PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON JANUARY 23, 2004

ABOUT THE MEETING

Who is furnishing this proxy statement?

This proxy statement is being furnished to our shareholders by our board of directors in connection with the solicitation of proxies by the board of directors. The proxies will be used at our annual meeting of shareholders to be held on January 23, 2004.

What am I voting on?

You will be voting on each of the following:

To elect five directors.

To adopt and approve an amendment to the Rock-Tenn Company 1993 Employee Stock Purchase Plan to increase by 1,000,000 the number of shares of our Class A Common Stock available for purchase under the plan. Sometimes in this proxy statement we refer to the amendment to the Rock-Tenn Company 1993 Employee Stock Purchase Plan as the **Purchase Plan Amendment**.

To transact any other business that properly comes before the annual meeting or any adjournment of the annual meeting.

As of the date of this proxy statement, the board of directors knows of no other matter that will be brought before the annual meeting.

You may not cumulate your votes for any matter being voted on at the annual meeting and you are not entitled to appraisal or dissenters rights.

Who can vote?

You may vote if you owned Class A Common Stock as of the close of business on December 4, 2003, the record date for the annual meeting of shareholders. As of December 4, 2003, there were 35,040,870 shares of Class A Common Stock outstanding. Sometimes in this proxy statement we refer to the Class A Common Stock as the **Common Stock**.

What if my certificates represent Class B Common Stock?

Each share of Class B Common Stock was automatically converted into one share of Class A Common Stock on June 30, 2002. Without any action required on the part of holders of Class B Common Stock, each certificate that represented shares of Class B Common Stock now represents the same number of shares of Class A Common Stock into which the Class B Common Stock was converted.

How do I vote?

You have four voting options. You may vote using one of the following methods:

Over the Internet at the address shown on your proxy card. If you have access to the Internet, we encourage you to vote in this manner.

By telephone through the number shown on your proxy card.

By completing, signing and returning the enclosed proxy.

By attending the annual meeting and voting in person.

If you hold your shares in the name of a bank or broker, the availability of telephone and Internet voting depends on their voting processes. Please follow the directions on your proxy card carefully.

Can I vote at the annual meeting?

You may vote your shares at the annual meeting if you attend in person. Even if you plan to be present at the annual meeting, we encourage you to vote your shares by proxy. You may vote your proxy via the Internet, by telephone or by mail.

What if my shares are registered in more than one person's name?

If you own shares that are registered in the name of more than one person, each person must sign the enclosed proxy. If the proxy is signed by an attorney, executor, administrator, trustee, guardian or by any other person in a representative capacity, the full title of the person signing the proxy should be given and a certificate should be furnished showing evidence of appointment.

What does it mean if I receive more than one proxy?

It means you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is SunTrust Bank, Atlanta, Mail Code 258, P.O. Box 4625 Atlanta, Georgia 30302, and may be reached at 1-800-568-3476.

What if I return my proxy but do not provide voting instructions?

If you sign and return your proxy but do not include voting instructions, your proxy will be voted FOR the election of the five nominee directors named on pages 4 and 5 of this proxy statement and FOR the Purchase Plan Amendment.

Can I change my mind after I vote?

You may change your vote at any time before the polls close at the annual meeting. You may do this by using one of the following methods:

Voting again by telephone or over the Internet prior to 11:59 p.m., E.T., on January 22, 2004.

Giving written notice to the Secretary of our company.

Delivering a later-dated proxy.

Voting in person at the annual meeting.

How many votes am I entitled to?

You are entitled to one vote for each share of Common Stock you own.

How many votes must be present to hold the annual meeting?

In order for us to conduct the annual meeting, the holders of a majority of the votes of the Common Stock outstanding as of December 4, 2003 must be present at the annual meeting. This is referred to as a quorum. Your shares will be counted as present at the annual meeting if you do one of the following:

Vote via the Internet or by telephone.

Return a properly executed proxy (even if you do not provide voting instructions).

Attend the annual meeting and vote in person.

How many votes are needed to elect directors?

The five nominees receiving the highest number of yes votes will be elected directors. This number is called a plurality.

How many votes are needed to adopt and approve the Purchase Plan Amendment?

To adopt and approve the Purchase Plan Amendment, the yes votes cast at the annual meeting must exceed the no votes cast at the annual meeting. If you do not vote in person or sign and return a proxy, your shares will not be counted as yes votes or no votes at the annual meeting.

How many votes are needed for other matters?

To approve any other matter that properly comes before the annual meeting, the yes votes cast in favor of the matter must exceed the no votes cast against the matter. The board of directors knows of no other matters that will be brought before the annual meeting. If other matters are properly introduced, the persons named in the enclosed proxy as the proxy holders will vote on such matters in their discretion.

Will my shares be voted if I do not provide my proxy?

Your shares may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms have the authority under rules of the New York Stock Exchange (which we refer to as the NYSE) to vote customers' unvoted shares on routine matters, which includes the election of directors. Accordingly, if a brokerage firm votes your shares on these matters in accordance with these rules, your shares will count as present at the annual meeting for purposes of establishing a quorum and will count as yes votes or no votes, as the case may be, with respect to all routine matters voted on at the annual meeting. However, the adoption and approval of the Purchase Plan Amendment is not considered a routine matter under the NYSE rules. Accordingly, a brokerage firm may not vote your shares on this matter without specific instructions from you, and in the absence of instructions, your shares will count as present at the annual meeting for purposes of establishing a quorum but will not count as yes or no votes with respect to the proposals to adopt and approve the Purchase Plan Amendment. If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy. If a brokerage firm signs and returns a proxy on your behalf that does not contain voting instructions, your shares will count as present at the annual meeting for quorum purposes, but will not count as yes votes or no votes on any matter voted on at the annual meeting. These are referred to as broker non-votes.

ELECTION OF DIRECTORS

(Item 1)

Board of Directors

Our board of directors currently has 11 members. The directors are divided into three classes with the directors in each class serving a term of three years. Directors for each class are elected at the annual meeting of shareholders held in the year in which the term for their class expires. At the annual meeting on January 23, 2004, five nominees for director are to be elected to serve on our board of directors. Four of the nominees will

be elected to serve until the annual meeting in 2007, or until their successors are qualified and elected. One of the nominees will be elected to serve until the annual meeting in 2006, or until his successor is qualified and elected. Our directors must retire when they reach the age of 72, although they may continue to serve until the next annual or special meeting of shareholders at which directors are to be elected. Our board is authorized to increase the size of the board and is authorized to fill the vacancies created by this increase. Any such directors elected by the board in this manner will stand for re-election at the next annual meeting of shareholders after their election even if that class of directors is not subject to election in that year.

