Dear Artemis Stockholder:

You are cordially invited to attend a special meeting of stockholders of Artemis International Solutions Corporation, which will be held at the Country Inn & Suites, 325 Bristol Street, Costa Mesa, California 92626, on [], 2002, at 10:00 a.m., local time. We look forward to greeting as many of our stockholders as possible.

This booklet includes the notice of special meeting and the proxy statement. The proxy statement describes the reverse stock split proposal which will be voted on at the special meeting and provides other information concerning us which you should be aware of when you vote your shares. Your board of directors unanimously determined to recommend the approval of this proposal. Since this proposal only requires a majority vote of our outstanding common stock, and our 80% stockholder, Proha Plc, has already executed an irrevocable proxy to vote in favor of the reverse stock split proposal, there are currently enough votes committed to approve the reverse stock split.

Whether or not you attend the special meeting, it is important that your shares be represented and voted at the meeting. Stockholders of record can vote their shares by marking your votes on the enclosed proxy card, signing, dating and mailing the proxy card in the enclosed envelope. If you decide to attend the special meeting and vote in person, you may then withdraw your proxy.

If you have any questions prior to the special meeting or need further assistance, please contact Charles F. Savoni at 949-660-7100, Ext. 1301.

On behalf of the board of directors and the employees of Artemis International Solutions Corporation, I would like to express my appreciation for your continued interest in the affairs of the company.

Sincerely,

Michael J. Rusert
President and Chief Executive Officer

THE VOTE OF EACH AND EVERY STOCKHOLDER IS MOST IMPORTANT TO US.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING

UNLESS OTHERWISE INDICATED OR THE CONTEXT REQUIRES, ALL SHARE NUMBERS, SHARE PRICES AND PER SHARE AMOUNTS IN THIS PROXY STATEMENT DO NOT GIVE EFFECT TO THE REVERSE STOCK SPLIT

WHEN AND WHERE IS THE SPECIAL MEETING?

The special meeting will be held on [], 2002, beginning at 10:00 a.m., local time, at the Country Inn & Suites, 325 Bristol Street, Costa Mesa, California 92626.

WHAT IS THE PURPOSE OF THE SPECIAL MEETING?

At the special meeting, we will ask you to consider and approve an amendment of our Amended and Restated Certificate of Incorporation to effect a reverse stock split, in a ratio of any one for ten, eleven, twelve or any whole number of shares thereafter to and including one hundred, as determined in good faith by our board of directors, and such other matters as may come before the special meeting, including the approval of any adjournment or postponement of the meeting.

WHY DID I RECEIVE THIS PROXY STATEMENT?

We sent you this proxy statement and the enclosed proxy card because our board of directors is soliciting your proxy to vote at the special meeting of stockholders.

This proxy statement summarizes the information you need to know to vote on an informed basis at the special meeting; however, you do not need to attend the special meeting to vote your shares (see "How Do I Vote?"). We began sending this proxy statement, the attached notice of special meeting and the

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form PRE 14A

enclosed proxy card on or about [], 2002, to all stockholders entitled to vote.

WHO IS ENTITLED TO VOTE?

If our records show that you are a common stockholder as of the close of business on September 26, 2002, which is referred to as the record date, you are entitled to receive notice of the special meeting and to vote the shares of common stock that you held on the record date.

HOW MANY SHARES OF STOCK ARE OUTSTANDING?

On September 26, 2002, the record date, there were [] shares of our common stock outstanding. Each share of common stock that you own entitles you to one vote.

CAN I ATTEND THE SPECIAL MEETING?

If you owned common stock on the record date, September 26, 2002, you can attend the special meeting. You should be prepared to present photo identification for admittance. In addition, if your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you are the beneficial owner of the shares on the record date.

1

IF I PLAN TO ATTEND THE SPECIAL MEETING, SHOULD I STILL VOTE BY PROXY?

