Item 5. Other Events.

On March 16, 2004, Century Aluminum Company ("Century") filed a Form 8-K (the "Original Form 8-K") containing unaudited pro forma consolidated financial information reflecting Century's proposed acquisition of either a 100% or 49.9% interest in Nordural hf, an Icelandic primary aluminum producer. The pro forma consolidated financial information set forth below replaces the pro forma consolidated financial information contained in the Original Form 8-K and reflects Century's agreement to purchase 100% of Nordural hf.

Forward-Looking Statements

This Form 8-K may contain certain "forward-looking statements." Century has based these forward-looking statements on current expectations and projections about future events. Many of these statements may be identified by the use of forward-looking words such as "expects," "anticipates," "plans," "believes," "projects," "estimates," "should," "will," and "potential" and variations of such words. These forward-looking statements are subject to risks,

Edgar Filing: CENTURY ALUMINUM CO - Form 8-K/A

uncertainties and assumptions and readers are cautioned that actual results could differ materially and, therefore, they should not place undue reliance on any forward-looking statements. Century does not undertake, and specifically disclaims, any obligation to revise any forward-looking statements to reflect the occurrence of anticipated or unanticipated events or circumstances after the date such forward-looking statements are made.

UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL DATA

The following tables present Century's unaudited pro forma consolidated balance sheet as of December 31, 2003 and unaudited pro forma consolidated statement of operations for the year ended December 31, 2003. The unaudited pro forma consolidated financial data presented below has been derived from the following, which are included elsewhere in this prospectus supplement: (1) Century's audited consolidated financial statements and accompanying notes included in its Annual Report on Form 10-K for the year ended December 31, 2003; and (2) the separate audited financial statements and accompanying notes of Nordural for the year ended December 31, 2003 which are included in the Original Form 8-K filed on March 16, 2004. The unaudited pro forma consolidated financial data has been prepared for illustrative purposes only and does not purport to represent what Century's results of operations or financial condition would actually have been had the transactions described below in fact occurred as of the dates specified. In addition, the unaudited pro forma consolidated financial data does not purport to project Century's results of operations or financial condition as of any date or for any future period. Among other things, the unaudited pro forma consolidated financial data does not reflect the effects of Century's acquisition of the remaining 20% interest in its Hawesville primary aluminum reduction facility prior to the closing of that acquisition in April 2003.

The unaudited pro forma consolidated balance sheet as of December 31, 2003 gives effect to the following events as if they were consummated on December 31, 2003:

- Century's acquisition of all of the outstanding equity shares of Nordural;

Edgar Filing: CENTURY ALUMINUM CO - Form 8-K/A

- Century's issuance and sale of approximately \$245 million in common stock in a registered public offering;
- Century's payment of the remaining \$12.0 million of principal outstanding under the promissory note payable to Glencore;
- Century's payment of \$3.0 million of dividends on its convertible preferred stock; and
- other adjustments that management believes are directly related to the Nordural acquisition.

The unaudited pro forma consolidated statement of operations for the year ended December 31, 2003 gives pro forma effect to these events as if they were consummated on January 1, 2003.

The Nordural acquisition would be accounted for using the purchase method of accounting. Under the purchase method of accounting, the cash payment of the estimated aggregate purchase price for Nordural (including transaction fees and expenses) would be allocated to the tangible assets, identifiable intangible assets and liabilities of Nordural, based upon their respective fair values. The allocation of the purchase price, useful lives assigned to assets and other adjustments made to the unaudited pro forma consolidated financial data are based upon available information and certain preliminary assumptions that Century believes are reasonable under the circumstances. Century has not yet completed the fair market value allocation to the specific assets and liabilities of Nordural. Consequently, the final amounts allocated and the related useful lives could differ from those reflected in the unaudited pro forma consolidated financial data and the effects could be material. The acquisition of Nordural is subject to certain conditions, including the successful completion of a registered public offering, and there can be no assurance that the acquisition will be consummated.

The unaudited pro forma consolidated financial data should be read in conjunction with (1) Century's audited consolidated financial statements and accompanying notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations," which are each included in its Annual Report on Form 10-K for the year ended December 31, 2003; and (2) the separate audited financial statements and accompanying notes of Nordural which are included in the Original Form 8-K filed on March 16, 2004.