We do not believe that any of the nominees for director will be unwilling or unable to serve as director. However, if at the time of the annual meeting any of the nominees should be unwilling or unable to serve, proxies will be voted as recommended by the board of directors to do one of the following:

To elect substitute nominees recommended by the board.

To allow the vacancy created to remain open until filled by the board.

To reduce the number of directors for the ensuing year.

In no event, however, can a proxy be voted to elect more than five directors.

Recommendation of the Board of Directors

The board of directors recommends a vote FOR Stephen G. Anderson, Robert B. Currey, L. L. Gellerstedt, III, and John W. Spiegel to hold office until the annual meeting of shareholders in 2007, or until their successors are qualified and elected. The board of directors also recommends a vote FOR James E. Young to hold office until the annual meeting in 2006, or until his successor is elected and qualified. Proxies returned without instructions will be voted FOR these nominees.

Corporate Governance

Director Independence. The board of directors has determined that the following directors are independent: Dr. Stephen G. Anderson and Messrs. J. Hyatt Brown; Robert B. Currey; G. Stephen Felker; L. L. Gellerstedt, III; John D. Hopkins; James W. Johnson; John W. Spiegel and James E. Young. In determining director independence, the board of directors broadly considers all relevant facts and circumstances when making a determination of independence, including the corporate governance listing standards of the NYSE. The board considers the issue not merely from the standpoint of a director, but also from that of persons or organizations with which the director has an affiliation. An independent director is free of any relationship with our company or our management that impairs the director's ability to make independent judgments. The board of directors has determined that each of these directors has no material relationship with our company (either directly or as a partner, shareholder or officer of an organization that has a relationship with our company). Each of Messrs. J. Hyatt Brown, Robert B. Currey and Mr. John W. Spiegel has certain relationships with our company that are described elsewhere in this proxy statement under the heading **Certain Transactions**. The board of directors has determined that no such relationship is material for purposes of determining the independence of such directors in accordance with the NYSE corporate governance listing standards.

Corporate Governance Guidelines. We have posted our Corporate Governance Guidelines on our Internet website at www.rocktenn.com.

Director Self-Evaluation. Our Corporate Governance Guidelines provide that our board of directors will conduct an annual self-evaluation of the board of directors and its committees. The Corporate Governance Guidelines provide that the nominating and corporate governance committee is responsible for overseeing the self-evaluation process and making a report to the board of directors.

Meetings of Non-Management Directors. Pursuant to our Corporate Governance Guidelines, our non-management directors will meet separately from the other directors in regularly scheduled executive sessions after each board meeting and at such other times as may be scheduled by our chairman of the board or by any presiding independent director appointed in accordance with our Corporate Governance Guidelines. Our non-management directors include directors who are independent, as defined in the NYSE corporate governance listing standards, and any other directors who are not officers of our company even though they may have another relationship to the company or our management that prevents them from being independent.

Presiding Independent Director. J. Hyatt Brown is the presiding independent director, in accordance with our Corporate Governance Guidelines.

Meetings of the Board of Directors

The board of directors met five times during fiscal 2003. Each director attended at least 75% of all meetings of the board and committees combined on which they served in fiscal 2003.

Committees of the Board of Directors

The board of directors has an executive committee, an audit committee, a compensation and options committee, and a nominating and corporate governance committee.

Edgar Filing: ROCK TENN CO - Form DEF 14A

Executive Committee. Messrs. J. Hyatt Brown, John D. Hopkins, James A. Rubright and John W. Spiegel are members of the executive committee. Mr. Brown is chairman of the committee.

The executive committee is authorized to exercise the authority of the full board in managing the business and affairs of our company. However, the executive committee does not have the power to do any of the following: (1) approve or propose to shareholders action that Georgia law requires to be approved by shareholders; (2) fill vacancies on the board or any of its committees; (3) amend our charter; (4) adopt, amend or repeal our bylaws; and (5) approve a plan of merger not requiring shareholder approval.

The executive committee held two meetings in fiscal 2003.

Audit Committee. Dr. Stephen G. Anderson, Mr. G. Stephen Felker and Mr. John W. Spiegel are members of the audit committee. Mr. Spiegel is chairman of the committee. We have posted the committee's charter on our Internet website at www.rocktenn.com. A copy is also attached to this proxy statement as **Exhibit A**. The board of directors has determined that Mr. Spiegel is an audit committee financial expert as that term is defined in Item 401(h)(1) of Regulation S-K under the Securities Act of 1933, as amended (which we refer to as the **Securities Act**), and the Securities Exchange Act of 1934, as amended (which we refer to as the **Exchange Act**). The board of directors has also determined that all members of the committee are independent. See **Board of Directors Corporate Governance Director Independence** above.

The board of directors established the audit committee (in accordance with Section 3(a)(58)(a) of the Exchange Act) to assist the board of directors in fulfilling its responsibilities with respect to the oversight of the following: (1) the integrity of our financial statements; (2) our system of internal control over financial reporting; (3) the performance of our internal audit function; (4) the independence, qualifications and performance of our independent auditor; and (5) our system of compliance with legal and regulatory requirements. The principal duties and responsibilities of the audit committee are set forth in its charter. The audit committee may exercise additional authority prescribed from time to time by the board of directors.

The audit committee held seven meetings in fiscal 2003, including meetings to review each of the quarterly earnings releases.

Compensation and Options Committee. Messrs. L. L. Gellerstedt, III, John D. Hopkins and James W. Johnson are members of the compensation and options committee. Mr. Johnson is chairman of the committee. We have posted the committee's charter on our Internet website at www.rocktenn.com. The board of directors has also determined that all members of the committee are independent. See **Board of Directors Corporate Governance Director Independence** above.

