999, we engaged PWC as our independent auditors for the fiscal year ending December 31, 1999. During the fiscal year ending December 31, 1998, and through March 10, 1999, we did not consult with PWC as to either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements and we did not consult with PWC as to any matter that was either the subject of a disagreement or reportable event.

The decision to dismiss KPMG Fides Peat as our independent auditors was approved by the Audit Committee.

WE RECOMMEND THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF PWC AS INDEPENDENT AUDITORS. PROXY WILL BE VOTED "FOR" RATIFICATION OF THE APPOINTMENT OF PWC UNLESS OTHERWISE SPECIFIED IN THE PROXY.

Contributed amounts bear interest at the minimum rate of 4% per annum. Retirement benefits are paid in the form of a lump-sum payment when the employee reaches the normal retirement age under the plan of 65. EXECUTIVE COMPENSATION

EMPLOYMENT AGREEMENTS

Mettler-Toledo GmbH, one of our subsidiaries, entered into an employment agreement with Robert F. Spoerry dated as of October 30, 1996. The agreement provides for an annual base salary, which may be increased from time to time in accordance with our normal business practices, and for participation in our bonus plan and other employee benefit plans. The 2000 annual base salary was SFr 725,000 (approximately \$429,375 using the average exchange rate for 2000 of SFr 1.6885 to \$1.00). In addition, the agreement provides for payment of the amount necessary, after payment of all taxes and social security contributions, to fully offset the interest charged to Mr. Spoerry on a certain loan to him. The agreement prohibits Mr. Spoerry from competing with the Company for a period of 24 months after termination of employment. The agreement may be terminated without cause on 36 months notice during which period Mr. Spoerry is entitled to full compensation under the agreement.

Mettler-Toledo GmbH also entered into employment agreements with the Named Executive Officers. The employment agreements provide for a base salary subject to adjustment and participation in our bonus plan and other employee benefit plans. Each agreement prohibits the executive from competing with the Company for a period of twelve months after termination of employment. Each agreement may be terminated without cause, on twelve months notice during which period the executive is entitled to full compensation under the agreement.

CERTAIN TRANSACTIONS

On October 7, 1996, in order to fund a portion of the purchase price for shares of common stock purchased by Mr. Spoerry, our President and Chief Executive Officer, Mettler-Toledo GmbH entered into a loan agreement with Mr. Spoerry, in the amount of SFr 1.0 million (approximately \$592,242 at December 31, 2000). The loan bore interest at a rate of 5% and was payable upon demand. Mr. Spoerry repaid the loan in full on September 1, 2000.

COMPENSATION COMMITTEE REPORT

WHAT IS THE PHILOSOPHY OF EXECUTIVE COMPENSATION?

The guiding principle of the Company in compensation is to take into consideration the performance of the individual and the overall results achieved by the Company. This is valid as well for executive compensation.

- With regard to the overall compensation level, the Company wants to be competitive in the global personnel market which is relevant to its activities: the instruments and electronics industries, and, in general, businesses with a certain high-tech orientation.
- Within this environment, the Company wants to pay competitive average base salaries.
- The Company believes in a strong pay/performance linkage and therefore wants to honor in particular fulfillment and overachievement of targets

by a cash bonus.

- The Company wants to align the interests of its executives with those of its shareholders by linking the executives' annual cash bonus and the long-term incentive compensation to the Company's performance and by encouraging its executives to purchase equity in the Company.

As a consequence, the Company's compensation program consists of three basic elements: base salary, annual cash bonus and long-term compensation in the form of stock options.

HOW ARE THE BASE SALARY AMOUNTS DECIDED?

In 2000, base salaries of executive officers were individually increased taking into account market levels in comparable industries.

HOW IS THE ANNUAL CASH BONUS DECIDED?

The annual cash bonus is a key element of the incentive policy for senior management. The emphasis is on closely linking executive pay with achieving yearly financial performance targets and on giving greater rewards for achieving above target results.

Within the first 90 days of the year, the Compensation Committee establishes the performance targets on which each participant's incentive is based. Performance targets are closely related to that fiscal year's budget and business plan and may be based upon any one or more of the following financial criteria: earnings per share, cash flow, operating profit and/or sales of the entire Company and/or individual operating units. In addition, between 10 and 20 percent of the bonus for each participant is based on individual performance targets.

HOW ARE STOCK OPTIONS GRANTED?