Whether you plan to attend the special meeting or not, we urge you to vote by proxy. Returning the proxy card will not affect your right to attend the special meeting and vote.

HOW DO I VOTE?

- o If you hold your shares in your own name as a holder of record, you may instruct the proxy holders named in the enclosed proxy card how to vote your shares of common stock by signing, dating and mailing the proxy card in the postage-paid envelope that has been provided to you. If you are a registered stockholder and attend the special meeting, you may deliver your completed proxy card in person.
- o If your shares are held by a broker, bank or other nominee (i.e., in "street name"), you will receive instructions from your nominee which you must follow in order to have your shares voted by proxy by the nominee. "Street name" stockholders who wish to vote at the meeting will need to obtain a proxy form from the broker, bank or other nominee that holds their shares of record.

CAN I REVOKE MY PROXY?

Any stockholder who executes and returns a proxy or voting instructions to a nominee may revoke such proxy or instructions at any time before it is voted at the special meeting by:

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form PRE 14A

1. filing with the Secretary of Artemis International Solutions Corporation, at 4041 MacArthur Boulevard, Suite 260, Newport Beach, CA 92660, written notice of revocation bearing a later date than the proxy; or
2. filing a duly executed proxy bearing a later date; or
3. appearing in person and voting by ballot at the special meeting.

Any stockholder of record as of the record date attending the special meeting may vote in person whether or not a proxy has been previously given, but the presence (without further action) of a stockholder at the special meeting will not constitute revocation of a previously given proxy.

WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY CARD OR VOTER INSTRUCTION FORM?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card or voter instruction form, each of which will indicate the number of shares you are entitled to vote on that particular card or form. Sign and return all proxy cards or voter instruction forms to ensure that all your shares are voted.

2

AM I ENTITLED TO APPRAISAL RIGHTS?

No. You will have no right under Delaware law to seek appraisal of the value of your shares in connection with any of the matters being voted upon.

HOW DOES THE BOARD OF DIRECTORS RECOMMEND I VOTE ON THE PROPOSAL?

The board of directors unanimously recommends that you vote in favor of the proposal.

WHAT CONSTITUTES A QUORUM AND WHY IS IT NECESSARY?

In order to carry on the business of the special meeting, we must have a quorum. The holders of a majority of the total number of votes of our capital stock, present in person or represented by proxy, will constitute a quorum for the transaction of business at the special meeting. Abstentions and broker non-votes will count for quorum purposes. If you submit a properly executed proxy card or voter instruction form, even if you abstain from voting, you will be considered part of the quorum.

WHAT IS A BROKER NON-VOTE?

A broker non-vote occurs with respect to any proposal when a broker holds your shares in its name and is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given.

WHAT VOTE IS REQUIRED FOR APPROVAL OF THE PROPOSAL?

Approval and adoption of the amendment to the Amended and Restated

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form PRE 14A

Certificate of Incorporation to effect a reverse stock split requires the affirmative vote of the holders of a majority of the total number of votes of our capital stock outstanding. Abstentions from voting and broker non-votes, if any, will have the same effect as votes against the adoption of the amendment.

As of September 12, 2002, our directors, executive officers and affiliates had the right to vote 203,193,478 shares of our common stock or 81.6% of the total possible votes. Our directors, executive officers and affiliates have indicated that they will vote all of their shares in favor of this proposal. Since Proha Plc, our largest stockholder, currently controls 80% of our outstanding common stock and has already executed an irrevocable proxy to vote in favor of the reverse stock split proposal, there are currently enough votes committed to approve the reverse stock split.

WILL OTHER MATTERS BE VOTED ON AT THE SPECIAL MEETING?

We are not aware of any other matters to be presented at the special meeting other than those described in this proxy statement. If any other matters not described in the proxy statement are properly presented at the meeting, proxies will be voted in accordance with the best judgment of the proxy holders.

WHAT ARE THE COSTS OF SOLICITING THESE PROXIES AND WHO PAYS THEM?