The purpose of the compensation and options committee is to assist the board of directors in fulfilling its responsibilities with respect to compensation of our executives and non-employee directors. The committee's principal duties and responsibilities are to do the following: (1) except to the extent that the committee elects to seek the approval of the board of directors with respect thereto, (a) review and approve corporate goals and objectives relating to compensation of our chief executive officer (**CEO**), (b) evaluate the CEO's performance in light of any such goals and objectives, and (c) determine and approve, either as a committee or together with the other members of the board of directors who are independent (as directed by the board of directors), the CEO's compensation level based on any such evaluation; (2) except to the extent that the committee delegates such responsibility to the CEO or elects to seek the approval of the board of directors with respect thereto, (a) review and approve goals, objectives and recommendations relating to compensation of senior executives (other than the CEO) submitted to the committee by the CEO; and (b) approve the compensation for senior executives (other than the CEO); (3) except to the extent delegated to management, adopt, amend and administer our incentive compensation plans and non-qualified deferred compensation plans, participants in which may include the CEO, other senior executives and members of the board of directors; (4) make recommendations to the board of directors with respect to compensation of our non-employee directors; and (5) prepare the report from the committee required by applicable law to be included in our annual proxy statement.

The compensation and options committee held two meetings in fiscal 2003.

Nominating and Corporate Governance Committee. Dr. Stephen G. Anderson, Mr. J. Hyatt Brown and Mr. L. L. Gellerstedt, III are members of the nominating and corporate governance committee. Mr. Gellerstedt is chairman of the committee. We have posted the committee's charter on our Internet website at www.rocktenn.com. The board of directors has also determined that all members of the committee are independent. See ***Board of Directors Corporate Governance Director Independence*** above.

The purpose of the nominating and corporate governance committee is to serve as the primary resource for the board of directors in fulfilling its corporate governance responsibilities including, without limitation, with respect to identifying and recommending qualified candidates for our board of directors and its committees; overseeing the evaluation of the effectiveness of the board of directors and its committees; and developing and recommending corporate governance guidelines. The committee's principal duties and responsibilities are to do the following: (1) develop and recommend corporate governance guidelines and any changes to any corporate governance guidelines; (2) review and make recommendations regarding corporate governance proposals by shareholders; (3) lead the search for potential director candidates; (4) evaluate and recommend candidates for our board of directors, including incumbent directors whose terms are expiring and potential new directors; (5) assist in the process of attracting qualified director nominees; (6) evaluate and recommend changes to the size, composition and structure of the board of directors and its committees; (7) evaluate and recommend changes to the membership criteria for the board of directors and its committees; (8) develop and recommend to the board of directors and, when approved by the board of directors, oversee an annual self-evaluation process for the board of directors and its committees in accordance with the Corporate Governance Guidelines and recommend to the board of directors any changes to the process that the committee considers appropriate; (9) consult with the compensation and options committee regarding non-employee director compensation, as requested, in accordance with the Corporate Governance Guidelines; and (10) recommend such orientation and education procedures for directors as the committee considers appropriate.

The nominating and corporate governance committee will consider nominees recommended by shareholders. The procedures that shareholders must follow to nominate persons for election to the board of directors are set forth under the heading ***Additional Information Shareholder Nominations for Election of Directors*** elsewhere in this proxy statement.

The nominating and corporate governance committee met one time during fiscal 2003.

Compensation of Directors

In July 2003, the board of directors approved an increase in the compensation of the non-employee directors. Effective for fiscal 2004, directors who are not employees of our company receive \$22,500 each year plus \$2,000 for each board and committee meeting attended. Each director who chairs a committee receives \$5,000 each year if he or she is not an employee of our company. In addition, directors receive each year a stock option grant of 4,000 shares of our Common Stock and a grant of 500 shares of our Common Stock that is nonforfeitable on the grant date, and are reimbursed for their out-of-pocket expenses in attending meetings.

For fiscal 2003, directors who were not employees of our company received \$14,000 each year plus \$1,500 for each board and committee meeting attended. Each director who chaired a committee received \$5,000 each year if he or she was not an employee of our company. In addition, directors received each year a stock option grant of 2,000 shares of our Common Stock and were reimbursed for their out-of-pocket expenses in attending meetings.

On January 24, 2003, each of our non-employee directors received the annual stock option grant pursuant to our 2000 Incentive Stock Plan to purchase 2,000 shares of our Common Stock at the Fair Market Value (as defined in this plan) of such shares on January 24, 2003. The options will vest in one-third increments on January 24, 2004, 2005 and 2006, respectively, and will expire on January 23, 2013.

**COMMON STOCK OWNERSHIP BY MANAGEMENT
AND PRINCIPAL SHAREHOLDERS**

The table below shows, as of December 4, 2003, how many shares of our Common Stock were beneficially owned by our directors, named executive officers, owners of 5% or more of our Common Stock and our directors and executive officers as a group. Under the rules of the Securities and Exchange Commission (the **SEC**), a person beneficially owns securities if that person has or shares the power to vote or dispose of the securities. The person also beneficially owns securities which that person has the right to purchase within 60 days. Under these rules, more than one person may be deemed to beneficially own the same securities, and a person may be deemed to beneficially own securities in which he or she has no financial interest. Except as shown in the footnotes to the table, the shareholders named below have the sole power to vote or dispose of the shares shown as beneficially owned by them.

The amount reported for Mr. Voorhees relates to payment of a club initiation fee and related monthly dues in accordance with arrangements made at the time of his initial employment. The amount reported for Mr. Einstein represents partial payment of the consideration for the noncompetition provision included in his employment agreement, dated February 21, 2000.
- (2) Dollar amounts shown equal the number of shares of restricted stock multiplied by the closing market price of our unrestricted stock on the dates of grant (i.e. \$11.25 on May 16, 2001, \$18.19 on May 10, 2002, and \$14.01 on May 15, 2003).

Unless vested (pursuant to net income performance criteria) or forfeited (e.g., by termination of employment) at an earlier date, the awards of restricted Common Stock will vest in one-third increments on, and may not be transferred before the following dates: (a) for the restricted stock awards granted in 2003, May 15, 2006, 2007 and 2008, respectively, (b) for the restricted stock awards granted in 2002, May 10, 2005, 2006 and 2007, respectively, (c) for the restricted stock awards granted in 2001, May 16, 2004, 2005 and 2006, respectively.