The Company established a stock option plan which was combined with an equity purchase program at the time of the buyout. The basic philosophy of the stock option plan is to have key management's interests more closely aligned with those of the Company and its shareholders and to create a long-term incentive. The number of stock options granted to an executive is predominantly a function of the importance of the executive's position and duties and the performance and abilities of that executive.

The Company has granted options that vest over a period of five years and which generally terminate not longer than 10 years after the date of grant. The exercise price of each share of common stock subject to an option cannot be less than 100% of the fair market value of a share of common stock as of the date of grant.

COMPENSATION COMMITTEE REPORT

HOW IS THE CEO'S COMPENSATION DETERMINED?

The Compensation Committee determines Mr. Spoerry's compensation on the same basis and under the same philosophy it uses in determining the compensation of other executive officers. As discussed above, the goal of the Compensation

Edgar Filing: METTLER TOLEDO INTERNATIONAL INC/ - Form DEF 14A

Committee is to link a significant portion of the compensation of its executive officers, including Mr. Spoerry, to Company performance.

Mr. Spoerry's annual base salary was increased in 1998 by 2% and in 1999 by 12% as an adjustment step towards market levels in comparable industries. Mr. Spoerry's annual base salary was increased by 13% in 2000.

Based on the Company's performance for fiscal year 2000 and the targets set for the incentive scheme, Mr. Spoerry realized a bonus award equal to 147% of his base salary.

In November 2000, the Compensation Committee recommended granting 50,000 options to Mr. Spoerry. However, Mr. Spoerry expressed a desire that additional options be made available for other employees, and declined the grant. These options were subsequently granted to individuals involved in certain of the Company's strategic initiatives.

HOW DOES EXECUTIVE COMPENSATION AFFECT THE COMPANY'S TAXES?

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a deduction to any publicly held corporation for compensation paid in excess of \$1 million in a taxable year to its chief executive officer or any of the four other most highly compensated executive officers employed by such corporation on the last day of its taxable year.

The Compensation Committee considered the impact of Section 162(m) on the compensation of its executive officers and believes that the deduction limitation does not apply to executive officers' compensation. The Compensation Committee intends to monitor the impact of Section 162(m) and consider structuring executive compensation arrangements so that the deduction limitation will continue not to apply.

Reginald H. Jones (Chairman)
Thomas P. Salice

AUDIT COMMITTEE REPORT

ARE ALL THE AUDIT COMMITTEE MEMBERS INDEPENDENT?

All members of the Audit Committee are "independent" as such term is defined under the listing standards of the New York Stock Exchange. The members of the Audit Committee are John D. Macomber (Chairman), Philip Caldwell and Thomas P. Salice.

DOES THE AUDIT COMMITTEE HAVE A CHARTER?

The Audit Committee operates pursuant to a written charter which was approved and adopted by the Board of Directors on June 8, 2000 and is attached to this Proxy Statement as Appendix A. Under the provisions of the Charter of the Audit Committee, the Audit Committee is responsible for, among other things:

APPENDIX A
AUDIT COMMITTEE CHARTER

PURPOSE

The purpose of the Audit Committee (the "Committee") is to assist the Board of Directors (the "Board") in fulfilling its responsibilities as to the adequacy of the Corporation's financial reports by reviewing the:

- appropriateness of the Corporation's accounting policies and procedures;
- adequacy of the Corporation's internal controls that management has established, including internal audits;
- independence and capability of the Corporation's external auditors; and
- sufficiency of the external auditor's review of the Corporation's financial statements.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the external auditor. Nor is it the duty of the Audit Committee to conduct investigations, to resolve disagreements, if any, between management and the external auditor or to assure compliance with laws and regulations and the Corporation's business conduct guidelines.

CHARTER

The scope of the Committee's responsibilities and how it carries out those responsibilities, including structure, processes and membership requirements shall be set forth in this charter (the "Charter"), which has been adopted and approved by the Board and may be amended by the Board from time to time in compliance with applicable NYSE Audit Committee requirements. The Committee shall review and reassess the adequacy of the Charter and make any recommendations to the Board on an annual basis. A copy of the Charter will be attached as an appendix to the Corporation's proxy statement at least once every three years.

COMPOSITION

The Committee shall consist of at least three directors, all of whom shall have no relationship to the Corporation that may interfere with the exercise of their independence from management and the Corporation. Each Committee member shall be financially literate (as interpreted by the Board in its business judgment) or must become financially literate within a reasonable time after his or her appointment to the Committee. At least one Committee member must have accounting or related financial management expertise (as interpreted by the Board in its business judgment).

