PROXY STATEMENT

INTRODUCTION

<i>Annual Meeting:</i>	The 2002 Annual Meeting of Stockholders will be held at Lear Corporation, 5200 Auto Club Drive, Dearborn, Michigan 48126, on Thursday, May 9, 2002, at 10:00 a.m., Eastern Time.
<i>Record Date:</i>	The date fixed to determine stockholders entitled to notice of and to vote at the meeting is the close of business on March 15, 2002.
<i>Mailing Date:</i>	We anticipate first mailing this proxy statement, the attached Notice of Annual Meeting and the enclosed proxy card on or about April 9, 2002.
<i>Agenda:</i>	The agenda for the meeting is: 1. to elect two directors; and 2. to conduct any other business properly before the meeting.
<i>Proxy Solicitation:</i>	Our Board of Directors is soliciting this proxy. Certain of our officers and employees may also solicit proxies personally and by telephone. In addition, we are paying the cost of solicitation, including the cost of mailing. We have requested that banks, brokers and other custodian nominees and fiduciaries supply, at our expense, proxy material to the beneficial owners of our common stock.
<i>Voting of Proxies:</i>	Properly dated, executed and returned proxies will be voted in accordance with your instructions. If no specific instructions are given, your shares will be voted FOR our Board's nominees in item one. We do not intend to bring any matters before the meeting except those indicated in the Notice of Annual Meeting and we do not know of any matter which anyone else intends to present for action at the meeting. If any other matters properly come before the meeting, however, the persons named in the enclosed proxy will be authorized to vote or otherwise act in accordance with their judgment.
<i>Revoking Proxies:</i>	You may revoke your proxy at any time before it is voted at the meeting by: delivering to Joseph F. McCarthy, our Vice President, Secretary and General Counsel, a signed, written revocation letter dated later than the proxy; submitting a proxy with a later date; attending the meeting and voting either in person or by ballot.
<i>Outstanding Shares:</i>	On the record date, there were approximately 64,607,098 shares of our common stock outstanding, the only class of voting securities outstanding.
<i>Quorum:</i>	A quorum is established when a majority of shares entitled to vote is present at the meeting, either in person or by proxy. Abstentions and broker non-votes are counted for purposes of determining whether a quorum is present.

Table of Contents

<i>Voting:</i>	Each share of common stock that you hold as of the record date entitles you to one vote, without cumulation, on each matter to be voted upon at the meeting.
<i>Required Vote:</i>	Our directors are elected by a plurality of the votes cast by the holders of our common stock. Plurality means that the two individuals who receive the largest number of the votes will be elected as directors. Any shares not voted (whether by abstention, broker non-vote or otherwise) have no impact in the election of directors except to the extent that the failure to vote for an individual results in another individual receiving a larger number of votes. In the case of a broker non-vote or where a stockholder withholds authority from his proxy to vote the proxy as to a particular matter, such shares will not be treated as present and entitled to vote on the matter and, thus, a broker non-vote or the withholding of a proxy's authority will have no effect on the outcome of the vote on the matter. A broker non-vote refers to shares of our common stock represented at the meeting in person or by proxy by a broker or nominee where such broker or nominee (i) has not received voting instructions on a particular matter from the beneficial owners or person entitled to vote and (ii) the broker or nominee does not have discretionary voting power on such matter.
<i>Broker Votes:</i>	Under the rules of the New York Stock Exchange, brokers who hold shares in street name have the authority to vote on certain routine matters on which they have not received instructions from beneficial owners. Brokers holding shares of common stock in street name who do not receive instructions from beneficial owners by the date specified in the statement accompanying this proxy material are entitled to vote on the election of directors and the appointment of independent auditors.
<i>Annual Report:</i>	Lear Corporation's 2001 Annual Report is being mailed to you with this proxy statement.

In 2001, our full Board held five meetings. In addition to our full Board meetings, our directors attend meetings of permanent committees established by our Board. Each director participated in at least 75% of the total number of meetings of our Board and the committees on which he or she serves.

