INFORMATION CONCERNING SOLICITATION AND VOTING

Record Date and Share Ownership

Stockholders of record at the close of business on March 1, 2001 (the "Record Date") are entitled to notice of and to vote at the annual meeting. At the Record Date, 41,019,690 shares of AsiaInfo's common stock ("Common Stock") were issued and outstanding and held of record by approximately 183 registered stockholders.

Voting, Solicitation and Revocability of Proxy

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

Registered stockholders can vote by mail, telephone or the Internet. Telephone voting can be accessed by calling the toll-free number (in the United States only) 1-800-481-9825. Internet voting can be accessed by logging on to the following Internet address: (<http://proxy.shareholder.com/asia>). Telephone and Internet voting information is provided on the proxy card. A control number located on the proxy card is designed to verify each stockholder's identity and allow stockholders to vote their shares and confirm that their voting instructions have been properly recorded. If your shares are held in the name of a bank or broker, follow the voting instructions on the form you receive from your bank or broker. The availability of telephone or Internet voting will depend on their voting process.

If you do not choose to vote by telephone or the Internet, you may still return your proxy card, properly signed, and the shares represented will be voted in accordance with your directions. You can specify your choices by marking the appropriate boxes on the proxy card. If your proxy card is signed and returned without specifying choices, the shares will be voted in favor of proposals 1 and 2. IF YOU VOTE BY TELEPHONE OR THE INTERNET, IT IS NOT NECESSARY TO RETURN YOUR PROXY CARD.

You may revoke your proxy at any time before it is voted at the Annual Meeting by casting a different vote by telephone or the Internet, by executing a later-voted proxy by mail, by voting by ballot at the Annual Meeting, or by providing written notice of the revocation to Hongmei Li, Corporate Secretary of AsiaInfo, at the Company's principal executive offices.

YOUR VOTE IS IMPORTANT. ACCORDINGLY, REGARDLESS OF WHETHER YOU PLAN TO ATTEND THE MEETING, YOU ARE URGED TO VOTE BY TELEPHONE, BY THE INTERNET, OR BY SIGNING AND RETURNING THE ACCOMPANYING PROXY CARD. If you do attend, you may vote by ballot at the Annual Meeting, thereby canceling any proxy previously given.

4

In the event that any matter not described in this Proxy Statement properly comes before the Annual Meeting, the proxyholders named in the accompanying proxy will vote the shares represented by the proxy in accordance with their best judgment. As of the date of this Proxy Statement, AsiaInfo is not aware of any other matter that might be presented at this meeting.

Each share of Common Stock outstanding on the Record Date is entitled to one vote. The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date, present in person or represented by proxy. Stockholders may withhold authority to vote for one or more of the nominees for director and may abstain on one or more of the other matters that may come before the meeting. The inspector of election appointed for the meeting will determine the existence of a quorum and will tabulate the votes cast at the meeting. Broker non-votes will not be counted in determining the number of votes cast with respect to a proposal. For purposes of determining the presence of a quorum, abstentions and broker non-votes will be counted by AsiaInfo as present at the meeting. Abstentions will also be counted by AsiaInfo in determining the total number of votes cast with respect to a proposal (other than the election of directors). If, however, such quorum shall not be present or represented, the stockholders present in person or represented by proxy shall have the power to adjourn the meeting from time to time, without notice other than announcement at the meeting until a quorum shall be present or represented. If a broker indicates on a proxy that such broker does not have discretionary authority to vote on a particular matter, under applicable Delaware law those shares will be counted as present for purposes of determining the presence of a quorum, but will not be counted as votes cast on the matter and will have no effect on the outcome of the vote on such matter.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

The cost of soliciting proxies will be borne by AsiaInfo. Proxies may be solicited by certain of AsiaInfo's directors, officers and regular employees, without additional compensation, in person or by telephone, email or facsimile. In addition, AsiaInfo has retained Morrow & Co., Inc. to assist in such solicitation. The fee to be paid to such firm is not expected to exceed \$4,000 plus reasonable out-of-pocket costs and expenses. In addition, AsiaInfo may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners.