These restricted stock awards granted in fiscal 2003, 2002 and 2001 are also subject to earlier vesting upon satisfaction of specified performance criteria. The shares subject to these restricted stock awards will vest early as follows: (1) one-third on the first March 31 after the award date for net income growth as compared to the base period (12 months ended March 31 of the fiscal year including the

award date) in excess of 15% during 12 months ending on the first March 31 after the award date (including excess amounts from subsequent periods); (2) another one-third on the second March 31 after the award date for net income growth as compared to the base period in excess of 32.5% during 12 months ending on the second March 31 after the award date (including excess amounts from prior or subsequent periods); and (3) the final one-third on the third March 31 after the award date for net income growth as compared to the base period in excess of 52% during 12 months ending on the third March 31 after the award date (including excess amounts from prior periods).

One-third of the restricted stock awards granted in fiscal 2001 vested on March 31, 2002 pursuant to net income growth in excess of 15% during the twelve months ended March 31, 2002. A portion of the vested shares was retained to satisfy the minimum statutory withholding tax liability.

The early vesting provisions related to fiscal 2003 for the restricted stock awards granted in fiscal 2002 and 2001 have not yet been satisfied.

The number and value of the aggregate restricted stock holdings at the end of fiscal 2003 based on the closing market price of our unrestricted stock on September 30, 2003 of \$14.58 were as follows: Mr. Rubright, 84,166 shares (\$1,227,140), Messrs. Dreibelbis, George and Voorhees, 28,000 shares each (\$408,240 each), and Mr. Einstein, 24,666 shares (\$359,630).

Dividends are paid on all shares of restricted stock at the same rate as on unrestricted shares.

(3) Except as otherwise noted below, all amounts are for fiscal 2003, 2002, and 2001, respectively:

For Mr. Rubright: \$2,775, \$5,500 and \$9,188 contributed to The Rock-Tenn Company 401(k) Retirement Savings Plan for Salaried and Non-Union Hourly Employees (which we refer to as the **401(k) Plan**) described below, \$21,092 accrued in 2003 under The Rock-Tenn Company Supplemental Retirement Savings Plan (which we refer to as the **Supplemental Plan**) described below, and \$5,031, \$5,026 and \$4,965 for life insurance premiums.

For Mr. Dreibelbis: \$6,000, \$5,500 and \$5,250 contributed to the 401(k) Plan; \$3,145 accrued in 2003 under the Supplemental Plan; and \$3,175, \$3,169 and \$3,109 paid for life insurance premiums.

For Mr. George: \$4,934, \$4,715 and \$4,532 contributed to the 401(k) Plan, \$3,127 accrued in 2003 under the Supplemental Plan, and \$4,886, \$4,881 and \$4,820 for life insurance premiums.

For Mr. Voorhees: \$5,325, \$5,500 and \$5,250 contributed to the 401(k) Plan, \$4,525 accrued in 2003 under the Supplemental Plan, and \$3,639, \$3,634 and \$2,983 for life insurance premiums.

For Mr. Einstein: \$2,593, \$2,219 and \$2,226 contributed to the 401(k) Plan and \$6,960 accrued in 2003 under the Supplemental Plan, and \$4,123, \$4,118 and \$3,889 for life insurance premiums.

The 401(k) Plan is a tax-qualified defined contribution plan intended to satisfy the requirements of Sections 401(a), 401(k) and 401(m) of the Internal Revenue Code of 1986, as amended (which we refer to as the **Code**). We contribute an amount to each participant's account maintained under the 401(k) Plan equal to 50% of the participant's contributions but not more than (a) 6% of the participant's earnings or (b) the amount allowable under the limits imposed under Sections 401(a) and 415(c) of the Code, whichever is lower.

The Supplemental Plan is a non-qualified, unfunded deferred compensation plan sponsored and maintained by us and is intended to provide participants with an opportunity to supplement their retirement income through deferral of current compensation. We contribute an amount to each participant's account maintained under the Supplemental Plan equal to 50% of the participant's contributions. Amounts deferred and payable under the Supplemental Plan (which we refer to as the **Obligations**) are our unsecured obligations, and will rank equally with our other unsecured and unsecured indebtedness outstanding from time to time. Each participant elects the amount of eligible base salary and eligible bonus to be deferred. Each Obligation will be payable on a date selected by us pursuant to the terms of the Supplemental Plan. The Obligations generally are payable after termination of the participant's employment or in certain emergency situations. Each participant's account will be adjusted for investment gains and losses as if the credits to the participant's account had been invested in the benchmark investment alternatives available under the Supplemental Plan in accordance with the participant's investment election or elections (or default election or elections) as in

Edgar Filing: ROCK TENN CO - Form DEF 14A

effect from time to time. All such adjustments will be made at the same time and in accordance with the same procedures followed under the 401(k) Plan for crediting investment gains and losses to a participant's account under the 401(k) Plan. The Obligations are denominated and payable in United States dollars. The benchmark investment alternatives available under the Supplemental Plan are the same as the investment alternatives available under the 401(k) Plan or are in our view comparable to the investment alternatives available under our 401(k) Plan.

Pension Plan

Only covered employees are eligible to participate in our pension plan. A **covered employee** is defined as one of our company's or our participating subsidiaries' employees who is not any of the following: (1) a leased employee; (2) eligible to participate in any other defined benefit plan maintained in whole or in part by contributions from an Affiliate (as defined in the pension plan); and (3) a member of a collective bargaining unit that has not reached an agreement with us to participate in the pension plan.

A covered employee is eligible to begin to participate in our pension plan on the first entry date that follows completion of 12 months of service in one, or more than one, period of employment (as defined in the pension plan) and upon reaching age 21.

Our pension plan was amended effective as of January 1, 1998 to add a new benefit formula. For each calendar year after 1997, the new benefit formula (which we refer to as the **new benefit formula**) equals 1.2% of a participant's compensation (as defined in the pension plan) plus 0.5% of a participant's compensation in excess of 50% of the social security wage base for each such calendar year (as such base is announced by the Internal Revenue Service). This new formula produces a benefit payable at a participant's normal retirement age as an annuity payable only for the life of the participant. The amendment to our pension plan also froze the benefit, if any, accrued for each participant (except the grandfathered participants, none of whom now are named executive officers) as of December 31, 1997 under the old four-part benefit formula in effect on that date (which we refer to as the **old benefit formula**). Thus all participants (except the grandfathered participants) will receive a benefit at retirement equal to the sum of their benefit accrued as of December 31, 1997 under the old benefit formula and their benefit accrued after that date under the new benefit formula.