All expenses of soliciting proxies, including clerical work, printing and postage, will be paid by us. Our directors, officers, other employees and/or agents may solicit proxies in person, by mail, by telephone, by facsimile, through the Internet or by other means of communication, but such persons will

3

not be specifically compensated for such services. We will reimburse American Stock Transfer & Trust Company for forwarding proxy materials to beneficial owners.

PROPOSAL 1:

AMEND OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO
EFFECT A REVERSE STOCK SPLIT OF OUR COMMON STOCK

UNLESS OTHERWISE INDICATED OR THE CONTEXT REQUIRES, ALL SHARE NUMBERS, SHARE
PRICES AND PER SHARE AMOUNTS IN THIS PROXY STATEMENT
DO NOT GIVE EFFECT TO THE REVERSE STOCK SPLIT

REVERSE STOCK SPLIT

You are being asked to vote upon a proposal to amend our Amended and Restated Certificate of Incorporation to effect a reverse stock split of the shares of our common stock at a ratio of one share of common stock for every ten, eleven, twelve or any whole number of shares thereafter up to and including one hundred issued and outstanding. Whether to actually effect the reverse stock split and the precise conversion ratio to be used will be determined by our board of directors based on prevailing market conditions and the ratio the board of directors believes is the most reasonable at the time of filing the amendment. The form of the proposed amendment is attached to this proxy statement as Annex A.

If the reverse stock split is approved by our stockholders, each ten, eleven, twelve or any whole number of shares thereafter up to and including one hundred of our common stock, as determined in good faith by our board of directors, issued and outstanding on the effective date of the reverse stock split, will be automatically combined into and become one share of our common stock. To avoid the existence of fractional shares of our common stock, stockholders who would otherwise be entitled to receive fractional shares of our common stock as a result of the reverse stock split will receive a cash payment in lieu thereof. The par value of our common stock will remain at \$0.001 per share. See "Effects of the Reverse Stock Split" on page [] below.

As of September 12, 2002, we had 249,124,566 shares of common stock issued and outstanding. Based on the number of shares of our common stock currently issued and outstanding, immediately following the completion of the reverse stock split, and, for illustrative purposes only, assuming a one for one

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form PRE 14A

hundred reverse stock split, we would have 2,491,246 shares of our common stock issued and outstanding (without giving effect to the elimination of any fractional shares). The actual number of shares outstanding will depend on the ratio determined by the board of directors for the reverse stock split.

The effective date of the reverse stock split, if approved, will be the date on which the amendment is declared effective by the Secretary of State of the State of Delaware, which is anticipated to be promptly following the date of the special meeting.

If, at any time prior to the effective date of the reverse stock split, the board of directors, in its sole discretion, determines that the reverse stock split is no longer in our best interests and the best interests of our stockholders, the reverse stock split may be abandoned at any time before, during or after the special meeting and prior to its effectiveness, without further action by our stockholders. Approval of the proposed amendment effecting the reverse stock split requires the affirmative vote of the holders of a majority of the total number of votes of our capital stock outstanding.

5

REASONS FOR THE REVERSE STOCK SPLIT

On September 10, 2002, our board of directors adopted a resolution approving an amendment to our Amended and Restated Certificate of Incorporation that would effect the reverse stock split and directing that the amendment be submitted for consideration by our stockholders at the special meeting. The board of directors also set September 26 as the record date for the special meeting and unanimously recommended that our stockholders approve the amendment.

The primary purpose for effecting the reverse stock split is to increase the per share trading price of our common stock so as to:

- o make our common stock more attractive to institutional and other investors;
- o mitigate the relatively high transaction costs and commissions incurred by our stockholders due to the current share price; and
- o reduce the number of stockholders to lower administrative costs for stockholder communications.

On September 13, 2002, the closing price per share of our common stock on the OTC Bulletin Board was \$0.065.

