TO BE HELD ON JANUARY 25, 2002

-----

ABOUT THE MEETING

WHO IS FURNISHING THIS PROXY STATEMENT?

This proxy statement is being furnished to our shareholders by our board of directors in connection with the solicitation of proxies by the board of directors. The proxies will be used at our annual meeting of shareholders to be held on January 25, 2002.

WHAT AM I VOTING ON?

You will be voting on the following:

- To elect two directors,
- To approve the material terms of our annual executive bonus program, and
- To transact any other business that properly comes before the annual meeting or any adjournment of the annual meeting.

## Edgar Filing: ROCK TENN CO - Form DEF 14A

You may not cumulate your votes for any matter being voted on at the annual meeting and you are not entitled to appraisal or dissenters' rights.

### WHO CAN VOTE?

You may vote if you owned Class A Common Stock or Class B Common Stock as of the close of business on December 6, 2001. As of December 6, 2001, there were 23,040,671 shares of Class A Common Stock and 10,601,853 shares of Class B Common Stock outstanding.

### HOW DO I VOTE?

You have four voting options. You may vote:

- over the Internet at the address shown on your proxy card; if you have access to the Internet, we encourage you to vote in this manner,
- by telephone through the number shown on your proxy card,
- by completing, signing and returning the enclosed proxy, or
- by attending the annual meeting and voting in person.

If you hold your shares in the name of a bank or broker, the availability of telephone and Internet voting depends on their voting processes. Please follow the directions on your proxy card carefully.

### CAN I VOTE AT THE ANNUAL MEETING?

You may vote your shares at the annual meeting if you attend in person. Even if you plan to be present at the annual meeting, we encourage you to vote your shares by proxy. You may vote your proxy via the Internet, by telephone or by mail.

### WHAT IF MY SHARES ARE REGISTERED IN MORE THAN ONE PERSON'S NAME?

If you own shares that are registered in the name of more than one person, each person should sign the enclosed proxy. If the proxy is signed by an attorney, executor, administrator, trustee, guardian or by any other person in a representative capacity, the full title of the person signing the proxy should be given and a certificate should be furnished showing evidence of appointment.

### WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY?

It means you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is SunTrust Bank, Atlanta, Mail Code 258, P.O. Box 4625 Atlanta, Georgia 30302, and may be reached at 1-800-568-3476.

### WHAT IF I RETURN MY PROXY BUT DO NOT PROVIDE VOTING INSTRUCTIONS?

If you sign and return your proxy but do not include voting instructions, your proxy will be voted:

- FOR the election of the two nominee directors named on page 4 of this proxy statement, and
- FOR the approval of the material terms of our annual executive bonus program.

## Edgar Filing: ROCK TENN CO - Form DEF 14A

### CAN I CHANGE MY MIND AFTER I VOTE?

You may change your vote at any time before the polls close at the annual meeting. You may do this by:

- voting again by telephone or over the Internet prior to 11:59 p.m., E.T., on January 24, 2002,
- giving written notice to the Secretary of our company,
- delivering a later-dated proxy, or
- voting in person at the annual meeting.

### HOW MANY VOTES AM I ENTITLED TO?

If you own Class A Common Stock, you are entitled to one vote for each share you own. If you own Class B Common Stock, you are entitled to ten votes for each share you own. Holders of Class A Common Stock and Class B Common Stock will vote together as a single voting group for all matters to be voted on at the annual meeting. Sometimes in this proxy statement we refer to the Class A Common Stock and the Class B Common Stock collectively as the Common Stock.

### HOW MANY VOTES MUST BE PRESENT TO HOLD THE ANNUAL MEETING?

In order for us to conduct the annual meeting the holders of a majority of the votes of the Common Stock outstanding as of December 6, 2001 must be present at the annual meeting. This is referred to as a quorum. Your shares will be counted as present at the annual meeting if you:

- vote via the Internet or by telephone,
- return a properly executed proxy (even if you do not provide voting instructions), or
- attend the annual meeting and vote in person.

2

The two nominees receiving the highest number of "yes" votes will be elected directors. This number is called a plurality.

the name of a brokerage firm. Brokerage firms have the authority under the New York Stock Exchange rules to vote customers' unvoted shares on "routine" matters, which includes the election of directors and the approval of the material terms of our annual executive bonus program. Accordingly, if a brokerage firm votes your shares on these matters in accordance with these rules, your shares will count as present at the annual meeting for purposes of establishing a quorum and will count as "yes" votes or "no" votes, as the case may be, with respect to all "routine" matters voted on at the annual meeting.