Under our pension plan, **compensation** for salaried employees is defined as base pay. Therefore, it does not include any bonuses, overtime, commissions, reimbursed expenses of any kind, severance pay, income imputed from insurance coverage or the like, or payments under the pension plan or any other employee benefit plan or any income from a stock option. No employee's compensation for purposes of the pension plan includes amounts in excess of the compensation limit under the Code. This limit is periodically adjusted for inflation by the Secretary of the Treasury and this limit, as adjusted, was \$200,000 for calendar years 2002 and 2003 and will be \$205,000 for calendar year 2004.

An employee's right to benefits under our pension plan vests after five years of service or at normal retirement age, whichever is earlier. The plan is a defined benefit plan qualified under the Code and, as such, is subject to a limitation under the Code on the amount of benefits that may be paid to a participant each year under the plan.

Our supplemental executive retirement plan (which we refer to as the **SERP**) is designed to supplement a participant's benefit under our pension plan for a relatively small number of participants. The SERP benefit is paid in the same form and at the same time as a participant's benefit is paid under our pension plan. Currently, there are 14 active employees who participate in the SERP.

The compensation and options committee of our board of directors approved amendments to the SERP on November 25, 2002, and these amendments were effective January 1, 2003. Under the amended SERP there are three benefit levels effective January 1, 2003 (which we will refer to as **level 1**, **level 2** and **level 3**) but no benefit will be paid under level 1, level 2 or level 3 to a participant if a participant is not eligible for a vested benefit under our pension plan. The compensation and options committee determines who will participate in the SERP and the benefit level for such participation. Benefit level 1 is based exclusively on a participant's base salary below a compensation cap and was designed to make up for the loss in benefits a participant will receive under our pension plan as a result of the reduction in the Code compensation limit in 1994 from \$235,840 to \$150,000 as indexed thereafter for inflation. Benefit level 2 is the same as benefit level 1 except that the benefit a participant earns after calendar year 2002 will be based on all of the participant's base salary and bonus paid after calendar year 2002. Six of our active employees, including our named executive officers other than our CEO, will participate in the SERP at benefit level 2.

Benefit level 3 will provide a benefit payable at age 65 to a participant which, when added to the participant's other deferred compensation benefits from us, will be equal to 3.5833% of a participant's final average pay for each year of benefit service up to a maximum of 12 years of benefit service. A participant's final average pay will be the participant's average base salary and bonus for the highest three of the five year period immediately preceding the participant's termination of employment, and the benefit under level 3 will take into account the participant's benefit payable under our pension plan, the benefits attributable to our matching contributions under our 401(k) plans and the participant's primary social security benefit. Currently only our CEO will participate in the SERP at benefit level 3. On November 25, 2003, the compensation and options committee approved a modification to the SERP for participants at benefit level 3 effective January 1, 2004. Pursuant to such modification, three years will be added to benefit level 3 participants' actual service to calculate the SERP benefit. Therefore, the SERP benefit for a participant at benefit level 3 will be 53.75% of his final average pay if he completes 12 years of benefit service and works to age 65.

In the event of a change in control in our company, a participant in the SERP at benefit level 3 will receive any vested accrued benefit if the participant is under age 60. If the benefit level 3 participant is age 60 or older at the time of the change in control, the participant will be deemed to have 15 years of service such that the participant will receive a vested accrued benefit payable at age 65 equal to 53.75% of the participant's final average pay at the time of the change of control.

Assuming level compensation, the estimated annual benefit payable at the normal retirement age under our pension plan and our SERP (benefit level 2) for Messrs. Dreibelbis, George, Voorhees and Einstein is \$219,000, \$172,000, \$122,000 and \$69,000, respectively.

The table below shows the annual retirement benefits payable under our pension plan and the SERP (benefit level 3) for Mr. Rubright. For calendar year 2003, Mr. Rubright's compensation for purposes of the SERP was \$911,389. As of September 30, 2003, Mr. Rubright had approximately four years of actual service under our pension plan and our SERP.

CERTAIN TRANSACTIONS

John W. Spiegel, a director of our company, is vice chairman and chief financial officer of SunTrust Banks, Inc.

During fiscal 2003, we maintained a syndicated credit facility pursuant to a loan agreement under which SunTrust Bank, Atlanta, a wholly owned subsidiary of SunTrust Banks, Inc., serves as agent. Under the credit agreement, which we amended in fiscal 2003, we have aggregate borrowing availability of \$125.0 million through June 2005. As of September 30, 2003, we had \$3.5 million of borrowings outstanding under the credit agreement. In addition, during fiscal 2003 we paid approximately \$127,000 and \$390,000 in interest and facility fees, respectively, under the credit facility, of which approximately \$29,000 and \$89,000, respectively, represent SunTrust's syndication interest in such fees. In connection with the amendment of this facility during fiscal 2003, we paid SunTrust Capital Markets, Inc., a subsidiary of SunTrust Banks, Inc., approximately \$195,000.

Additionally, until May 2003, we maintained a \$24.8 million synthetic lease facility with an entity affiliated with SunTrust Bank, Atlanta. On May 30, 2003, we exercised our option to purchase the land, buildings and improvements under this facility for approximately \$24.5 million, which represented the lessor's

original costs for such assets, plus related costs and expenses. During fiscal 2003, we paid approximately \$438,000 and \$53,000 in interest and facility fees, respectively, under this facility.

SunTrust Capital Markets, Inc. is also a provider of derivative transactions. At fiscal year end, we had notional amounts outstanding on interest rate swaps of \$50 million and foreign exchange forward contracts of approximately \$2.8 million.

SunTrust Bank, Atlanta is our main cash management bank. We paid approximately \$363,000 in fees for cash management services during fiscal 2003.

In addition, we are a party with SunTrust Banks, Inc. to a master letter of credit agreement relating to industrial revenue bonds issued in connection with certain of our manufacturing facilities and other letter of credit agreements relating to other aspects of our business requiring the establishment of a letter of credit. Pursuant to the master letter of credit agreement, we paid SunTrust Bank, Atlanta approximately \$439,000 during fiscal 2003.

In March 2003, we sold \$100.0 million in aggregate principal amount of 5.625% notes due March 2013. In connection with this note issuance, we incurred issuance costs of approximately \$0.8 million. We paid approximately \$65,000 of this amount to SunTrust Capital Markets, Inc. as a co-managing underwriter of the offering, which amount represents its 10% share of the 0.65% underwriting discount.