Executive Committee

The Executive Committee, which held no meetings during 2001, consists of Mr. Way, Mr. Rossiter, Mr. Stern and Mr. Spalding, with Mr. Stern serving as Chairman. The Executive Committee, during intervals between meetings of our Board, may exercise certain powers of our Board in the general supervision and control of the business and affairs of our company.

Audit Committee

The Audit Committee, which held seven meetings during 2001, consists of Mr. Shower, who serves as Chairman, Mrs. Elder, and Mr. McCurdy. Mrs. Elder and Messrs. Shower and McCurdy are all non-employee directors. Mr. Shower, whose three year term expires at this annual meeting, has decided not to stand for re-election as a director to our Board. For a description of the Audit Committee's responsibilities and findings, see Audit Committee Report beginning on page 20.

Compensation Committee

The Compensation Committee, which held three meetings during 2001, currently consists of Mr. McCurdy, Mr. Parrott and Mr. Spalding, with Mr. McCurdy serving as Chairman. Mr. Spalding became a member of the Compensation Committee in May 2001. Mr. McCurdy, Mr. Parrott and Mr. Spalding are all non-employee directors. The responsibilities of the Compensation Committee are:

to review and approve salaries, bonuses and other benefits relating to compensation of our officers and senior management and

to approve awards under the Long-Term Stock Incentive Plan and stock option plans.

Nominating Committee

The Nominating Committee, which held no meetings during 2001, consists of Mr. Stern and Mr. Rossiter, with Mr. Stern serving as Chairman. David Bing also served on our Nominating Committee during 2001. Mr. Bing resigned from his position as a Director effective February 4, 2002. The Nominating Committee has responsibility and authority to recommend to our Board:

nominees for election or re-election, as the case may be, to our Board;

candidates for membership on the various committees of our Board; and

in the event of a vacancy in the office of Chief Executive Officer, a successor Chief Executive Officer.

The Nominating Committee will consider recommendations for director nominees made by our stockholders. Recommendations for nominations to be voted on at our 2003 annual meeting of stockholders must be in writing and delivered to or received by Joseph F. McCarthy, Vice President, Secretary and General Counsel, not less than sixty days or more than ninety days prior to the 2003 annual meeting, must state the name, age, address, principal occupation, background and qualifications of the person recommended, and must comply with the other applicable provisions of our by-laws, as amended.

Compensation of Directors

During 2001, our non-employee directors received an annual fee of \$36,000. One-half of the annual retainer is payable in shares of common stock and the remaining one-half, at the election of each

Table of Contents

non-employee director, in either cash or shares of common stock. Each non-employee director received a fee of \$1,000 for each meeting of our Board that they attended and for each committee meeting they attended. Each non-employee director who chaired a committee of our Board received an additional fee of \$1,000 for each such committee meeting attended. Non-employee directors were also reimbursed for their expenses incurred in attending meetings.

A non-employee director may elect to defer receipt of all or part of his or her annual retainer. At the non-employee director's election, amounts deferred will be:

credited with interest at an annual rate equal to the prime rate plus one percent; or

accounted for as if invested in shares of common stock.

Amounts deferred are paid to the non-employee director as of the earliest of:

the date elected by such director;

the date the director ceases to be a director; or

the date a change of control occurs.

In addition, each non-employee director received an option to purchase 1,250 shares at a price equal to the fair market value of the common stock on the date of grant. In 2001, option grants to non-employee directors were made on May 3rd at an exercise price of \$35.93. The options granted to non-employee directors expire ten years from the date of grant and generally become exercisable in three years regardless of a non-employee director's continued service. Non-employee directors will be eligible to receive option grants in the future as partial compensation for their services.

In February 1997, we implemented stock ownership guidelines for non-employee directors. These ownership guidelines require each non-employee director to own stock equal in value to three times the annual retainer within five years of becoming a director. Non-employee directors who have not made substantial progress towards this goal within three years of becoming a director will have all of their annual retainer delivered in shares of common stock.

Directors who are also our employees receive no additional compensation for their services as directors except reimbursement of expenses incurred in attending meetings of our Board or committee meetings of our Board.

