**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Martin Marietta Materials, Inc., as Plan Administrator

Raleigh, NC

We have audited the accompanying statements of net assets available for benefits of the Martin Marietta Materials, Inc. Savings and Investment Plan (the Plan ) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of Martin Marietta Materials, Inc., as Plan Administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Dixon Hughes PLLC

**Table of Contents**

Martin Marietta Materials, Inc.  
Savings and Investment Plan  
Notes to Financial Statements  
December 31, 2009 and 2008

**1. Accounting Policies**

**Basis of Accounting**

The financial statements of the Martin Marietta Materials, Inc. Savings and Investment Plan (the Plan ) are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts, changes therein and related disclosures. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan s gains and losses on investments bought and sold as well as held during the year.

**Distributions**

Distributions are recorded as paid. Therefore, no liability is recorded for distributions to participants who terminated during the year but have chosen to defer payments to the following year.

**Administrative Expenses**

Administrative expenses are paid by the Plan. Certain administrative functions are performed by employees of Martin Marietta Materials, Inc. (the Corporation ), the Plan s sponsor and administrator. No such employee receives compensation from the Plan.

**Table of Contents**

Martin Marietta Materials, Inc.  
Savings and Investment Plan  
Notes to Financial Statements (continued)

**1. Accounting Policies (continued)**

**Transfers**

Along with the Plan, the Corporation also sponsors the Martin Marietta Materials, Inc. Performance Sharing Plan, a defined contribution plan for salaried employees. If participants change their employment status between hourly and salaried during the year, their account balances are transferred into the corresponding plan. For the year ended December 31, 2009, the Plan transferred \$116,000 to the salaried plan.

**2. Description of the Plan**

The following description of the Plan provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan providing eligible hourly paid employees of the Corporation and hourly employees covered under certain collectively bargained agreements an opportunity to participate in an individual savings and investment program providing tax deferred savings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Wells Fargo Bank, N.A. ( Wells Fargo ) is the Plan's trustee and recordkeeper.

**Contributions**

Employees are eligible to enroll in the Plan as soon as administratively possible upon hire. Participants may elect to contribute basic contributions of 1% to 7% of base salary (as defined in the Plan and subject to applicable Internal Revenue Code (the Code) limitations on allowable compensation). Certain participants may also elect to make additional supplemental contributions, which are not considered for purposes of computing the employer match. A participant's before-tax combined basic and supplemental contributions may not exceed 25% of that participant's base pay.

**Table of Contents**

Martin Marietta Materials, Inc.  
Savings and Investment Plan  
Notes to Financial Statements (continued)

**2. Description of the Plan (continued)**

**Contributions (continued)**

Unless an affirmative election not to participate in the Plan is made, employees hired on or after March 1, 2006 are automatically enrolled in the Plan and deemed to have elected to contribute 2% of base pay. The 2% contribution increases by 1% on each anniversary date of the participants' automatic enrollment until the before-tax contribution reaches 7% of base pay. Participants may make an affirmative election at any time to contribute a different amount. Contributions are automatically invested in a target date fund that is closest to the date the participant attains age 65, unless otherwise designated by the participant. The target date funds seek to provide investors with an appropriate level of risk and return by investing in a mix of stocks, bonds and cash. The allocation is adjusted to become more conservative (investing more in bonds and cash) as the target date approaches and the participant plans to retire and/or begin to use the funds on or around the target date.

Certain participants also have the option of making after-tax contributions up to 17% of base pay to the Plan, in addition to, or in lieu of, before-tax contributions. However, the combined amount of after-tax and before-tax contributions cannot exceed a total of 25% of base pay, subject to certain restrictions for highly compensated employees.

The Corporation matches the first 7% of eligible participants' annual basic before-tax contributions starting the first of the month following six months of employment. The amount of the Corporation's match is equal to 50% of the basic contributions and is credited to participant accounts weekly. Certain participants are not eligible for employer contributions, as defined by the Plan.