Also, SunTrust Banks, Inc., through one of its subsidiaries, Trusco Capital Management, Inc., manages the assets in our defined benefit plan, which totaled approximately \$60 million as of September 30, 2003. During fiscal 2003, our defined benefit plan paid approximately \$280,000 in fees for such services.

SunTrust Banks, Inc., through one of its indirect subsidiaries, Alexander Key Investments, also provides consulting services regarding investments in securities or other assets held by our defined benefit and defined contribution plans. During fiscal 2003, we paid approximately \$54,000 in fees for such services performed for our defined contribution plan and our defined benefit plan paid approximately \$31,000 in fees for such services.

SunTrust Banks, Inc. and its subsidiaries have performed other banking services for us over the past fiscal year. Our aggregate payments to SunTrust Banks, Inc. and its subsidiaries for these services, together with all of the other services described above in this section, did not exceed 1% of our gross revenues during fiscal 2003 or 1% of SunTrust Banks' gross revenues during its fiscal year ended December 31, 2002.

J. Hyatt Brown, a director of our company, is chairman, chief executive officer and a shareholder of Brown & Brown, Inc., the insurance agency that brokers a portion of the insurance for our company. During fiscal 2003, we paid Brown & Brown, Inc. approximately \$453,000 for property and casualty insurance services provided by Brown & Brown, Inc. and by other third parties. Third parties paid Brown & Brown, Inc. approximately \$188,000 for commissions on premiums for insurance purchased by us. For the fiscal year ending September 30, 2003, total payments to Brown & Brown, Inc., inclusive of fees for services and commissions paid, were approximately \$641,000.

Robert B. Currey, a director of our company, is chief executive officer of Currey & Company, Inc., which purchased approximately \$333,000 of corrugated boxes from us in fiscal 2003.

REPORT OF THE AUDIT COMMITTEE

The audit committee, which operates under a written charter adopted by our board of directors, is composed of independent directors and oversees on behalf of the board of directors our company's financial reporting process and system of internal control over financial reporting. The audit committee's charter was amended during the first quarter of fiscal 2004 and a copy of the charter is attached to this proxy statement as **Exhibit A**. Our management has the primary responsibility for the financial statements and the reporting process, including the systems of internal control over financial reporting. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed the audited financial statements to be included in the annual report on Form 10-K for the year ended September 30, 2003 with management, including a discussion of the

quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The committee discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our company's accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards (including Statement on Auditing Standards 61 (Communication with Audit Committees)) and applicable law.

In addition, the independent auditors provided to the audit committee the written disclosures and the letter regarding its independence from management and our company as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The audit committee discussed this information with the independent auditors.

The audit committee discussed with our company's internal and independent auditors the overall scope and plans for their respective audits. The audit committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our company's internal controls, and the overall quality of our company's financial reporting. The audit committee held seven meetings during fiscal 2003.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors (and the board approved) that the audited financial statements be included in the annual report on Form 10-K for the year ended September 30, 2003 for filing with the SEC. The audit committee has not yet selected our company's independent auditors for fiscal 2004. We are currently reviewing terms of engagement proposed by Ernest & Young LLP for fiscal 2004 and intend to review the possibility of engaging other auditors.

REPORT ON EXECUTIVE COMPENSATION

During fiscal 2003 the compensation and options committee consisted of Messrs. L. L. Gellerstedt III, John D. Hopkins and James W. Johnson. The compensation and options committee is responsible for the following: (1) establishing salaries, bonuses and other compensation for our CEO and our other senior executives (12 executives in fiscal 2003); and (2) administering our equity incentive plans, employee stock purchase plan, SERP and annual executive bonus program.

Mr. Rubright, our CEO, was responsible for establishing the salaries for all of the other officers.

The compensation and options committee has reviewed the applicability of Section 162(m) of the Internal Revenue Code of 1986, as amended by the Omnibus Budget Reconciliation Act of 1993. Section 162(m) may in certain circumstances deny a federal income tax deduction for compensation to an executive officer in excess of \$1 million per year. One executive officer may be paid compensation during fiscal 2004 that exceeds \$1 million depending on the achievement of certain payment levels under the annual incentive plan and the aggregate value of any restricted stock that vests.

Compensation Policy. Our executive compensation policy is based on the belief that the compensation of all of our employees, including our executive officers, should be set at levels that allow us to attract and retain employees who are committed to achieving high performance, and who demonstrate the ability to do so. Therefore, in setting our compensation levels we annually review the performance of our businesses and the executives responsible for that performance, recommendations of our CEO of compensation levels of our senior executives designed to implement our compensation policy, and data and recommendations of our independent compensation consultant. This data includes market competitive compensation data for companies that we compete with for executive talent, and data regarding market competitive compensation data for manufacturing executives generally and all executives of comparably sized public companies.

Base Salary. We believe that market competitive base salaries should be an important part of each executive's total compensation. For fiscal 2003, each executive officer's base salary, including each named executive officer's base salary and the CEO's base salary, was determined based upon a number of factors including the executive officer's responsibilities, contribution to the achievement of our goals and objectives, demonstrated leadership skills and overall effectiveness, and length of service.

We believe that each executive's compensation (including our CEO's) should include a portion that is at risk to achievement of pre-defined performance objectives. We believe that a portion should consist of equity incentives that are granted in anticipation of the future contribution of the executive to the company's success and that further align the interest of executives with those of shareholders and place a portion of the executive's compensation at risk to the performance of our Common Stock.

We believe that as the level of total compensation of an executive increases and the breadth of the executive's responsibility and ability to impact the company's success increases, the portion of the employee's compensation that is at risk to performance, through annual incentive awards and equity incentives, should increase. We believe that for our most highly compensated employees (including our CEO), the majority of their compensation at targeted levels should be at risk to performance.

Cash Bonuses. Each of our executive officers, including our CEO, is eligible to receive an annual cash bonus. Under our bonus plan, in fiscal 2003, our named executive officers were eligible to earn a cash bonus ranging from a maximum of 65% to 110% of their respective base salaries to the extent we achieved certain specified return over capital cost objectives, our safety and customer satisfaction goals, and certain specific objectives established by the compensation committee. During fiscal 2003, under this plan, our named

executive officers, excluding our CEO, earned bonuses ranging from 21.9% to 46.5% of their respective base salaries. During fiscal 2003, under this plan, our CEO earned a bonus that was 58.8% of his base salary.

Stock Options and Restricted Stock. We annually review the grant of equity incentives to our executive officers (including our CEO). In 2003, we granted awards consisting of stock options and restricted stock grants to our named executive officers to implement the compensation policy described above. We believe stock options are an appropriate incentive and reward because the executive only benefits from the award to the extent that the value of Common Stock increases. We believe restricted stock grants are appropriate incentives because they most closely align the interests of the employee with the interests of the shareholders since the value of the restricted stock award will increase or decrease proportionately with the value of our Common Stock. Restricted stock awards also create an incentive to the executive to remain in the company's employ during the restricted period.

On May 15, 2003, each of our named executive officers, excluding our CEO, received stock option grants in respect of fiscal 2003 to purchase 40,000 shares. On May 15, 2003, our CEO received stock option grants in respect of fiscal 2003 to purchase 85,000 shares. On May 15, 2003, we made restricted stock option grants of 10,000 shares to each of our named executive officers, excluding our CEO, and a restricted stock grant of 37,500 shares to our CEO. All shares of restricted stock are fully votable by the grantee as of that date. Unless vested (pursuant to net income performance criteria) or forfeited (e.g., by termination of employment) at an earlier date, the shares will vest in one-third increments on, and may not be transferred before May 15, 2006, 2007 and 2008 respectively. We compared the implied value of the equity grants to our executive officers using the Black-Scholes valuation model to the compensation data referred to above and determined that the equity grants were competitive with market levels based on the expected levels of contribution of the grantees to the company's results over the term of the equity incentives.

ADOPTION AND APPROVAL OF THE PURCHASE PLAN AMENDMENT**(ITEM 2)**

The board of directors has approved and recommends to the shareholders that they approve the Purchase Plan Amendment, which would amend the 1993 Employee Stock Purchase Plan (which we refer to as the **ESPP**) to increase by 1,000,000 the number of shares of Common Stock available for grant under the plan. If the Purchase Plan Amendment is approved, 1,143,424 shares of Common Stock would remain available for issuance under the ESPP on January 1, 2004.

The board of directors has determined that the adoption of the Purchase Plan Amendment is in the best interests of our company and our shareholders. The Purchase Plan Amendment would provide additional shares for sale to employees of our company. The board of directors believes that the sale of our Common Stock at a discount is an effective method to attract and retain employees and that the availability of shares for future issuance under the ESPP is important to our business prospects and operations.

Plan Description

The following description of the ESPP is a summary and is qualified in its entirety by reference to the text of the ESPP.

The ESPP permits employees to purchase Common Stock at a discount to its market price through payroll deductions over successive three-month purchase periods. To participate in the ESPP, an employee generally must have been employed for at least two years and, generally, must be a regular, full-time employee (as defined in the ESPP) of our company or one of the eligible subsidiaries (which are determined in accordance with the ESPP and exclude the employees of certain specified subsidiaries). As of December 4, 2003, there were approximately 6,723 employees who would be eligible to participate in the ESPP.

Prior to each three-month purchase period, participating employees may authorize us to withhold up to \$5,312.50 of their compensation (or such lesser amount determined by the compensation and options committee) during the succeeding purchase period for purposes of purchasing shares of Common Stock under the ESPP. At the end of each three-month purchase period, such withheld compensation, if not previously withdrawn by the participating employee, will be used to purchase from us the number of newly issued shares of Common Stock resulting from dividing the amount of compensation withheld by payroll deductions by the purchase price for such period, subject to a maximum number of shares determined by dividing \$5,312.50 by 85% of the average of the high and low sales price of Common Stock on the first day of the purchase period. The purchase price of such shares will equal the lesser of 85% of the average of the high and low sales price of Common Stock on the first or last day of the 3-month purchase period. An employee may terminate his or her participation at any time before the last day of each purchase period and receive the full balance of his or her withheld compensation in cash without interest. An employee also may elect on or before the last day of a purchase period to use a specific dollar amount less than the total amount of withheld payroll deductions made by the employee for the period to purchase shares on the last day of the purchase period and receive a refund in cash of the balance of his or her withheld compensation remaining after such partial purchase.

The ESPP is administered by the compensation and options committee of the board of directors and qualifies as an employee stock purchase plan within the meaning of Section 423 of the Code. While the Code requires us to offer the opportunity to participate in the ESPP to all employees of any of our subsidiaries who meet the requirements to participate if we offer that opportunity to any such employee of the subsidiary, we have been advised that, under applicable labor laws, we cannot offer the opportunity to participate to employees of a subsidiary who are represented by a union unless the union agrees that we can make the offer to such employee. As a result of this interaction between the tax laws and the labor laws, we will be unable to offer the opportunity to participate in the ESPP to any employee of a subsidiary until each union that represents employees of that subsidiary either agrees that we can make the offer to the employees represented by the union or rejects the opportunity for such employees to participate in the ESPP.

The ESPP may be amended from time to time by our board of directors, subject to the approval of our shareholders to the extent required by Section 423 of the Code, the laws of the State of Georgia, or Rule 16b-3 under the Exchange Act. No provision of the ESPP may be amended more than once every six months if such amendment would result in the loss of an exemption under Section 16(b) of the Exchange Act. The board of directors may terminate the ESPP, or any offering made under the ESPP, at any time. However, once a 3-month purchase period has begun, the board of directors does not have the right to modify, cancel or amend any outstanding right to purchase for such purchase period unless (1) each participant consents in writing to such modification, amendment or cancellation, (2) such modification only accelerates the date of purchase for the 3-month purchase period, or (3) the board of directors deems such action is required under applicable law.

Estimate of Benefits

The number of shares that will be purchased under the ESPP by our CEO and other executive officers at future dates is not currently determinable.

Edgar Filing: ROCK TENN CO - Form DEF 14A

The following table sets forth the shares purchased under the ESPP by the named executive officers and by the executive officers and other employees eligible to participate in the ESPP as a group during fiscal 2003.

Federal Income Tax Consequences

The following discussion outlines generally the federal income tax consequences of participation under the ESPP. Individual circumstances may vary these results. The federal income tax law and regulations are frequently amended, and each participant should rely on his or her own tax counsel for advice regarding federal income tax treatment under the ESPP.

The amounts withheld from a participant's pay under the ESPP will be taxable income to such participant and must be included in gross income for federal income tax purposes in the year in which such amounts otherwise would have been received.

A participant will not be required to recognize any income for federal income tax purposes either at the time the participant is granted an option (which will be on the first day of the 3-month purchase period) or by virtue of the exercise of the option (which will take place on the last day of such purchase period). The federal income tax consequences of a sale or disposition of shares acquired under the ESPP depend in part on the length of time the shares are held by a participant before such sale or disposition. If a participant sells or otherwise disposes of shares acquired under the ESPP (other than any transfer resulting from his death) within two years after the date on which the option to purchase such shares is granted to such participant, such participant will recognize ordinary income in the year of such sale or disposition in an amount equal to the

excess of (1) the fair market value of the shares on the date such shares were acquired by him or her over (2) his or her purchase price. The tax law requires a participant to recognize this amount of ordinary income even if the fair market value of the shares has decreased since the date the shares were purchased, and the ordinary income recognized is added to his or her basis in such shares. Any gain realized on the sale or disposition in excess of the basis (after increasing the basis in such shares by the amount of the ordinary income recognized) will be taxed as capital and any loss realized (after increasing the basis in such shares by the ordinary income recognized) will be a capital loss.

If a participant sells or otherwise disposes of shares acquired under the ESPP after holding such shares for two years after the date on which the option to purchase such shares is granted to such participant, or the participant dies, he or she must recognize as ordinary income in the year of sale (or his or her taxable year ending with his or her death) an amount equal to the lesser of (1) the excess of the fair market value of the shares on the date the option was granted over the option price on the date of the option grant, or (2) the excess of the fair market value of the shares on the date he or she sells or otherwise disposes of the shares or on the date of his or her death over the purchase price. Except in the case of a transfer as a result of death, this amount of ordinary income recognized by the participant is added to his or her basis in such shares. The basis of shares transferred as a result of the death of a participant will not be increased as a result of the ordinary income recognized by the deceased participant. Any gain realized on the sale or disposition in excess of the participant's basis (after increasing the basis in such shares by the ordinary income recognized) will be taxed as a long-term capital gain. Any loss realized will be treated as long-term capital loss.

We do not receive any income tax deduction as a result of issuing shares pursuant to the ESPP, except upon sale or disposition of shares by a participant within two years after the date on which the option to purchase such shares is granted to such participant. In such an event, we ordinarily will be entitled to a deduction equal to the amount included as ordinary income to the participant with respect to the sale or disposition of such shares.

Recommendation of the Board of Directors

The board of directors recommends a vote FOR the adoption and approval of the Purchase Plan Amendment. Proxies returned without instructions will be voted FOR the adoption and approval of the Purchase Plan Amendment.

OTHER MATTERS

The board of directors knows of no other matters that will be brought before the annual meeting. If other matters are introduced, the persons named in the enclosed proxy as the proxy holders will vote on such matters in their discretion.

The shareholder sends timely notice of the nomination in writing to our Secretary.

All proposals should be addressed to Rock-Tenn Company, 504 Thrasher Street, Norcross, Georgia 30071, Attn: Corporate Secretary. To be timely, a shareholder's notice must be received at our principal executive offices not less than 90 days and no more than 120 days prior to the meeting. If we give less than 100 days' notice or make prior public disclosure of the date of the annual meeting to shareholders, we must receive notice from the shareholder no later than the close of business on the 10th day following the day on which we mailed such notice or made such public disclosure of the date of the meeting, whichever occurs first.

We may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of such proposed nominee to serve as a director.

Shareholder Proposals

Bylaw Provisions. In accordance with our bylaws, a shareholder who desires to present a proposal for consideration at next year's annual meeting of shareholders must deliver the proposal to our Secretary so that it is received no earlier than the close of business September 30, 2004, and no later than the close of business on October 29, 2004. The submission should include the proposal and a brief statement of the reasons for it, the name and address of the shareholder (as they appear in our stock transfer records), the number of shares of Common Stock beneficially owned by the shareholder and a description of any material direct or indirect financial or other interest that the shareholder (or any affiliate or associate) may have in the proposal. Proposals should be addressed to Rock-Tenn Company, 504 Thrasher Street, Norcross, GA 30071, Attention: Corporate Secretary.

Inclusion in Next Year's Proxy Statement. Notwithstanding the bylaw provisions, a shareholder who desires to have his or her proposal included in next year's proxy statement must deliver the proposal to our principal executive offices (at the address noted above) no later than the close of business on August 31, 2004.

Presentation at Meeting. For any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph) but is instead sought to be presented directly at next year's annual meeting of shareholders, SEC rules permit management to vote proxies in its discretion if (a) we receive notice of the proposal no earlier than the close of business on September 30, 2004, and no later than the close of business on October 29, 2004, and advise shareholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter or (b) we do not receive notice of the proposal before the close of business on October 29, 2004.

Any shareholder proposals intended to be presented at our 2005 annual meeting of shareholders pursuant to Rule 14a-8 under the Exchange Act must be received no later than August 31, 2004 in order to be considered for inclusion in the proxy materials to be distributed by the Board of Directors in connection with the meeting. Any shareholder proposals intended to be presented at our 2005 annual meeting of shareholders but not to be included in the board's proxy materials under Rule 14a-8 must be received no earlier than the close of business on September 30, 2004, and no later than the close of business on October 29, 2004 in order to be considered at the 2005 annual meeting. However, if we give less than 60 days' notice of our 2005 annual meeting of shareholders, then shareholder proposals intended to be presented at the meeting but not to be included in the board's proxy materials under Rule 14a-8 must be received no later than 10 days after notice of the 2005 annual meeting is mailed or a press release announcing the meeting date is made.

Expenses of Solicitation

We will bear the cost of solicitation of proxies by the board of directors in connection with the annual meeting. We will reimburse brokers, fiduciaries and custodians for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of Common Stock held in their names.

By Order of the Board of Directors

Robert B. McIntosh
Secretary

Our annual report to shareholders for fiscal 2003, which includes audited financial statements, accompanies this proxy statement. The annual report does not form any part of the material for the solicitation of proxies.