As of September 12, 2002, we had 249,124,566 shares of our common stock issued and outstanding. We also have outstanding stock options exercisable for 28,611,203 shares of our common stock and warrants to purchase an aggregate of 5,595,938 shares of our common stock.

Our board of directors believes that the reverse stock split will encourage greater interest in our common stock by the investment community. The board of directors believes that the current market price of our common stock has impaired its acceptability to institutional investors, professional investors and other members of the investing public. Many institutional and other investors look upon stocks trading at low prices as unduly speculative in nature and, as a matter of policy, avoid investment in such stocks. Further, various brokerage house policies and practices tend to discourage individual

brokers from dealing in low priced stocks.

Our board of directors believes that the reduction in the number of outstanding shares of our common stock caused by the reverse stock split should, absent other factors, increase the per share market price of our common stock, although not necessarily on a proportional basis. However, some investors may view the reverse stock split negatively since it reduces the number of shares available in the public market. In addition, other reasons such as our financial results, market conditions, the market perception of our business and other factors may adversely affect the market price of our common stock. As a result, there can be no assurance that the reverse stock split, if completed, will result in the benefits described above, or that the market price of our common stock will not decline in the future.

In many cases it may be prohibitively expensive for stockholders who hold small numbers of shares of our common stock to sell their shares on the open market. Depending on the number of shares owned and the actual conversion ratio determined by our board of directors, the reverse stock split may result in cashing out stockholders with small accounts without transaction costs such as brokerage fees. However, if these stockholders do not want to cash out their holdings in Artemis International, they may purchase additional shares of our common stock on the open market in order to increase the number of shares in their account. These stockholders will then own a sufficient number of shares of our common stock in order to avoid being cashed out as a result of the reverse stock split.

6

In addition, we have a large number of shareholders that own relatively few shares. The reverse stock split will reduce the number of stockholders with small accounts and thereby yield administrative cost savings for us.

EFFECTS OF THE REVERSE STOCK SPLIT

GENERAL

If the amendment to our Amended and Restated Certificate of Incorporation is approved by our stockholders and we determine to effect the reverse stock split, the principal effect will be to decrease the number of outstanding shares of our common stock. As a result of the reverse stock split and depending on the actual conversion ratio determined by our board of directors, every ten, eleven, twelve or any whole number of shares thereafter up to and including one hundred of common stock issued and outstanding shares of our common stock immediately prior to the effectiveness of the reverse stock split would become one share of our common stock after the effectiveness of the reverse stock split. Our common stock is currently registered under the Exchange Act, and we are subject to the periodic reporting and other requirements of the Exchange Act. The reverse stock split will not affect the registration of our common stock under the Exchange Act or the listing of our common stock on the OTC Bulletin Board. Following the reverse stock split, our common stock will continue to be listed on the OTC Bulletin Board under the symbol "AISC", subject to our continued satisfaction of the OTC Bulletin Board listing requirements.

Proportionate voting rights and other rights of the holders of our common stock will not be affected by the reverse stock split, other than as a result of the elimination of fractional shares as described below. For example, a holder of 2.0% of the voting power of the outstanding shares of our common

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form PRE 14A

stock immediately prior to the effective date of the reverse stock split will generally continue to hold 2.0% of the voting power of the outstanding shares of our common stock after the reverse stock split. The number of stockholders of record will not be affected by the reverse stock split, except to the extent stockholders are cashed out due to fractional ownership after effectiveness of the reverse stock split.

Although the reverse stock split would not, by itself, affect our assets or prospects, the reverse stock split could result in a decrease in our aggregate market capitalization due to a decrease in the market price of our common stock following the effective date. Also, if approved and implemented, the reverse stock split may result in some stockholders owning "odd lots" of less than 100 shares of our common stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in "round lots" of even multiples of 100 shares. The board of directors believes, however, that these potential effects are outweighed by the benefits of the reverse stock split.