### ELECTION OF DIRECTORS (ITEM 1)

#### BOARD OF DIRECTORS

Our board of directors currently has 12 members and two vacant seats. The directors are divided into three classes with the directors in each class serving a term of three years. Directors for each class are elected at the annual meeting of shareholders held in the year in which the term for their class expires. At the annual meeting on January 25, 2002, two nominees for director are to be elected to serve on our board of directors. Both of the nominees will be elected to serve until the annual meeting in 2005, or until their successors are qualified and elected. Our directors must retire when they reach the age of 72, although they may continue to serve until the next annual or special meeting of shareholders at which directors are to be elected. One of our directors, Mr. C. Randolph Sexton, will retire as a director at this year's annual meeting. Following Mr. Sexton's retirement, our board of directors will have 11 members. Following the annual meeting of shareholders our board of directors intends to reduce the size of the board to 11 members. Our board is authorized to increase the size of the board thereafter and our board is authorized to fill the vacancies created. Any such directors elected by the board in this manner will stand for re-election at the next annual meeting of shareholders after their election even if that class of directors is not subject to election in that year.

We do not believe that any of the nominees for director will be unwilling or unable to serve as director. However, if at the time of the annual meeting any of the nominees should be unwilling or unable to serve, proxies will be voted as recommended by the board of directors either:

- to elect substitute nominees recommended by the board,
- to allow the vacancy created to remain open until filled by the board, or
- to reduce the number of directors for the ensuing year.

In no event, however, can a proxy be voted to elect more than two directors.

PENSION PLAN TABLE

The table below shows the annual retirement benefits payable under our pension plan, which we refer to as the pension plan, and the supplemental executive retirement plan, which we refer to as the SERP, to the "grandfathered participants" upon retirement if their "old benefit formula" is greater than their "new benefit formula." These terms, as well as the pension plan and the SERP, are discussed below the table.

There were approximately 300 grandfathered participants on January 1, 1998 one of whom was Mr. Hansen. Messrs. Rubright, Dreibelbis, George and Voorhees are not grandfathered participants.

Only covered employees are eligible to participate in our pension plan. A

## Edgar Filing: ROCK TENN CO - Form DEF 14A

"covered employee" is one of our or our participating subsidiaries' employees who is not:

- a leased employee,
- eligible to participate in any other defined benefit plan maintained in whole or in part by contributions from an "Affiliate" (as defined), or
- a member of a collective bargaining unit that has not reached an agreement with us to participate in the pension plan.

A covered employee is eligible to begin to participate in our pension plan on the first entry date that follows completion of 12 months of service in one, or more than one, period of employment (as defined in the pension plan) and upon reaching age 21.

Our pension plan was amended effective as of January 1, 1998 to add a new benefit formula. For each calendar year after 1997, the new benefit formula equals 1.2% of a participant's total "compensation" (as defined in the pension plan) plus .5% of a participant's compensation in excess of 50% of the social security wage base for each such calendar year (as such base is announced by the Internal Revenue Service). This new formula produces a benefit payable at a participant's normal retirement age as an annuity payable only for the life of the participant. The amendment to our pension plan also froze the benefit accrued under the old four part benefit formula, which we refer to as the "old benefit formula", for all participants (except the grandfathered participants) as of December 31, 1997 so that all participants (except the grandfathered

15

participants) will receive a benefit at retirement equal to the sum of their benefit accrued as of December 31, 1997 under the old benefit formula and their benefit accrued after that date under the new benefit formula.

A "grandfathered participant" is a pension plan participant who reached at least age 55 and completed at least 10 years of service as of January 1, 1998. A grandfathered participant will receive a benefit at retirement based either completely on the old benefit formula or on the same combination of the old benefit formula and the new benefit formula as all other participants, whichever results in the greater benefit for the grandfathered participant.