In determining Committee members' independence, the rules of the New York Stock

Exchange shall be applicable. The Committee shall be appointed by the Board, and one Committee member shall be designated as the Chairman.

The Chief Financial Officer of the Corporation shall be the member of management to serve in a liaison capacity with respect to the Committee.

At its discretion, the Committee shall have direct access to the external auditors, General Counsel, the Controller of the Corporation and any other employee of the Corporation. All employees will be directed to cooperate with respect thereto as requested by members of the Committee.

WRITTEN AFFIRMATION

In the event the composition of the Committee should change and in any event at least once a year, the Corporation will provide the New York Stock Exchange written confirmation with respect to

- any determination regarding the independence of a director made by the Board;
- the financial literacy of the Committee members;

MEETINGS

The Committee will meet at least two times during each calendar year. Additional meetings may be called by the Chairman whenever circumstances warrant. In addition, the Committee will receive the Corporation's financial results each quarter as well as a SAS 71 report from the external auditors. Management and the external auditors will communicate directly to the Committee any significant matters required to be discussed under SAS 61 each quarter.

Committee meetings will normally be attended by the Chief Financial Officer, the Secretary and representatives of the external auditors. Other officers and employees of the Corporation may be asked to attend by the Chairman. Non-committee members may be excused from all or any portion of a meeting at the request of the Chairman.

Minutes of each meeting will be prepared by the Secretary and the Committee will report the results of its meetings to the Board.

AUTHORITY AND SPECIFIC DUTIES

The Committee is granted the authority to perform each of the specific duties enumerated below:

A. Independent Audit

1. Recommend for approval by the Board the independent auditing firm to be engaged to conduct the annual audit of the financial statements of the Corporation and its subsidiaries for the ensuing year. As such, the

external auditor for the Corporation is ultimately accountable to the Board and the Committee.

2. Approve the fee proposed by the external auditors for their annual examination.
3. Review with the external auditors, and approve, prior to the beginning of their audit, the scope of their examination. The Committee's review should include an explanation from the external auditors of the factors considered by the auditors in determining the audit scope, including the major risk factors. Confirm the examination is in accordance with U.S. Generally Accepted Auditing Standards, which includes the auditors' consideration of internal controls.
4. Inquire as to the extent to which external accountants other than the principal external auditor are used and understand the rationale for using them and the extent of the review of their work to be performed by the principal auditor.
5. Meet with the external auditors (and without management present), review the audit opinion and inquire as to:
 - whether there were any difficulties during their audit;
 - whether there were any accounting or disclosure issues not resolved to their satisfaction;
 - whether they have any concerns about the quality of the Corporation's accounting personnel and the reporting policies and practices of the Corporation; and
 - whether there were any matters (including matters affecting their independence) that should be discussed with the Committee that have not been raised or covered elsewhere.

7. Review and approve management's plans for engaging the Corporation's external auditing firm to perform management advisory services and consider the possible effect, if any, of such engagements on the firm's independence. As part of this process, coordinate with the external auditor to ensure that the external auditor periodically submits to the Committee a formal written statement delineating all relationships between the external auditor and the Corporation, discuss in detail with the external auditor any disclosed relationships or services that may impact the objectivity and independence of the external auditor and recommend appropriate actions in light of the statement and related discussion to the Board to satisfy the Committee of the external auditor's independence.

B. Financial Reporting

Edgar Filing: METTLER TOLEDO INTERNATIONAL INC/ - Form DEF 14A

 - the substance of any significant litigation, contingencies or claims that had, or may have, a significant impact on the financial statements.
 - an explanation of changes in accounting principles and reporting standards that had, or may have, a significant effect on the financial statements.
 - the open years on federal income tax returns and whether there are any significant items that have been, or are expected to be, disputed by the Internal Revenue Service or applicable taxing authorities and inquire as to the adequacy of any related tax accruals.

The Committee should review with the Corporation's management, internal audit and external auditors significant accounting and reporting principles, practices and procedures applied by the Corporation in preparing its financial statements.

C. Internal Controls

9. The Committee will review on an annual basis significant internal control recommendations identified through the internal or external audit process and ensure that appropriate corrective actions are instituted.
10. The Committee will receive on an annual basis confirmation from the General Counsel of the results of the senior management certification process regarding compliance with laws and regulations.

D. Other

11. Receive briefings on various financial operations on a continuing basis to expand each member's knowledge of the financial matters impacting the Corporation.
12. Investigate any other matter brought to the Committee's attention within the scope of its duties and retain outside professional advice for this purpose if, in the Committee's judgement, that is appropriate.