Pension Plan and Benefits*Qualified Pension Plan*

The named executive officers (as well as other employees) participate in the Lear Corporation Pension Plan. The pension plan is intended to be a qualified pension plan under the Internal Revenue Code and its benefits are integrated with Social Security benefits. In general, an eligible employee becomes a participant on the July 1st or January 1st after completing one year of service (as defined within the plan). Benefits are funded by employer contributions that are determined under accepted actuarial principles and the Internal Revenue Code.

Edgar Filing: LEAR CORP /DE/ - Form DEF 14A

The pension plan contains multiple benefit formulas but the Lear Corporation benefit formula is the principal formula and all named executive officers are covered by it. Under the Lear Corporation formula, pension benefits are based on a participant's final average earnings, which is the average of the participant's

Table of Contents

compensation for the five consecutive calendar years in the last 15 years of employment in which the participant had his highest earnings. Compensation includes (a) all cash compensation reported for federal income tax purposes other than long-term incentive bonuses and (b) any elective contributions that are not includable in gross income under Internal Revenue Code Section 125 or 401(k). A participant's annual retirement benefit, payable as a life annuity at age 65, equals the greater of:

1.10% times final average earnings times years of credited service before 1997 (to a maximum of 30 years) plus 1.00% times final average earnings times years of credited service after 1996 (with a maximum of 30 years reduced by years of credited service before 1997) plus 0.65% times final average earnings in excess of covered compensation (as defined in I.R.S. Notice 89-70) times years of credited service (with a maximum of 30 years); and

\$360.00 times years of credited service.

Any employee who on January 1, 1997 was an active employee and age 50 or older earned benefits under the 1.10% formula for years of credited service through 2001.

The benefits under the pension plan become vested once the participant accrues five years of vesting service under the plan.

Pension Equalization Plan

In addition to the pension plan, we have established the Lear Corporation Pension Equalization Plan. Lear Corporation's pension plan is subject to rules in the Internal Revenue Code that restrict the level of retirement income that can be provided to, and the amount of compensation that can be considered for, highly paid executives under the pension plan. The Pension Equalization Plan is intended to supplement the benefits under the pension plan for certain highly paid executives whose pension plan benefits are limited by those Internal Revenue Code limits. A participant's Pension Equalization Plan benefit equals the difference between the executive's actual vested accrued pension plan benefit and the pension plan benefit the executive would have accrued under the Lear Corporation formula if the Internal Revenue Code limits on considered compensation and total benefits were disregarded. Highly compensated executives and other employees whose compensation exceeds the Internal Revenue Code limits for at least three years are eligible to participate in the Pension Equalization Plan. Each of Mr. Way, Mr. Rossiter, Mr. Vandenberghe, Mr. DeGrosso and Mr. Stebbins participates in the Pension Equalization Plan. The benefits under the Pension Equalization Plan become vested once the participant has either (i) attained age 55 and has 10 years of service with us or (ii) has attained 20 years of service with us.

Executive Supplemental Savings Plan

In addition to the pension plan and the pension equalization plan, we have established the Lear Corporation Executive Supplemental Savings Plan. The purpose of the plan is to provide participants and their beneficiaries with retirement benefits that could not be earned under the Retirement Savings Plan due to limits imposed by the Internal Revenue Code on the amount of pre-tax contributions a participant can make to the Retirement Savings Plan and/or the amount of compensation that can be recognized under the Retirement Savings Plan. In addition, the Executive Supplemental Savings Plan also provides retirement benefits that would have been earned under the Retirement Savings Plan, the Pension Plan and/or the Pension Equalization Plan if the participant had not elected to defer compensation under this plan or the Management Stock Purchase Plan (as described above). The benefits under the Executive Supplemental Savings Plan become vested once the participant accrues three years of vesting service under the plan. Certain senior officers are eligible to participate in the Executive Supplemental Savings Plan. Each of Mr. Way, Mr. Rossiter, Mr. Vandenberghe, Mr. DeGrosso and Mr. Stebbins participates in the Executive Supplemental Savings Plan.

Table of Contents

The following table indicates estimated total annual benefits payable as a single life annuity beginning at age 65 for various compensation levels and years of service under the pension plan, the pension equalization plan and the supplemental savings plan. Generally, annual compensation used for pension formula purposes includes salary, annual bonus and 80% of the Restricted Stock Awards for the particular year as reported in the Summary Compensation Table.

* Indicates the covered compensation for Mr. Way who has the lowest covered compensation of all the named executive officers. The covered compensation for the other named executive officers will be a higher amount and their number of years at the 1.10% formula will be fewer than Mr. Way's, resulting in a slightly lower payout amount for comparable compensation levels and years of service. Such differences are not expected to be material.

The pension plan, the Pension Equalization Plan and the Executive Supplemental Savings Plan grant credit for all years of pension service with Lear Siegler Diversified Holdings Corp. and with Lear Corporation, and offset the retirement benefit payable by the Lear Siegler Diversified Holdings Corp. Pension Plan against the benefit payable by the plans. At age 65, it is estimated that under the plans Mr. Way, Mr. Rossiter, Mr. Vandenberghe, Mr. DelGrosso and Mr. Stebbins will each have 30 years of credited service.

Retirement Savings Plan

We have established a retirement savings plan pursuant to Section 401(k) of the Internal Revenue Code for non-union salaried employees who have completed one month of service. Under the retirement savings plan, each eligible employee may elect to defer, on a pre-tax basis, a portion of his or her salary each year and Lear Corporation makes a matching contribution on a participant's contribution of up to five percent of base salary and annual bonus. Lear's matching contribution is invested in shares of Lear's common stock. Matching contributions become vested under the retirement savings plan at a rate of 20% for each full year of service. For the year ended December 31, 2001, the matching contribution for each named executive officer was: Mr. Way, \$8,500, Mr. Rossiter, \$6,500, Mr. Vandenberghe, \$8,500, Mr. DelGrosso, \$6,562 and Mr. Stebbins, \$2,763.

Table of Contents

Our match percentage for each participant under the Lear Corporation Retirement Savings Plan is determined under the following chart and will apply to the participant's contributions up to five percent of base salary and annual bonus:

Years of Service	Matching Contribution Percentage
Less than 5	50%
More than 5 but less than 8	75%
8 or more	100%

Our matching contribution for each participant is invested in shares of our common stock. Each employer matching contribution credited to a participant's account for a particular calendar year becomes available for transfer to any other investment choice within the Lear Corporation Retirement Savings Plan beginning on February 1 of the year immediately following such employer matching contribution.

Effective as of January 1, 2002, we suspended matching contributions under our retirement savings plan.

Employment Agreements

We have entered into employment agreements effective as of July 1, 2000 with each of our named executive officers listed in the Summary Compensation Table. Each employment agreement continually has an unexpired term of three years and is in effect until the date three years after written notice is provided by either party that the agreement is not to be further extended or until the date the executive reaches his or her normal retirement date under our retirement plan for salaried employees then in effect, whichever shall occur first. As of March 15, 2002, Mr. Way's salary is \$1,000,000, Mr. Rossiter's salary is \$1,000,000, Mr. Vandenberghe's salary is \$825,000, Mr. DelGrosso's salary is \$575,000 and Mr. Stebbins' salary is \$575,000. The salaries of each of our named executive officers may be increased at the discretion of the Compensation Committee. In addition, each of Mr. Way, Mr. Rossiter, Mr. Vandenberghe, Mr. DelGrosso and Mr. Stebbins are eligible for an annual incentive compensation bonus at the discretion of the Compensation Committee.

Each employment agreement provides that:

upon the death of the employee, we will pay to his estate or designated beneficiary his full base salary plus any bonus earned for an additional 12 months;

upon termination for disability, the employee will receive all compensation payable under our disability and medical plans and programs plus an additional payment from us so that the aggregate amount of salary continuation from all sources equals, through the remainder of the calendar year following the termination, his base salary at the rate in effect on the date of termination plus any bonus earned, and for the period thereafter through the end of the term of the agreement, his base salary at the rate in effect on the date of termination;

upon termination by the employee for good reason or because of constructive termination after a change in control (each as defined in the employment agreement) or by us other than for cause or disability (each as defined in the employment agreement), the employee will receive, the aggregate base salary he would have earned for two years under the employment agreement (at the highest rate received during the term of the agreement), the aggregate bonus he would have received for two years under the employment agreement (based on the highest annual bonus received in the three calendar years preceding the termination) and the cash value of all benefits that would be payable under certain compensation and benefit plans for two years pursuant to the employment agreement, in each case had his employment continued with us for such period;

in addition to the foregoing severance payment, upon termination by the employee for good reason or because of constructive termination after a change in control (each as defined in the employment agreement) or by us other than for cause (each as defined in the employment agreement), in consideration for the employee's non-compete obligation the employee will receive, the aggregate base

salary he would have earned for one year under the employment agreement (at the highest rate received during the term of the agreement), the aggregate bonus he would have received for one year under the employment agreement (based on the highest annual bonus received in the three calendar years preceding the termination) and the cash value of all benefits that would be payable under certain compensation and benefit plans for one year pursuant to the employment agreement, in each case had his employment continued with us for such period;

upon termination by us for cause, the employee is entitled to receive only unpaid salary and benefits, if any, accrued through the effective date of the employee's termination; and

upon transfer of all or substantially all of our assets to a successor entity, we will require the successor entity expressly to assume performance of the agreement.

**COMPENSATION COMMITTEE INTERLOCKS
AND INSIDER PARTICIPATION**

No member of the Compensation Committee was, during the fiscal year ended December 31, 2001, an officer, former officer or employee of our company or any of our subsidiaries. None of our executive officers served as a member of:

the compensation committee of another entity in which one of the executive officers of such entity served on our Compensation Committee;

the board of directors of another entity, one of whose executive officers served on our Compensation Committee; or

the compensation committee of another entity in which one of the executive officers of such entity served as a member of our Board.

COMPENSATION COMMITTEE REPORT

Regardless of anything indicating the contrary set forth in any of our previous or future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate this proxy statement, in whole or in part, the following report and the performance graph which follows shall not be deemed to be incorporated by reference.

Introduction

Our Compensation Committee determines the salaries and other entitlements of the executive officers and designs all of our compensation programs and policies. The Compensation Committee is currently composed of three non-employee directors: Mr. McCurdy, Mr. Parrott and Mr. Spalding. Our Board has not rejected or modified any action taken by the Compensation Committee.

Executive Compensation Policy

The objectives of our compensation policies are to:

optimize profitability and growth;

link the interests of management with those of stockholders;

provide management with incentive for excellence in individual performance;

promote teamwork among managers; and

attract and retain highly qualified and effective officers, key employees and directors.

The Compensation Committee targets total remuneration (i.e., base salary, annual incentives and long-term incentives) of our senior executives at the 75th percentile of our peer group in return for comparable performance. A discussion of each component of executive compensation follows.

Table of Contents

Base Salary

Base salaries for our executive officers are established at levels considered appropriate in light of the duties and scope of responsibilities of each officer's position. In this regard, the Compensation Committee considers the compensation practices and corporate financial performance of similarly situated companies based on research provided by independent consultants. The Compensation Committee focuses primarily on total compensation, including incentive awards, rather than base salary alone, as the appropriate measure of executive officer remuneration. As of December 31, 2001 Mr. Way's base salary was \$1,000,000, Mr. Rossiter's base salary was \$1,000,000, Mr. Vandenberghe's base salary was \$825,000, Mr. DelGrosso's base salary was \$575,000 and Mr. Stebbins' base salary was \$575,000. Pursuant to elections made under the Management Stock Purchase Plan, Mr. Rossiter, Mr. Vandenberghe, Mr. DelGrosso and Mr. Stebbins elected to defer \$870,000, \$382,500, \$15,023 and \$40,228 of their 2001 salaries, respectively.

Annual Incentives

Our executive officers participate in the Senior Executive Incentive Compensation Plan. Pursuant to this plan, the Compensation Committee makes annual incentive awards designed to reward past financial performance and the achievement of goals considered important to our future. Awards are made in February or March of each year based on our performance achieved in the previous year.

Each named executive officer is assigned an annual target opportunity under the Senior Executive Incentive Plan. The target opportunity for a given year's performance is based 50% upon whether our earnings per share reaches a goal established by the Compensation Committee and 50% upon whether the return on our net assets reaches a goal set by the Compensation Committee. For the year ended December 31, 2001, Mr. Way, Mr. Rossiter, Mr. Vandenberghe, Mr. DelGrosso and Mr. Stebbins earned annual gross bonuses in the amount of \$420,000, \$420,000, \$263,760, \$148,852, and \$140,453, respectively. Pursuant to elections made under the Management Stock Purchase Plan, Mr. Way and Mr. DelGrosso elected to defer \$84,000 and \$74,426 of their 2001 annual cash bonus, respectively.

Long-Term Incentives

The long-term incentive component of our executive compensation program is designed to provide our senior officers with substantial at-risk components and to align the interests of our senior officers with those of our stockholders. To achieve these goals, the Compensation Committee has:

implemented stock ownership guidelines for its senior officers;

granted stock options to selected senior officers;

granted performance share awards to selected senior officers; and

permitted its officers to defer a portion of their base salary and annual incentive bonus in restricted stock units.

Management Stock Ownership Requirements

The Compensation Committee has implemented stock ownership guidelines that require certain of our officers to achieve, within five years of reaching senior officer status, stock ownership levels ranging from one to five times base salary. Shares of common stock owned, restricted stock units and sixty percent of the value of exercisable stock options in the money as of the date of valuation are counted in satisfying these requirements. Management personnel who have not made substantial progress towards these goals after three years will have up to 50% of their annual incentives delivered in restricted stock units pursuant to the Management Stock Purchase Plan described below.

Stock Options

Stock options granted under our stock option plans, which become exercisable three years from the date of grant, provide incentive for officers by giving them a strong economic interest in remaining with us and

Table of Contents

maximizing price appreciation of our common stock. On January 11, 2001, each of the named executive officers received stock options which vested and became exercisable on July 20, 2001 and have an exercise price of \$27.25 per share. In addition, on May 3, 2001, each of the named executive officers received stock options which vest and become exercisable upon the earlier of May 3, 2004 or the first day after the stock price reaches 135% of the exercise price and averages that price for twenty consecutive trading days. These stock options have an exercise price of \$35.93 per share.

Performance Share Awards

Performance share awards ensure that a significant component of certain employees' compensation depends upon the achievement of specified financial performance goals over a three year period. The Compensation Committee chooses from among eight commonly used measures of corporate performance to determine the level of payout of performance share awards.

In February 2002, the Compensation Committee granted performance share awards effective January 1, 2002 to selected employees under the Long-Term Incentive Plan with target performance shares equal on the date of the award to 25% of such employee's base salary on January 1, 2002. The 2002 performance criteria over a three year period for these performance share awards are our return on invested capital and our relative return to stockholders compared to a peer group of representative independent automotive suppliers which at the time of the grant consisted of ArvinMeritor, Inc., Dana Corporation, Delphi Automotive Systems Corporation, Eaton Corporation, Johnson Controls, Inc., Magna International, Inc., and Visteon Corporation. For a senior officer to receive shares of common stock or cash for their performance shares, return on invested capital and/or relative return to stockholders over three years must equal or exceed the threshold goals. Our officers may earn additional shares of common stock or cash for their performance share awards if we exceed the target goals for return on invested capital and/or relative return to stockholders.

Management Stock Purchase Plan

In furtherance of its goal of aligning the interests of officers with those of our stockholders, the Compensation Committee to date permits 100 senior officers and key executives to participate in the Management Stock Purchase Plan. The program is part of the Long-Term Stock Incentive Plan. Under this program, a selected officer or key executive can elect to defer a portion of his or her base salary for the year and annual incentive bonuses based upon the officer's or key executive's performance for the prior year and paid under the Senior Executive Incentive Plan or the Management Incentive Plan during the first quarter of the year. In consideration for deferring their salary and/or incentive bonus, participants receive a number of restricted stock units under the Long-Term Stock Incentive Plan equal to 125% of the amount deferred divided by the fair market value of a share of common stock on the date determined by the Compensation Committee. For restricted stock units credited in April of 2001 for 2001 base salary deferral elections, the value was based on the average high/low price of our common stock during the last five trading days of 2000, and for restricted stock units to be credited in April 2002 for 2001 cash bonus deferral elections, the value will be based on the average high/low price of our common stock during the last five trading days of 2001 which was \$37.59. Generally, a participant must hold restricted stock units and remain employed for at least three years, at which time the participant receives a number of shares of common stock equal to the restricted stock units held and a cash payment equal to the amount of dividends, if any, the participant would have earned if he or she had held shares of common stock rather than restricted stock units. Pursuant to deferral elections made under the Management Stock Purchase Plan for compensation and annual incentive bonuses earned in the year ending December 31, 2001, Mr. Way, Mr. Rossiter, Mr. Vandenberghe, Mr. DelGrosso and Mr. Stebbins received restricted stock units of 2,793, 45,717, 20,100, 3,265 and 2,114, respectively.

Estate Preservation Plan

The Compensation Committee has established the Estate Preservation Plan for certain of our senior executives, each of whom has a significant portion of his net worth invested in our common stock. The Estate Preservation Plan provides the beneficiaries of a participant with funds to pay estate taxes on inherited common stock. Under the Estate Preservation Plan, we purchase a life insurance policy on the joint lives of the participant and his spouse. We own the life insurance policy but endorse a portion of the policy's proceeds to the participant's designated beneficiaries. Each participant pays a portion of the policy's annual premium (until he reaches age 65) and we pay the remainder of the annual premium. After the executive reaches age 65, we pay the entire annual premium and the participant pays income taxes on the imputed income from the policy. Upon the later death of a participant or his spouse, we recover the present value of our premium payments from the tax-free insurance proceeds and the participant's beneficiaries receive the remaining tax-free insurance proceeds, which they can use to pay the estate taxes on inherited common stock.

Chief Executive Officer Compensation

Pursuant to his employment agreement, Mr. Rossiter received a salary of \$1,000,000 during the fiscal year ending December 31, 2001. Mr. Rossiter was also eligible to participate in the Senior Executive Incentive Plan, the Long-Term Stock Incentive Plan, the stock option plans, the Executive Supplemental Savings Plan and the Estate Preservation Plan.

The Compensation Committee awarded Mr. Rossiter an annual bonus of \$420,000, for services performed in 2001, which was based upon the attainment of targeted earnings per share and targeted return on net assets pursuant to the Senior Executive Incentive Plan. In 2001, the Compensation Committee granted to Mr. Rossiter the following compensation to provide substantial at-risk components and to align the interests of Mr. Rossiter with those of our stockholders: (i) options to purchase 162,500 shares of common stock, and (ii) performance share awards, the ultimate value of which will be determined by our return on invested capital and relative return to our stockholders over a three year period. See Executive Compensation Option Grants and Long-Term Incentive Awards in Last Fiscal Year beginning on page 10.

Tax Treatment of Executive Compensation

One of the factors the Compensation Committee considers when determining compensation is the anticipated tax treatment to Lear and to the executives of the various payments and benefits. Generally, the Compensation Committee intends to comply with the requirements of Section 162(m) of the Internal Revenue Code with respect to annual and long-term incentives in order to avoid losing the tax deduction for non-performance based compensation in excess of \$1,000,000 paid to any named executive officer appearing in the Summary Compensation Table. The Compensation Committee may, however, determine that it is necessary to exceed the limitation on deductibility under Section 162(m) to insure executive officers are compensated in a manner consistent with our best interests and those of our stockholders.

This report is submitted by Messrs. McCurdy, Parrott and Spalding, being all of the members of the Compensation Committee.

The peer group we have selected is made up of representative independent automobile suppliers of comparable size and products whose common stock is traded on domestic stock exchanges. Our peer group includes ArvinMeritor, Inc., Borg-Warner Automotive, Inc., Collins & Aikman Corporation, Dana Corporation, Delphi Automotive Systems Corporation, Donnelly Corp., Eaton Corp., Gentex Corp., Johnson Controls, Inc., Magna International, Inc., Superior Industries International, Tower Automotive and Visteon Corporation. Delphi and Visteon were not previously included in our peer group because of their limited operating history.

