Item 1.01. Entry into a Material Definitive Agreement.

On June 16, 2008, Medicis Pharmaceutical Corporation (Medicis) entered into a definitive merger agreement (the Merger Agreement) with LipoSonix, Inc., a privately held Delaware corporation (LipoSonix).

Summary of the terms of the Merger Agreement:

Form of Transaction. Donatello, Inc. (Merger Sub), a newly formed wholly-owned subsidiary of Medicis, will merge with and into LipoSonix (the Merger), with LipoSonix remaining as the surviving corporation and a wholly-owned subsidiary of Medicis.

Merger Consideration. All outstanding shares of LipoSonix 's common stock and preferred stock, as well as all vested options, will be converted into the right to receive at the closing an aggregate of \$150 million in cash, subject to certain adjustments including the escrow fund described below, plus milestone and contingent payments of up to \$150 million in cash. The milestone and contingent payments include (i) a milestone payment if the U.S. Food and Drug Administration (the FDA) grants market clearance or approval of the LipoSonix product by a specified time and (ii) contingent and milestone payments tied to such product 's future worldwide sales and gross profits performance. The contingent payments are based on sales and gross profits of the LipoSonix product during the seven-year period beginning on the first day of the first full quarter following U.S. market launch of the LipoSonix product and are subject to an aggregate cap of \$150 million.

Notwithstanding the foregoing, no contingent payments can be earned after the earlier to occur of (i) the seventh anniversary of the first day of the first full quarter following U.S. market launch of the LipoSonix product and (ii) December 31, 2019.

The closing consideration will be funded from Medicis 's existing cash balances.

Indemnification and Escrow. The Merger Agreement provides that Medicis will be indemnified for breaches of representations and warranties as well as certain other specified matters in the Merger Agreement, subject to certain limitations in the Merger Agreement. This post-closing indemnification right of Medicis is limited to a specified amount, based upon funds that will be deposited into an escrow fund at closing and a right of Medicis to offset against contingent payments, each as described further below. At closing, a portion of the \$150 million of closing merger consideration will be held in escrow to fund indemnification obligations payable during the first two years after closing. Any remaining amounts in the escrow fund will be released, subject to pending and unresolved indemnification claims, two years after closing. In addition, Medicis will be entitled to offset losses against contingent payments by up to a specified amount after all monies on deposit in the escrow fund have been paid out or released or are the subject of pending or unresolved indemnification claims.

Representations, Warranties and Covenants. The Merger Agreement contains customary representations, warranties and covenants of Medicis, Merger Sub and LipoSonix. The representations and warranties of each party set forth in the Merger Agreement have been made solely for the benefit of the other parties to the Merger Agreement and such representations and warranties should not be relied on by any other person. In addition, such representations and warranties (i) have been qualified by disclosures made to the other party in connection with the Merger Agreement, (ii) are subject to the materiality standards contained in the Merger Agreement which may differ from what may be viewed as material by investors and (iii) were made only as of the date of the Merger Agreement or such other date as is specified in the Merger Agreement. LipoSonix has also agreed not to (a) solicit proposals relating to alternative business combination transactions or (b) subject to certain exceptions, enter into discussions or an agreement concerning or provide confidential information in connection with any proposals for alternative business combination transactions.

LipoSonix Shareholder Approval. The Merger Agreement requires that holders of each class and series of LipoSonix 's outstanding capital stock approve the acquisition by vote or written consent by the second business day following the date of the Merger Agreement. The approval of LipoSonix 's shareholders has already been obtained.

Closing Conditions. The closing of the Merger is subject to the satisfaction of certain customary conditions to closing. *Termination.* The Merger Agreement contains certain termination rights for both Medicis and LipoSonix and further provides that, upon termination of the Merger Agreement under specified circumstances, LipoSonix may be required to pay Medicis a termination fee of \$6,000,000 or, under other specified circumstances, \$1,000,000 plus the charges and expenses Medicis incurred in connection with the transactions contemplated by the Merger Agreement. Medicis expects to file a copy of the Merger Agreement as an exhibit to its Form 10-Q for its quarter ended June 30, 2008.

Item 7.01. Regulation FD Disclosure.

On June 16, 2008, Medicis issued a press release announcing the transaction described in Item 1.01 of this Current Report on Form 8-K. A copy of the press release is attached to this Current Report on Form 8-K as Exhibit 99.1 and is incorporated herein by reference.