MATTERS TO BE CONSIDERED AT
THE ANNUAL MEETING

PROPOSAL NO. 1:
ELECTION OF DIRECTORS

GENERAL

The Bylaws of AsiaInfo provide that the authorized number of directors shall consist of no less than three nor more than nine directors. There are presently seven directors divided into three classes: Class I, Class II and Class III. Each class has a three year term. Messrs. James Ding and Alan Bickell are Class I directors whose term will expire at the 2003 annual meeting; Messrs. Patrick Keen and Louis Lau are Class II directors, whose term will expire at the 2001 annual meeting; and Messrs. Edward Tian, Chang Sun and Michael Zhao are Class III directors whose term will expire at the 2002 annual meeting. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below, all of whom are presently AsiaInfo directors. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee designated by the present Board to fill the vacancy. It is not expected that any nominee will be unable or will decline to serve as a director. If stockholders properly nominate persons other than AsiaInfo's nominees for election as directors, the proxy holders will vote all proxies received by them to assure the election of as many of AsiaInfo's nominees as possible, with the proxy holder making any required selection of specific nominees to be voted for. The term of office of each person elected as a director will continue until the third annual meeting following his or her election or until his earlier resignation or removal. The directors elected this year should continue in office until the 2004 annual meeting. There is no family relationship between any director and any other director or executive officer of AsiaInfo.

BOARD MEETINGS AND COMMITTEES

The Board held four regular meetings during the fiscal year ended December 31, 2000, and acted seven times by unanimous written consent. The Board has an audit committee, a compensation committee and a finance committee. The Board does not have a nominating committee.

AUDIT COMMITTEE -----	COMPENSATION COMMITTEE -----	FINANCE COMMITTEE -----
Patrick L. Keen	Alan D. Bickell	Chang Sun
Alan D. Bickell	Patrick L. Keen	Alan Bickell
Louis Lau	Chang Sun	

The Audit Committee. The audit committee currently consists of Messrs. Keen (Chair), Bickell and Lau, all independent directors. The audit committee held four meetings during the last fiscal year. The audit committee makes recommendations to the Board regarding the selection of independent accountants, reviews the results and scope of audit and other services provided by our independent accountants and reviews and evaluates our audit and control functions.

The Compensation Committee. The compensation committee currently consists of Messrs. Bickell (Chair), Keen and Sun. The compensation committee held four meetings during the last fiscal year. The compensation committee administers AsiaInfo's stock option plans and makes decisions concerning salaries and incentive compensation for AsiaInfo's employees.

The Finance Committee. The finance committee consists of Messrs. Sun (Chair) and Bickell. The finance committee held two meetings during the last fiscal year. The finance committee makes recommendations to the Board with respect to AsiaInfo's capital position and financing requirements.

During the year 2000, each director attended 75% or more of the meetings of the Board and of the committees of the Board on which the director served during the period for which he was director or committee member, respectively.

DIRECTOR COMPENSATION

In 2000, each non-executive director was entitled to receive a sum of \$1,000 in lieu of expenses for each meeting he attended. However, in April 2000 we amended our policy regarding non-executive director compensation. Beginning in 2001, in addition to compensation for travel expenses, non-executive directors are

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

entitled to receive annual retainers of \$10,000 and a fee of \$1,000 for each board meeting attended. However, the non-executive directors have waived their rights to receive the \$10,000 annual retainers for 2001. The new policy also provides for the grant of stock options to non-executive directors, beginning with initial grants of 20,000 options to each non-executive director, vesting over four years on an annual schedule of 25%, 25%, 25% and 25%. During the last two years of the vesting schedule, the options will vest quarterly. Each year, we will grant new options to our non-executive directors as their options vest, so that the unvested portion of each non-executive director's options is maintained at 20,000.

VOTE REQUIRED

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote.

RECOMMENDATION OF THE BOARD

The Board recommends that the stockholders vote "FOR" election of each of the nominees listed above.