Under our pension plan, "compensation" for hourly paid participants is defined as total compensation paid which is reportable as taxable income on Form W-2, plus any elective deferrals under any 401(k) plan or Code sec. 125 Cafeteria Plan. Compensation for salaried employees is defined as base pay. Therefore, it does not include any bonuses, overtime, commissions, reimbursed expenses of any kind, severance pay, income imputed from insurance coverage or the like, or payments under the pension plan or any other employee benefit plan or any income from a stock option. No employee's compensation for purposes of the pension plan includes amounts in excess of the limit, which we refer to as the code compensation limit, imposed by the Internal Revenue Code of 1986, as amended, which we refer to as the Code, and as adjusted for inflation by the Secretary of the Treasury. For calendar year 1999, the code compensation limit was \$160,000, and for calendar years 2000 and 2001, the compensation code limit was \$170,000.

An employee's right to benefits under our pension plan vests after five years of service or at normal retirement age, whichever is earlier. The plan is a defined benefit plan qualified under the Code and, as such, is subject to certain limits on the amount of benefits which may be paid under it.

## Edgar Filing: ROCK TENN CO - Form DEF 14A

For fiscal 2001, \$275,000, \$275,000, \$265,000 and \$225,000 of the compensation paid to Messrs. Rubright, Dreibelbis, George and Hansen, respectively, was compensation for purposes of the pension plan and the SERP. As of September 30, 2001, Messrs. Rubright, Dreibelbis, George and Hansen, had approximately 2, 27, 21 and 22 years of benefit service as defined under our pension plan, respectively. For fiscal 2001, Mr. Voorhees was not eligible to participate in our pension plan or the SERP. The table set forth above displays the approximate annual retirement benefits payable under our plan (using the old benefit formula in effect prior to January 1, 1998) as a life annuity, based on various levels of average compensation and years of service at a grandfathered participant's retirement date. In addition, the amounts shown in the table have been calculated without regard to current limitations on compensation and benefits.

The SERP is designed to supplement a participant's benefit under our pension plan and is paid in the same form and at the same time as a participant's benefit is paid under our pension plan. The supplement is designed to make up for the loss in benefits the participant will receive under our pension plan due to the reduction in the code compensation limit from \$235,840 to \$150,000 in 1994, indexed thereafter. The compensation and options committee determines who will participate in the SERP. Currently, there are 22 participants in the SERP.

The estimated annual benefit payable at the normal retirement age under the new benefit formula and the SERP for Messrs. Rubright, Dreibelbis and George is \$56,000, \$181,000 and \$134,000, respectively. Mr. Hansen's estimated benefit payable under the old benefit formula currently is greater than his estimated benefit payable under the new benefit formula.

### REPORT OF THE AUDIT COMMITTEE

The audit committee, which operates under a written charter adopted by our board of directors, oversees our company's financial reporting process on behalf of the board of directors. Our management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the audit committee discussed the audited financial statements to be included in the annual report on Form 10-K for the year ended September 30, 2001, with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

In addition, the audit committee has discussed with the independent auditors the auditors' independence from management and our company including the matters in the written disclosures required by the Independence Standards Board.

The audit committee discussed with our company's internal and independent auditors the overall scope and plans for their respective audits. The audit committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our company's internal controls, and the overall quality of our company's financial reporting. The audit committee held two meetings during fiscal 2001. The audit committee also conducted informal telephonic reviews of our press releases.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors (and the board approved) that the audited financial statements be included in the annual report on Form 10-K for the year ended September 30, 2001 for filing with the Securities and Exchange Commission. The audit committee and the board have also recommended the selection of our company's independent auditors.

- administering our stock option plans, employee stock purchase plan, key-employee incentive bonus plan, supplemental executive retirement plan and annual executive bonus program.

Mr. Rubright, our chief executive officer, was responsible for establishing the salaries for all of the other executive officers.

The compensation and options committee has reviewed the applicability of Section 162(m) of the Internal Revenue Code of 1986, as amended by the Omnibus Budget Reconciliation Act of 1993. Section 162(m) may in certain circumstances deny a federal income tax deduction for compensation to an executive officer in excess of \$1 million per year. One executive officer may be paid compensation during fiscal 2002 that exceeds \$1 million.

Compensation Policy. Our executive compensation policy is designed to attract, retain and motivate executive officers to maximize our performance and shareholder value by:

- providing base salaries that are market-competitive;
- rewarding the achievement of our business plan goals and return over capital cost objectives; and
- creating stock ownership opportunities to align the interests of executive officers with those of shareholders.