Participants may change the overall percentage of their contributions in 1% increments and may change investment elections for future before-tax, after-tax and matching contributions. In addition, participants may change the investment mix of the accumulated value of prior contributions among the investment options daily. The Plan also allows for spot transfers in which a specific dollar amount may be transferred from one investment option to another.

**Table of Contents**

Martin Marietta Materials, Inc.  
Savings and Investment Plan  
Notes to Financial Statements (continued)

**2. Description of the Plan (continued)**

**Investment Options**

The Plan offers the following investment options: BlackRock LifePath® Portfolios, Wells Fargo Short Term Investment Fund G, Wells Fargo Advantage Total Return Bond Fund, Wells Fargo S&P 500 Index Fund G, Vanguard International Growth Fund, Harbor Capital Appreciation Fund, Loomis Sayles Value Fund Y, Vanguard Explorer Fund and Martin Marietta Materials, Inc. Common Stock Fund.

**Participant Accounts**

Each participant's account is credited with the participant's and employer's contributions and allocations of earnings. The participant account is charged with an allocation of administrative expense. Allocations are based on participant earnings or account balances, as defined.

**Vesting**

Participants are immediately 100% vested in the value of their accounts, including employer contributions.

**Participant Loans**

The Plan provides for certain participants to borrow from his or her own investment account. All loans must meet specific terms and conditions of the Plan and are subject to applicable regulations of the Code. The minimum loan amount is \$1,000. The maximum loan is the lesser of 50% of the total account balance or \$50,000 minus the highest outstanding loan balance from the past 12 months. Personal loans are available to participants in terms of up to 5 years, and primary residence loans are available for terms of up to 15 years. Such loans bear interest at a fixed rate, established upon loan request, which is equal to the Wells Fargo Bank, N.A. prime rate plus 1%. All loans are due in full immediately upon termination of employment. In addition, the Plan provides for in-service withdrawals to participants that meet specific conditions of financial hardship, as defined in the Plan and in accordance with current specific regulations under the Code. Participants who are still working at the age of 59<sup>1</sup>/<sub>2</sub> may qualify for special withdrawal rights and privileges as defined in the Plan. At December 31, 2009, interest rates on participant loans outstanding ranged from 4.25% to 9.25%. Principal and interest is paid ratably through payroll deductions.

**Table of Contents**

Martin Marietta Materials, Inc.  
Savings and Investment Plan  
Notes to Financial Statements (continued)

**2. Description of the Plan (continued)****Payment of Benefits**

Upon separation from the Corporation, participants may receive the full current value of their contributions and the matching employer contributions in a lump-sum payment at any time or defer any payment until the participant reaches the age of 70<sup>1/2</sup>. Participants who have attained age 55 may receive their distributions in the form of a lump-sum payment or in annual, semi-annual, quarterly or monthly installments over a period of up to 25 years. The accounts of participants who receive installment payments remain invested in the funds indicated by the participant.

**Plan Termination**

Although the Corporation expects to continue the Plan indefinitely, the Board of Directors of the Corporation may terminate the Plan for any reason at any time. If the Plan is terminated, each participant or former participant shall receive a payment equal to the value of the participant's account.

**3. Investments**

The following table presents investments, at fair value, that represent more than 5% or more of the Plan's net assets at December 31, 2009 and 2008:

|   | <b>December 31</b>    |             |
|---|-----------------------|-------------|
|   | <b>2009</b>           | <b>2008</b> |
|   | <i>(In Thousands)</i> |             |
| * Wells Fargo Short Term Investment Fund G          | <b>\$ 30,041</b>      | \$ 31,775   |
| * Martin Marietta Materials, Inc. Common Stock Fund | <b>\$ 12,853</b>      | \$ 13,698   |
| * Wells Fargo S&P 500 Index Fund G                  | <b>\$ 12,134</b>      | \$ 9,788    |
| Loomis Sayles Value Fund Y                          | <b>\$ 5,066</b>       | \$ 4,169    |
| Vanguard International Growth Fund, Admiral Shares  | <b>\$ 4,658</b>       |             |
| * Participant Loans                                 | <b>\$ 5,583</b>       | \$ 5,420    |