EFFECT ON STOCK OPTION PLANS

As of September 12, 2002, we had outstanding stock options to purchase a total of 28,611,203 shares of our common stock. For illustrative purposes, if a one for one hundred reverse stock split is approved and effected, the compensation committee of our board of directors will equitably adjust the terms of the options such that there would be a total of 286,112 shares of our common stock issuable upon exercise of the options (1% of the number of shares of our common stock previously issuable upon exercise). In addition, the exercise price per share for each option would be increased to 100 times the previous exercise price. The aggregate exercise price payable by the optionee to us would remain the same. In addition, the number of shares of our common stock which remain available for issuance under our option plans will be reduced by the same ratio as the reverse stock split.

7

EFFECT ON AUTHORIZED SHARES

As of September 12, 2002, our authorized capital stock consisted of (i) 500,000,000 shares of common stock; and (ii) 25,000,000 shares of preferred stock. The reverse stock split will not affect the number of our authorized shares of capital stock; accordingly, the number of authorized but unissued shares of common stock will increase following the reverse stock split. This may be construed as having an anti-takeover effect to the extent it would permit the issuance of shares to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions of our Amended and Restated Certificate of Incorporation or Bylaws. We have no current plans to issue any of the additional authorized but unissued shares of our common stock that will become available as a result of the reverse stock split and the corresponding amendment to our Amended and Restated Certificate of Incorporation.

REDUCTION IN STATED CAPITAL

Pursuant to the reverse stock split, the par value of our common stock will remain \$.001 per share. As a result of the reverse stock split, on the effective date of the reverse stock split, the stated capital on our balance sheet attributable to our common stock will be reduced in proportion to the size

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form PRE 14A

of the reverse stock split, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. Our stockholders' equity, in the aggregate, will remain unchanged.

FRACTIONAL SHARES

We do not currently intend to issue fractional shares in connection with the reverse stock split. Therefore, no certificates representing fractional shares are currently expected to be issued. Stockholders who otherwise would be entitled to receive fractional shares because the number of shares of common stock they hold before the reverse stock split is not evenly divisible by the number ultimately determined by our board of directors as the reverse stock split ratio will be entitled, upon surrender to our transfer agent of certificates representing such shares, to cash payments (without interest) in lieu of the fractional shares. The amount of cash to be paid in lieu of issuing fractional shares of our common stock will be the fair market value of the fractional shares based on the closing price of our common stock on the effective date of the reverse stock split. The ownership of a fractional interest will not give the holder any voting, dividend or other rights, except to receive the cash payment.

Stockholders should be aware that, under the escheat laws of various jurisdictions, sums due for fractional interests that are not timely claimed after the effective date may be required to be paid to the designated agent for each such jurisdiction, unless correspondence has been received by us or our transfer agent concerning ownership of such funds within the time permitted in such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds will have to seek to obtain them directly from the state to which they were paid.

EXCHANGE OF STOCK CERTIFICATES

If the proposal to implement the reverse stock split is adopted, stockholders will be required to exchange their stock certificates for new certificates representing the number of shares of our common stock resulting from the reverse stock split. Stockholders of record on the effective date will be furnished the necessary materials and instructions for the surrender and exchange of share certificates at the appropriate time by American Stock Transfer & Trust Company, our transfer agent. Stockholders will not have to pay a transfer fee or other fee in connection with the exchange of certificates. As soon as practicable after the effective date, the transfer agent will send a letter of transmittal to each stockholder

8

advising such holder of the procedure for surrendering certificates representing the number of shares of our common stock prior to the reverse stock split ("Old Stock Certificates") in exchange for new certificates representing the number of shares of our common stock resulting from the reverse stock split ("New Stock Certificates").

YOU SHOULD NOT SEND YOUR STOCK CERTIFICATES NOW. YOU SHOULD SEND THEM ONLY AFTER YOU RECEIVE THE LETTER OF TRANSMITTAL FROM OUR TRANSFER AGENT.