Base Salary. Each executive officer's base salary, including each named executive officer's base salary and the chief executive officer's base salary, is determined based upon a number of factors including the executive officer's responsibilities, contribution to the achievement of our business plan goals, demonstrated leadership skills and overall effectiveness, and length of service. Base salaries are also designed to be competitive with those offered in the various markets in which we compete for executive talent and are analyzed with a view towards desired base salary levels over a three- to five-year time period. Each executive officer's salary is reviewed annually and although these and

## Edgar Filing: ROCK TENN CO - Form DEF 14A

other factors are considered in setting base salaries, no specific weight is given to any one factor. During fiscal 2001, the base salary of each of our named executive officers, excluding our chief executive officer, increased from 2.6% to 7.3% over each such executive officer's fiscal 2000 base salary. During fiscal 2001, the base salary of our chief executive officer increased 11.3% over

18

his fiscal 2000 base salary. The committee based our chief executive officer's base salary increase on a variety of criteria, including the performance of our company, as well as comparative compensation data of chief executive officers of companies similarly situated and of those within our industry.

**Cash Bonuses.** Each of our executive officers, including our chief executive officer, is eligible to receive an annual cash bonus. Our cash bonus program is designed to motivate key managers and sales people as well as executive officers and reward the achievement of specific business plan goals. Under our bonus plan, in fiscal 2001, executive officers were eligible to earn a cash bonus ranging from a maximum of 50% to 100% of their respective base salaries to the extent we achieved certain financial objectives established by the compensation committee. During fiscal 2001, under this plan, our named executive officers, excluding our chief executive officer, earned bonuses ranging from 22.5% to 31.5% of their respective base salaries. During fiscal 2001, under this plan, our chief executive officer earned a bonus that was 36.1% of his base salary.

**Stock Options and Restricted Stock.** The grant of stock options and restricted stock is designed to align the interests of executive officers with those of shareholders in our long-term performance. Stock options granted have exercise prices equal to the fair market value of the underlying shares on the date of grant so that compensation is earned only through long-term appreciation in the fair market value of the underlying shares. Stock options are generally granted on an annual basis if warranted by our growth and profitability and individual grants are based on, among other things, the executive officer's responsibilities and individual performance. To encourage an executive officer's long-term performance, commencing with grants in fiscal 1994, stock options generally vest over three years and terminate ten years after the date of grant. On May 16, 2001, our named executive officers, excluding our chief executive officer, received stock option grants in respect of fiscal 2001 ranging from options to purchase 20,000 to 40,000 shares. On May 16, 2001, our chief executive officer received stock option grants in respect of fiscal 2001 to purchase 100,000 shares. In accordance with the provisions of our 2000 Incentive Stock Plan, on May 16, 2001 we made restricted stock grants ranging from 8,000 to 15,000 shares to our named executive officers, excluding our chief executive officer, which are fully votable by the grantees as of that date. Similarly, in accordance with the provisions of our 2000 Incentive Stock Plan, on May 16, 2001 we made a restricted stock grant of 25,000 shares to our chief executive officer which are fully votable by him as of that date. Unless vested (pursuant to net income performance criteria) or forfeited (e.g., by termination of employment) at an earlier date, the shares will vest in one-third increments on, and may not be transferred before, May 16, 2004, 2005 and 2006, respectively. These restricted stock grants were intended to fulfill the purpose of our 2000 Incentive Stock Plan which is to provide additional incentives to our key employees through the award of the shares, thereby increasing their personal stake in our continued success and growth and to encourage them to remain with our company.

### APPROVAL OF THE MATERIAL TERMS OF OUR ANNUAL EXECUTIVE BONUS PROGRAM (ITEM 2)

The following information regarding the material terms of our annual executive bonus program is being provided to you in connection with the solicitation of proxies for approval of the material terms of our annual executive bonus program. The following description of the annual executive bonus program is a summary only and does not purport to be complete. The summary is qualified in its entirety by reference to the text of the program.

#### PROGRAM DESCRIPTION

Background. Under section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), our company cannot deduct compensation paid in any fiscal year to our chief executive officer or our other four most highly compensated executive officers (our "covered officers") for such year which exceeds \$1 million unless such compensation meets the requirements for performance-based compensation under section 162(m). No compensation paid to any covered officer to date has been subject to this deduction

20

## Edgar Filing: ROCK TENN CO - Form DEF 14A

limitation. However, our compensation and options committee (our "committee") proposes that any annual bonus paid to any covered officer in the future meet (to the extent practicable) the requirements for performance-based compensation. One of those requirements under section 162(m) is that our shareholders approve the material terms of our annual executive bonus program.