\* *Indicates party-in-interest to the Plan.*

*Investment did not represent 5% or more of the Plan's net assets.*

**Table of Contents**

Martin Marietta Materials, Inc.  
Savings and Investment Plan  
Notes to Financial Statements (continued)

**3. Investments (continued)**

For the year ended December 31, 2009, net appreciation (depreciation) in fair value of the Plan's investments (including investments bought, sold and held during the year) was as follows (in thousands):

|   |                 |
|---|-----------------|
| Common and collective funds                       | \$ 3,427        |
| Martin Marietta Materials, Inc. Common Stock Fund | (1,011)         |
| Mutual funds                                      | 3,576           |
|   | <b>\$ 5,992</b> |

**4. Fair Value Measurements**

The fair values of the Plan's investments are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**Level 1**

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2**

Inputs to the valuation methodology include

quoted prices for similar assets or liabilities in active markets;

quoted prices for identical or similar assets or liabilities in inactive markets;

inputs other than quoted prices that are observable for the assets or liabilities;

inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Table of Contents**

Martin Marietta Materials, Inc.  
Savings and Investment Plan  
Notes to Financial Statements (continued)

**4. Fair Value Measurements (continued)**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques must maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

*Common and Collective Funds*

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

*Common Stocks*

These investments are valued at the closing price reported on the active market on which the individual securities are traded and classified within level 1 of the valuation hierarchy.

*Mutual Funds*

These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding and is classified within level 1 of the valuation hierarchy.

*Participant Loans*

Loans to participants are valued at amortized cost, which approximates fair value and are classified within level 3 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of these assets could result in a different fair value measurement at the reporting date.

**Table of Contents**

Martin Marietta Materials, Inc.  
Savings and Investment Plan  
Notes to Financial Statements (continued)

**4. Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

|   | Level 1   | 2009                  |          | Fair Value |
|---|-----------|-----------------------|----------|------------|
|   |           | Level 2               | Level 3  |            |

| Participant loans   | 17,843    |                       | 5,583    | 17,843     |
|   |           |                       |          | 5,583      |
| Total assets  | \$ 30,696 | \$ 47,379             | \$ 5,583 | \$ 83,658  |

|   | Level 1   | 2008      |          | Fair Value |
|---|-----------|-----------|----------|------------|
|   |           | Level 2   | Level 3  |            |
| Common and collective funds<br>Martin Marietta Materials, Inc.<br>Common Stock Fund | \$        | \$ 44,175 | \$       | \$ 44,175  |
| Mutual funds  | 13,698    |           |          | 13,698     |
| Participant loans   | 12,398    |           | 5,420    | 12,398     |
|   |           |           |          | 5,420      |
| Total assets  | \$ 26,096 | \$ 44,175 | \$ 5,420 | \$ 75,691  |

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009 (in thousands):

|   |          |
|---|----------|
| Balance at January 1                              | \$ 5,420 |
| Purchases, sales, issuances and settlements (net) | 163      |
| Balance at December 31                            | \$ 5,583 |

**Table of Contents**

Martin Marietta Materials, Inc.  
Savings and Investment Plan  
Notes to Financial Statements (continued)

**5. Income Tax Status**

The Internal Revenue Service has determined and informed the Corporation by letter dated April 7, 2003, that the Plan and related trust are designed in accordance with the applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

**6. Exempt Party-in-Interest Transactions**

Certain Plan investments are shares of mutual funds managed by Wells Fargo. Wells Fargo is the trustee, as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustee by the Plan for administrative services were approximately \$232,000 for the year ended December 31, 2009.

**7. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**8. Subsequent Events**

In March 2010, the Plan received a settlement of \$634,462 as part of a two lawsuits against State Street Bank and Trust Company.