PROPOSAL NO. 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

GENERAL

The Board has selected the firm of Deloitte Touche Tohmatsu as AsiaInfo's independent auditors to audit the financial statements of AsiaInfo for the fiscal year ending December 31, 2001, and recommends that stockholders vote for ratification of this appointment. Deloitte Touche Tohmatsu has audited AsiaInfo's financial statements since its inception in 1993. Representatives of Deloitte Touche Tohmatsu are expected to be present at the meeting and will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Stockholder ratification of the selection of Deloitte Touche Tohmatsu as AsiaInfo's independent auditors is not required by AsiaInfo's Bylaws or otherwise. However, the Board is submitting the selection of Deloitte Touche Tohmatsu to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such change would be in the best interests of AsiaInfo and its stockholders.

AUDIT FEES

The aggregate fees billed by Deloitte Touche Tohmatsu for professional services rendered for the audit of the Company's financial statements for the fiscal year ended December 31, 2000, and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year were \$269,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

Deloitte Touche Tohmatsu billed no fees for services rendered to the Company for information technology services relating to financial information systems design and implementation for the fiscal year ended December 31, 2000.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

ALL OTHER FEES

The aggregate fees billed by Deloitte Touche Tohmatsu for tax consulting and other non-audit services, during the fiscal year ended December 31, 2000, were \$855,000.

(2) 25% of the stock options vest on each of the first and second anniversaries of the grant date, November 1, 2000. Beginning on March 31, 2003, the remaining 60,000 stock options vest on a schedule of 7,500 stock options per quarter. The potential realizable value of the stock options is calculated using the midpoint between the high and low trading prices of AsiaInfo's Common Stock on November 1, 2000, \$12.44 per share.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES.

EMPLOYMENT AGREEMENTS

We have entered into two-year employment agreements with James Ding, our President and Chief Executive Officer, Ying Han, our Executive Vice President and Chief Financial Officer, Michael Zhao, our Senior Vice President and General Manager for Network Solutions, and Steve Zhang, our Senior Vice President and General Manager for Software Products, which provide for annual base salaries of \$145,000,

10

13

\$148,795, \$145,000, and \$130,000, respectively. The agreements terminate on May 26, 2001, July 1, 2001, January 4, 2003 and November 4, 2001, respectively.

On October 17, 2000, the Compensation Committee of the Board adopted a resolution on severance policy for departing members of AsiaInfo's senior management. In the event that AsiaInfo terminates an employee at the level of senior vice president or above without cause, the employee will receive severance pay equal to one month's base salary for each year he or she has been employed by AsiaInfo, or six month's base salary, whichever is greater. In addition, the employee will have 120 days to exercise his or her vested options. Unvested options are forfeited. Notwithstanding the foregoing, pursuant to a resolution of the Board in 1998, in the event that the employment of James Ding or Michael Zhao is terminated, they will be entitled to severance pay equal to at least 12 month's base salary and immediate vesting of all options granted prior to the date of the resolution.

Each of the Named Executive Officers has entered into a non-compete agreement with AsiaInfo, pursuant to which they are prevented from engaging in any commercial activities in competition with AsiaInfo for two years after the termination of their employment with AsiaInfo. In addition, they are required to disclose all their patent and copyright applications to AsiaInfo during their employment with AsiaInfo and within one year after the termination of their employment.

PENSION PLANS

For the benefit of employees who are citizens or lawful permanent residents of the United States, AsiaInfo has adopted a Simplified Employee Pension Plan (the "Plan"). The Plan covers employees who have worked at AsiaInfo for at least six months. The Company makes monthly contributions under the Plan in amounts equal

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

to five percent of each covered employee's monthly salary. The contributions are deductible to the Company and are not taxable to the employees. Withdrawals are taxable as ordinary income, and withdrawals before age 59 1/2 may be subject to tax penalties.

In 2000, the Company contributed approximately \$70,648 to all the employees covered by the Plan. With respect to the Named Executive Officers, AsiaInfo contributed approximately \$6,020 to James Ding, \$6,225 to Michael Zhao and \$3,075 to Steve Zhang.