**Purpose.** The purpose of our program is to give each participant the opportunity to receive an annual bonus for each fiscal year payable in cash if, and to the extent, the committee determines that the performance goals set by our committee for each participant for such year have been satisfied.

**Administration.** Our program is administered by our committee, each member of which is an "outside director" within the meaning of section 162(m) of the Code.

**Individuals Eligible.** Each of our executive officers, including our chief executive officer, and each of our other employees who our committee deems a key employee will be eligible to be a participant in the program for any fiscal year. Our committee in the exercise of its discretion will pick for each fiscal year which executive officers and key employees actually will be participants in the program for such fiscal year.

**Business Criteria Upon Which Performance Goals Are Based.** Our committee will establish performance goals for each participant for each fiscal year no later than 90 days after the beginning of such year. The performance goals for participants may be different and, further, each participant's performance goals may be based on different business criteria. However, all performance goals will be based on one or more of the following business criteria: (1) our return over capital costs or increases in our return over capital costs, (2) our safety record, (3) our score on our customer satisfaction survey, (4) our total earnings or the growth in such earnings, (5) our consolidated earnings or the growth in such earnings, (6) our earnings per share or the growth in such earnings, (7) our net earnings or the growth in such earnings, (8) our earnings before interest expense, taxes, depreciation, amortization and other non-cash items or the growth in such earnings, (9) our earnings before interest and taxes or the growth in such earnings, (10) our consolidated net income or the growth in such income, (11) the value of our common stock or the growth in such value, (12) our stock price or the growth in such price, (13) our tons of paperboard or grades of paperboard produced or converted by us, (14) our return on assets or the growth on such return, (15) our cash flow or the growth in our cash flow, (16) our total shareholder return or the growth in such return, (17) our expenses or the reduction of our expenses, (18) our sales growth, (19) our overhead ratios or changes in such ratios, (20) our expense-to-sales ratios or the changes in such ratios, and (21) our economic value added or changes in such value added. The performance goals for our chief executive officer will be based on criteria related to our company-wide performance while the performance goals for other participants will (as our committee deems appropriate) be based on criteria related to company-wide performance, division-specific performance (where the committee can apply the program's business criteria on a division-specific basis), plant or facility-specific performance, department-specific performance, personal goal performance or any combination of the performance-based criteria. Our committee no later than 90 days after the beginning of each fiscal year will establish objective rules for determining whether each participant's performance goals for such year have been satisfied.

**Maximum Annual Bonus.** The maximum annual bonus payable under the program to any participant for any fiscal year cannot exceed 200% of the base salary which is paid to such participant in such fiscal year or \$2 million, whichever is less. However, a bonus will be paid to a participant under the program for a fiscal year only to the extent the participant satisfies his or her performance

## Edgar Filing: ROCK TENN CO - Form DEF 14A

goals for such bonus for such fiscal year, and our committee shall certify the extent, if any to which a participant has satisfied his or her performance goals for each fiscal year. Finally, our committee shall have the discretion to reduce (but not to increase) the bonus payable under the program to any participant if the committee for any reason deems such reduction appropriate under the circumstance.

Shareholder Approval Requirements. Since section 162(m) only limits our company's income tax deductions for compensation paid in any fiscal year to a covered officer, we are seeking shareholder approval only with respect to the material terms of the annual executive bonus program as the program relates to our covered officers. If the material terms of the program are not approved by our shareholders, the program

21

nevertheless can remain in effect and bonuses can be paid to participants who are not covered officers. Further, our committee retains the authority to develop and implement alternative means of fairly compensating our officers and other executives, including any covered officers, and such compensation may be paid in addition to, or in lieu of, compensation paid under our annual executive bonus program.

### ESTIMATE OF BENEFITS

Our committee has (subject to our shareholders approving the material terms of the program) set performance goals under the program for each participant for the current fiscal year based on our company's return over capital costs, our safety record, our score on our customer satisfaction survey, department-specific performance and personal goal performance and has set a cap on each participant's bonus equal to a range of 50% to 100% of such participant's base salary paid in fiscal year 2002. It is not possible to predict today the extent to which any performance goals will be satisfied for fiscal year 2002 or what each participant's base salary will be paid in fiscal year 2002 and thus what bonuses will be for this year. However, if the same performance goals had been in effect for each participant during fiscal year 2001, the bonus for fiscal year 2001 for each participant would have been as follows:
