- 1 Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The assumed rates of appreciation are mandated by the rules of the Securities and Exchange Commission and do not represent the Company's estimate or projection of future stock prices. This table does not take into account any appreciation or depreciation in the price of the Common Stock to date. Actual gain, if any, on stock option exercises will depend on future performance of the Common Stock and the date on which the options are exercised. Values shown are net of the option exercise price, but do not include deductions for tax or other expenses associated with the exercise.

Under the Directors' Plan, upon initially joining our board of directors each non-employee director will receive an initial grant of options to purchase 12,000 shares of our common stock at an exercise price equal to 100% of the fair market value of the common stock as of such date. In addition, immediately following each annual stockholders meeting, commencing with the annual meeting in 2001, each of our non-employee directors who was not initially elected to the Board and was not our employee or the employee of any of our subsidiaries within the previous 12 months will automatically receive an annual grant of options to purchase 12,000 shares of our common stock at an exercise price equal to 100% of the fair market value of our common stock at the date of grant of the option. A total of 1,125,000 shares of our common stock have been reserved for issuance under the Directors' Plan. ITEM 13. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

TRANSACTIONS WITH MANAGEMENT AND OTHERS

Since the Company's inception, Leonard Horowitz, the father of Ari Horowitz, the Chairman of the Board and Chief Executive Officer of the Company, has provided the Company with legal services. For such legal services, the Company paid Mr. Horowitz \$230,724 in fiscal year 2000. The Company believes that the fees paid to Mr. Horowitz for legal services were no less favorable to the Company than those the Company could have obtained in an arm's-length transaction with an unaffiliated party.

Edgar Filing: OPUS360 CORP - Form 10-K/A

John K. Halvey has served as a director of the Company since September of 1999 and currently serves as an Executive Vice President at Safeguard Scientifics, Inc. ("Safeguard"). In September 2000, the Company licensed a Private Labeled Site to Safeguard, for a fee of \$100,000. The Company believes that the terms of the licensing agreement with Safeguard were no less favorable to the Company than those the Company could have obtained in an arm's-length transaction with an unaffiliated party.

In February 2000, the Company entered into an agreement (the "Lucent Agreement") with Lucent Technologies Inc. ("Lucent"), a company whose former Executive Vice President was at the time a member of the Company's board of directors. The Lucent Agreement, which was amended and restated in November 2000, grants Lucent with a license to use the Company's Opus360 Workforce Management software solution. Lucent also purchased professional services and post contract customer support under the Lucent Agreement. Moreover, Lucent is to serve on the Company's Customer Advisory Board and provide substantial assistance and practical advice to the Company in developing its Opus360 Workforce Management product in exchange for two warrants to purchase shares of the Company's common stock. The warrants are not subject to restrictive vesting. The first warrant entitled Lucent to purchase up to 225,000 shares of the Company's common stock at the exercise price of \$3.33 per share from February 2, 2000 through February 2, 2001. The second warrant entitles Lucent to purchase up to 5,531,250 shares of the Company's common stock at the exercise price of \$0.74 per share for a three year period commencing on December 3, 2000. The Company believes that terms of its strategic relationship with Lucent and the Warrants are on terms no less favorable to the Company than those that would have been available to the Company in an arm's-length transaction with an unaffiliated party.

CERTAIN BUSINESS RELATIONSHIPS

In September of 1999, The Company entered into an investment advisory agreement with Weiss, Peck & Greer. Roger J. Weiss, a member of the Company's board of directors, is a Senior Managing Director of Weiss, Peck & Greer. Pursuant to the terms of the agreement, Weiss, Peck and Greer acts as the investment manager of the Company's portfolio of short-term investments. For such services, the Company has paid Weiss, Peck & Greer the sum of \$85,110 in fiscal year 2000. The Company believes that the fees paid to Weiss, Peck & Greer for financial advisory services were no less favorable to the Company than those the Company could have obtained in an arm's-length transaction with an unaffiliated party.

INDEBTEDNESS OF MANAGEMENT

On March 23, 2000 Richard S. Miller, the Company's President and Chief Operating Officer, exercised stock options to purchase 300,000 shares of the Company's common stock at an exercise price of \$2.67 per share. In connection with Mr. Miller's exercise of these options, we loaned him \$1,538,000, at an interest rate of 7% per annum, compounded annually. The term of the loan is three years, subject to acceleration upon the occurrence of an event of default, including the termination of Mr. Miller's employment with us for any reason whatsoever. The loan funded \$790,000 of the purchase price of \$800,000 paid by Mr. Miller in connection with his exercise of the options and \$748,000 of the federal and state withholding taxes arising as a result of the exercise. Mr. Miller paid the remaining \$10,000 of the purchase price. In connection with our loan to him, Mr. Miller pledged the 300,000 shares to us as collateral security for the repayment in full of the loan to us.

On November 21, 2000 the promissory note and the pledge and security agreement between Mr. Miller and the Company were amended and restated. The

Edgar Filing: OPUS360 CORP - Form 10-K/A

Company increased the loan amount by \$278,700 to \$1,816,700. The increase funded additional federal and state withholding taxes due as a result of the exercise of the stock options by Mr. Miller on March 23, 2000. In addition the note was restated to change Mr. Miller's obligation under the note from full-recourse to recourse limited to the shares received upon the exercise of the stock options, and to provide that interest is payable only on maturity or acceleration of the principal amount of the note. The annual interest rate on the amended and restated loan is 7% per annum. As of December 31, 2000 the loan balance including accrued interest was approximately \$1,899,000.