COMPENSATION COMMITTEE REPORT

The compensation committee currently consists of Messrs. Bickell (Chair), Keen and Sun, all of whom are independent directors of AsiaInfo. The compensation committee reviews and recommends to the Board the compensation and benefits of all officers of AsiaInfo and establishes and reviews general policies relating to compensation and benefits of employees of AsiaInfo. The following is the report of the compensation committee describing compensation policies and rationale applicable to AsiaInfo's executive officers with respect to the compensation paid to such executive officers for the fiscal year ended December 31, 2000. The information contained in this report, shall not be deemed to be "soliciting material" or to be "filed" with the SEC nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except to the extent that AsiaInfo specifically incorporates such information by reference in such filing.

COMPENSATION PHILOSOPHY AND REVIEW

Our executive compensation program is generally designed to align the interests of our executives with the interests of our stockholders and to reward our executives for achieving corporate and individual objectives. The executive compensation program is also designed to attract and retain the services of qualified executives in the highly competitive Internet software and computer networking marketplaces. Executive compensation currently consists of a base salary, long-term equity incentives, and other compensation and benefit programs generally available to other employees.

11

14

POLICY REGARDING SECTION 162(M) OF THE U.S. INTERNAL REVENUE CODE

Section 162(m) of the Internal revenue Code of 1986, as amended (the "Code") generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's Chief Executive Officer or any of the four most highly compensated executive officers. Certain performance-based compensation, however, is exempt from the deduction limit.

It is the compensation committee's intention that, so long as it is consistent with its overall compensation objectives and philosophy, executive compensation will be deductible for federal income tax purposes. AsiaInfo's stock option plans have been structured so that any taxable compensation derived pursuant to the exercise of options granted under such plans should not be subject to these deductibility limitations.

The compensation committee has considered the potential impact of Section 162(m) of the Code on the compensation paid to AsiaInfo's executive officers.

BASE SALARIES

Base salary levels for the President and Chief Executive Officer and other

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

executive officers are intended to compensate executives competitively within the high-technology marketplace. Base salaries are determined on an individual basis by evaluating each executive's scope of responsibility, past performance, prior experience and data on prevailing compensation levels in relevant markets for executive talent. Base salaries for executives are reviewed annually by the compensation committee.

LONG-TERM EQUITY INCENTIVES

AsiaInfo provides long-term equity incentives to its executive officers and to all other employees through the grant of stock options under its stock option plans. The purpose of granting stock options is to create a direct link between compensation and the long-term performance of AsiaInfo. Stock options are generally granted at an exercise price equal to 100% of the fair market of AsiaInfo's Common Stock on the date of grant, have a ten year term and generally vest over a four year period. Because the receipt of value by an executive officer under a stock option is dependent upon an increase in the price of AsiaInfo's Common Stock, this portion of the executives' compensation is aligned with an increase in stockholder value. The primary stock options granted to executive officers are generally in conjunction with the executive officer's acceptance of employment with AsiaInfo. When determining the number of stock options to be awarded to an executive officer, the compensation committee considers the executive's current contribution to AsiaInfo's performance, the executive officer's anticipated contribution in meeting AsiaInfo's long-term strategic performance goals, and comparisons to formal and informal surveys of executive stock option grants made by other information technology companies. The compensation committee also reviews stock option levels for executive officers at the beginning of each fiscal year in light of long term strategic and performance objectives and each executive's current and anticipated contributions to AsiaInfo's future performance. In 2000, the compensation committee recommended (and the full Board granted) stock option grants for the Named Executive Officers of an aggregate of 415,000 shares. These options vest according to the schedules described in the table detailing the stock options granted to the Named Executive Officers on page 10 of this proxy statement.

OTHER COMPENSATION

AsiaInfo's executive officers are also eligible to participate in benefit programs generally available to other employees. In addition, from time to time, executive officers have received sign-on bonuses or other bonuses based on extraordinary effort.

AUDIT COMMITTEE REPORT

The audit committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles. The audit committee currently consists of Messrs. Keen (Chair), Bickell and Lau, all independent directors.

The audit committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2000, with our management, has discussed with our independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards), has received the written disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) and has discussed with the independent auditors their independence. The audit committee has also considered whether the independent auditors' provision of non-audit services is compatible with maintaining the auditors' independence. The Board adopted the written charter of the audit committee in November, 1999.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the Board that the audited financial statements for the fiscal year ended December 31, 2000 be included in the Company's Annual Report on Form 10-K.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Keen, Sun and Bickell served as members of the compensation committee of our Board during 2000. None of these individuals was an officer or employee of AsiaInfo during 2000. No member of the compensation committee serves as a member of a board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or compensation committee. See the section headed "Certain Relationships and Related Transactions" on page 14 for a description of a transaction between AsiaInfo and ChinaPalmInfo Holdings Co., Ltd. in which ChinaVest V LLC, a limited liability company in which Mr. Keen serves as a principal, had an indirect interest.

Mr. Ding participates in the discussions and decisions regarding salaries and incentive compensation for all of our executive officers, except that Mr. Ding is excluded from discussions regarding his own salary and incentive compensation.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

TRANSACTIONS WITH CHINA NETCOM

Edward Tian has served as a member of the Board of AsiaInfo since our inception and is the beneficial owner of approximately 15.7% of our Common Stock. In June 1999, he became President and Chief Executive Officer of China Netcom Corporation ("China Netcom"). Prior to joining China Netcom, Dr. Tian and James Ding co-founded AsiaInfo in Dallas, Texas in 1993, and Dr. Tian served as AsiaInfo's President until May of 1999. Along with China Telecommunications Corporation, China United Telecommunications Corporation and China Mobile Communications Corporation, China Netcom is one of the largest providers of

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

telecommunications and Internet services in China. Like most of the other major participants in that industry, China Netcom has entered into contracts with AsiaInfo for systems integration and software products. In 2000, those agreements included the following:

- In January 2000, we entered into a contract with China Netcom to design and build China's third national Internet backbone, CNCNET. CNCNET will be the first nation-wide IP (Internet Protocol) over DWDM (Dense Wavelength Division) broadband Internet backbone in China and is expected to support a wide range of Internet-based voice, image, fax and data communications services and value added services. In addition to the construction of the backbone, we will support the network's customer management and billing needs with our Internet customer management and billing software, AsiaInfo Online Billing System ("AIOBS"). Our expected revenues from this contract, net of hardware costs, are \$5.4 million.
- In January and May 2000, we entered into agreements to provide China Netcom with products and services in connection with its IP telephony project. This project will reach 100 major cities in China, covering an estimated eight million pre-paid card users. AIOBS will support all of the Internet services provided by China Netcom, including IP telephony, fax, 800 number service, virtual private networks and voice-mail boxes. Our expected revenues from these contracts, net of hardware costs, are \$1.2 million in the aggregate.
- In September 2000, we entered into a contract to provide China Netcom with Internet Data Center billing functionality through our AIOBS software platform. The software will allow China Netcom to support thousands of IDC users at a number of locations, as well as the flexibility to implement a differentiating pricing scheme. Our expected revenues from this contract, net of hardware costs, are approximately \$50,000.
- In August and September 2000, we entered into agreements with China Netcom to provide products and services in connection with the build-out of two metropolitan networks, the first in Shanghai and the second in Beijing. Our expected revenues from these contracts, net of hardware costs, are \$12.9 million in the aggregate.
- In October 2000, we entered into an agreement to provide China Netcom with our wireless and long-distance telephony customer management and billing software, AsiaInfo Billing and Customer Care System. Our expected revenues from this contract are approximately \$1.3 million, all of which constitute software license fees.
- In addition to the above agreements, we entered into five supplementary equipment agreements with China Netcom during 2000. Our expected revenues from these contracts, net of hardware costs, are approximately \$830,000 in the aggregate.

Each of the foregoing transactions was an arm's length, negotiated transaction on terms that we believe are no less favorable than terms we would have received from an unrelated party. We will continue to recognize revenues from the foregoing contracts in the current fiscal year, and anticipate that we will enter into additional contracts with China Netcom in the current fiscal year and future fiscal years.