As soon as practicable after the surrender to the transfer agent of any Old Stock Certificate, together with a duly executed letter of transmittal and any other documents the transfer agent may specify, the transfer agent will

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form PRE 14A

deliver to the person in whose name such Old Stock Certificate had been issued a New Stock Certificate registered in the name of such person. Each New Stock Certificate will continue to bear legends, if any, restricting the transfer of such shares that were borne by the surrendered Old Stock Certificates held prior to the reverse stock split.

Until surrendered as contemplated herein, each Old Stock Certificate shall be deemed at and after the effective date of the reverse stock split to represent the number of full shares of our common stock resulting from the reverse stock split and the right to receive cash for the fair value of any fractional shares. Until they have surrendered their Old Stock Certificates for exchange, stockholders will not be entitled to receive any dividends or other distributions that may be declared and payable to holders of record.

Any stockholder whose Old Stock Certificate has been lost, destroyed or stolen will be entitled to a New Stock Certificate after complying with the requirements that we and the transfer agent customarily apply in connection with lost, stolen or destroyed certificates.

No service charges, brokerage commissions or transfer taxes shall be payable by any holder of any Old Stock Certificate, except that if any New Stock Certificates are to be issued in a name other than that in which the Old Stock Certificates are registered, it will be a condition of such issuance that (1) the person requesting such issuance must pay to us any transfer taxes payable by reason thereof (or prior to transfer of such certificate, if any) or establish to our satisfaction that such taxes have been paid or are not payable, (2) the transfer complies with all applicable federal and state securities laws, and (3) the surrendered certificate is properly endorsed and otherwise in proper form for transfer.

NO APPRAISAL RIGHTS

Stockholders have no rights under Delaware law or our Amended and Restated Certificate of Incorporation or our Bylaws to exercise dissenters' rights of appraisal with respect to the reverse stock split.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT

The following discussion is a summary of certain federal income tax consequences of the reverse stock split to us and to holders of common stock that hold such stock as a capital asset for federal income tax purposes. This discussion is based on laws, regulations, rulings and decisions in effect on the date hereof, all of which are subject to change (possibly with retroactive effect) and to differing interpretations. This discussion applies only to holders that are U.S. persons and does not address all aspects of federal income taxation that may be relevant to holders in light of their particular circumstances or to holders who may be subject to special tax treatment under the Internal Revenue Code, including, without limitation, holders of preferred stock or warrants, holders who are dealers in securities or foreign

currency, foreign persons, insurance companies, tax-exempt organizations, banks, financial institutions, broker-dealers, holders who hold common stock as part of a hedge, straddle, conversion or other risk reduction transaction, or who acquired our common stock pursuant to the exercise of compensatory stock options

or otherwise as compensation.

We have not sought, and will not seek, an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of the reverse stock split. The following summary does not address the tax consequences of the reverse stock split under foreign, state, or local tax laws. ACCORDINGLY, EACH HOLDER OF COMMON STOCK SHOULD CONSULT ITS TAX ADVISOR WITH RESPECT TO THE PARTICULAR TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT TO SUCH HOLDER.

The federal income tax consequences for a holder of common stock pursuant to the reverse stock split will be as follows:

1. the holder should not recognize any gain or loss for federal income tax purposes (except for cash, if any, received in lieu of a fractional share of common stock);
2. the holder's aggregate tax basis of the common stock received pursuant to the reverse stock split, including any fractional share of the common stock not actually received, should be equal to the aggregate tax basis of such holder's common stock surrendered in exchange therefor;
3. the holder's holding period for the common stock received pursuant to the reverse stock split should include such holder's holding period for the common stock surrendered in exchange therefor;
4. cash payments received by the holder for a fractional share of common stock generally should be treated as if such fractional share had been issued pursuant to the reverse stock split and then redeemed by us, and such holder generally should recognize capital gain or loss with respect to such payment, measured by the difference between the amount of cash received and such holder's tax basis in such fractional share; and