AUDIT COMMITTEE REPORT

The information contained in this report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that we specifically incorporate it by reference in such filing.

The Audit Committee of the Board of Directors is responsible for evaluating audit performance, recommending engagement of and managing relations with our independent accountants and evaluating policies and procedures relating to internal accounting functions and controls. The Audit Committee is currently comprised of Mr. Shower, Mr. McCurdy and Mrs. Elder, each a non-employee director, and operates under a written charter adopted by the Board of Directors. Mr. Shower, whose three year term expires at this annual meeting, has decided not to stand for re-election as a director to our Board. A copy of the Audit Committee Charter as presently in effect was an appendix to our Proxy Statement on Schedule 14A filed with the Securities and Exchange Commission on March 23, 2001. Our Board has determined that all members of the Audit Committee are independent for purposes of the New York Stock Exchange listing standards.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditor, nor can the Audit Committee certify that the independent auditor is independent under applicable rules. The Audit Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors and the experience of the Audit Committee's members in business, financial and accounting matters. Our management has the primary responsibility for the financial statements and reporting process, including our systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2001. This review included a discussion of the quality and the acceptability of our financial reporting and controls, including the clarity of disclosure in the financial statements.

The Audit Committee has discussed with Arthur Andersen LLP, the Company's independent accountants for the year ended December 31, 2001, the matters required to be discussed by SAS 61 (Codification of Statements on Accounting Standards) which includes, among other items, matters related to the conduct of the audit of the Company's financial statements. The Audit Committee has also received written disclosures and the letter from Arthur Andersen LLP required by Independence Standards Board Standard No. 1 (which relates to the accountant's independence from the Company and its related entities) and has discussed with Arthur Andersen LLP their independence from the Company.

During fiscal year 2001, we retained our principal auditor, Arthur Andersen LLP, to provide services in the following categories and amounts (in 000's):

Audit fees (a): \$3,797.

Financial information systems design and implementation fees: \$0.

All other fees (b): \$5,181.

(a) Audit fees are for professional services rendered for the audit of the Company's annual consolidated financial statements and foreign statutory audits for the fiscal year ended December 31, 2001 and the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q.

(b) All other fees include (1) audit related, totaling \$1,124, consisting of services traditionally performed by auditors such as benefit plan audits, review and assistance with documents filed with the Securities and Exchange Commission, comfort letters, and technical accounting consultation services and (2) \$4,057 of other fees, of which \$3,500 relates to tax and United States Customs services.

The Audit Committee has considered whether the provision of non-audit services rendered above by our principal auditor is compatible with maintaining auditor independence, and believes that the provision of such

Table of Contents

services is compatible. Notwithstanding the foregoing, the Audit Committee has adopted guidelines which prohibit the engagement of our independent auditors for any of the following non-audit services and arrangements: (1) the performance of any internal audit services, (2) the performance of any information technology systems design services and (3) any arrangement pursuant to which the independent auditors provide personnel to the Company on a temporary basis.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001 and be filed with the United States Securities and Exchange Commission.

In past years, the Audit Committee has recommended the appointment of independent auditors for the current year to our Board of Directors, which in turn has recommended ratification of such appointment by our stockholders. Arthur Andersen LLP has served in that capacity for us in the past and is familiar with the Company's business affairs, financial controls and accounting procedures. This year, in light of the events surrounding Arthur Andersen LLP, the Audit Committee and management of the Company are continuing to evaluate the situation and are interviewing additional candidates to serve as our independent auditors for the year ending December 31, 2002. Accordingly, our stockholders are not being asked to ratify the appointment of independent auditors to audit the Company's financial statements for the year ending December 31, 2002. Our Board of Directors intends to make a timely decision, based on a recommendation from the Audit Committee, with respect to the appointment of our independent auditors for the year ending December 31, 2002 that we believe will be in the best interests of the Company and its stockholders. The Company intends to resume the practice of asking its stockholders to ratify the appointment of independent auditors at subsequent annual meetings.

This report is submitted by Messrs. Shower and McCurdy and Mrs. Elder, being all of the members of the Audit Committee.
